OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 42

SATURDAY, JANUARY 7, 1950.

No. 1

HON. JOHN B. HYNES INAUGURATED BOSTON'S 51ST MAYOR BEFORE HUGE THROG OF ADMIRERS AND FRIENDS IN SYMPHONY HALL — PLEDGES ECONOMIC ADMINISTRATION TO AVOID EXCESSIVE JUMP IN TAX RATE — WARNS THAT \$17,000,000 MUST BE PROVIDED THIS YEAR TO COVER FINANCIAL OBLIGATIONS — ASKS COOPERATION OF ALL CITIZENS IN EFFORTS TO KEEP CITY IN FINANCIAL BALANCE.

The following is the inaugural address of Hon. John B. Hynes, Mayor of Boston:

In assuming my duties as Mayor of the City of Boston, I do so with mixed feeling and mingled emotions. I have a deep realization of the grave responsibilities and obligations that will confront me in the two years immediately ahead. They would have a sobering effect upon any man. But I am also warmed and heartened by the knowledge that great opportunities have been opened to me by the people of Boston — opportunities for real public service to our city and its citizens.

As I stand here, on my inaugural day, the first day of my term as Mayor of Boston, it is with a sense of abiding gratitude to the thousands of men and women who have placed their confidence in me, and who ask only that I do the best possible job of running this city. Their trust I will try — with all my heart — to keep.

As I begin my term as your Mayor, I welcome — indeed, I seek and request — the help and the cooperation of every citizen of Boston. This city does not belong to any one man, to any one group, to any select few. It belongs to all the people, and I intend to be the Mayor of all the people.

BOSTON'S MOTOR VEHICLE DEATHS IN 1949 LOWEST EVER RECORDED — TRAFFIC COMMISSIONER WILLIAM ARTHUR REILLY MAKES FIGURES PUBLIC — LOWEST IN NATION.

Traffic Commissioner William Arthur Reilly has announced that Boston's estimated figure of 56 motor vehicle deaths in 1949 will be the lowest ever recorded in the city since records of this type have been kept.

Final figures will not be available until the middle of February, the Commissioner explained, because of the waiting period demanded by the Registry of Motor Vehicles in cases of victims' names now appearing on the danger list.

Using a report drawn by the Safety Education Division of the Boston Traffic Commission as a

Restore Good Name.

I wish it were possible to make a bright and glowing forecast of things to come in our municipal government, to tell you that you can look for a lower tax rate, and that we can at the same time undertake great public improvements to make this a bigger and better city.

But, unfortunately, that is not possible. Accordingly, it is not my intention on this or any other day to serve up to our people any soothing syrup or any sugar-coated pills, nor do I believe the people of Boston want any. They want the truth and the facts. That is what I propose to give.

In my campaign for election as Mayor, I pledged myself to restore the good name of this city. That pledge I solemnly repeat to you today.

It will be my purpose, starting tomorrow, on the first business day of my administration, to introduce every reasonable and possible economy in the conduct of the business and the services of this city. Unnecessary expenses must be eliminated, for our city is, and for the past two years has been, living beyond its means.

I say in all sincerity and honesty, and with full realization of the significance of my statement, that a continuation of some of the policies and procedures our city has been following could lead only to financial ruin — to a collapse of our city government that would jeopardize the welfare and well-being not only of the people of Boston but of the residents in that entire section of Massachusetts and New England that looks to Boston as its capital city.

For that reason, in almost everything I do as Mayor, in virtually every decision I make, the underlying consideration must be our city's financial condition.

Boston's Financial Condition.

Proposals for improvements — and some must be undertaken for public convenience, to prevent the loss of business or to attract new business — will have to be weighed in the light of the city's ability to pay.

(Continued on page 3.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 9, at 2 P.M.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of

public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made to this department for information

regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

To the STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

HON. JOHN B. HYNES INAUGURATED BOSTON'S 51ST MAYOR AT COLOR- FUL CEREMONIES AT SYMPHONY HALL—OUTLINES PROGRAM.

(Continued from page 1.)

In recent years the cost of running our city government has gone steadily upward, and the tax rate has climbed correspondingly. That is understandable because just as it costs much more to run a home than it did five or ten years ago, so it costs more to run a great city.

Even though we have been in a period of postwar prosperity, our municipal government has not been on a pay-as-you-go basis. The extent to which it has plunged into debt during the past two years has alarmed persons concerned for the future of our city.

It is not my purpose to direct attacks upon anyone, but simply to present the facts to you. In the year just ended our city borrowed \$27,100,000. It paid off in old debts \$9,144,500. In 1948, it borrowed \$12,800,000 and during that year retired \$10,177,400 in old debts. That means that in the last two years Boston's debt has gone up \$20,578,100.

It hardly need be stated that a continuation of that trend would be disastrous and that it must be halted. Any family head knows he cannot go on indefinitely spending more money than he earns, piling up bills that grow larger and larger, without facing an ultimate day of reckoning.

Those heavy loans floated by the city in 1948 and 1949 must be paid off by the people of Boston, and part of them must be paid this year. Not only must we pay back the original amounts borrowed, but the interest on them will reach a very substantial figure.

Now let me explain why our city is threatened with a staggering increase in its tax rate.

Salary raises were granted last July to city, county, and school employees. They were in effect for only six months during 1949, but they must be figured on a 12-month basis for 1950. That will involve an additional expense of \$3,228,200 this year.

Boston's tax rate last year was \$56.80. Even that was not a realistic rate. Payments which should have been made from the 1949 tax levy were postponed until later years. Bills were left for someone else to pay.

Our welfare expense must be considered as a current item. It may vary somewhat from year to year, depending upon economic conditions, but we know we are obliged to take care of our poor, our needy, and our underprivileged. We know, too, that welfare relief is an expense that must be met annually.

Last year, however, a welfare loan of \$2,350,000 was floated rather than raise that money in the tax levy. That bill was left for future administrations to pay.

In addition, I am informed that welfare requirements for 1950 will be about \$750,000 greater than in 1949. This means that unless the policy of borrowing for welfare relief is continued, I must raise approximately \$3,100,000 more by taxes for welfare purposes than was raised last year.

The administration in authority last year floated a \$10,150,000 loan to meet the city's share of the MTA deficit for 1948 and the first seven months of

1949. I agree that it was proper to fund that amount in view of the fact that Governor Dever was doing everything within his power to place the MTA on a self-supporting basis.

But the 10-year loan was so written that no portion whatever of that deficit was paid last year. The first payment of \$1,015,000 must be made this year. The reasonable thing to have done would have been to pay off a portion of the deficit last year. However, that would have meant a higher tax rate so the first payment was delayed until 1950.

Boston's share of the MTA deficit for the last five months of 1949 will be about \$1,000,000. Thus, we are confronted with the necessity of paying \$2,015,000 for MTA purposes. Since nothing was paid off by the city last year on the MTA deficit under the policy followed of not meeting any bill that could be put off until some other time, that will be one of the factors responsible for a higher tax rate.

It may come as a shock to you to learn that I must allow in this year's city budget about \$10,640,500 to meet payments that will fall due on old loans. In other words, \$7 on our tax rate must go to pay off bills for other years.

This is approximately \$1,500,000 more than was set aside last year for debt requirements and is a commitment which must be met to preserve the credit of our city.

It will be necessary to provide in our 1950 budget about \$750,000 to cover the expense for higher pensions which were voted after the 1949 budget was adopted and after the tax rate had been fixed.

I will be obliged to allow an overlay deficit of more than \$8,000,000 in the tax levy to cover abatements granted by the last administration. This is in addition to the regular overlay appropriation made each year in anticipation of tax abatements.

In terms of our 1950 tax rate, this means I will be called upon to provide at least \$5,000,000 more from the tax levy for so-called overlay deficits than did the outgoing administration last year.

This is one of the heavy, overhanging burdens I must assume as the incoming Mayor, and an obligation, which, standing alone, would necessitate a substantial rise in the tax rate.

I am further informed by our fiscal experts that the city last year was allowed \$2,388,202 in income by the State Tax Commissioner on which we cannot depend for this coming year.

As a result of these financial obligations, over which I have no control and to which the city already has been committed, it will be necessary to raise approximately an additional \$17,000,000 this year. If this amount were to be included in the tax levy, it would mean a \$12 increase in our tax rate. These are the commitments that preclude and make impossible any decrease in the tax rate. They are obligations not incurred by me, but which must be met by my administration. They are the factors which make an increase in the tax rate inevitable.

BOSTON'S TAX RATE.

There was a time when only a small proportion of the residents of our city were concerned about the size of Boston's tax rate. They were the owners of business and residential properties. Many tenants and rent payers, who did not own their own homes, somehow became convinced that the tax rate meant little or nothing to them.

They have discovered that the tax rate affects them directly, that when it goes up it hits their pocketbooks and their family budgets in the form of rent increases.

In the Boston rent control office on the ground floor of the old Houghton & Dutton Building there is daily a continual line of landlords, filing petitions for the right to increase the rents of their tenants, and on every petition, without exception, the first reason listed—and sometimes the only reason given—is that their taxes have gone up and that they must charge them back against their tenants.

I realize full well that Boston cannot withstand a \$12 tax rate increase. It would work a hardship upon already hard-pressed home owners and rent payers. It would cost us business and industry. I recognize that the people who elected me to serve as their Mayor—and, indeed, those who voted for some other candidate—expect—and have a right to expect—that a \$68 or \$70 tax rate will be avoided. And I will avoid it. That I promise.

I realize, too, that it would be a serious mistake to continue the policy of the past two years of plunging the city more deeply into debt. Because of the situation confronting me, it may be necessary to borrow money for some purposes. But it will be my policy to borrow less than is paid off in old debts and to lower gradually the city's outstanding debt.

There is no easy cure for Boston's financial troubles. Indeed, many of its problems are shared by every big municipality in the country. I promise no overnight miracles. I offer no panaceas. But we can and will have a prudent, careful management of Boston's municipal affairs. We can and will have the city's business conducted in an efficient manner.

We must, of course, provide for our sick, our needy, our poor, our elderly men and women who in the twilight of their lives are unable to support themselves. That is a responsibility which I am sure no citizen of this city would want to avoid or would want me to avoid. I intend to care adequately for the men, women and children who are legitimately in need of help from their city. It will also be my purpose to maintain and improve the standards of care and service at such institutions as our City Hospital, the Boston Sanatorium, and Long Island Hospital.

Services necessary for the well-being of the people of Boston and for the protection of their safety, their health, and their property must be maintained. Our public schools must be so run as to provide the best possible education for our children and future citizens.

I am convinced, however, that a higher degree of efficiency can be achieved in the operation of municipal departments and that economies can be realized by more businesslike handling of city contracts.

The contractors doing business with the city can anticipate a somewhat different relationship with my administration than they have enjoyed at times in the past.

Contracts will be awarded on the basis of competitive bids and to the firm or company willing to give the city the greatest value for its money.

Any hint of collusion in the bidding for city contracts will not be tolerated. I will take any steps necessary to put an end to certain of the contract monopolies that have existed. For the next two years this city will be run for the benefit of the people.

Many of the important contracts for this year have been awarded by the outgoing administration. However, they will be legal and binding upon the city only if their provisions and terms are met. Companies which furnish the people with anything less than the services for which they are paid can expect to find themselves in difficulty in a very short time.

I intend to take full advantage of the survey reports of the Boston Finance Commission, and adopt and put into effect those recommendations which I consider would make possible a more efficient administration of the city's affairs.

It is my conviction that these recommendations should be reviewed and analyzed to determine which of them could be adopted with practical advantage to the city.

One of my first steps, therefore, will be the selection of three department heads who will comprise the Mayor's executive committee on administration.

After completing their study, they will report to me as to the improvements and changes that could and should be made in administrative practices and procedures.

To bring about a higher degree of working efficiency in the internal operations of our city government, I also plan the establishment of three divisions within the Budget Department.

One division would concern itself with personnel records and changes and the training and promotion of employees.

A second division would constantly review departmental expenditures. For that work, the division would be staffed with examiners who would have definite departmental assignments.

A third division would be concerned with the general operation of municipal departments and would be prepared to provide advice on unusual problems, working conditions, and procedures.

In my opinion, the Budget Department, so organized, can be an effective force for the improvement of our city government.

In the light of the financial picture which I have described, Boston is engaged in what amounts to a fight for survival as a great city. It is imperative, therefore, that inefficient and outmoded practices and procedures be replaced with modern, businesslike methods, and that overlapping functions be eliminated.

That subject will be discussed in greater detail as my administration progresses.

No wholesale dismissals and no salary slashes are planned. City employees as a group are not overpaid, in my judgment. Those employees who do an honest day's work will have nothing to fear from my administration.

I propose to place real emphasis on public service. I intend to provide the people of our city with the best service possible in return for the taxes they pay. In this endeavor I ask the cooperation and help of every man and woman in the city employ.

A number of our city departments will be conducted in a much different manner than in the past. There will be an abrupt end, starting tomorrow, to the indifference to the public that has existed in certain of our municipal agencies.

Persons who have legitimate business to transact with the city will be able to transact it within their own rights and without bestowing favors upon anyone. Any employees who do not see eye to eye

with me on that matter will find their future with the city government very uncertain.

The cost of operating our municipal government, with all its essential functions and services, is great enough without burdening our citizens with any unnecessary or unjustified expense. Many of our taxpayers are sorely pressed from a number of directions. They are entitled to full value on every dollar they pay to the city. They have a right to expect full protection against raids on the city treasury. It is my intention to see they get it.

At this point may I stress most emphatically that corruption in any form will not be countenanced while I am Mayor. At the first indication or evidence of it, swift and decisive action will be taken.

I will be equally intolerant of any wilful waste or careless extravagance. Whether the cost of our city government is unnecessarily increased by corruption or waste or incompetence or favoritism means little to the taxpayer. The result is the same to him.

I propose to be constantly vigilant against needless expenses even though such vigilance may mean the loss of political popularity in some quarters.

At this point may I state that the very acuteness of the city's financial predicament will force me to adopt a policy which will necessitate disapproval of any proposal, whether initiated in the Legislature or elsewhere, which would unduly increase the operating expenses of our city government.

BOSTON'S FUTURE.

I consider an important feature of my job will be to try to sell Boston, and I ask that every listener aid me by being salesmen and good-will ambassadors, by boosting our city whenever the opportunity presents itself.

Let us be the same kind of supersalesmen for Boston as are the visitors who come here from California, from Texas, and from Florida. We have as much, if not more, to sell than they have. Let us try selling it.

It is my hope that we may be able to increase the number of conventions which come here, bringing with them thousands of visitors who patronize our stores, our theaters, our restaurants, our taxicabs, and who help in many ways to provide employment for our people.

I intend to advertise our many attractions. For the tourists and visitors we have numerous historic shrines and many points of interest. For business and industry we have perhaps the country's greatest reservoir of skilled labor.

At this point, I wish to announce that I shall appoint an industrial counselor who will be attached to the Mayor's office. His duties will be to promote a better understanding between business and the city government, and to make every endeavor to bring new industry and business to Boston.

I also shall appoint a labor counselor who will serve as the Mayor's adviser on labor questions within the municipal government, and on any other labor matters in the city, into which the Mayor may be drawn.

Because we are an old and historic city, we have one problem that is more critical than in many of the newer municipalities. That is:

TRAFFIC.

Every city in this country has been obliged to spend many millions of dollars to meet the require-

ments of the steadily increasing number of automobiles on its streets.

It must be apparent to everyone familiar with conditions in our city that Boston is in danger of being strangled by its own traffic unless it moves swiftly to meet its threat.

I will undertake any street widenings which will speed up the flow of automobile travel provided the cost involved is not prohibitive. I intend to confer with city engineers and city planners as to the feasibility of widening Tremont street in downtown Boston by narrowing the sidewalk along the Common and of making other improvements of this nature.

Many of our most heavily-traveled streets cannot be widened, however. The only action that can be taken to make possible a free flow of traffic over them is to remove the parked automobiles which now hinder and impede travel.

Our traffic and parking problems go hand in hand. Many automobiles are left on streets, frequently in violation of regulations, because there are no other convenient places to leave them.

The construction of an underground garage beneath Boston Common would be an important step toward the solution of our parking problem. I intend to use every resource to hasten the building of this project with private capital, as provided under the law authorizing its erection.

The city's own off-street parking program will be pressed with greater speed. A bill has been filed in the Legislature, asking authority to undertake an additional \$5,000,000 program to meet this acute problem.

This will be an investment, which, if properly handled, should be completely self-supporting.

HOUSING.

There is an acknowledged need for carrying forward our housing program with greater speed and dispatch. That will be done in my administration.

I propose to approach our housing program with two objectives in mind: the first, to provide critically needed homes; the second, to improve sections of our city which need a face lifting.

At the same time nothing will be done to discourage private construction of dwellings. I will do everything within my power to encourage it. There are potential housing sites in some sections of our city which, I believe, should be left for private development. It would be unwise and unsound for us to close the door to those who want to build their own homes in Boston.

As a general policy, it seems to me that housing built either with State, City, or Federal funds, and subsidized in one way or another, should be for families in the comparative low-income brackets who are financially unable to afford adequate homes.

It certainly is not a sound theory of government to have persons in very moderate circumstances contributing, even indirectly, to provide subsidized housing for families in higher income brackets. We must achieve some sort of intelligent and sensible balance in our approach to this problem.

It is my purpose to eliminate some of the extraneous circumstances which have slowed down progress in the construction of new homes.

As in all other fields of municipal activity, I will strive to obtain the best value for each dollar expended. All reputable construction companies will

be invited to bid for our housing work. All bidders will have the same opportunity and will be treated alike.

There are three ways in which Boston can finance its housing programs. It can utilize State credit. It can use its own credit up to \$28,000,000, and it can take advantage of a law enacted last year by Congress, providing Federal funds with which cities may launch redevelopment, slum-clearance programs and may construct low-rent projects.

Boston was originally allocated \$48,000,000 under the \$200,000,000 State housing program. Up to the present time the Boston Housing Authority has encumbered about \$30,500,000 of that amount, leaving approximately \$17,500,000 still available.

I have conferred with State housing officials and have learned that if Boston presses its housing activity effectively and intelligently it may seek additional State help with reasonable assurance it will be granted.

April 6 is the deadline for submitting applications for further State housing funds. That gives us just about three months in which to prepare plans for submission to the State Housing Board. Thus, it is of vital consequence that this feature of our housing program be accelerated.

The State program offers us an opportunity to build homes for the families of veterans. By taking full advantage of the resources available, I believe we can ease the housing shortage in the comparatively near future.

The Federal program should provide means to rehabilitate some sections of Boston. I find, however, that Federal funds will not be available until a master plan has been submitted showing all public improvements and changes of any nature that may be undertaken throughout the entire city.

I had intended to have such a master plan prepared as a matter of thoughtful and intelligent city planning. This was prompted by the realization that in drafting programs for housing and other municipal improvements we should also consider any State plans for those areas. For example, it would not be good government to plan a housing development for a location only to learn that the State had intended to take the same land as an approach to a bridge or for a high-speed, overhead highway.

I shall issue instructions for the immediate drafting of a master plan for Boston, showing the improvements and changes of all kinds that are contemplated by any public agency. I will ask His Excellency the Governor for the cooperation of all agencies under him, and I am confident we can have such a plan ready to submit to Federal authorities within a short period of time.

PROPERTY ASSESSMENTS.

Our assessment picture, especially as it concerns downtown commercial property, has been a scrambled and confusing one. A stabilization of tax assessment values is vital, in my judgment, for the future prosperity and well-being of our business community.

Adjustments of inequities always will be necessary, of course, and property owners cannot be denied their right of appeal to the City's Board of Assessors and to the State Tax Appellate Board.

But there must be, and there will be, an end to the practice of juggling assessment figures for the purpose of creating a false valuation and a fictitious tax rate.

It is a definite disservice to our city to raise the value on a piece of property before the tax rate is fixed, lower it again after the rate is established, refund an abatement with interest for the overcharge, and then place the valuation back at its high level for tax rate purposes the following year.

Any city which uses such methods to hold down a tax rate is building its tax base on financial quicksands. I announce now, without equivocation, that a halt will be made to the circle of assessment increases and abatements and that the valuations fixed by the incoming Board of Assessors will be honest appraisals.

A METROPOLITAN BOSTON.

Some of my informal remarks concerning the need for a Metropolitan Boston have been misconstrued by officials in other cities and towns who are zealous to preserve the identities and the traditions of their communities.

I have not suggested, and do not now suggest, that any city or town give up either its identity or its traditions. But, as I see it, there is a real need for some changes which would be to the mutual advantage of Boston and its neighboring cities and towns.

Boston, with a population of under 800,000 persons, provides services for a working day population of about 1,500,000 people. It is the core — the very heart — of the entire Metropolitan Boston area. It pumps the economic blood into the life stream of Metropolitan Boston, and it must continue to exist for the good of the entire metropolitan area.

Manifestly, it would be to the advantage of the entire Metropolitan Boston section if it could be organized into a form of metropolitan government which would preserve the entity and traditions of each city and town including Boston, and at the same time make possible the amalgamation of services which are metropolitan in nature.

A metropolitan city, with Boston as its nucleus, would have a much stronger competitive position in the field of business and industry than it now enjoys. This is a subject that merits deep consideration and careful study. Even the branches in the sturdiest of oaks will wither and die if the trunk of the tree is not strong and healthy.

I am not proposing that Boston swallow up any other city and town. Rather do I urge a sober study of possible steps that would assure greater and more enduring prosperity for the entire Metropolitan Boston area.

CITY COUNCIL.

Now may I address myself briefly to the 22 members of the City Council, who comprise Boston's Municipal Board of Directors.

I need not outline to most of your membership the problems of our city or the responsibilities we face. Twenty of you gentlemen have served in our municipal government for periods ranging from 2 to 12 years.

Nor do I need tell you that in the two-year term for which we have been elected the people of Boston expect us to work together in harmony for the good of the city. I am depending upon your help and your understanding cooperation in the months ahead.

Working together for the common good of our city and its people, we can go forward toward our goal for a better Boston and earn the approbation of our fellow citizens.

CONCLUSION.

A short time ago, you heard me receive my oath of office and pledge myself to uphold the Constitutions of the United States and of the Commonwealth of Massachusetts. That oath has a very deep meaning for me, as I am sure it has for you.

I hope and believe that it is unnecessary for me to say anything about subversive activity in our city government. I am sure there has been none and will be none.

But to those citizens so deeply concerned over the present-day threat of Communism, let me emphasize that safeguards already erected against any form of subversive activity will be carefully maintained and will be extended if the slightest necessity for such action should develop.

We shall have in our city government an administration by patriotic men and women who believe in the American way of life and in the principles embodied in our State and National Constitutions which I have this morning sworn to uphold.

There is another matter which might well be touched upon briefly. Boston has been conspicuously free from racial and religious strife. Our people live, work, and mingle in complete harmony as true Americans. There is no room in our city, in our municipal government or in our conduct of Boston's official business for racial or religious bigotry or intolerance, and there will be none while I am Mayor.

We have now entered the second half of the 20th century. By the standards of this country, Boston

is an old city. Though its problems are many, they are possible of solution. In all the years of our city's existence those who have preceded us have faced and have met the challenge of their times.

The problems of our day are challenging, too, but they can and will be overcome if those who have real pride and love for our city work together for the common purpose of achieving a better Boston.

We do not grope in the dark. We understand our city's problems. We realize their gravity. We can master them; we must not let them master us. The term for which I have been elected is two years. It is a short period in which to accomplish what must be done. With your patient understanding, I feel certain real progress can be made before my brief term comes to an end.

Boston has an historic and glorious past. As I stand here on my first day as Mayor of this city, I sincerely believe that Boston's future can and will be equally as glorious. I am certain that the spirit which made our city a great city still burns as strong as ever it did.

May I conclude this inaugural with these timeless words, found in the 110th Psalm. "The fear of the Lord is the beginning of all wisdom."

Let us then, in the days ahead, go forward humbly and fearfully, seeking His wisdom; imploring His guidance; beseeching His blessings on our city, on ourselves, and on our children.

With that appeal to Divine Providence, I assume my duties as Mayor of the City of Boston.

(Continued from page 1.)

basis, Commissioner Reilly said that 13 of these deaths happened in the month of December, despite pleas for increased driving and walking caution issued by public safety authorities.

"It will be found," the Commissioner said, "that at least 80 per cent of all persons killed by motor vehicles in 1949 were pedestrians."

The Commissioner further expressed the belief that, on the basis of the city's reduction in motor vehicle deaths from 143 in 1934 to less than 60 in 1949, the city will finish the year with the lowest population death rate of all cities in the United States with populations over 500,000.

The National Safety Council tables on motor vehicle death rates of these cities released in November had Boston in first place.

RETIREMENT BOARD REPORTS.

To the Auditor.

At a meeting of the Retirement Board, held on December 15, 1949, the following-named employees were voted to be retired from active service at the close of business, December 31, 1949, under the provisions of chapter 658:

HEALTH DEPARTMENT.

Margaret M. McElaney, clerk, salary at time of retirement \$2,800 a year.

HOSPITAL DEPARTMENT.

Robert J. Ambrose, kitchenman, salary at time of retirement \$3,231 a year.

SUPPLY DEPARTMENT.

Upon December 12 the Mayor approved a contract with White Fuel Corporation for furnishing light fuel oil to the various city departments.

The second low bidder, White Fuel Corporation, has been one of the city's principal sources of supply, during the last 10 years. In those years, despite war shortages, rationing, transportation difficulties and allocations of fuel oil within the trade itself, this concern has never failed to supply the City of Boston with its needs.

In view of the excellent record of past performances of this supplier, it is recommended that the award be made to the second low bidder as indicated, namely, White Fuel Corporation.

Total amount of contract will be \$63,310, less a 1 per cent cash discount for payment within 10 days.

Bids, opened December 6, were as follows:

650,000 Gallons Light Fuel Oil.

Price Per U. S. Gallon, Posted Tank Car Price, Plus or Minus.—Bonded Oil System, Inc., plus .84 cent; The Boston Ice Company, Division of American Ice Company, plus .01 cent; Cities Service Oil Company, minus .01 cent; White Fuel Corporation, plus .94 cent.

Today's Posted Tank Car Price.—Bonded Oil System, Inc., 8.8 cents; The Boston Ice Company, Division of American Ice Company, 8.8 cents; Cities Service Oil Company, 11.9 cents; White Fuel Corporation, 8.8 cents.

Today's Delivered Price.—Bonded Oil System, Inc., 9.64 cents; The Boston Ice Company, Division of American Ice Company, 9.8 cents; Cities Service Oil Company, 10.9 cents; Consolidated Fuels, Inc., 9.8 cents; White Fuel Corporation, 9.74 cents*; Stetson Fuel Company, 10.1 cents.†

Cash Discount, 10 Days.—Bonded Oil System, Inc., 1 per cent, 30 days; The Boston Ice Company, Division of American Ice Company, net; Cities Service Oil Company, net; Consolidated Fuels, Inc., net; White Fuel Corporation, 1 per cent; Stetson Fuel Company, net.

* Contract awarded.

† Plus or minus any increase in the tank car price of the seller. It is agreed that the tank car price of the seller shall be no higher than the posted tank car price of the Gulf Oil Company at Park Square Building, Boston, Mass.

Upon December 21 the Mayor approved a contract as indicated in the following letter:

* Contract awarded;

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and supply houses for furnishing material and labor. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, November 18, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for the award of a contract, without advertising, to the Consolidated Elevator Company, Inc., for furnishing elevator service to elevators in the Main Department of the Boston City Hospital for the year 1950, in the sum of \$997 per month, or \$11,964 for the entire year.

Inasmuch as their price is the same as in 1949, and that contract has been satisfactorily carried out, the Trustees recommend the award of this contract to the Consolidated Elevator Company, Inc., at the above-mentioned price.

Respectfully yours,
MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

BOSTON, December 14, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for the payment of \$1,950 to the American Sterilizer Company, 419 Commonwealth avenue, Boston, for furnishing and installing two 34-inch Major DMC surgical luminal tracts, mounted and counterbalanced, in the GYN operating room at \$975 each, total, \$1,950.

Because of the emergency nature of this work, time did not permit soliciting bids.

Respectfully yours,
JAMES W. MANARY, M.D.,
Superintendent.

INSTITUTIONS DEPARTMENT.

BOSTON, December 19, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your authority is respectfully requested to permit the Institutions Department to award a service order to the General Flooring Company, 745 Broad street, East Weymouth, for asphalt tiling at the Long Island Hospital, in the sum of \$1,353, without public advertising.

It is intended to tile the floors of the payroll office, chief clerk's office, the front office, record room, plant superintendent's office, medical director's secretary's office, and the front vestibule for this amount. These floors have never been covered and are in very bad condition.

The General Flooring Company is presently completing work at Long Island; has the men and material on the island; the price quoted is comparable to tiling already completed; and no advantage could be had by advertising.

Respectfully yours,
G. FRANK McDONALD,
Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 14, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

With reference to a contract which the Crandall Engineering Company has with

the City for "emergency strengthening of piers of the Charlestown Bridge over the Charles River," approved by your Honor on September 12, 1949, I wish to advise that although work has progressed satisfactorily in the field to date, it now appears that this work cannot be completed for the estimated sum of \$85,500 stipulated in this contract.

It was found necessary to remove much more concrete from the under part of the piers than was originally anticipated because of the excessive deterioration which had taken place, and because of the unavailability of steel sheet corner and tee sections required to complete the cofferdams it was necessary to shift the floating equipment, etc., much more frequently than anticipated, resulting in increased costs which could not be foreseen when the first estimate was made.

As the original emergency still exists and because of the difficulties mentioned above, I respectfully request the authority of your Honor to amend this contract by changing the estimated cost of the work from \$85,500 to \$110,000.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 16, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a request for one (1) 1949-50 Buick Super model sedan to be furnished to the Public Works Department and one (1) 1949 Buick Roadmaster model sedan to be furnished to the Health Department.

Informal quotations for prices were solicited from the following dealers: Connolly's Garage, Noyes Buick Company, Thompson Buick Company, Williams Buick, Inc.

Williams Buick, Inc., and Noyes Buick were the only two companies who submitted a price on the Buick Roadmaster and the lower price was that of Williams Buick, Inc. This same company was the sole bidder on the Buick Super model.

It is, therefore, requested that authority be granted me to award a contract for two (2) Buicks to Williams Buick, Inc., at a total amount of \$3,610.40. In my opinion, no advantage would be gained from a public advertisement for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, December 19, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

It is requested that the contract dated December 28, 1948, between the City of Boston and Mack Motor Truck Company for alterations to four (4) aerial ladder trucks be extended to March 1, 1950.

Three of the aerial ladders have been delivered and the fourth was delayed because the Fire Department could furnish only one ladder to the Mack Motor Truck Company at a time.

Attached is copy of letter from the Fire Commissioner making this recommendation.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, December 20, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On June 30, 1949, your Honor approved a letter of award for typewriters to be delivered to various city departments.

In accordance with the General Laws, Acts of 1909, chapter 486, section 30, it is necessary that the reason for not publicly advertising be included in the Mayor's permission to award.

Attached is copy of original approval and the new letter which the Law Department has advised us is necessary and must bear your signature.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, December 30, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is requested to award a contract and orders, without public advertisement, for furnishing fifty-eight (58) typewriters to the Public Welfare Department and Boston City Hospital as follows:

Royal Typewriter Company: 30 to Public Welfare Department, 9 to Boston City Hospital, total, \$4,110.64.

Underwood Corporation: 10 to Public Welfare Department, total, \$1,211.

Remington Rand, Inc.: 5 to Boston City Hospital, total, \$857.59.

L. C. Smith & Corona Typewriter Company: 4 to Boston City Hospital, total, \$500.60.

The allowance on twenty-one (21) typewriters to be turned in by the Boston City Hospital is \$217.50.

The prices on typewriters are standard and therefore no advantage could be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Total addition, \$425, and the amount of \$425 will be added therefor, making the account as follows: Contract price, \$25,820; total addition, \$425; amount of contract, \$26,245.

CONSTRUCTION WORK.

The Mayor has approved the following requests of the Public Works Department for construction work:

A sanitary sewer of 10-inch pipe in Lorna road, between 374 feet southwest of Doone avenue and 50 feet southwest, in the Dorchester district, at an estimated cost of \$1,100.

A sanitary sewer of 10-inch pipe and four catch-basins and connections in Barry park, between Barry street and 155 feet southeasterly, in the Dorchester district, at an estimated cost of \$4,200.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Gilman street, West Roxbury district, as a highway, from Canterbury street to Mt. Calvary road, bounded and described as follows:

A highway named Gilman street is hereby laid out from Canterbury street to Mt. Calvary road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Canterbury street, forty and 40-100 feet; northerly by the northerly line of said Gilman street as hereby laid out, four hundred thirty-three and 40-100 feet; easterly by Mt. Calvary road, forty-one and 28-100 feet; and southerly by the southerly line of said Gilman street as hereby laid out, four hundred thirty-seven and 96-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Gilman street as laid out under this order will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PRINCIPAL CLERK, STATE PRISON, DEPARTMENT OF CORRECTION, FEBRUARY, 25, 1950.

Last date for filing applications, Monday, February 6, 1950, at 5 P.M.

Salary: The minimum salary is \$2,940 a year; the maximum salary is \$3,540 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under general supervision, to do clerical work of a high degree of difficulty and responsibility in a more or less specialized field of administrative processes; and to perform related work as required.

Examples of Duties: Supervising the work of civilian employees in keeping stock ledgers, and in stock room accounting; supervising the taking of inventories; making cost studies; checking goods received with invoices; making necessary adjustment entries from time to time.

A knowledge of modern accounting procedure and its application to accounts, as well as a knowledge of cost procedure, is required.

Entrance Requirements: Applicants must have at least five years of full-time paid experience in clerical work, of which two years must have been in work of more than ordinary difficulty and responsibility. *Substitutions:* (1) High school or equivalent education may be substituted for the general experience, year for year, but not for the specified two years in clerical work of more than ordinary difficulty and responsibility. (2) Accounting training in a recognized school of accountancy may be substituted year for year for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

SENIOR CLERK AND STENOGRAPHER, STATE AIRPORT MANAGEMENT BOARD, JANUARY 28, 1950.

Last date for filing applications, Monday, January 9, 1950, at 5 P.M.

Salary: The minimum salary is \$2,340 a year; the maximum salary is \$2,940 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis. The office of the State Airport Management Board is located in East Boston, Massachusetts.

Duties: Under supervision, to do clerical work of more than ordinary difficulty and responsibility, involving general familiarity with office processes and individual judgment in the carrying out of established procedure; to take notes from dictation of more than average difficulty and transcribe them on a typewriter; and to perform related work as required.

Examples of Duties: Serving as secretary to the commissioner; taking dictation in shorthand and transcribing the notes; setting up and maintaining a confidential file; making appointments for the commissioner; using good judgment in answering the telephone.

Entrance Requirements: Applicants must have at least two years of full-time paid office experience. *Substitution:* Graduation from high school or equivalent education may be substituted for one year of the required experience.

Subjects and Weights: Training and experience, 2; clerical tests (spelling, arithmetic, word knowledge, alphabetical arrangement, numerical arrangement, comparing), 1; stenography, 2; total, 5.

The dictation will be given at the following rates of speed: 80, 100, and 120 words a minute, the dictation at each rate of speed consisting of an article of about 300 words in length. Each applicant may select any one or two of the three speed tests for transcription. If an applicant transcribes two tests, both are marked and the applicant is given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Applicants must obtain at least 70 per cent in accuracy of transcription of at least one dictation and in each subject in order to become eligible.

POLICE DEPARTMENT ORDERS.

General Order No. 1,264.

The Police Commissioner having heard the complaint of Thomas F. Casey, captain, commanding Division 1, against Patrolman Joseph L. Brooks of the same division, on Wednesday, December 14, 1949, at Police Headquarters, charging him with violation of the Rules and Regulations of the Police Department, accepted a plea of guilty.

It is hereby ordered that the said Patrolman Joseph L. Brooks perform 315 hours' punishment duty.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,272.

The resignation of Patrolman James J. Lehan of Division 16 having been presented while charges against him are pending, it is hereby accepted to take effect as of Tuesday, December 27, 1949, at 7.45 o'clock A.M., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,273.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Sunday, January 1, 1950, at 7.45 o'clock A.M.:

Lieut. John Donovan, Division 1, 36 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,274.

Due to the number of persons still absent from their homes as members of some branch of the United States military service, it is doubly important that

all officers detailed to listing work exercise the greatest care to the end that absolute accuracy be obtained in the listing of all residents twenty years of age and over, and particularly the above-mentioned persons, male and female, in the armed services who must be listed from their last legal Boston residence.

The particular branch in which men and women are enrolled in the United States military service shall be indicated in the space on the card that is set aside for "Occupation" as Army, Navy, Air Corps, Marine Corps, etc.

It is imperative that all listing officers visit each and every building to secure the names and required information of the occupants. Under no circumstances shall the printed list of the previous year be referred to as a basis of residence. Nor shall it be assumed that a resident according to the 1949 printed list is now an occupant of the same dwelling.

The attention of the department is called to Superintendent's order of December 28, 1949, in reference to police listing which begins on Tuesday, January 3, 1950.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,275.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Sergt. Patrick H. Purcell, Bureau of Criminal Investigation, 37 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,276.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Saturday, December 31, 1949, at 5.45 o'clock P.M.:

Capt. John F. McCarthy, Division 2, 41 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,277.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be

retired from active service in the Police Department, effective Saturday, December 31, 1949, at 5:45 o'clock P.M.:

Lieut. Cornelius Shea, Division 11, 37 years of service.

Detective John F. Barthel, Division 9, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

VIII. INVENTORY.

Form 1, inventory form, is being issued to the department today. These forms are to be filled out as of January 1, 1950, and returned to the office of the Fire Commissioner for his personal inspection on or before Friday, January 27, 1950. One form is to be given to each company commander and head of each branch division.

In houses where more than one company is located, the senior officers in command of the houses will include in their inventories all articles which are used in common by the various companies in the stations. They will note on the last page of the inventory form the fact that their inventory will include house equipment.

IX. COMMENDATION.

Ladderman Frank C. Jacobs, Jr., of Ladder Company 10, is hereby commended for holding a fire in check at Box 256, about 5:59 P.M., December 25, 1949, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

General Order No. 69.

A FAREWELL MESSAGE TO THE MEMBERS OF THE BOSTON FIRE DEPARTMENT FROM

THE FIRE COMMISSIONER, RUSSELL S. CODMAN, JR.

My letter of resignation from the office of Fire Commissioner has been submitted to his Honor Mayor-Elect John B. Hynes to take effect January 3, 1950.

Four years ago in a message to the department following my appointment by his Honor Mayor Curley, I stated that it was my intention to spare no effort to make this administration notable for a record of constructive achievements.

The present high degree of efficiency in all branches of the department, the construction of three new fire stations at a cost of \$450,000, major repairs to seven dilapidated firehouses amounting to \$300,000, the purchase of \$1,600,000 worth of fire apparatus to completely modernize all the department's automotive equipment, \$300,000 to buy two U. S. Navy mine sweepers and conversion into modern fireboats, many innovations and improvements in fire-fighting techniques through the use of foam, water fog, and mobile Cardox systems, extension of first-aid training in cooperation with the American Red Cross, acquisition and maintenance of Navy Fire School under departmental supervision, highway safety program, the pending construction of a new fire station in East Boston and the award of a contract for the \$2,000,000 Headquarters building and maintenance garage to include also the Fire Alarm Construction Force and shops, together with a separate two company firehouse—all these accomplishments and many other betterments bear ample proof of the department's rapid progress during the past four years to a position of eminence equal to that of any other fire department in the nation.

The attainment of our high national reputation today is due to the loyal cooperation of all members, both fire force and civilian. The city is fortunate in having such a large group of employees who are giving efficient and devoted service at all times. My close association with the department's personnel and its multifarious activities has been for me a source of great personal satisfaction as well as an edifying experience. Knowing the high caliber and integrity of the department's members, I am confident that the city will continue to receive full measure of faithful service.

My sincere and heartfelt best wishes for your success and happiness.

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

(The last General Order of the 1949 series was No. 69.)

General Order No. 1.

The following is published for the information and guidance of members of the Fire Department:

"Having been duly appointed as Fire Commissioner of the City of Boston by the Mayor in accordance with the provisions of chapter 486 of the Acts of 1909, as amended by chapter 479, Acts of 1924, I hereby assume charge of the Fire Department of the City of Boston, effective as of Tuesday, January 3, 1950."

MICHAEL T. KELLEHER,
Fire Commissioner.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Tuesday, December 27, 1949.

Special meeting of the City Council, held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilors Coffey and Shanley.

The meeting was opened with the salute to the Flag.

CALL FOR THE MEETING.

The following was received:

City of Boston,
Office of the Mayor, December 20, 1949.
Hon. John B. Hynes,
City Clerk, Boston.

Dear Sir:

You are hereby requested to meet in the City Council Chamber, City Hall, on Tuesday, December 27, at 2 P.M., for the purpose of considering the adoption of the order providing for the sale of land for the site of the Carney Hospital and also land desired by Boston College, and other business which may properly come before your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

FLOODING OF MARCELLA STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1949.
To the City Council.

Gentlemen:

I transmit herewith communication from the Park Department, relative to your order of December 19, 1949, concerning the flooding of the Marcella street playground for ice skating.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 22, 1949.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your memorandum with attached enclosure, City Council order dated December 18, 1949, requesting the Park Commission to flood the Marcella street playground for ice skating.

The playground on Marcella street, Roxbury, is so graded that it slopes gently from the field house towards the bleachers. In order to flood any playground for skating it is necessary to have the ground higher around the edges of the flooded area and at a lower elevation within, so as to provide a saucer or shallow reservoir to retain the water. The sloping of this field in one direction would mean that water will not stay on this surface of the field.

Many years ago a dike was built across the lower end of the field so as to try to retain the water on the field. Youngsters on the playground cut openings in the earth dike and the water was allowed to get away and it certainly made a mess of everything.

At the present time the way this field is built, and it had to be built as it is, there is no way to flood it and expect the water to remain.

Very truly yours,
JOHN J. MURPHY, Chairman.

Placed on file.

REMOVAL OF CHILDREN'S TONSILS AT CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1949.
To the City Council.

Gentlemen:

I transmit herewith communication from the Hospital Department, relative to your order of recent date, concerning the removal of tonsils of children.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Hospital Department, December 19, 1949.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Board of Trustees held on December 16, the following order of the City Council was presented:

Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to arrange for the removal of tonsils of children, which practice was stopped over six months ago.

I wish to inform you that at no time did we stop doing tonsil and adenoid operations during the summer, but the Trustees are now planning to increase the number of operations to about twelve a day.

Sincerely yours,
MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

Placed on file.

NAMING OF STREET IN HONOR OF VICTOR J. L. CENTOLA.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1949.
To the City Council.

Gentlemen:

I transmit herewith communication from the Board of Street Commissioners, relative to your order of December 5, 1949, concerning the changing of the name of Lawrence street to Centola street, in honor of Victor J. L. Centola.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Street Commissioners,
December 7, 1949.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In the matter of the attached order of the City Council requesting that the name of Lawrence street be changed to Centola street, I would say that when the order is passed by the Board for the laying out of the street, the change will be made.

Respectfully yours,
GEORGE J. CURLEY, Chairman.

Placed on file.

CHANGING NAME OF BUFFALO STREET TO LIFE STREET.

The following was received:

City of Boston,
Office of the Mayor, December 20, 1949.
To the City Council.

Gentlemen:

I transmit herewith communication from the Board of Street Commissioners, relative to your order of December 12, 1949, concerning the changing of the name of Buffalo street, Ward 22, to Life street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Street Commissioners,
December 16, 1949.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

In the matter of the attached order of the City Council requesting that the name of Buffalo street be changed to Life street, I would advise that said street was laid out as a public street October 13, 1949. All changes in the names of public streets cannot take effect until March 1, following the name change order. For this reason the Board does not hold street name changes until the latter part of January or the early weeks in February. The Board would be pleased to take up the matter later.

Very truly yours,
LAWRENCE W. COSTELLO, Secretary.

Placed on file.

INSTALLATION OF TRAFFIC LIGHTS, HARVARD AND MORTON STREETS.

The following was received:

City of Boston,
Office of the Mayor, December 21, 1949.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commission, relative to your order of December 12, 1949, concerning the installing of traffic lights on Harvard and Morton streets.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Traffic Commission,
December 16, 1949.

Hon. James M. Curley,
Mayor of Boston.

Re: Council Order Dated December 12, 1949,
Requesting the Installation of Traffic Lights on Harvard and Morton Streets.

Dear Sir:

In reply to the subject Council order, please be advised that there are no funds available to this department for the installation of traffic signals at above location. However, we have erected a police officer's spotlight and understand that a police officer is to be stationed at this point regularly.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

Placed on file.

REPLACING OF OLD STREETCARS ON MATTAPAN LINE.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1949.
To the City Council.

Gentlemen:

I transmit herewith communication from the Metropolitan Transit Authority, relative to your order of December 12, 1949, concerning the replacement of cars on the Mattapan line.

Respectfully,
JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority,

December 21, 1949.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

The trustees have directed me to reply to your order of December 12 in regard to cars on the Mattapan line.

Within the last year we have replaced the old heavy 30-ton cars, which had been on that line for many years, with so-called No. 5, or 15-ton cars, which have a depreciation life of 30 years, and as all the cars on the line are within that period it is not possible to replace such vehicles until they have reached their life table, without adding to cost of service either in fares or deficits.

Very truly yours,
EDWARD DANA, General Manager.

FACILITIES FOR HOMELESS MEN.

The following was received:

City of Boston,
Office of the Mayor, December 22, 1949.
To the City Council.

Gentlemen:

I transmit herewith communication from the Overseers of Public Welfare, relative to your order of November 28, 1949, concerning the providing of more adequate facilities for homeless men who are in need of lodging.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Overseers of the Public Welfare,
December 19, 1949.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In answer to the following City Council order passed on November 28, 1949:

"Ordered; That the Public Welfare Department be directed, through his Honor the Mayor, to provide more adequate facilities for homeless men who are in need of lodging."

may I state that this is a problem that has been before the Overseers of the Public Welfare for some time. The decision will rest largely on exactly how far the City of Boston should go in providing transient relief from city funds when, because of settlement laws, financial aid should be received from the state directly, or from other cities and towns.

The Overseers of the Public Welfare will continue to give this matter serious study, and trust that a solution will be found.

Sincerely yours,
LOUIS P. LEONARD, Chairman.

SALE OF LAND AT COMMONWEALTH AVENUE, CHISWICK ROAD, AND SIDLAW ROAD.

The following was received:

City of Boston,
Finance Commission,
December 27, 1949.

To the Honorable the City Council.
Gentlemen:

There is before you for final action at today's meeting an order which provides for the purchase of a parcel of land for park purposes at Commonwealth avenue, Chiswick road, and Sidlaw road, Brighton, for the sum of \$23,000. This parcel contains only about 26,000 square feet and, because of its small area, has very limited possibilities for public use.

The need for another park in this section is questionable. This parcel is within a short distance of vast park and playground areas already in use. In fact, the principal benefit from the project would be to the owner of an apartment building which faces it, in that making a park of it would keep the area open.

While the proposed cost of the land is not out of line with neighboring valuations, since 1946 the assessed valuation has risen from \$10,000 to \$25,900.

The present owner of the parcel has tried to obtain change in the zoning restrictions to permit the erection of stores and has claimed that he has been offered approximately \$110,000 for it in the event the zoning restrictions can be changed to permit stores. He claims also that within two years he has been offered about twice the present assessed value by persons who desired it for an apartment house development.

It must be recognized that the \$23,000 proposed to pay for it will be but the beginning of the taxpayers' expense. The treatment of the area, the maintenance of it, and the loss of taxes which will follow city purchase will add substantially to the first cost. Yet, because of its location and size its use will be by a very small segment of the people who would pay for it.

It seems to the Finance Commission that it is time to stop this type of generosity at city expense. Each such project further reduces the taxable

area of the city and makes the taxation burden heavier for those who must pay the city taxes.

The Finance Commission recommends that you deny your approval to the final passage of the order referred to.

Respectfully submitted,
EDWARD F. MULLEN, Chairman
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
JOSEPH K. COLLINS,
The Finance Commission.

HOSPITALS COST \$13,000 PER BED.

Average construction costs for general hospitals built under the hospital survey and construction program of the United States Public Health Service range from \$15.61 per square foot for 17 hospitals with from 26 to 35 beds to \$19.43 for two hospitals with from 126 to 150 beds. The general floor area per bed ranges from 604 square feet to 639 square feet, respectively. These figures include the cost of construction of the building and fixed equipment. The total cost of these hospitals, including all equipment and professional fees, but not including the site, brings the corresponding figures per square foot up to \$18.56 and \$21.36, respectively, and the cost per bed, including all costs, from \$11,256 to \$14,475, respectively. The average cost per bed for 105 general hospitals, including all costs except sites, is \$12,910.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING SNOW.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow in the following Snow Areas: Nos. 1, 2, 3, 4, 5, 6, 7, 8, and 9, and giving bond therefor of a surety company approved by the Commissioner in the sum of FIVE THOUSAND (5,000) DOLLARS for each area, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Snow," and left at Room 508, fifth floor, City Hall Annex, before 12 M. on WEDNESDAY, JANUARY 11, 1950, with a certified check for TWO HUNDRED (200) DOLLARS for each area, or EIGHTEEN HUNDRED (1,800) DOLLARS for all the areas, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of specifications taken out. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

MAYOR JOHN B. HYNES RELINQUISHES POST AS CITY CLERK TO WHICH HE HELD LIFE TENURE IN ORDER TO GIVE CITIZENS HIS BEST EFFORTS AS MAYOR, AND ALSO TO SAVE COMPLICATIONS IN CONDUCT OF COUNCIL'S BUSINESS.

At the meeting of the City Council on Monday, January 9, Mayor John B. Hynes tendered his resignation as City Clerk, in order to devote all his efforts and energies to the work of the office of the Mayor. The resignation was accepted, and Walter J. Malloy of the office of the City Clerk, who had been assistant to Mayor Hynes, was unanimously chosen for the place for the next three years.

A veteran of the American Expeditionary Force in 1917, the new City Clerk served with the famous 2d Division in France and Germany. Before he became attached to the City Clerk's Department, he served two years as a clerk in the Public Works Department.

MAYOR APPEALS TO SCHOOL COMMITTEE TO HOLD BUDGET EXPENSES FOR 1950 AS LOW AS POSSIBLE IN ORDER THAT UNNECESSARY BURDEN MAY NOT BE PLACED ON TAXPAYERS—ASKS AID IN EFFORT TO KEEP RATE AS LOW AS POSSIBLE.

Mayor John B. Hynes has appealed to the School Committee to aid him in his efforts to hold the expenses of the city down in order that tax relief where possible may be given the citizens. In a letter to the committee he has asked that "every feasible economy possible" be practiced in order that no unnecessary burden may be placed upon the taxpayers. His letter reads as follows:

OFFICE OF THE MAYOR,

BOSTON, January 10, 1950.

HON. JOSEPH C. WHITE, *Chairman*,
Boston School Committee, 15 Beacon
Street, Boston, Mass.

DEAR MR. WHITE:

Because of the serious financial situation of the City of Boston, I believe that it is incumbent upon every agency of the

COMMITTEE IS NAMED BY MAYOR HYNES TO STUDY AND SUGGEST PLAN FOR REGULATING CONTRACTS FOR COLLECTION OF GARBAGE AND REFUSE SO THAT CITY MAY BENEFIT THROUGH SAVINGS AND MORE UP-TO-DATE METHODS—SUGGESTION MADE BY NEW PUBLIC WORKS COMMISSIONER, GEORGE G. HYLAND—SUGGESTION ACCEPTED AND ACTED UPON.

At the suggestion of George G. Hyland, the Public Works Commissioner appointed by Mayor John B. Hynes, a committee has been named to undertake a study of ways of changing future contract documents for collecting and disposing of garbage and refuse. The committee suggested by the Public Works Commissioner is to be composed of the Health Commissioner or his representative; the Corporation Counsel or his representative; the Chairman of the Board of Street Commissioners or his representative; the Chairman of the Finance Commission; a representative of the Real Estate Commission; Division Engineer of the Sanitary Division of the Public Works Department; and the Public Works Commissioner. The letter from the Public Works Commissioner to his Honor the Mayor reads as follows:

MAYOR HYNES FILES PETITIONS IN GENERAL COURT FOR LEGISLATION RELATING TO GOVERNMENT OF CITY.

Mayor John B. Hynes has filed with the 1950 General Court petitions for legislation as follows:

1. A bill for the purpose of providing further funds for the purchase or leasing of voting machines by the City of Boston.

2. A bill providing for a consolidation and arrangement of the special laws relating to the City of Boston.

3. A bill to provide for the construction, maintenance, repair, and operation of union truck terminals, creating the Metropolitan Boston Truck Terminal Authority and defining its powers and duties, and providing for the financing of such terminals.

4. A bill to extend to aliens the benefits of the Old Age Assistance Law, so called.

5. A bill excluding public off-street parking facilities in the City of Boston from certain statutes requiring licenses or permits.

6. A bill relating to bonds and other securities accompanying certain contracts and leases made by the Board of Real Estate Commissioners of the City of Boston.

7. A bill relating to the salary of the Chairman of the Board of Real Estate Commissioners of the City of Boston.

8. A bill relative to certain contracts entered into on behalf of the City of Boston and the County of Suffolk.

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
BOSTON, January 4, 1950.
HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

One of the most important problems that has faced the Public Works Department for many years is the one involving the collection and disposal of garbage and refuse.

The cost of this service has increased to an excessively high amount, as evidenced by the total cost of \$2,805,425.60 that is to be paid to contractors during the current year as a result of contracts awarded by the previous administration. The above-referenced cost does not include the salaries of the department's engineers, foremen, and inspectors that are required to supervise the contract work. Some of this large cost unquestionably is due to the difficulty of obtaining bona fide competitive bids from contractors. The latter condition was brought about, to some extent, by the fact that a certain few contractors control the refuse dumps, and also from the fact that there seems to

be a general feeling in certain quarters that only a small group of contractors is qualified to do this type of work.

TWENTY YEARS BEHIND.

The City of Boston has made only slight advances during the past twenty years in adopting modern and up-to-date methods for collecting and disposing of these waste materials. I feel that the time for a detailed and searching study of this problem is long overdue, and I respectfully recommend, therefore, that a committee be appointed immediately to undertake such a study and to submit its report at an early date, in order that we may be prepared to make the necessary changes in future contract documents for collecting and disposing of garbage and refuse. It is my hope that the results of such a study will not only result in the adoption of modern methods of collection and disposal, but will also effect substantial economies to the city over a period of years. As this is one of the most important studies to be undertaken by the department in some time, and because of its importance to the City of Boston, I feel that a representative of all city departments directly or indirectly interested should be appointed. In view of this, I suggest that a committee comprising the following be appointed at your earliest convenience.

Health Commissioner or his representative.

Corporation Counsel or his representative.

Chairman of the Board of Street Commissioners or his representative.

Chairman of the Finance Commission or his representative.

Chairman of the Planning Board or his representative.

Chairman of the Board of Real Estate Commissioners or his representative.

Division Engineer of the Sanitary Division of the Public Works Department.

Undersigned Commissioner of Public Works.

Most of the work of the committee will be undertaken by this department, and, therefore, will require only a relatively small amount of time from the other members of the committee. I feel, however, that it would be advantageous to have the above-referenced departments and the Finance Commission represented on this committee, because the subject of collection and disposal of garbage and refuse affects each of these units in some way or another.

I feel confident that if this study is undertaken and carried forward with dispatch and thoroughness, the problems of the city in this regard will be solved for at least the next twenty years.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR JOHN B. HYNES RESIGNS AS CITY CLERK.

(Continued from page 25.)

He is an attorney, married and lives on Pershing road, Jamaica Plain. For four years he has been assistant city clerk.

Following his appointment by the Council, Malloy spoke briefly and said he would continue the policies set by his predecessor. "The door to my office will be open for service to everybody at all times," he asserted.

Although Mayor Hynes has given up his life-tenure post, he still may retain all the pension rights accrued in his 29 years of public service.

One of the considerations which prompted the Mayor to resign was that complications and difficulties may arise if Boston has no City Clerk during the next two years.

Mayor Hynes, in resigning, informed the Council that he deemed his resignation advisable for two reasons.

"One is that my time, as you can understand, will be completely occupied during the next two years with my duties as Mayor.

"The second is that some complications and difficulties may arise during the next two years if there is no active City Clerk, since under our City Charter, the authority and duties of the Clerk can be carried out only by the assistant city clerk if the Clerk is not available.

"In view of these considerations and because I do not want to handicap the operation of an important branch of our city government, I have decided that the soundest course is for me to submit my resignation as City Clerk."

SCHOOL COMMITTEE URGED TO KEEP BUDGET AS LOW AS POSSIBLE BY MAYOR HYNES.

(Continued from page 25.)

municipality to practice every feasible economy in order that no unnecessary burden may be placed upon the taxpayers of the city.

Accordingly, I respectfully suggest that, although the budget of the School Department should be prepared with a view to the maintaining of essential educational services, the budget should not provide for any expansion or modification of school activities unless such expansion or modification is unquestionably justified.

As Mayor of the City of Boston, I recognize the degree of autonomy which has been granted to the School Committee. I recognize also that the members of the School Committee are wholeheartedly devoted to their responsibilities and I am confident that such responsibilities will be discharged with due regard for those whose taxes support our public school system.

May I take this opportunity to assure the members of the School Committee that they may rely upon my cooperation in their every effort to serve the people of Boston.

Very sincerely,

JOHN B. HYNES, Mayor.

EXTENSION OF CONTRACTS.

The Mayor, previous to December 31, 1949, approved requests for extension of contracts with the following firms:

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with William H. Mitchell & Sons Company for new plumbing and gas work at the Ralph Waldo Emerson School, from October 30, 1949, to December 31, 1949. This extension was requested for the reason that there was a delay in delivery of certain material.

Approval has been given for the extension of the time of completion of the contract with P. J. Dinn & Co., for erection of playground swing frames at various schools, from January 6, 1950, to March 31, 1950. This extension was requested due to unforeseen delay at the plant from which necessary parts are obtained and also due to the possible advent of severe weather.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Contract for Construction of Incinerator.

It is agreed that the words "within 120 days" appearing in Article 11 of the contract between the City of Boston and M. Solimando, dated June 6, 1949, be stricken out and the words "December 28, 1949" be substituted in their place.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Central Construction Company, 228 Southampton street, Boston, for laying sheet asphalt pavement in Albano street, Bradwood street, Corey street, Haslet street, Rockland street, and Spring street, from November 30, 1949, to June 30, 1950. This extension was requested for the reason that the contractor was unable to complete the work in the time specified because of inclement weather.

SUPPLY DEPARTMENT.

Portland Stone Ware Company, relative to the purchase of Portland cement, for delivery to the city departments, to May 31, 1950.

E. R. Squibb & Sons, relative to the purchase of drugs, for delivery to the city departments, to February 15, 1950.

POLICE DEPARTMENT ORDERS.

General Order No. 1,278.

The following-named officer of this department attached to Division 8 (Harbor Police) is hereby appointed Assistant Harbor Master:

Patrolman Ivers E. Winmill.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,279.

The following letter from the Registrar of Motor Vehicles is published for the information of the department:

The Commonwealth of Massachusetts,
Registry of Motor Vehicles,
100 Nashua Street, Boston 14.

December 7, 1949.

HON. THOMAS F. SULLIVAN, Police Commissioner, 154 Berkeley Street, Boston, Mass.

DEAR COMMISSIONER:

The purpose of this letter is to bring to your attention that the automobiles of the consuls and vice-consuls of the various foreign countries will carry, in addition to their regular registration plates, an identifying plate in order that the provisions contained in the following paragraphs might be carried out. However, if such a person is encountered who does not have on his car such distinguishing plates, upon satisfactory proof of his identity, the same deference must be accorded to him.

Congress, in 28 U.S.C.A., section 371, has provided as follows:

"The jurisdiction vested in the court of the United States in the cases and proceedings hereinafter mentioned shall be exclusive of the courts of the several states:

" . . . Eighth. Of all suits and proceedings against ambassadors, and other public ministers, or their domestics, or domestic servants, or against consuls or vice-consuls."

I wish to assure you that all members of the consular corps in Massachusetts intend to observe to the fullest all the laws and traffic regulations of this Commonwealth. I trust that we shall have their complete cooperation in this matter.

Very truly yours,

RUDOLPH F. KING,
Registrar.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,280.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Saturday, January 7, 1950, at 7.45 o'clock A.M.:

Patrolman Herbert F. Anderson, Division 14, 30 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,281.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN F. McDONOUGH,
Chief of Department.

CONGRESS VOTES COMPREHENSIVE
HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

PROCEEDINGS OF CITY COUNCIL.

Friday, December 30, 1949.

Final meeting of the City Council of 1949 held in the Council Chamber, City Hall, at 11 a.m., President HURLEY in the chair. Absent, Councilor Sullivan.

The meeting was opened with the salute to the Flag.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of John A. Letteney, having been duly approved by the City Treasurer, was received and approved by the Council.

MINORS' LICENSES.

Petitions for minors' licenses were received from three newsboys. Licenses granted under usual conditions.

APPOINTMENT OF CHARLES MCGILLIVARY.

Notice was received from the Mayor of the appointment of Charles McGillivary, 112 O'Callaghan Way, South Boston, as member of Board of Assessors for term ending March 31, 1953, vice Edward C. Carroll, retired. Placed on file.

NOTICE OF HEARING.

Notice was received from the Department of Public Utilities of hearing to be held January 9, 1950, at 10 a.m., on petition of Eastern Massachusetts Street Railway Company, for certificate of public convenience and necessity for operation of motor vehicles on Bennington street, between Chelsea street and London street; on London street, between Bennington street and Porter street. Placed on file.

REFERENCE OF UNFINISHED BUSINESS.

President HURLEY offered the following: Ordered, That any orders or petitions in the hands of committees of this Council, which the City Clerk shall decide should properly be referred as matters of unfinished business, be referred to the next City Council. Passed under suspension of the rule.

INCREASED PAYMENT TO THOMAS D. GOGGIN.

Coun. COFFEY offered the following: Ordered, Because of the intent of the Legislature as indicated in chapter 681, of the Acts of 1949, to increase by 20 per cent the amounts of pensions and retirement allowances to certain retired persons in the City of Boston and the County of Suffolk, the compensation of Thomas D. Goggin established by the City Council at its meeting of July 1, 1940, be increased to \$21.60 per week, said amount to be paid during the period of his permanent incapacity. Passed under suspension of the rule. On motion of Councilor Linehan to reconsider the foregoing vote the motion was lost.

OPPOSITION TO DRIVE-IN THEATERS.

Coun. BEADES and BRYAN offered the following: Ordered, That his Honor the Mayor be requested to refuse to grant the licenses for the following proposed Drive-In Theaters: (1) Neponset Drive-In Theater, Inc., the proposed location of which is 775 Gallivan Boulevard, and (2) The West Roxbury Drive-In Theater to be located at 1213 Veterans of Foreign Wars Parkway, thereby justifying his, the Mayor's, promise to the people of Dorchester and West Roxbury; said promise which you yourself, Mr. Mayor, made on the radio, in the newspapers, and in personal letters to the clergy of the Dorchester and West Roxbury districts in which you stated that you would never sanction Drive-In Theaters in the City of Boston as long as you were Mayor; and be it further

Ordered, That you hold a public hearing on this matter so that the people of Dorchester and West Roxbury will be given an opportunity to openly express their disapproval of a location of an enterprise of this nature in their district so that it will be a matter of record for all future petitioners that the residents of Dorchester and West Roxbury are unalterably opposed to such an enterprise coming into their district. Passed under suspension of the rule.

APPROPRIATION FOR PURCHASE OF LAND IN BRIGHTON.

Coun. LANE called up, under unfinished business, No. 2 on the Calendar, viz:

INAUGURAL EXERCISES.

The ceremonies attending the inauguration of Mayor-elect John B. Hynes, the City Councilors-elect of the City of Boston, and the School Committee-elect of the School Committee were held in Symphony Hall at ten o'clock a.m., the Mayor-elect, the members-elect of the Council, and the members-elect of the School Committee being present.

The proceedings were interspersed with musical numbers by Bob Hardy's Orchestra and the Kobzars Ukrainian Male Chorus.

Assistant City Clerk WALTER J. MALLOY—Ladies and gentlemen, as Assistant City Clerk of the City of Boston, I now officially open these inaugural ceremonies. The principal purpose of these exercises is the taking of the oath of office by the Mayor-elect, the members-elect of the City Council, and the members-elect of the School Committee.

Incidentally, may I state that this occasion gives me distinct personal pleasure, as Mayor-elect Hynes has been my immediate superior for many years, and were it not for the fact that he

has been elected Mayor of the City of Boston, he would be performing today the duties at this ceremony to which I have been assigned.

I now have the pleasure to present the Kobzars Ukrainian Male Chorus, who will sing "The Star-Spangled Banner."

("The Star-Spangled Banner" was then sung by the Kobzars Ukrainian Male Chorus.)

Assistant City Clerk MALLOY—I now respectfully present His Excellency, the Most Reverend Richard J. Cushing, Archbishop of Boston, who will give the invocation.

Archbishop RICHARD J. CUSHING—Almighty and Eternal God, Whose wisdom must direct even the affairs of state unless we are to go astray, we beseech Thee direct him who is to take the high office of Mayor of our beloved city and those who work with him in his administration. The motto of our city is "Sicut patribus sit Deus nobis"—as God was with our fathers, so may He be with us. This morning we repeat that prayer, asking its fulfillment once again through the blessings we beg for our new administration and our Mayor.

Teach us, O Wisest of Masters, how to solve civic problems with truly spiritual wisdom. Protect us against the social and economic worries of the hour, but, above all, guard us against excesses which might result from our own decisions and deeds. Help us to see in each crisis wherein truth and virtue lie. Be Thou our constant guardian and guide. May Thy commandments, our basic law, point the way that we ourselves should freely choose to walk. As God was with our fathers, may He be with us, through Christ our Lord. Amen.

Assistant City Clerk MALLOY read a communication from the Board of Election Commissioners certifying the election of John B. Hynes as Mayor.

The oath of office was administered to Mayor-elect John B. Hynes by the Honorable Stanley E. Qua, Chief Justice of the Supreme Judicial Court of Massachusetts.

Assistant City Clerk MALLOY read a communication from the Board of Election Commissioners certifying the election of members of the City Council as follows:

James S. Coffey, Ward 1.
Michael Leo Kinsella, Ward 2.
George T. Lanigan, Ward 3.
Perlie Dyar Chase, Ward 4.
John E. Yerxa, Ward 5.
John B. Wenzler, Ward 6.
Thomas E. Linehan, Ward 7.
William F. Hurley, Ward 8.
Francis Patrick Tracey, Ward 10.
Philip A. Tracy, Ward 11.
Milton Cook, Ward 12.
Thomas J. Hannon, Ward 13.
Julius Ansel, Ward 14.
Robert J. Ramsey, Ward 15.
John J. Beades, Ward 16.
Anthony J. Farin, Ward 17.
Michael Herbert Cantwell, Ward 18.
Thomas L. McCormack, Ward 19.
Walter D. Bryan, Ward 20.
Edmund V. Lane, Ward 21.
Vincent J. Shanley, Ward 22.

A roll of the members-elect of the City Council was called by Assistant City Clerk MALLOY, and as the names were read the members rose, all being present except James S. Coffey, Councilor from Ward 1. The oath of office was administered to them by Mayor Hynes.

Assistant City Clerk MALLOY read a communication from the Board of Election Commissioners certifying the election of two members of the School Committee as follows:

Michael J. Ward, 51 Wallingford road.
Kathleen T. Ryan Dacey, 158 Calumet street.

A roll of the members-elect of the School Committee was called by Assistant City Clerk MALLOY, and as the names were read the members rose, all being present. The oath of office was administered to them by Mayor Hynes.

Assistant City Clerk MALLOY—I now most respectfully present Dr. Israel J. Kazis, Rabbi of Temple Mishkan Tefila, who will give prayer.

Rabbi KAZIS—Heavenly Father, bestow Thy blessings, we pray, upon the man whose fellow citizens have honored him by electing him to the highest office in our city. Sustain him with strength to fulfill the arduous tasks and to meet the rigorous demands which his duties will require of him. Inspire him with vision and understanding in the conduct of the affairs of state so that his deliberations may be carried on with wisdom and his decisions made with good judgment.

Strengthen within his soul the zeal and the determination to pursue justice and righteousness with high courage and unflinching vigor. Bless him as Thou did Solomon of old with a wise and understanding heart which shall ever be sensitive to the needs and the well-being of his fellow men. Keep strengthening his faith in Thee, and illumine his mind to observe clearly Thy eternal truths by whose light he may walk humbly and with confidence in the years that lie ahead.

Grant that blessing, O Lord, to all those who assume the responsibilities of office in this administration. Strengthen them and their resolve to uphold the hands of the Mayor, and crown with success their common effort to secure justice and righteous government.

We pray that our great city with deep roots in old and honorable traditions shall go forward

from strength to strength in the service of the ideals of democracy which are so dear to the inhabitants of our land.

As we enter upon the second half of this century, may we all be inspired so to live and so to act that our country under Thy providence shall ever be an influence for good throughout the world, uniting men in peace and freedom to help to fulfill the vision of Thy prophet Isaiah: "They shall beat their swords into plowshares, and their spears into pruning hooks. Nations shall not lift up sword against nation, neither shall they learn war any more." Amen.

Assistant City Clerk MALLOY—I now have the pleasure to present the Kobzars Ukrainian Male Chorus, who will sing "The Highlanders Song" and "The Village Blacksmith."

(The Kobzars Ukrainian Male Chorus then sang "The Highlanders Song" and "The Village Blacksmith.")

Assistant City Clerk MALLOY—The inaugural address will now be delivered by the Honorable John B. Hynes, Mayor of Boston.

Inaugural Address of Honorable John B. Hynes.

In assuming my duties as Mayor of the City of Boston, I do so with mixed feeling and mingled emotions. I have a deep realization of the grave responsibilities and obligations that will confront me in the two years immediately ahead. They would have a sobering effect upon any man. But I am also warmed and heartened by the knowledge that great opportunities have been opened to me by the people of Boston—opportunities for real public service to our city and its citizens.

As I stand here, on my inaugural day, the first day of my term as Mayor of Boston, it is with a sense of abiding gratitude to the thousands of men and women who have placed their confidence in me, and who ask only that I do the best possible job of running this city. Their trust I will try—with all my heart—to keep.

As I begin my term as your Mayor, I welcome—indeed, I seek and request—the help and the cooperation of every citizen of Boston. This city does not belong to any one man, to any one group, to any select few. It belongs to all the people, and I intend to be the Mayor of all the people. (Applause.)

I wish it were possible to make a bright and glowing forecast of things to come in our municipal government, to tell you that you can look for a lower tax rate, and that we can at the same time undertake great public improvements to make this a bigger and better city.

But, unfortunately, that is not possible. Accordingly, it is not my intention on this or any other day to serve up to our people any soothing syrup or any sugar-coated pills, nor do I believe the people of Boston want any. They want the truth and the facts. That is what I propose to give.

In my campaign for election as Mayor, I pledged myself to restore the good name of this city. That pledge I solemnly repeat to you today. (Applause.)

It will be my purpose, starting tomorrow, on the first business day of my administration, to introduce every reasonable and possible economy in the conduct of the business and the services of this city. Unnecessary expenses must be eliminated, for our city is, and for the past two years has been, living beyond its means. (Applause.)

I say in all sincerity and honesty, and with full realization of the significance of my statement, that a continuation of some of the policies and procedures our city has been following could lead only to financial ruin—to a collapse of our city government that would jeopardize the welfare and well-being not only of the people of Boston but of the residents in that entire section of Massachusetts and New England that looks to Boston as its capital city.

For that reason, in almost everything I do as Mayor, in virtually every decision I make, the underlying consideration must be our city's financial condition.

Boston's Financial Condition.

Proposals for improvements—and some must be undertaken for public convenience, to prevent the loss of business or to attract new business—will have to be weighed in the light of the city's ability to pay.

In recent years the cost of running our city government has gone steadily upward, and the tax rate has climbed correspondingly. That is understandable because just as it costs much more to run a home than it did five or ten years ago, so it costs more to run a great city.

Even though we have been in a period of post-war prosperity, our municipal government has not been on a pay-as-you-go basis. The extent to which it has plunged into debt during the past two years has alarmed persons concerned for the future of our city.

It is not my purpose to direct attacks upon anyone, but simply to present the facts to you. In the year just ended our city borrowed \$27,100,000. It paid off in old debts \$9,144,500. In 1943, it borrowed \$12,800,000 and during that year retired \$10,177,400 in old debts. That means that in the last two years Boston's debt has gone up \$20,578,100.

It hardly needs to be stated that a continuation of that trend would be disastrous and that it must be halted. Any family head knows he cannot go on indefinitely spending more money than he

earns, piling up bills that grow larger and larger, without facing an ultimate day of reckoning.

Those heavy loans floated by the city in 1948 and 1949 must be paid off by the people of Boston, and part of them must be paid this year. Not only must we pay back the original amounts borrowed, but the interest on them will reach a very substantial figure.

Now let me explain why our city is threatened with a staggering increase in its tax rate.

Salary raises were granted last July to city, county, and school employees. They were in effect for only six months during 1949, but they must be figured on a 12-month basis for 1950. That will involve an additional expense of \$3,228,200 this year.

Boston's tax rate last year was \$56.80. Even that was not a realistic rate. Payments which should have been made from the 1949 tax levy were postponed until later years. Bills were left for someone else to pay.

Our welfare expense must be considered as a current item. It may vary somewhat from year to year, depending upon economic conditions, but we know we are obliged to take care of our poor, our needy, and our underprivileged. We know, too, that welfare relief is an expense that must be met annually.

Last year, however, a welfare loan of \$2,350,000 was floated rather than raise that money in the tax levy. That bill was left for future administrations to pay.

In addition, I am informed that welfare requirements for 1950 will be about \$750,000 greater than in 1949. This means that unless the policy of borrowing for welfare relief is continued, I must raise approximately \$3,100,000 more by taxes for welfare purposes than was raised last year.

The administration in authority last year floated a \$10,150,000 loan to meet the city's share of the MTA deficit for 1948 and the first seven months of 1949. I agree that it was proper to fund that amount in view of the fact that Governor Dever was doing everything within his power to place the MTA on a self-supporting basis.

But the 10-year loan was so written that no portion whatever of that deficit was paid last year. The first payment of \$1,015,000 must be made this year. The reasonable thing to have done would have been to pay off a portion of the deficit last year. However, that would have meant a higher tax rate in 1949 so the first payment was delayed until 1950.

Boston's share of the MTA deficit for the last five months of 1949 will be about \$1,000,000. Thus, we are confronted with the necessity of paying \$2,015,000 for MTA purposes this year. Since nothing was paid off by the city last year on the MTA deficit under the policy followed of not meeting any bill that could be put off until some other time, that will be one of the factors responsible for a higher tax rate.

It may come as a shock to you to learn that I must allow in this year's city budget about \$10,640,500 to meet payments that will fall due on old loans. In other words, \$7 on our tax rate must go to pay off bills for other years.

This is approximately \$1,500,000 more than was set aside last year for debt requirements and is a commitment which must be met to preserve the credit of our city.

It will be necessary to provide in our 1950 budget about \$750,000 to cover the expense for higher pensions which were voted after the 1949 budget was adopted and after the tax rate had been fixed.

I will be obliged to allow an overlay deficit of more than \$8,000,000 in the tax levy to cover abatements granted by the last administration. This is in addition to the regular overlay appropriation made each year in anticipation of tax abatements.

In terms of our 1950 tax rate, this means I will be called upon to provide at least \$5,000,000 more from the tax levy for so-called overlay deficits than did the outgoing administration last year.

This is one of the heavy, overhanging burdens I must assume as the incoming Mayor, and an obligation, which, standing alone, would necessitate a substantial rise in the tax rate.

I am further informed by our fiscal experts that the city last year was allowed \$2,388,202 in income by the State Tax Commissioner on which we cannot depend for this coming year.

As a result of these financial obligations, over which I have no control and to which the city already has been committed, it will be necessary to raise approximately an additional \$17,000,000 this year. If this amount were to be included in the tax levy, it would mean a \$12 increase in our tax rate. These are the commitments that preclude and make impossible any decrease in the tax rate. They are obligations not incurred by me, but which must be met by my administration. They are the factors which make an increase in the tax rate inevitable.

Boston's Tax Rate.

There was a time when only a small proportion of the residents of our city were concerned about the size of Boston's tax rate. They were the owners of business and residential properties. Many tenants and rent payers, who did not own their own homes, somehow became convinced that the tax rate meant little or nothing to them.

They have discovered that the tax rate affects them directly, that when it goes up it hits their pocketbooks and their family budgets in the form of rent increases.

In the Boston rent control office on the ground floor of the old Houghton & Dutton Building there is daily a continual line of landlords, filing petitions for the right to increase the rents of their tenants, and on every petition, without exception, the first reason listed—and sometimes the only reason given—is that their taxes have gone up and that they must charge them back against their tenants.

I realize full well that Boston cannot withstand a \$12 tax rate increase. It would work a hardship upon already hard-pressed home owners and rent payers. It would cost us business and industry. I recognize that the people who elected me to serve as their Mayor—and, indeed, those who voted for some other candidate—expect—and have a right to expect—that a \$68 or \$70 tax rate will be avoided. And I will avoid it. That I promise. (Applause.)

I realize, too, that it would be a serious mistake to continue the policy of the past two years of plunging the city more deeply into debt. Because of the situation confronting me, it may be necessary to borrow money for some purposes. But it will be my policy to borrow less than is paid off in old debts and to lower gradually the city's outstanding debt.

There is no easy cure for Boston's financial troubles. Indeed, many of its problems are shared by every big municipality in the country. I promise no overnight miracles. I offer no panaceas. But we can and will have a prudent, careful management of Boston's municipal affairs. We can and will have the city's business conducted in an efficient manner.

We must, of course, provide for our sick, our needy, our poor, our elderly men and women who in the twilight of their lives are unable to support themselves. That is a responsibility which I am sure no citizen of this city would want to avoid or would want me to avoid. I intend to care adequately for the men, women and children who are legitimately in need of help from their city. It will also be my purpose to maintain and improve the standards of care and service at such institutions as our City Hospital, the Boston Sanatorium, and Long Island Hospital.

Services necessary for the well-being of the people of Boston and for the protection of their safety, their health, and their property must be maintained. Our public schools must be so run as to provide the best possible education for our children and future citizens.

I am convinced, however, that a higher degree of efficiency can be achieved in the operation of municipal departments and that economies can be realized by more businesslike handling of city contracts.

The contractors doing business with the city can anticipate a somewhat different relationship with my administration than they have enjoyed at times in the past. (Applause.)

Contracts will be awarded on the basis of competitive bids and to the firm or company willing to give the city the greatest value for its money.

Any hint of collusion in the bidding for city contracts will not be tolerated. (Applause.) I will take any steps necessary to put an end to certain of the contract monopolies that have existed. (Applause.) For the next two years this city will be run for the benefit of the people of Boston. (Applause.)

Many of the important contracts for this year have been awarded by the outgoing administration. However, they will be legal and binding upon the city only if their provisions and terms are met. Companies which furnish the people with anything less than the services for which they are paid can expect to find themselves in difficulty in a very short time. (Applause.)

I intend to take full advantage of the survey reports of the Boston Finance Commission, and adopt and put into effect those recommendations which I consider would make possible a more efficient administration of the city's affairs. (Applause.)

It is my conviction that these recommendations should be reviewed and analyzed to determine which of them could be adopted with practical advantage to the city.

One of my first steps, therefore, will be the selection of three department heads who will comprise the Mayor's executive committee on administration.

After completing their study, they will report to me as to the improvements and changes that could and should be made in administrative practices and procedures.

To bring about a higher degree of working efficiency in the internal operations of our city government, I also plan the establishment of three divisions within the Budget Department.

One division would concern itself with personnel records and changes and the training and promotion of employees.

A second division would constantly review departmental expenditures. For that work, the division would be staffed with examiners who would have definite departmental assignments.

A third division would be concerned with the general operation of municipal departments and would be prepared to provide advice on unusual problems, working conditions, and procedures.

In my opinion, the Budget Department, so organized, can be an effective force for the improvement of our city government.

In the light of the financial picture which I have described, Boston is engaged in what amounts to a fight for survival as a great city. It is imperative, therefore, that inefficient and outmoded practices

and procedures be replaced with modern, businesslike methods, and that overlapping functions be eliminated.

That subject will be discussed in greater detail as my administration progresses.

No wholesale dismissals and no salary slashes are planned. City employees as a group are not overpaid, in my judgment. (Applause.) Those employees who do an honest day's work will have nothing to fear from my administration. (Applause.)

I propose to place real emphasis on public service. I intend to provide the people of our city with the best service possible in return for the taxes they pay. In this endeavor I ask the cooperation and help of every man and woman in the city employ.

A number of our city departments will be conducted in a much different manner than in the past. There will be an abrupt end, starting tomorrow, to the indifference to the public that has existed in certain of our municipal agencies. (Applause.)

Persons who have legitimate business to transact with the city will be able to transact it within their own rights and without bestowing favors upon anyone. (Applause.) Any employees who do not see eye to eye with me on that matter will find their future with the city government very uncertain. (Applause.)

The cost of operating our municipal government, with all its essential functions and services, is great enough without burdening our citizens with any unnecessary or unjustified expense. Many of our taxpayers are sorely pressed from a number of directions. They are entitled to full value on every dollar they pay to the city. They have a right to expect full protection against raids on the city treasury. It is my intention to see they get it. (Applause.)

At this point may I stress most emphatically that corruption in any form will not be countenanced while I am Mayor. (Applause.) At the first indication or evidence of it, swift and decisive action will be taken.

I will be equally intolerant of any willful waste or careless extravagance. Whether the cost of our city government is unnecessarily increased by corruption or waste or incompetence or favoritism means little to the taxpayer. The result is the same to him.

I propose to be constantly vigilant against needless expenses even though such vigilance may mean the loss of political popularity in some quarters.

At this point may I state that the very acuteness of the city's financial predicament will force me to adopt a policy which will necessitate disapproval of any proposal, whether initiated in the Legislature or elsewhere, which would unduly increase the operating expenses of our city government.

Boston's Future.

I consider an important feature of my job will be to try to sell Boston, and I ask that every listener aid me by being salesmen and good-will ambassadors, by boosting our city whenever the opportunity presents itself.

Let us be the same kind of supersalesmen for Boston as are the visitors who come here from California, from Texas, and from Florida. We have as much, if not more, to sell than they have. Let us try selling it.

It is my hope that we may be able to increase the number of conventions which come here, bringing with them thousands of visitors who patronize our stores, our theaters, our restaurants, our taxicabs, and who help in many ways to provide employment for our people.

I intend to advertise our many attractions. For the tourists and visitors we have numerous historic shrines and many points of interest. For business and industry we have perhaps the country's greatest reservoir of skilled labor.

At this point, I wish to announce that I shall appoint an industrial counselor who will be attached to the Mayor's office. His duties will be to promote a better understanding between business and the city government, and to make every endeavor to bring new industry and business to Boston.

I also shall appoint a labor counselor who will serve as the Mayor's adviser on labor questions within the municipal government, and on any other labor matters in the city, into which the Mayor may be drawn.

Because we are an old and historic city, we have one problem that is more critical than in many of the newer municipalities. That is:

Traffic.

Every city in this country has been obliged to spend many millions of dollars to meet the requirements of the steadily increasing number of automobiles on its streets.

It must be apparent to everyone familiar with conditions in our city that Boston is in danger of being strangled by its own traffic unless it moves swiftly to meet its threat.

I will undertake any street widenings which will speed up the flow of automobile travel provided the cost involved is not prohibitive. I intend to confer with city engineers and city planners as to the feasibility of widening Tremont street in downtown Boston by narrowing the sidewalk along the Common and of making other improvements of this nature.

Many of our most heavily-traveled streets cannot be widened, however. The only action that

can be taken to make possible a free flow of traffic over them is to remove the parked automobiles which now hinder and impede travel.

Our traffic and parking problems go hand in hand. Many automobiles are left on streets, frequently in violation of regulations, because there are no other convenient places to leave them.

The construction of an underground garage beneath Boston Common would be an important step toward the solution of our parking problem. I intend to use every resource to hasten the building of this project with private capital, as provided under the law authorizing its erection.

The city's own off-street parking program will be pressed with greater speed. A bill has been filed in the Legislature, asking authority to undertake an additional \$5,000,000 program to meet this acute problem.

This will be an investment, which if properly handled, should be completely self-supporting.

Housing.

There is an acknowledged need for carrying forward our housing program with greater speed and dispatch. That will be done in my administration.

I propose to approach our housing program with two objectives in mind: the first, to provide critically needed homes; the second, to improve sections of our city which need a face lifting.

At the same time nothing will be done to discourage private construction of dwellings. I will do everything within my power to encourage it. There are potential housing sites in some sections of our city which, I believe, should be left for private development. It would be unwise and unsound for us to close the door to those who want to build their own homes in Boston.

As a general policy, it seems to me that housing built either with State, City, or Federal funds, and subsidized in one way or another, should be for families in the comparative low-income brackets who are financially unable to afford adequate homes.

It certainly is not a sound theory of government to have persons in very moderate circumstances contributing, even indirectly, to provide subsidized housing for families in higher income brackets. We must achieve some sort of intelligent and sensible balance in our approach to this problem.

It is my purpose to eliminate some of the extraneous circumstances which have slowed down progress in the construction of new homes.

As in all other fields of municipal activity, I will strive to obtain the best value for each dollar expended. All reputable construction companies will be invited to bid for our housing work. All bidders will have the same opportunity and will be treated alike.

There are three ways in which Boston can finance its housing programs. It can utilize State credit. It can use its own credit up to \$28,000,000, and it can take advantage of a law enacted last year by Congress, providing Federal funds with which cities may launch redevelopment, slum-clearance programs and may construct low-rent projects.

Boston was originally allocated \$48,000,000 under the \$200,000,000 State housing program. Up to the present time the Boston Housing Authority has encumbered about \$30,500,000 of that amount, leaving approximately \$17,500,000 still available.

I have conferred with State housing officials and have learned that if Boston presses its housing activity effectively and intelligently it may seek additional State help with reasonable assurance it will be granted.

April 6 is the deadline for submitting applications for further State housing funds. That gives us just about three months in which to prepare plans for submission to the State Housing Board. Thus, it is of vital consequence that this feature of our housing program be accelerated.

The State program offers us an opportunity to build homes for the families of veterans. By taking full advantage of the resources available, I believe we can ease the housing shortage in the comparatively near future.

The Federal program should provide means to rehabilitate some sections of Boston. I find, however, that Federal funds will not be available until a master plan has been submitted showing all public improvements and changes of any nature that may be undertaken throughout the entire city.

I had intended to have such a master plan prepared as a matter of thoughtful and intelligent city planning. This was prompted by the realization that in drafting programs for housing and other municipal improvements we should also consider any State plans for those areas. For example, it would not be good government to plan a housing development for a location only to learn that the State had intended to take the same land as an approach to a bridge or for a high-speed, overhead highway.

I shall issue instructions for the immediate drafting of a master plan for Boston, showing the improvements and changes of all kinds that are contemplated by any public agency. I will ask His Excellency the Governor for the cooperation of all agencies under him, and I am confident we can have such a plan ready to submit to Federal authorities within a short period of time.

Property Assessments.

Our assessment picture, especially as it concerns downtown commercial property, has been a scrambled and confusing one. A stabilization of tax assessment values is vital, in my judgment, for the future prosperity and well-being of our business community.

Adjustments of inequities always will be necessary, of course, and property owners cannot be denied their right of appeal to the City's Board of Assessors and to the State Tax Appellate Board.

But there must be, and there will be, an end to the practice of juggling assessment figures for the purpose of creating a false valuation and a fictitious tax rate. (Applause.)

It is a definite disservice to our city to raise the value on a piece of property before the tax rate is fixed, lower it again after the rate is established, refund an abatement with interest for the overcharge, and then place the valuation back at its high level for tax rate purposes the following year.

Any city which uses such methods to hold down a tax rate is building its tax base on financial quicksands. I announce now, without equivocation, that a halt will be made to the circle of assessment increases and abatements and that the valuations fixed by the incoming Board of Assessors will be honest appraisals. (Applause.)

A Metropolitan Boston.

Some of my informal remarks concerning the need for a Metropolitan Boston have been misconstrued by officials in other cities and towns who are zealous to preserve the identities and the traditions of their communities.

I have not suggested, and do not now suggest, that any city or town give up either its identity or its traditions. But, as I see it, there is a real need for some changes which would be to the mutual advantage of Boston and its neighboring cities and towns.

Boston, with a population of under 800,000 persons, provides services for a working day population of about 1,500,000 people. It is the core—the very heart—of the entire Metropolitan Boston area. It pumps the economic blood into the life stream of Metropolitan Boston, and it must continue to exist for the good of the entire metropolitan area.

Manifestly, it would be to the advantage of the entire Metropolitan Boston section if it could be organized into a form of metropolitan government which would preserve the entity and traditions of each city and town including Boston, and at the same time make possible the amalgamation of services which are metropolitan in nature.

A metropolitan city, with Boston as its nucleus, would have a much stronger competitive position in the field of business and industry than it now enjoys. This is a subject that merits deep consideration and careful study. Even the branches in the sturdiest of oaks will wither and die if the trunk of the tree is not strong and healthy.

I am not proposing that Boston swallow up any other city and town. Rather do I urge a sober study of possible steps that would assure greater and more enduring prosperity for the entire Metropolitan Boston area. (Applause.)

City Council.

Now may I address myself briefly to the 22 members of the City Council, who comprise Boston's Municipal Board of Directors.

I need not outline to most of your membership the problems of our city or the responsibilities we face. Twenty of you gentlemen have served in our municipal government for periods ranging from 2 to 12 years.

Nor do I need tell you that in the two-year term for which we have been elected the people of Boston expect us to work together in harmony for the good of the city. I am depending upon your help and your understanding cooperation in the months ahead.

Working together for the common good of our city and its people, we can go forward toward our goal for a better Boston and earn the approbation of our fellow citizens. (Applause.)

Conclusion.

A short time ago, you heard me receive my oath of office and pledge myself to uphold the Constitutions of the United States and of the Commonwealth of Massachusetts. That oath has a very deep meaning for me, as I am sure it has for you.

I hope and believe that it is unnecessary for me to say anything about subversive activity in our city government. I am sure there has been none and will be none.

But to those citizens so deeply concerned over the present-day threat of Communism, let me emphasize that safeguards already erected against any form of subversive activity will be carefully maintained and will be extended if the slightest necessity for such action should develop.

We shall have in our city government an administration by patriotic men and women who believe in the American way of life and in the principles embodied in our State and National Constitutions which I have this morning sworn to uphold.

There is another matter which might well be touched upon briefly. Boston has been conspicuously free from racial and religious strife. Our people live, work, and mingle in complete harmony as true Americans. There is no room in our city,

in our municipal government or in our conduct of Boston's official business for racial or religious bigotry or intolerance, and there will be none while I am Mayor. (Applause.)

We have now entered the second half of the 20th century. By the standards of this country, Boston is an old city. Though its problems are many, they are possible of solution. In all the years of our city's existence those who have preceded us have faced and have met the challenge of their times.

The problems of our day are challenging, too, but they can and will be overcome if those who have real pride and love for our city work together for the common purpose of achieving a better Boston.

We do not grope in the dark. We understand our city's problems. We realize their gravity. We can master them; we must not let them master us. The term for which I have been elected is two years. It is a short period in which to accomplish what must be done. With your patient understanding, I feel certain real progress can be made before my brief term comes to an end.

Boston has an historic and glorious past. As I stand here on my first day as Mayor of this city, I sincerely believe that Boston's future can and will be equally as glorious. I am certain that the spirit which made our city a great city still burns as strong as ever it did.

May I conclude this inaugural with these timeless words, found in the 110th Psalm, "The fear of the Lord is the beginning of all wisdom."

Let us then, in the days ahead, go forward humbly and fearfully, seeking His wisdom; imploring His guidance; beseeching His blessings on our city, on ourselves, and on our children.

With that appeal to Divine Providence, I assume my duties as Mayor of the City of Boston. (Prolonged applause.)

Assistant City Clerk MALLOY—It is my pleasure to present Bob Hardy and his orchestra, who will render a medley from "Show Boat."

(The orchestra here played a medley from "Show Boat.")

Assistant City Clerk MALLOY—I now most respectfully present the Reverend Robert G. Metters, Rector of Emmanuel Church of Boston, who will deliver the benediction.

Rev. Mr. METTERS—O God of all power and might, the Maker and Ruler of men, we commend our city to the guidance of Thy wisdom and into the keeping of Thy love. May He Thy servant, whom Thy people chose to serve them, serve Thee in honesty, firm purpose, and uprightness of life. May He never forget his answerableness to Thee and the people whom he serves. Deliver him from the love of power and motives of personal gain, from consideration of men or money or partisanship in place of the demands of truth and justice. Bless him in his task with an ever larger vision of truth and deeper sense of the demands of righteousness, that through his faithfulness the life of our city and its people may be guided by wise policies and lifted to higher ideals and nobler achievements, through Jesus Christ our Lord.

May God the Father, God the Son, and God the Holy Ghost bless, preserve, and keep you and increase the love of one toward another and toward all men, to the end that He may establish your hearts in holiness before Him. Amen.

Assistant City Clerk MALLOY—These exercises will now close with the playing of the recessional march.

The recessional march was played as the Mayor and his suite left the stage at 11.25 a.m.

Tuesday, January 3, 1950.

First meeting of the City Council of 1950 held in the Council Chamber, City Hall, at 2 p.m., Coun. WENZLER, Senior Member, in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

On motion of Councilor Ramsey, the Council voted at 2.15 p.m. to take a recess subject to the call of the Chair. The members reassembled and were called to order by Chairman WENZLER at 2.31 p.m.

Chairman WENZLER announced that the Board of Election Commissioners not having certified the election of a councilor from Ward 9 for the municipal years 1950 and 1951, Daniel F. Sullivan, the councilor from Ward 9 for the years 1948 and 1949, will continue to serve as a member of this Council under section 48 of chapter 486 of the Acts of 1909, as amended by chapter 479 of the Acts of 1924, until such certificate of election is made.

LOAN IN ANTICIPATION OF REVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 3, 1950.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the City Auditor. In accordance with the recommendation contained therein I submit herewith an order authorizing the issuance during 1950 of temporary notes in anticipation of revenue to an amount not exceeding \$60,000,000. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Auditing Department, January 3, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

It is customary to submit to the City Council at its first meeting in the New Year an order authorizing the issuance as needed during the year of temporary loans in anticipation of revenue receipts. In the light of the experience of last year it would seem desirable that an authorization of \$60,000,000 should be secured for 1950. I respectfully recommend that an order in this amount be submitted to the City Council for consideration and adoption.

Respectfully,
CHARLES J. FOX, City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1950, the City Treasurer be, and hereby is, authorized to issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$60,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws.

The order was given its first reading and passage, yeas 22, nays 0:

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Chase, Coffey, Cook, Farin, Hannon, Hurley, Kinsella, Lane, Lanigan, Linehan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler, Yerxa—22.

Nays—0.

The order was assigned to the next meeting for final action.

JURORS DRAWN.

Jurors were drawn in the manner prescribed by law, Councilor Ramsey presiding at the box in the absence of the Mayor, as follows:

For Vincent J. Shanley—Councilor Wenzler—1.

and there was no choice.

REVOCATION OF GAS STATION PERMITS, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to take such legal steps as may be necessary to revoke gas station permits for 56 Beech street, 426 Belgrade avenue, and 1200 Veterans of Foreign Wars Parkway, Ward 20, which were granted at the eleventh hour of an outgoing administration against the wishes and protests of adjoining property owners and taxpayers, five of whom are members of the medical profession.

The order was passed.

DENIAL OF PERMITS FOR GAS STATIONS, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to refuse to grant any permits for the construction of gasoline stations at 56 Beech street, 426 Belgrade avenue and 1200 Veterans of Foreign Wars Parkway, Ward 20.

The order was passed.

REFUSAL OF PERMITS FOR CERTAIN SIDEWALK OPENINGS, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to refuse to grant any permits for sidewalk openings at 56 Beech street, and 426 Belgrade avenue, Ward 20.

The order was passed.

BALLOT FOR PRESIDENT.

On motion of Councilor F. P. Tracey, the Council voted to proceed with the election of a President for the municipal year 1950. The roll was called with the following result:

For William F. Hurley—Councilors Ansel, Beades, Coffey, Hurley, Kinsella, Linehan, Ramsey, Shanley, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler—12.

For Milton Cook—Councilors Bryan, Cook, Hannon, Lane, McCormack—5.

For Walter D. Bryan—Councilors Cantwell, Chase—2.

For Thomas J. Hannon—Councilor Yerxa—1.

For Thomas L. McCormack—Councilors Farin, Lanigan—2.

and Councilor William F. Hurley was declared elected President for the municipal year 1950, amidst applause.

Chairman WENZLER appointed Councilors Cook and Hannon to escort President HURLEY to the rostrum and they performed the duty assigned.

PROPOSALS FOR SEWERAGE WORKS AND WATER WORKS IN JAMAICAWAY COURT; SHREWSBURY ROAD; RUSTLEWOOD ROAD, AND POMTOMAC STREET EXTENSION, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works and water works in Jamaicaaway court, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works and Water Works in Jamaicaaway Court, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JANUARY 25, 1950, with a certified check for NINE HUNDRED (900) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR HYNES PROMISES CITIZENS AND METROPOLITAN RESIDENTS HE WILL DO BEST POSSIBLE FOR BOSTON AND ITS PEOPLE IN THE TWO YEARS OF HIS ADMINISTRATION—OUTLINES, IN ADDRESS AT CHAMBER OF COMMERCE LUNCHEON, THE CHIEF PROBLEMS TO BE FACED AND ASKS COOPERATION OF ALL IN FINDING SOLUTIONS—WARNS OF JUMP IN TAX RATE—BILLS, DEFICITS, ETC., TO BE FACED.

On November 8 of last year the voters of Boston chose me as their Mayor for the next two years.

At first flush I was elated. My cup of victory was overflowing. For days I lived in a dreamy world of blissful satisfaction, of blind ecstasy.

And then, gradually at first, an annoying but growing suspicion began to form in my mind that, though the cup of victory was full, perhaps it might not be as sweet as it should be. A little voice, from out of the subconscious, was whispering to me—"Drink lightly of that cup, son—for in it there may be much that is gall and wormwood."

In the two weeks I have been Mayor, I have supped of that cup. It does not have the pleasant flavor that one might hope for and expect, but it does have a strange, bitter taste, that makes one doubt the truth of the old maxim that victory is always sweet.

FINANCE COMMISSION AGAINST PAYMENT OF \$150,000 BILL SUBMITTED BY FORMER ASSISTANT CORPORATION COUNSEL GEORGE J. LEARY IN CONNECTION WITH SETTLEMENT OF NEW HAVEN ROAD TAX CASE—SAYS BILL NOT IN ORDER FOR PAYMENT IN LETTERS TO CITY AUDITOR FOX AND MAYOR HYNES.

The Finance Commission, in ruling against the \$150,000 bill of Attorney George J. Leary in connection with settlement of railroad case, addressed the following letters to Mayor Hynes and City Auditor Charles J. Fox:

BOSTON, January 11, 1950.

MR. CHARLES J. FOX, *City Auditor*,
Boston, Mass.

DEAR SIR:

Replying to your letter of December 19, 1949, in which you ask this Commission

MAYOR HYNES EXTENDS GREETINGS OF CITIZENS OF BOSTON TO GEN. GEORGE C. MARSHALL ON RECENT VISIT TO CITY.

At a luncheon tendered Gen. George C. Marshall, national head of the Red Cross, Mayor John B. Hynes voiced the welcoming sentiments of the citizens of Boston in the following words:

"Boston is deeply honored by this visit from the man who commanded our

(Continued on page 46.)

And when I read about my predecessor, basking in the Florida sun and perhaps drinking at the fountain of youth—when I read that he is planning to visit sunny France and entrancing Italy, while I pray that snowstorms and blizzards find more congenial soil than Boston's, I begin to believe that he meant what he said when he expressed sympathy for me, and for the predicament of our city.

I accept his sympathy, even though it seems to be the only thing he left behind at City Hall, other than bills, deficits, commitments, and obligations which will have me running the treadmill for this year, at least.

In a slightly more serious vein, however, let me say that I am glad of this opportunity to come before this gathering which forms so important a part of the backbone of our city, and to talk to you about some of the problems confronting our municipal government and facing me as Mayor.

Most of you realize, I believe, that the status of our city government is not much different from that of a business which has been spending more money than it received.

One big difference, you may rightly say, is that no private business could survive long if it were existing on borrowed money. Neither, however, can our city follow such a course without facing an ultimate day of reckoning.

Big Rebuilding Job.

There is a tremendous rebuilding job to be done. It won't be easy, and it can't be accomplished overnight.

But men and women like you can help a great deal with the task that must be carried out. Before I have finished this talk, I will tell you just how I believe you can help.

First, however, may I express my appreciation to the Chamber of Commerce and its committee on municipal affairs for the support of the bill now pending in the Legislature, which would enable me to fund the overlay deficits I have inherited as a result of the large amount of abatements granted by the last administration.

Frankly, that is not the method of financing I would prefer to follow. My own disposition is to place our municipal house in order, to clear up our bills, and not to put them off to be paid in the future.

I am prepared to do what is best for Boston—without reckoning the political cost to myself.

I sought election to the office of Mayor because I considered it imperative to Boston's future welfare that a job be done at City Hall—a difficult job—a job I was and am confident I can do.

MAYOR HYNES' ADDRESS BEFORE CHAMBER OF COMMERCE LUNCHEON ASKS COOPERATION IN FINDING A SOLUTION TO PROBLEMS OF THE CITY.

(Continued from page 41.)

I deliberated some time before I gave my approval to the overlay deficit bill and authorized that it be filed.

What I attempted to determine was what course would be better for our city.

Would it be sounder and wiser to give Boston and its taxpayers all the bad medicine at once and remedy our financial ills to as great an extent as possible in a single year? Or would it be better to follow a more moderate course and try to accomplish that purpose gradually over a longer period? Would too much bitter medicine at one time kill rather than cure the patient?

The political consequence to me from either step was not a factor in my decision. As a matter of fact, I believe most persons realize that tremendous financial problems were inherited by my administration and that circumstances completely beyond my control could send our tax rate to \$70 or even higher.

Possibly the easiest and simplest course for me would be to fix a \$70 tax rate and explain to our people that for two years the city has been living beyond its means and that it must now pay for what has been done. When the dance is over, the fiddler must be paid.

However, there is a responsibility upon me to weigh the probable effects of such a step and to consider the impact it would be likely to have upon this city.

STOPGAP MEASURE.

The Chamber of Commerce report summed up the situation very clearly. The bill to fund the overlay deficits is a stopgap measure, justified only by an emergency. Obviously, we cannot float a loan each year to pay what we owe on overlay deficits.

But a \$70 tax rate would do great harm to our city. Of that there can be no question or doubt. It certainly would serve as a barrier to keep new industries from coming here. It might well be the determining factor that would cause some of the businesses and industries we now have to move to other sections.

It would be a serious blow to the prosperity and wellbeing of Boston and the surrounding metropolitan area. Considering the over-all picture, I felt, on the basis of the reasoning outlined by your organization, that funding the overlay deficit was the lesser of two evils.

Boston's tax rate last year was \$56.80—one of the highest rates of any large city in the country. It would be bad enough if that rate reflected a true picture of our financial condition. But it did not. It was arrived at after considerable sleight-of-hand financial juggling, by placing fictitious values on properties which could not be maintained, by borrowing money, and by putting off bills to be paid at some future date.

In my inaugural address, I explained that overhanging commitments, to which the city was obligated before I even assumed office, would make it necessary for me to obtain from some source an additional \$17,000,000 over last year.

That would represent about \$12 on our tax rate if the entire amount were raised in our tax levy.

When I delivered my inaugural message, I did not have at my command all the facts and data now in my possession. You perhaps can understand that for the past two weeks I have been making new discoveries almost daily.

I can now report to you that Boston is not confronted with a tax rate increase of \$12 as I estimated at my inaugural. It is

faced with the threat of a jump of about \$16 in its rate unless steps are taken to prevent it.

For the past ten days my assessors have been compiling figures to determine the exact amount of tax abatements granted by the last administration. I had braced myself in anticipation of a very substantial figure. It has proved to be even larger than I expected.

During 1949 the last administration granted tax abatements totaling slightly over \$12,000,000 in cash refunds.

Of that amount, \$5,749,836 was abated on 1949 taxes, and the balance for the years prior to 1949.

Now this means that since last June, when the assessors fixed the total valuation of the city's taxable property, which comprises the base of our tax structure, they have reduced that valuation more than \$100,000,000.

MILLIONS IN ABATEMENTS.

I do not want to confuse you with figures, but perhaps I should explain that with a \$56.80 tax rate, which we had last year, \$5,680,000 would represent the taxes on \$100,000,000 worth of property.

The recent administration granted \$5,687,189 in cash abatements on the 1949 taxes on real estate and \$62,647 in abatements on personal property.

That reduction in the assessed valuation of taxable property, if allowed to stand, would in itself cause a \$4 rise in the tax rate.

I do not state at this time that any of the abatements are excessive. It will take time and work and study to ascertain whether or not they are justified.

The present assessors have been instructed to appraise the value of property fairly and honestly. They have been told that there are to be no political considerations in their work and that, if they perform their duties honestly, I will back them to the limit.

If they find that any properties are underassessed because of excessive and overgenerous abatements, they will restore the valuation to whatever figure is fair and equitable.

In my administration there will be no increase in property assessments merely for the purpose of creating a false tax base in order to hold down the tax rate with the understanding that abatements will be granted after the rate is fixed. That is a trick method of financing, which spells danger and even disaster for the city.

But Boston cannot afford—and it would be grossly unfair to the great bulk of its taxpayers—to grant special favors in the form of underassessed valuations to any group.

I will concede now that we may make some mistakes in assessing property values. But, if we do, they will be honest errors of judgment, and at no time will I seek to deny anyone his lawful right of appeal either to the Boston Board of Assessors or to the State Appellate Tax Board.

One of the problems dropped into my lap and that of my corporation counsel involves a tax case with the Boston Consolidated Gas Company. It concerns a question of whether certain of the Gas Company's properties have been illegally assessed for the past five years. The Law Department is now making a study to determine the city's rights in the matter and what course of action we should pursue.

If we lose the case, or make a settlement, we will be forced to refund taxes which the last administration has spent. You well may ask why this matter was allowed to drag on for five years, and I can only reply that the same question is in my mind.

You might like to know what I have done during my two weeks in office, what I have started to do, and what I propose to do to move the city out of its present predicament.

Let me announce now that I have not started any monuments either to myself or my administration, and I doubt seriously that in these two years the city will be able to afford many monuments, as some people choose to refer to them. The blunt fact of the matter is that we are going to be paying for certain of our monuments for some time to come.

At the present time the Budget Commissioner is going over the estimates of the amounts that will be needed to operate the various city and county departments this year with a view to determining what savings can be realized.

As the estimates now stand, they are about \$9,000,000 greater than in 1949, but they are due for a thorough pruning.

However, no matter how rigidly we prune our 1950 budget, the cost of running the city and county governments and the public school system will be higher than last year.

Salary increases granted last July must be met for the full 12 months of this year, and they will represent a heavy item of additional expense.

Our welfare expenses this year will be about \$750,000 greater than in 1949, and, of course, it is the responsibility of any Mayor to provide adequately for the poor and needy citizens.

Essential public services must be maintained.

At no time during the campaign last fall did I say or imply that I could reduce the tax rate. I realized then it was impossible, even though promises of tax rate reductions were being made by candidates who apparently were unaware of the real problems confronting the city.

PRUDENT MANAGEMENT.

But I did promise a prudent management of the city's affairs. I promised to effect all reasonable economies and to see that the city received full value for every dollar expended.

I said that I considered housing and traffic the city's two major problems and that I would concentrate a good deal of my attention and energy on attempting to meet them.

Some steps already have been taken to cut down the expenditures by the city. I believe the contracting companies doing business with the city already recognize that their relationship with the municipal government is now different than it has been at times in the past. I think they now realize that the city's contracts will go to those concerns prepared to give it the greatest value for its money.

When I assumed office, I found that the snow removal contracts for this winter had not been awarded although the contractors had submitted their bids.

I felt there was a strong probability that we could get better prices by throwing out those bids and re-advertising. There was an element of chance involved, because if Boston had been swept by a heavy storm we would have had to call out contractors on an emergency basis. I suspect the contractors were fervently hoping that we would get a record blizzard.

But I considered it was necessary that I save every dollar possible and that I take that risk.

The new snow bids we received were substantially below the figures quoted last month and about 15 per cent under the prices paid last year.

How much of a saving that will represent in dollars and cents will depend upon how much snow we get this winter.

With all due apologies to any winter sports enthusiasts who are present, I am hoping perhaps against hope that Boston will get through this winter without any snow at all and that it will not be necessary to call out the snow removal contractors—in which event we pay them nothing.

That, of course, is unlikely. The public works authorities estimate that if we have a normal amount of snow during the remainder of the winter the lower prices we obtained will cause a saving of about \$45,000 to \$50,000.

That is a mere trifle when measured against the tremendous obligations I inherited. But I am afraid our savings will come hard and in small amounts.

We are now studying the ash removal contracts which were awarded by the last administration to determine whether they are legal in every respect, and if there is any way to do it you may be sure we will endeavor to persuade the gentlemen performing that work that they should part down their bills.

There is not much question but that the payrolls of some of our municipal departments are overloaded with temporary employees.

It will be necessary to have temporary workers in some branches of the city government, but I intend to reduce the number very sharply below the figure I found on the municipal payroll.

You hardly need be told that some of the things done at City Hall between November 8 and December 31 were not entirely designed to hold this year's tax rate within reasonable limits. *Quite the contrary.*

PROGRESS TO BE SLOW.

Our progress at City Hall is going to be slow. There will be few spectacular, eye-catching achievements, even as I am not a spectacular or eye-catching figure. I do say to you that we will be making progress, and before the end of my two-year term I am confident we will be able to show definite and concrete results.

As my remarks may indicate, the city's financial condition is the No. 1 problem and consideration of my administration. Some of the things that might be undertaken under normal circumstances will have to be put off until Boston is better able to afford them. A city can afford few luxuries when it is struggling to avert a threatened \$16 tax rate increase, and we will do well to provide the essential necessities.

One of the things we cannot postpone, however, is an intelligent program to meet our traffic conditions.

Boston always will have a traffic problem, of course. Any great city will. We expect traffic on our streets, and we want it. But we also must take proper steps to handle it.

It is necessary only to ride through downtown Boston at any time during a business day to realize that our city is in danger of being strangled by its own traffic.

Our traffic problem is more acute than in most other large municipalities because Boston is an old city and many of its streets in the business district were laid out long before the automobile age.

One step we must take is to provide parking facilities in convenient proximity to our downtown district.

We read in the newspapers about no-fix parking drives and of thousands of motorists mailing their fines directly to the court. But, until we provide enough convenient parking places to take automobiles off the congested and heavily traveled streets, the drives by police will not be the answer to our problem.

The off-street parking program, authorized by the Legislature in 1946, is now being pressed with greater speed. I also have another bill pending before the Legislature seeking authorization to spend an additional \$5,000,000 for the establishment of off-street parking facilities in the downtown area. Between those two programs I believe we can break the back of our traffic problem.

Incidentally, my willingness to undertake a second \$5,000,000 off-street parking program is based on the belief that it will be completely self-supporting and will impose no financial burden on the city and its taxpayers.

It is also my hope that we will be able to go forward with plans for the construction of an underground garage beneath Boston Common, and, while I am discussing that project, may I clear up one point on which there seems to be a good deal of confusion.

Whenever the Common garage is mentioned, I receive a flood of inquiries—some from persons asking how the city can afford to finance such an undertaking, others from persons who want to know why the city does not go ahead and build it without waiting to get private capital.

Under the law authorizing the construction of the Common garage the city cannot spend even a dollar on the project. It can be built only with private funds. All the city is allowed to do is to lease the right for the construction

and operation of a garage under the Common to any group or syndicate interested in the proposition and willing to meet certain terms specified by law.

PLANS FOR IMPROVEMENTS.

Any practicable plans for widening streets or eliminating traffic bottlenecks will be undertaken if the cost involved is not prohibitive.

Now under consideration, for example, are proposals for eliminating the sidewalk on the Common side of Beacon Hill and for narrowing the sidewalk on the Common side of Tremont street.

What we must first ascertain is whether any traffic relief actually would be provided by those steps, or if they would add to the congestion at other bottlenecks.

We are attempting to do things at City Hall. We are not sitting on our hands. We recognize what is wrong with our city and are attempting to correct it.

But we in the city government can't do the job alone. We need the help of men and women like you.

You know that in the past our city has received much bad advertising in other parts of the country.

Nothing would be served at this point by going into the reasons and causes for that poor advertising, but we ourselves are at least indirectly responsible for part of it.

We have never really put on a campaign to try to sell Boston. By that I do not mean that we should blind ourselves to the city's faults, but rather that we should talk about Boston's assets, rather than her liabilities, when we are in other states and cities.

It is my hope that we will be able to increase the number of conventions that come here in the course of a year. You know, perhaps better than I, that they create business and employment, that the visitors and tourists who come here patronize our department stores, our restaurants, our theaters, and our taxicabs, and that they contribute to the prosperity of our city.

We should and we will capitalize on that possibility to the fullest extent. If you know of any organizations that we should try to interest in coming to Boston, let us know about them. Drop a note to me or to my city greeter, and we will get busy on it. We're open at any time for suggestions and ideas as to how we can improve our city and bring about a better Boston.

PROGRAM TO PROMOTE BOSTON.

As part of my program to promote Boston, in the hope of attracting new business and industry here, I am appointing Paul Hines as my industrial counselor and adviser. With his experience in the advertising and promotional fields, he should be able to perform a valuable service for the city.

Also, I am appointing Philip Kramer, head of the Ladies Garment Workers' Union, AFL, to serve as labor counselor and to advise me on any labor problems in which the city is in any way involved.

The total salaries of their jobs, with a secretary, will be \$15,000 a year. I am confident that their contribution to the welfare and well-being of Boston will be appraised far in excess of that figure.

Now may I address my next few remarks to those who reside in cities and towns outside of Boston but come into this city to work and to do business.

Shortly after my election, I stirred up some criticism as a result of a well-

intended and completely sincere statement that there is a good deal of merit and sound logic to suggestions that have been offered for a metropolitan Boston.

I did not mean that I felt Boston should swallow up such communities as Dedham, Needham, Newton, and Brookline, or that any community should give up its identity of which it is so proud. But I did believe then, and I believe now, that there are some public services which could be provided more economically and efficiently at the metropolitan level.

Today, however, I will go a step farther. To those of you who reside outside of Boston but earn your livelihood in this city, I say that you cannot afford to live in an ivory tower while Boston struggles for its very existence as a great metropolitan city.

You may honestly believe that you are unaffected and untouched by Boston's problems and that they do not directly or indirectly affect you. Perhaps you make your home in Newton or Needham, in Stoneham or Belmont, in Wellesley or Melrose. You may say that you pay your taxes in one of those communities and that Boston's tax rate is of no concern to you.

I would remind you, however, that the prosperity of the entire metropolitan Boston area is dependent upon the well-being of Boston and that anything which hurts Boston, the capital city, necessarily has an injurious effect upon surrounding communities.

You not only are directly concerned in Boston's problems, but you actually help to create some of those problems. Boston, with a population of about 770,000 men, women, and children, must provide many daytime municipal services for a population of 1,500,000 people.

SHARE OF BURDENS.

We pay two thirds of any deficit incurred by the MTA. We pay millions of dollars in gasoline taxes to the state and are met with a roar of indignation if we seek to get anywhere near our proportionate share in return. We are obliged by law to pay the entire expense for Suffolk County. We must provide police protection for people who live in other cities and towns but come here to work. Automobiles owned by persons who live in other communities cause us tremendous expense.

It isn't that we don't want you to come here. We do. We want you to come here to work, and we want you to come here to shop and to spend your money. Especially do we want you to come here to spend your money—that I emphasize.

We do want you to recognize that Boston has a fundamental problem that is both difficult and deep. Geographically, we are a small city. There is no room in which we can expand. We are hemmed in on every side. Our municipal borders are fixed.

We are not jealous of our neighboring communities. We wish them well. But we do wonder at times how long Boston's municipal government can maintain all the aspects of a metropolitan city, provide all the services of a metropolitan city, and still hold its head above water in the face of the surging tide of decentralization of both population and business.

Certainly, the time is fast approaching when discussion of this fundamental problem must be translated into action.

As I see it, Boston, restricted to its present borders, cannot long maintain its

place in the sun unless a substantial amount of new income is made available to it, or unless there is an equitable share of the burden of maintaining a metropolitan city by the entire metropolitan area.

Boston, as it is today—and this is said from the viewpoint of one who has been Mayor for only two weeks—is facing a fight for survival. I make this statement, as I made it in my inaugural address, not as a disciple of gloom, but as a fact which must be recognized no matter how unpleasant it sounds.

I urge that you consider the stake you have in Boston's well-being, even though you may actually live in some other community, when proposals are being considered for assisting New England's capital.

Today in America we are concerned with the rebuilding of the devastated areas of the world which have not recovered from the recent war and will not recover for a long time to come. I agree with the wisdom of that program, for, unless there is some balance to the economy of the world, the economy of the United States will be unsettled.

But let us not forget in our desire to assist others that those at home may need a helping hand at times, too. Let us not forget that old cities like Boston are in need of sustenance beyond the ability of the city itself to provide.

Let us remember that Boston is not an isolated outpost in some barren or deserted area. It is the center, the well-spring, the heart, and the core of a great, thriving, healthy, metropolitan community, and as such, and if for no other reason, it must be given the help it needs to preserve the place it holds in the life of this community.

It pumps the very life blood that flows through every city and town in the metropolitan area. Without Boston, those surrounding communities, now so jealous of their identities, would be far less prosperous than they are today. For there can be no real enduring prosperity in this section of New England unless the capital city has a reasonable opportunity to share in the community prosperity.

It is customary for a new Mayor, speaking before your organization at the start of his administration, to discuss Boston's difficulties and its future outlook.

What I have said here today touches on but a few of our city's difficulties and problems. Obviously, the element of time must be considered.

The message I do have to leave with you, as I close my remarks, is this: In the next two years we will do our best for Boston and its people. Our efforts, I am confident, will be productive if we can rely from time to time on your understanding, your help, and your assistance. Thank you.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, during the period of demolition of the Crawford House, estimated to be thirty (30) days, parking of vehicles is prohibited in the following street, effective January 17, 1950:

Brattle Street, Boston Proper.

South side, from Scollay square to a point one hundred and fifty (150) feet east of Scollay square. 24 hours.

FINANCE COMMISSION RULES AGAINST FEE FOR RAILROAD TAX CASE SETTLEMENT.

(Continued from page 11.)

to proceed under the statute as to the "validity" and "amount" of the bill of George J. Leary, Esquire, dated December 15, 1949, to the City of Boston in the amount of \$150,000 for legal services performed from January 14, 1946, to December 12, 1949, in matters connected with the reorganization of the New York, New Haven & Hartford Railroad Company and railroads in that system, this Commission hereby reports as follows:

1. **VALIDITY.** This Commission, as a result of its investigation, is of opinion that the bill is not in order for payment because:

a. It does not bear the approval of the Mayor as required by the contract of appointment.

b. Under a principle of municipal law enunciated in various decisions of the Supreme Court of Massachusetts, it appears that no payment may now be made as to services performed in years prior to 1949.

c. You have informed us that there is not sufficient money in the 1949 Contingent Fund or transferable to it to meet the amount of the bill.

2. **AMOUNT.** In view of the Commission's opinion as herein expressed, this Commission is making no investigation at this time of the question as to whether or not the bill is "excessive in amount."

Very truly yours,

EDWARD F. MULLEN, *Chairman*,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
JOSEPH K. COLLINS,

THE FINANCE COMMISSION,
ROBERT E. CUNIFF,
Secretary.

BOSTON, January 11, 1950.
HON. JOHN B. HYNES,
Mayor of Boston.

HONORABLE SIR:

The Finance Commission deems it advisable to transmit to you a copy of a communication addressed to the City Auditor in relation to a bill for services rendered by George J. Leary, Esquire, in relation to matters connected with the reorganization of the New York, New Haven & Hartford Railroad Company and railroads in that system.

Respectfully submitted,

EDWARD F. MULLEN, *Chairman*,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
JOSEPH K. COLLINS,

THE FINANCE COMMISSION,
ROBERT E. CUNIFF,
Secretary.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

MAYOR HYNES HONORS
GENERAL MARSHALL AT
LUNCHEON.

(Continued from page 41.)

armies and directed our military operations when the very foundations of our American way of life were threatened by dictators bent on world conquest.

"It was also at a commencement ceremony at Harvard University, across the Charles in Cambridge, that he delivered the address which was to resound around the world and provide the basis for the Marshall Plan for aiding the stricken, war-devastated countries.

"It would be impossible to sum up in any few paragraphs General Marshall's contributions to his country as a soldier who shaped our military destinies and as a statesman who helped to preserve the victory he had played so important a part in winning.

"His qualities of leadership instilled a calm confidence during the darkest days of the war. His guiding hand had a steadying effect during the troubled times immediately after the war.

"As Mayor of Boston and on behalf of the people of our city, it is a real privilege to extend our official tribute to one of the outstanding men of our time, a man who might best be described as a truly great American. Boston salutes and welcomes you, General Marshall."

Edith D. Petersen, 32 G street, South Boston, clerk-typist, \$2,000 a year.

The Mayor has approved the following promotions or adjustments in compensation:

HOSPITAL DEPARTMENT.

Pauline Raine, 5 Linwood street, Roxbury, from floor nurse at \$2,900 a year to head nurse at \$3,080 a year.

PUBLIC WORKS DEPARTMENT.

Joseph Colahan, 73 Bynner street, Jamaica Plain, from transitman, Grade II, at \$3,100 a year to junior engineer, Grade III, at \$3,300 a year.

The Mayor has approved the following leave of absence:

PUBLIC BUILDINGS DEPARTMENT.

George P. Donovan, 179 M street, South Boston, plant superintendent, \$4,200 a year.

OVERTIME ALLOWED.

The Mayor has approved the following requests:

PARK DEPARTMENT.

Approval has been given for emergency overtime in excess of the regular 40-hour week for the following employee who worked overtime supervising the removal of trees felled by the windstorm of December 29, 1949, on Washington street, Roxbury; Hutchins street, Roxbury, and Lincoln street, Allston, from 6 p.m. to 12 midnight:

Paul J. Carrigan, general foreman, \$3,700 a year: first 6 hours straight time at \$1.77, \$10.62.

Approval has been given for emergency overtime in excess of the regular 40-hour week for the following employee for work performed transporting and arranging floral decorations from city greenhouse, Franklin Park to Symphony Hall, for Mayor's inaugural exercises, on Monday, January 2:

John J. Keane, foreman, greenhouses, \$3,400 a year: first 8 hours straight time at \$1.63, \$13.04.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HEALTH DEPARTMENT.

Upon January 12 the Mayor approved a contract with the Federal National Linen Service Company for furnishing

laundry and service to the Boston Health Department at various locations. Bids, opened December 30, 1949, were as follows:

Federal National Linen Service Company, \$86.90; Bell Linen Service, Inc., \$102.12; Elk Laundry, Inc., \$120.73.

HOSPITAL DEPARTMENT.

Upon January 9 the Mayor approved a contract with the Bay State Cleaning Company for window cleaning at Boston City Hospital for the year 1950. Bids, opened Wednesday, December 14, 1949, were as follows:

Norwood Window Cleaning Company, \$12,000 a year, for three cleanings.

Bay View Window Cleaning Company, \$7,500 a year, for three cleanings.

Bay State Cleaning Company, \$6,000 a year, for three cleanings.

Upon January 13 the Mayor approved a contract with the Astor Exterminating Company for extermination of vermin at Boston City Hospital for the year 1950. Bid, opened Wednesday, December 14, 1949, was as follows:

Astor Exterminating Company, \$260 a month.

PUBLIC WORKS DEPARTMENT.

Upon January 11 the Mayor approved a contract with McCulloch Manufacturing Company for furnishing labor to assemble about 100 6-inch gate valves; 30 12-inch gate valves, and 100 B. & F. post hydrants, at an estimated cost of \$16,697.50. The work to be done under this contract is to be completed on or before July 1. The following bids were received January 6:

McCulloch Manufacturing Company, \$16,697.50; Andrew P. Keegan, \$26,250; Mathewson Machine Works, Inc., \$46,748.

Upon January 16 the Mayor approved contracts as indicated for snow removal for the current winter to the following-named contractors in the areas and at the price per cubic yard designated:

Area No. 1.—Joseph P. McCabe, Inc., 74 cents per cubic yard.

Area No. 2.—M. DeMatteo Construction Company, 89 cents per cubic yard.

Area No. 3.—James A. Susi, 90 cents per cubic yard.

Area No. 4.—Harney Contracting Company, 69 cents per cubic yard.

Area No. 5.—Hugh Nawn, Inc., 72 cents per cubic yard.

Area No. 6.—Ward General Contracting Company, 74 cents per cubic yard.

Area No. 7.—Veneto Construction Company, 70 cents per cubic yard.

Area No. 8.—J. F. White Contracting Company, 78 cents per cubic yard.

Area No. 9.—Allied Engineering Corporation, 79 cents per cubic yard.

The above prices represent bids that were opened in this office on Wednesday, January 11, after publicly advertising for proposals in the *City Record*.

The above contractors represent the lowest qualified bidders who have sufficient experience, organization, and equipment to do the required work, and it is in the best interests of the city that the contracts be awarded as recommended.

The average price in the above-referenced nine districts is 77 cents per cubic yard, which is 6 cents less per cubic yard than the contracts awarded for snow removal work in 1947-1948, and 14 cents less per cubic yard than the contracts awarded for snow removal work in 1948-1949.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing fluorescent and large incandescent electric lamps for Boston public schools. Bids were opened Wednesday, December 14, from the following concerns:

Allied Electric Supply Company; Arvedon Electric Supply Company; Bell Electric Supply Company; Boston Lamp Company, Inc.; Cooper Electric Supply Company; Eagle Electric Supply Company, Inc.; Gem Electric Supply Company; Grainger-Rush Company; Graybar Electric Supply Company; Loman Electric Supply Company; Marshall & Co., Inc.; Massachusetts Gas and Electric Light Supply Company; George W. Wahn Company; Westinghouse Electric Supply Company.

Award was made to one of the lowest responsible bidders on Champion lamps in accordance with specifications, and contract was awarded as follows:

Massachusetts Gas and Electric Light Supply Company, \$3,800.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, January 6, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

We respectfully request your permission to engage the services of Mr. Edgar H. Whittier, 25 Biltmore street, Malden, Mass., for furnishing all labor and materials necessary for the repair of Lamson Pickup Carrier System, both in the Out-Patient Department and Administration Building, Boston City Hospital, at an estimated cost of \$1,250.

Mr. Whittier has worked for many years on our Lamson Carrier, and inasmuch as the Lamson people are not doing this work any more and there is no one else available, nothing would be gained by publicly advertising for bids.

Respectfully yours,

JAMES W. MANARY, M.D.,
Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, January 10, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested for this department to dispense with advertising and enter into a contract with Eleven Beacon, Inc., whereby said corporation will lease the entire tenth floor of the Lawyers Building, numbered 11 Beacon street, Boston, for a term of one year, beginning January 1, 1950, at an annual rate of \$23,050, for the purpose of providing suitable quarters for the Law Department.

The Law Department has occupied quarters in the Lawyers Building, 11 Beacon street, Boston, continuously since 1924. At the present time no suitable quarters are available for occupancy by the Law Department in any city-owned building or within the immediate vicinity of City Hall, the Court House or other public buildings.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

BOSTON, January 4, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract, without public advertisement, to the Directory for Mother's Milk, Inc., 221 Longwood avenue, Boston, for furnishing mother's milk for use in the Pediatric Department of the Boston City Hospital for a period of six months, up to June 30, 1950, inclusive, at a price of 25 cents per ounce.

There is a very marked scarcity of this type of breast milk and it is extremely important that the Boston City Hospital have an adequate supply of this commodity in the treatment of many premature and very sick babies. Since the Directory for Mother's Milk, Inc., is the only source of supply, no advantage would be gained by publicly advertising for bids.

Total amount of contract is not to exceed \$15,000.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 12, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for 300 each All Service Gas Mask Canisters and Chemox Mask Canisters.

Your approval is respectfully requested to award a contract, without public advertisement, to Mine Safety Appliances Company who is the manufacturer of the equipment requested. No advantage would be gained from a public advertisement for bids owing to the fact that Mine Safety Appliances Company manufactures the canisters.

Total amount of contract is \$3,600, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

SUPERIOR COURT, CIVIL BUSINESS.

BOSTON, January 10, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

MY DEAR MR. MAYOR:

In accordance with provisions of section 1, chapter 156, of the Acts of 1939, I request your approval to dispense with the contract formality of such acts, and assign as reasons thereof the following:

It is impossible for the clerk to anticipate the amount and kind of printed forms, lists, books and office supplies necessary for the proper maintenance of his office. The many forms and lists are subject to change without notice and it would be unwise to place orders in anticipation of a year's supply, as it would result in vast overstocking of many items and a shortage of others.

In addition, it is the duty of the clerk to prepare and promulgate the orders of court and to prepare and mail the various weekly trial lists; also to keep the court, and sessions thereof, supplied with forms and stationery as needed.

As it is impossible to foresee what supplies are necessary to carry out this duty, I believe the continuance of the practice of ordering supplies as needed should be

followed. I call your attention to the fact that I have been granted this permission each year since I have been clerk under the former administrations of Mayors Tobin, Kerrigan and Curley.

Respectfully yours,

THOMAS DORGAN,
Clerk.

MUNICIPAL COURT, SOUTH
BOSTON DISTRICT.

SOUTH BOSTON, January 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

In accordance with chapter 156 of the Acts of 1939, I write to ask if you will grant me the written authority to dispense with advertising in the *City Record* proposals for bids for the transportation of prisoners to and from the South Boston Municipal Court for the year 1950.

The proposed charges for transportation are as follows:

One prisoner to or from the jail, \$2.
Two prisoners to or from the jail, \$3.50.
Three prisoners to or from the jail, \$3.50.

Four prisoners to or from the jail, \$4.
Five prisoners to or from the jail, \$4.50.

Trips to House of Correction (*via* Sumner Tunnel and Winthrop), \$5, plus tunnel fares.

One trip can accommodate five prisoners.

I enclose a signed statement which may be published in the *City Record* giving in detail the reasons for not inviting bids by advertisement.

Yours respectfully,

LEO H. LEARY,
Justice.

SOUTH BOSTON, January 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

Under the provisions of chapter 156 of the Acts of 1939, I hereby request that you grant written authority to dispense with advertising in the *City Record* proposals for bids for the year 1950, on the items listed below, for the reasons set forth in the enclosed statement, which may be published in the *City Record*.

B-4, Transportation of Persons.

This covers transportation of prisoners committed by this court and travel and other expenses of the four probation officers.

D-1, Office Supplies.

This includes government postage, balance of account, cost of all printing, docket sheets, office supplies and advance sheets of the Legislature.

Yours respectfully,

LEO H. LEARY,
Justice.

SOUTH BOSTON, January 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

In accordance with chapter 156 of the Acts of 1939, I herewith furnish you with signed statement giving in detail the reasons for not inviting bids by advertisement for the transportation of prisoners to and from the South Boston Municipal Court for the year 1950.

1. The physical condition of some prisoners, both men and women, demands responsibility of operator as well as immediate transportation.

2. This work has been done satisfactorily for several years by present operator, who is available for the year 1950.

3. Prices charged and to be charged are reasonable.

4. Although impossible to estimate exactly, average cost per year is about \$1,700. I have at hand cost for year 1949 to date which amounts to \$1,573.90.

Respectfully submitted,

LEO H. LEARY,
Justice.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with National Floors Company for installing new asphalt tile floors in various schools, from December 15, 1949, to March 1, 1950 (contract approved August 30, 1949).

This extension is requested for the purpose of making minor adjustments as required.

Approval has been given for the extension of the time of completion of the contract with M. Solimando for alterations at the Roger Wolcott School, from December 15, 1949, to April 28, 1950 (contract approved August 25, 1949).

This extension is requested because of difficulty in securing Kalamein partitions.

Approval has been given for the extension of the time of completion of the contract with D. A. Robbins Electric Company for installing emergency lighting with generator in the William H. Taft School, from December 30, 1949, to March 31, 1950 (contract approved October 31, 1949).

This extension is requested because the contractor was unable to work until after 3.30 P.M. daily, on account of noise caused by drilling and cutting.

SUPPLY DEPARTMENT.

Approval has been given to extend the contract with White Fuel Corporation, relative to the purchase of No. 6 heavy fuel oil for delivery to the Long Island Hospital, Institutions Department, to August 31, 1950.

Approval has been given for the extension of the contract with the Boston Ice Company, Division of American Ice Company, relative to the purchase of kerosene for delivery to the city departments, to October 31, 1950.

CONSTRUCTION WORK.

The Mayor has approved the requests of the Commissioner of Public Works for the following construction work:

A 10-inch pipe sanitary sewer in Lorna road, between 324 feet southwest of Doone avenue and 50 feet southwest, in the Dorchester district, at an estimated cost of \$1,100.

A 10-inch pipe sanitary sewer, and a 12-inch pipe surface drain in Reservoir street, between Summit street and 250 feet southeasterly, in the Hyde Park district, at an estimated cost of \$2,200.

A 10-inch pipe sanitary sewer, and three catch basins in Bismarck street, between 425 feet southwest of Cummins Highway and 210 feet northeasterly, in the Dorchester district, at an estimated cost of \$3,300.

A 10-inch pipe sanitary sewer, 12-inch and 10-inch pipe surface drains, and two catch basins in Cricket Lane and private land, between Ledgewood road and 460 feet easterly and northerly, in the West Roxbury district, at an estimated cost of \$9,200.

A 10-inch pipe sanitary sewer and one catch basin in Barry park, between Barry street and 155 feet southeasterly, in the Dorchester district, at an estimated cost of \$3,200.

FIRE DEPARTMENT ORDERS.

General Order No. 3.

I. ASSIGNMENTS AS AIDES TO COMMISSIONER.

The following assignments, which became effective as of 8 A.M., Wednesday, January 4, 1950, are hereby announced: Ladderman Michael J. Goggin, Ladder Company 5, to aide to commissioner. Hoseman Harold J. Mahoney, Engine Company 7, to aide to commissioner.

II. TRANSFERS.

The following transfers, which will become effective at 8 A.M., Wednesday, January 18, 1950, are hereby announced: Aide-to-Commissioner Michael J. Goggin, from Ladder 5 to Headquarters. Aide-to-Commissioner Harold J. Mahoney, from Engine 7 to Headquarters.

III. CHANGE IN NAMES OF STREETS.

Notice has been received from the Board of Street Commissioners of the following changes in street names:

Como road — formerly Stoughton avenue, Hyde Park, from 137 Readville street to 13 Eliot avenue.

Horace street, East Boston—that section of Milton street between Moore street and Harmony street; changed to Horace street, so that Horace street now extends from Harmony street to Wordsworth street.

IV. CHANGE IN DESIGNATION OF FIRE ALARM BOXES.

Due to the change in name of Stoughton avenue, Hyde Park, to Como road, the designation of Fire Alarm Boxes 3843 and 3844 will be changed to read as follows: 3843, Vallaro and Como roads.

3844, Como road and Nelson street.

Company commanders shall make the above corrections on assignment cards for Boxes 3843 and 3844.

V. FIRE ALARM BOX DISCONTINUED.

The following fire alarm box has been discontinued:

Box 12-2396, Lucretia Crocker School, Bickford street.

Company commanders shall delete the above box from assignment card for Box 2396.

VI. CIRCUIT CHANGES FOR FIRE ALARM BOXES.

The circuits of the following fire alarm boxes have been changed as given below: 12-1281, changed from Circuit 3 to Circuit 2.

1364, changed from Circuit 50 to Circuit 47.

LEGISLATION ENABLING CITY TO BORROW MONEY.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1950.
To the City Council.
Gentlemen:

Pending before the Committee on Rules of the House of Representatives are three petitions for legislation to enable the city to borrow money for certain purposes described in the resolutions accompanying this communication. Under Joint Rule 7-B the preliminary approval of the Mayor and City Council is required before the petitions can be released to the appropriate committees. As the legislation contemplated in them was at my suggestion, I respectfully request the adoption by your Honorable Body of the accompanying resolutions.

Respectfully,
J. B. HYNES, Mayor.

RESIGNATION OF JOHN B. HYNES AS CITY CLERK.

The following was received:
City of Boston,
Office of the Mayor, January 9, 1950.
To the City Council.
Gentlemen:
I hereby resign as City Clerk of the City of Boston, effective this date. I deem this action advisable for two reasons.

One is that my time, as you can understand, will be completely occupied during the next two years with my duties as Mayor.

The second is that some complications and difficulties may arise during the next two years if there is no active City Clerk, since under our City Charter the authority and duties of the Clerk can be carried out only by the assistant city clerk if the Clerk is not available.

In view of those considerations and because I do not want to handicap the operation of an important branch of our city government, I have decided that the soundest course is for me to submit my resignation as City Clerk.

I sever my connection with your Honorable Body with deep regret. I shall always look back upon my service and associations with your membership, both present and past, with sincere gratification and pleasure.

Respectfully,

JOHN B. HYNES, Mayor.

Placed on file.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AUTOMOBILE BATTERIES.

The Supply Department of the City of Boston invites proposals for furnishing automobile batteries for city departments as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Both bids to be sealed in envelopes, marked "Proposal for Automobile Batteries." The bids will be publicly opened and read Wednesday, February 1, 1950, at 12 M., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN V. MORAN,
Superintendent of Supplies.

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 42

SATURDAY, JANUARY 28, 1950.

No. 4

BUILDING AND CONSTRUCTION OPERATIONS FOR 1949 LESS THAN IN PREVIOUS YEAR BY SEVERAL MILLION DOLLARS—SUMMARY OF STATISTICS PREPARED BY BUILDING DEPARTMENT AND SUBMITTED TO MAYOR HYNES SHOWS PERMITS AMOUNTING TO \$46,380,855 AS AGAINST \$53,486,035 IN 1948—LOWEST RECORD FOR PAST FIVE YEARS—347 ONE- AND TWO-FAMILY UNITS AND SEVERAL LARGER HOUSING PROJECTS INCLUDED IN LIST.

MAYOR HYNES APPROVES HOUSING AUTHORITY REQUEST TO SECURE FROM FEDERAL BOARD \$70,000 WITH WHICH TO START PLANS FOR HUGE SLUM CLEARANCE WORK—PLANS FOR FIRST 2,000 UNITS.

Mayor John B. Hynes, on Wednesday, January 25, approved the request of the Boston Housing Authority for a \$70,000 advance from the Public Housing Administration in Washington, to be used in architectural and engineering surveys for the erection of 4,000 low-income apartments under the Federal slum clearance program.

It is required that plans for 2,000 units of housing be submitted to Federal authorities by September 30, and plans for the additional 2,000 apartments by a year from that date.

It is expected the slum clearance program in Boston will cost the Federal treasury in excess of \$40,000,000. The Boston Housing Authority will be entitled to a total of \$550,000 for planning and engineering alone.

The \$70,000 sought will be used for land surveying, gathering of title information, and preliminary appraisal of land. Original slum clearance plans drawn by the City Planning Board call for a concentration of the work in the South End.

MAYOR NAMES JAMES J. MAHAR TO BOSTON HOUSING AUTHORITY.

Mayor Hynes on January 23 announced the appointment of James J. Mahar of 129 Gallivan Boulevard, Dorchester, to be a member of the Boston Housing Authority. Mr. Mahar is a former superintendent of construction of the Department of School Buildings, which position he held for a period of eight years; a former schoolhouse commissioner for 10 years; a former fuel engineer; and a supervisor in building construction for the Boston School Department.

He is a graduate of the Massachusetts Institute of Technology and he is a Director of the Home for Catholic Children.

Building construction in all classes, including repairs, plumbing, gas fitting, and other installations shows a decrease for the year 1949 as compared with 1948, with a corresponding decrease in department revenues. This is showing in the compilations of the Building Department as completed and presented to Mayor Hynes by the Building Commissioner.

New construction for the year 1949 totaled \$28,330,694, with alterations and repairs amounting to \$10,534,807. This gave a grand total of structural construction of \$38,865,501, with the number of pieces of construction totaling 6,925.

For the same period in 1948 total new construction amounted to \$31,796,592, with alterations and repairs of \$14,701,174, for a grand total of \$46,497,766. In 1948 the total number of parcels constructed or repaired or altered amounted to 7,599.

The grand total of all work for 1949 amounted to \$46,380,855, as compared with the grand total for 1948 of \$53,486,035. Thus the revenue accruing to the city through licenses and permits issued was \$73,528.50 for 1949 and \$83,854.25 for 1948. The only previous year in which there was less construction during the past five years was in 1945 when the grand total of all work amounted to but \$11,421,525.

PRESIDENT TRUMAN FELICITATED BY MAYOR HYNES FOR RAISING AMERICAN LEGATION IN DUBLIN, IRELAND, TO STATUS OF EMBASSY—SPEAKS FOR ALL BOSTON.

The following telegram has gone forward from the Mayor's office:

Harry S. Truman, President of the United States, White House, Washington, D. C.

YOUR ACTION IN RAISING THE AMERICAN LEGATION IN DUBLIN, IRELAND, TO THE RANK OF AN EMBASSY WILL BE APPLAUDED AND APPRECIATED BY THE PEOPLE OF BOSTON. IT WAS A MOST TIMELY STEP. AS MAYOR OF BOSTON MAY I EXTEND MY PERSONAL AND OFFICIAL CONGRATULATIONS.

John B. Hynes,
Mayor of Boston.

During the year there were 347 one- and two-family dwellings constructed and several of the larger housing projects were completed. The most recent was the permit for Brighton housing project to accommodate 648 families and the new Fire Headquarters Building. The first of these is to cost something over \$6,000,000 and the Fire House approximately \$2,000,000.

Dwellings erected to accommodate four or more families at a cost of \$10,000,000 were granted permits. Among the other structures for which permits were issued in 1949 were four educational buildings, two institutional buildings, nine manufacturing structures, and four public buildings, such as libraries, museums, etc.

Tables of the figures showing types of structures and their costs will be found on pages 63 to 70.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

VETERANS' RETIREMENTS.

The Mayor has approved the following veterans' applications for retirement:

Joseph N. Faulstich, 103 Brown avenue, Roslindale, patrolman in the Sixteenth Division of the Police Department.

Francis J. Murphy (also called Frank J. Murphy), 255 Main street, Charlestown, teamster-laborer in the Sanitary Division of the Public Works Department.

Charles J. Feeney, 200 Temple street, West Roxbury, greenkeeper in the Park Division of the Park Department.

Elizabeth Jane McCoole (nee Driscoll), 3 Ledgebrook road, Mattapan, telephone operator in the Sanatorium Division of the Hospital Department.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Boston Consolidated Gas Company, 100 Arlington street, Boston, for installing lamps, standards, and conduit for approaches and adjacent streets to the Mystic River Bridge, from January 15, 1950, to February 23, 1950. This extension is requested for the reason that the Boston Consolidated Gas Company has been unable to complete the work due to delay in delivery of material.

POLICE DEPARTMENT ORDERS.

General Order No. 1,283.

Patrolman Joseph N. Faulstich, Division 16, honorably discharged veteran of World War I, having arrived at the age of fifty-six years, having been in service of the Boston Police Department for twenty-one years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Joseph N. Faulstich will be retired from active duty in the Police Department, effective Tuesday, January 24, 1950, at 5.45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 4.

I. TERMINATION OF REDUCED AND FULL ASSIGNMENTS.

Effective at 8 A.M., Wednesday, January 25, 1950, the 8 A.M. to 6 P.M. reduced assignments are hereby rescinded. Special Signal 45 will automatically terminate at this time. On and after the effective date, the full first alarm assign-

ment as designated on the assignment card shall respond.

Effective at 8 A.M., Wednesday, January 25, 1950, Special Order No. 169, dated December 30, 1948, relative to response to an Automatic Fire Alarm, A. D. T., or G. A. C. signal is hereby rescinded. On and after this effective date, when the city box is struck following an Automatic Fire Alarm, A. D. T., or G. A. C. signal, all the remaining companies of the first alarm assignment of the box alarm shall respond.

II. DAILY DRIVING PRACTICE.

The daily driving practice, outlined in Special Order No. 135, dated October 6, 1948, is hereby rescinded.

Rule 152, Rules and Regulations of the Boston Fire Department, relative to driving back to quarters from fires, shall be strictly adhered to.

III. LIGHTING PLANT COMPANIES.

The assignments of the Lighting Plant Companies are on the assignment cards of boxes of the 2500, 2600, 2700, 2800, 2900, series. In due time such assignments shall appear on all assignment cards.

The responses of Lighting Plants are governed by Special Order No. 6, dated January 20, 1948. Fire Alarm Office shall dispatch a Lighting Plant to the scene of operations whenever they are notified that there is a working fire.

IV. CHANGES IN ASSIGNMENTS—DEPUTY CHIEFS—DISTRICT CHIEF.

Effective at 8 A.M., Wednesday, January 25, 1950, changes in assignments to box alarms, concerning deputy chiefs and district chief, shall be as follows:

PROCEEDINGS OF CITY COUNCIL.

Monday, January 16, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Coffey. The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Wesley H. Blank, 4 Columbus terrace, Newton Highlands, Mass., as Weigher of Goods, for term ending April 30, 1950.

Michael J. McDonough, 354 K street, South Boston, Mass., as Leather Measurer, for term ending April 30, 1950. (State License No. 1832.)

Severally referred to the Committee on Confirmations, when appointed.

PERMITS FOR GASOLINE STATIONS, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Building Commissioner relative to your order of January 3, 1950, concerning the granting of permits for the construction of gasoline stations at 56 Beech street, 426 Belgrade avenue, and 1200 Veterans of Foreign Wars Parkway, Ward 20.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Building Department, January 11, 1950.
Hon. John B. Hynes,
Mayor of Boston.
Re: City Council Order, January 3, 1950, Gasoline Stations, West Roxbury.
Dear Sir:

With reference to the above order of the City Council the records of this department show that the petitions to the Board of Street Commissioners were stamped by the Zoning Division of this office on the dates and for the purposes specified:

56 Beech Street. Approved November 18, 1949. Local business district (L-40). Two-car lubricatorium, 8,900 gallons inflammable fluids.

426 Belgrade Avenue. Approved November 23, 1949. Local business district (L-40). Two-car lubricatorium, one-car washstand, 9,820 gallons inflammable fluids.

1200 Veterans of Foreign Wars Parkway. Approved December 15, 1949. Industrial district (I-80). One-car lubricatorium, one-car washstand, 9,840 gallons inflammable fluids.

The Zoning approval is for the information of the Board of Street Commissioners and for the protection of the applicant; it is preliminary to the Board hearing and it cites the use which is permitted in the premises. It is not a building permit.

At the present time there are no applications for building permits for these locations before this department. In the event, however, that any such applications are filed the department will have no option but to issue permits if the applications and plans conform to the requirements of law.

Section 111 (a), chapter 479 of the Acts of 1938 as amended, the Boston Building Code, provides as follows:

"If the commissioner is satisfied that the work described in an application for permit conforms to the requirements of this code and other pertinent laws and ordinances . . . the commissioner shall issue a permit therefor to the applicant."

Very truly yours,
JOHN J. MAHONEY,
Building Commissioner.

Placed on file.

RESURFACING OF BOSTON STREET, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 12, 1949, concerning the resurfacing of Boston street, Ward 7, from Andrew square to Edward Everett square.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 10, 1950.

Mr. Thomas Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works resurface Boston

street, Ward 7, from Andrew square to Edward Everett square, removing or covering up the present streetcar tracks, and this will advise you that this work will be placed on the list to be given consideration by the Highway Division of the Public Works Department.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CONSTRUCTION OF OAKWOOD AVENUE, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, January 12, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 19, 1949, concerning the construction of Oakwood avenue, Ward 17.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 10, 1950.

Mr. Thomas Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works construct Oakwood avenue, Ward 17, and this is to advise you that this street has been laid out as Capen place, Ward 17. This work will be placed on the list to be given consideration by the Highway Division of the Public Works Department.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

EVENING HEARINGS ON BUDGET.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Budget Commissioner relative to your order of January 9, 1950, concerning the holding of budget hearings in the evenings in the Council Chamber.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Budget Department, January 13, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I am in receipt of an order passed by the City Council at its meeting January 9, 1950, which reads as follows:

"Ordered, That the Budget Commissioner and the Chairman of the Appropriations Committee of the City Council be requested, through his Honor the Mayor, to hold the budget hearings in the evenings in the Council Chamber so as the people of Boston may be present and see the breakdowns that account for the tax rate they are so concerned with."

To the best of my knowledge, the City Council, through its Committee on Appropriations, fixes the time and place for the budget hearings. As in the past, this department will cooperate to the fullest extent with the Committee on Appropriations.

It has been the policy over the years for the Committee on Appropriations to hold budget hearings during office hours, for the reason that department heads, their fiscal clerks and records are readily available. Budget schedules are very difficult to maintain, because it is practically impossible to estimate the elapsed time for hearing each individual department. This situation has resulted in postponements and substitutions, which, while rather difficult to adjust when the hearings are held during office hours, would be doubly difficult if hearings are held after the regular office hours.

Very truly yours,
JOHN A. SULLIVAN,
Budget Commissioner.

Placed on file.

REPORT OF COMMITTEE ON RULES.

Coun. P. A. TRACY, for the Committee on Rules, submitted the following:

The Committee on Rules, having considered proposed rules for the years 1950-51, submits a report with the following recommendations:

That the rules for the years 1948-49 be amended in Rules 14 and 25, and, as amended, said rules be adopted as the rules of the City Council for the years 1950-51. Said amendments are set forth in the following paragraphs:

RECOMMENDATIONS OF RULES COMMITTEE RELATIVE TO CHANGES IN RULES OF CITY COUNCIL.

Rule 14. After the word Committee, at the end of the second paragraph, insert the following sentence: "The Committee shall have the power to determine what person or persons other than a member of the Council shall appear before the Committee."

Rule 25, Clause (9). After the word Council, the second line of said clause, strike out all remaining part of said clause and insert the following words: "To whom shall be reported all matters concerning Veterans' Affairs."

The report was accepted. Councilor Hannon moved to recommit the proposed amendments to the Committee on Rules for the purpose of giving each member of the Council a copy of the proposed changes. The motion was lost.

Coun. SULLIVAN in the chair.

On motion of Councilor Cook to adopt the amendment to Rule 14, the motion was lost. The question then came on the adoption of amendment to Rule 25, and the amendment was adopted. The rules as amended were adopted.

PROHIBIT USE OF STEAM LOCOMOTIVES.

Coun. CHASE, SHANLEY, and YERXA offered the following:

Whereas, There is pending before the Legislative Committee on Transportation House Bill 1044, which if enacted into law, would prohibit the use of steam locomotives in the City of Boston and would compel the railroads to either electrify or dieselize their locomotives used within Boston; and

Whereas, The present use of steam locomotives in Boston causes a smoke nuisance and is detrimental to health and property; be it

Resolved, That the Boston City Council in regular meeting assembled, respectfully urges the Legislative Committee on Transportation to adopt a favorable report on House Bill 1044, and be it further

Resolved, That a copy of this resolution be sent to the Legislative Committee on Transportation.

The resolution was adopted under suspension of the rule.

RECESS.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the cleaning of windows during the year 1950 at the Central Library Building and at 23 other buildings as specified in the specifications.

The work is to be done by either of the following means: (1) ladders; (2) scaffold. The applicable revised rules and regulations appearing in Industrial Bulletin No. 21, established by Department of Labor and Industries, Division of Industrial Safety, are to be in effect. The Contractor must indicate which of the above-mentioned means he proposes to use.

Proposals will be received until 12 o'clock noon, Thursday, February 9, 1950, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Copley square, Boston. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A certified check in the sum of \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, shall be submitted with the copy of the proposal filed with the Awarding Authority. The certified check shall be in a separate envelope, properly marked.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, January 30, 1950, at the Business Office of the Boston Public Library.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,

by ELIZABETH B. BROCKUNIER,
(Jan. 28.) Clerk.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS TO OUT-PATIENT BUILDING (DENTAL UNIT) AT THE BOSTON CITY HOSPITAL, BOSTON, MASS.

The Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for alterations to Out-Patient Building (Dental Unit) at the Boston City Hospital, Boston, Mass.

Proposals will be received until 12 o'clock noon, Eastern Standard Time, Thursday, February 9, 1950, at the office of the Superintendent of the Boston City Hospital, 313 Harrison Avenue, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High Street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Superintendent of the Boston City Hospital, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the Superintendent of the Boston City Hospital.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the architect, the John M. Gray Company, 175 High Street, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

Subbids will be taken on the following portions of the work:

- A. Heating, Ventilating, and Air Conditioning.
- B. Plumbing.
- C. Electrical.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 noon, Eastern Standard Time, Tuesday, February 7, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the subbidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn

prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

MAYOR JOHN B. HYNES PREDICTS BUDGET THIS YEAR WILL NOT BE MUCH INCREASED OVER LAST YEAR, IF AT ALL—OUTLINES ONE MONTH'S ACHIEVEMENTS UNDER HIS ADMINISTRATION AND HOPES FOR OTHERS—ALREADY EFFECTED A SAVING OF \$50,000 IN CONTRACT AWARDS, WITH PRUNINGS TO BE CONTINUED SO AS TO HOLD TAX RATE AS LOW AS POSSIBLE—PROMISES GREATER RESULTS IN SECOND YEAR IN OFFICE—SAYS CITIZENS WILL BE SATISFIED WITH ACCOMPLISHMENTS WHEN TWO-YEAR TERM ENDS.

MAYOR ASKED BY GENERAL MACARTHUR TO WELCOME VISITING MEMBERS OF JAPANESE DIET.

The following telegram has been received at the Mayor's office:

"Hon. John B. Hynes, Mayor of the City of Boston, Boston, Mass.

ZEBRA THREE FIVE THREE ZERO SEVEN. A DELEGATION OF MEMBERS OF THE JAPANESE NATIONAL DIET WILL SHORTLY VISIT BOSTON IN THE COURSE OF A BROAD SURVEY OF AMERICAN DEMOCRACY IN ACTION. KNOW THAT THERE WILL COME FROM THIS VISIT TO YOUR GREAT CITY, SO LONG IDENTIFIED IN THE FOREFRONT OF LEADERSHIP IN THE EVOLUTION OF AMERICAN DEMOCRACY, MUCH WISE COUNSEL AND INSPIRATION AND TO SUCH END I SHALL BE MOST GRATEFUL FOR YOUR PERSONAL ASSISTANCE. CORDIAL REGARDS.

Signed MacArthur,
Supreme Commander for the Allied Powers, Tokyo, Japan."

MAYOR HYNES NAMES CONSTABLES TO SERVE CITY—CUTS LIST BY 20 FROM LAST YEAR'S NUMBER.

The following communication has gone forward from the Mayor's office:

To the City Council.
GENTLEMEN:

Subject to confirmation by your Honorable Body, I hereby appoint the following-named persons as Constables of the City of Boston, without authority to serve civil process and to serve without bond, for the term ending April 30, 1950.

Respectfully,

JOHN B. HYNES, Mayor.

■ Harry A. Abrams, 52 Lindsey street, Dorchester.

Patrick Barrett, 202 South street, Jamaica Plain.

Frank Bevilacqua, 172 Salem street, Boston.

Phillip P. Bryan, 18 Alhambra road, West Roxbury.

(Continued on page 88.)

The following is the address of Mayor John B. Hynes before the Boston Rotary Club on Wednesday, February 1:

When I was asked to come here today, it was suggested that I might talk to you about Boston and what the second half of the twentieth century holds in store for New England's capital. But after reading that the atomic bomb already is old-fashioned and out-of-date, I am beginning to wonder if anyone can predict what Boston will be like a half century from now. I suspect that it would take someone with far greater powers than I possess for peering into the future to tell you what is in store for our city for the next 50 years.

A well-known gentleman whom I succeeded in office insists that he'll be running for Mayor for at least another 50 and possibly 75 years. After some of the things I have seen happen, I would not even forecast that won't come true. I can assure you, however, that John Hynes won't be running against him in the year 2,000.

Seriously, however, when I received your invitation to speak to you today, I felt I should come here to let you see what I look like, to tell you some of the things we are trying to do at City Hall, and to ask you to help in our efforts to try to make Boston a better city for those who live and work here. I believe I can say to you in all sincerity that to some extent Boston's course in at least the early part of this half of the century may well be shaped by the manner in which we meet our responsibilities in the next few years.

Need Help to Move Ahead.

We are at a crucial point in our city's history, and if it is to move ahead we must give it a push to help get it started. As I was jotting down a few thoughts to outline to you, the idea occurred to me that the people of Boston must be getting a little weary of hearing me make speeches. In the past month, I delivered the traditional inaugural address at Symphony Hall and what amounted to a second inaugural at the customary luncheon given by the Chamber of Commerce to a new Mayor of Boston.

(Continued on page 87.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR HYNES' ROTARY CLUB SPEECH PRE-DICTS HUGE SAVINGS TO CITY IN AWARD OF CONTRACTS.

(Continued from page 85.)

Along with those two lengthy speeches, I have made perhaps 20 other talks to various groups, all in the course of one month. But when I was elected I was told that the time to start worrying is when I stop getting invitations to make speeches, so perhaps I should adopt the attitude that I can stand it if you can.

FINANCIAL CONDITION.

What most of you probably would like to know is what we have done at City Hall during the first month of my administration. As you undoubtedly realize, the number one problem of my administration is the city's financial condition. Because of the tremendous commitments and obligations which I inherited when I became Mayor, the problem to which I have been giving and still am giving the major part of my attention is that of preventing an excessive jump in our tax rate. One observation which I can make to you on the basis of my experience of a month is that it is much easier to spend money than it is to save it. However, we have undertaken an extensive program to save every possible dollar. And I am able to report to you that we are making some progress.

One of our first steps after I became Mayor was to reject the snow removal bids which had been submitted to the previous administration and to advertise for new prices. We felt we could get lower figures than had been quoted. That proved to be correct. As a result of the new bids we were able to award our snow contracts at substantially lesser prices than were paid last year.

How big a saving that will represent will depend on how much snow we get during the remainder of the winter. While I don't want to incur the displeasure of any of you who may be winter sports enthusiasts, I am hoping against hope that we have had our last snowstorm of 1950 and that we won't have to call our snow removal contractors out at all.

SAVED \$50,000 ALREADY.

That, of course, is unlikely, and if we do get any severe storms this month, those new bids will make a big difference in the size of our snow-removal bill. This week we completed negotiations that resulted in a saving of between \$50,000 and \$60,000 in the cost of collecting and disposing of the city's rubbish and waste. The city now has 20 fewer constables in its employ than was the case a month ago. Their salaries amounted to \$40,000 a year.

A sizable number of temporary employees who, to put it politely, were not indispensable and were not performing essential services have been dropped when their terms expired. They were not fired in the strict sense of the word. They simply were not reappointed when their terms ran out. I have not compiled any exact figures as to the amount of their salaries, but they would total at least \$200,000 a year—possibly more.

For the past month, I have held a series of conferences with the city's Budget Commissioner and other department heads on the proposed budget allowances for the various municipal departments. Our efforts have been

devoted almost entirely to pruning estimates and to effecting all the cuts which could be made without impairing necessary public services.

Perhaps I should explain that, on July 1 of last year, salary increases of \$300 a year were granted to all city, county, and school employees. They had to be covered for only a six-month period in the 1949 budget, but they will be in effect for the full twelve months of this year, and they will represent an added expense of more than \$3,000,000.

NOT MUCH HIGHER BUDGET.

I am not prepared at this time to tell you how much the 1950 city and county budget will be. As a matter of fact, I intend to put a few finishing touches on it before it goes to the City Council next Monday. But I can tell you that it will not be much higher than last year's budget, as was originally feared and anticipated. All in all, I believe we are making an encouraging approach to the city's financial problem. We will not show any spectacular or sensational results this year. But we will make a start in the right direction, and we will be able to show some results.

My term, of course, is only for two years. That is a short period in which to accomplish any effective changes in the administration of a great city. But I am confident that before the end of next year the people of Boston will be satisfied that real results are being achieved at City Hall.

A special administrative committee is now starting a study of the recommendations contained in the various Finance Commission survey reports for improving the operating procedures and methods in the municipal departments in order to bring about a more efficient and economical conduct of the city's business. Some of those changes could be made only if authorization were granted by the State Legislature. Others are within our own power to make. The purpose of the work by the special committee is to determine which of the proposals would work effectively in practice as well as theory. As the committee studies and screens the vast number of suggestions, discarding those which are impractical and selecting those which are worth while, we will make changes in outmoded practices and procedures. I believe, there are many valuable suggestions in the reports drafted by the Finance Commission survey experts. We intend to take full advantage of them.

MOVING SLOWLY BUT SURELY.

We are moving slowly because we want to be sure of our ground and because we want to be certain that *when we move we are moving in the right direction*. We don't expect to accomplish any miracles overnight. We realize the task is both tremendous and difficult. *But we are endeavoring to approach it in an effective and thorough manner*. One of the changes we have already made was to establish a Motor Vehicles Division in the city's Public Works Department.

There are five main divisions in that department—the Highway Division, the

Sewer Division, the Sanitary Division, the Water Division, and the Bridge and Ferry Division. Each division had its own fleet of vehicles. Except in an emergency the trucks of one division were not available to another division. One division might be short a truck for necessary work while another division had two or three trucks standing idle in a city yard. There was no real program for coordinating that equipment in order to obtain the greatest possible use and service from it.

That system has been changed. Now all the public works department motor equipment is under the jurisdiction of one man, and the various divisions draw from a pool. A truck that is working today hauling snow for the Highway Division might be used next week by the sewer or street-cleaning forces. We believe that system will make it possible for the Public Works Department to get along with a smaller number of vehicles at a correspondingly lesser expense.

I merely cite that as an example of what we are trying to do at City Hall, of our efforts to eliminate waste and to see that the taxpayers' dollars are spent both wisely and well.

TRAFFIC PROBLEMS.

For years one of Boston's greatest headaches has been its parking and traffic problem. I think we are finally on our way to solving that problem. We are attacking it from several sides.

Our program for the establishment of off-street parking facilities, authorized by the Legislature back in 1946, is now being pushed with all possible speed. In addition, I have a bill now pending before the Legislature, seeking permission to undertake a second \$5,000,000 program.

For those of you who may properly ask how the city can afford to finance such a program, may I say that it is both my hope and belief that it will be completely self-supporting and that it will impose no burden whatever upon the taxpayers. The proposed new super-highway across the city, which is to be built by the state, should take the through traffic off our most heavily used streets, greatly relieve congestion, and make possible a much easier movement of travel for those who wish to come into the city to do business.

A group interested in building an underground garage beneath the Common, with spaces for 4,000 automobiles, have informed me that within the next three weeks they expect to arrange the financial backing to undertake the \$10,000,000 project. That, incidentally, is an undertaking that will be financed entirely with private capital. The city would spend nothing and would receive a rental amounting to 2 per cent of the garage's gross receipts for the use of the area under the Common.

The city's traffic experts express the opinion that the installation of 2,600 more parking meters in the downtown area, the Back Bay, and in certain of the outlying shopping centers would ease the parking situation, put an end to all-day parking at those locations, and provide some added revenue for the city. On the strength of their advice I have authorized purchase of the meters.

Gradually, I believe, the parking and traffic problem will begin to show real signs of improvement—not tomorrow or the next day—but in the reasonably near future.

BOSTON'S FUTURE.

Now may I say a word about the future of Boston.

One of the purposes of this administration is to work as closely and as harmoniously as possible with the business and industry of our city. It is my hope that we will be able to work together and pull together. We should be able to, because we're on the same team and working for the same objective.

Anything this administration can do to help the business and industry of the city will be done, for obviously Boston can be a prosperous city only if its business and industrial life is strong and healthy. We intend to cooperate to the fullest in the Jubilee being planned by the Chamber of Commerce. Endeavors such as that will help to build Boston, and they deserve the support of all of us.

Now I know that most of you can afford to spend only a limited amount of time here and that you want to get to your own offices and businesses.

ASKS HELP IN SELLING BOSTON.

But, before you go, may I make one final appeal to you. This administration asks your help in selling Boston, in advertising its assets and its good features. Unfortunately, our city at times has received poor publicity in the rest of the country. Some of it, perhaps, could not be avoided. Some of it, undoubtedly, has been unwarranted. I urge that you gentlemen assume the role of goodwill ambassadors for Boston. Spread a good word about it when you're visiting in other sections. Talk about some of the things we have to offer the rest of the country. Surely we should be able to talk as long and as loud as the Rotarians from Texas, California, or Florida.

Boston's future in the second half of the twentieth century, in my opinion, will be bright. We are gradually producing the evidence to show the businesses and industries we now have that they should stay here. And it should not be too long before we will be able to convince industries and businesses in other sections of the country that we have much to offer them and that they should come here. If any of you gentlemen have any ideas for improving our city or for getting a new business to come here, send them along to us at City Hall. We are open to any suggestions, and we welcome them.

We want your help and your support because working together and pulling together we can achieve a BIGGER and BETTER BOSTON. Thank you.

LIBRARY DEPARTMENT.

BOSTON, January 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested for entering into a contract with Ames, Child & Graves, 50 Beacon street, Boston, for architectural services in the year 1950. The cost for such services during 1950 will be in excess of \$1,000 because of an extensive amount of work which will be required of the architects in connection with certain reallocations of departmental space which are under way in the Central Library Building for the purpose of improving library service to the public. The architects' professional services consist of necessary conferences, preparation of preliminary studies, working drawings, specifications, large scale and full size detail drawings, drafting of forms of proposals and contracts, and the general administration of the business and supervision of the work required by the trustees.

In view of the fact that Ames, Child & Graves have been the consulting architects for the library for over nine years and that their work has been satisfactory to the trustees in every respect, the Trustees of the Public Library have "Voted, That there be entered into a contract with Messrs. Ames, Child &

Graves, 50 Beacon street, Boston, for architectural services in the year 1950, in accordance with the standard provisions of the American Institute of Architects, the total fee thus charged not to exceed ten (10) per cent of the total cost of the work and not to exceed five thousand dollars (\$5,000) for the year 1950."

Inasmuch as the expected expenditure for architectural services in the year 1950 will exceed \$1,000, the sum above which there must ordinarily be public advertising for competitive bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids. This is a case in which there would be no useful purpose served by such public advertising. Therefore, your permission is hereby respectfully requested to dispense with such public advertising.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

FRANK W. BUXTON,
President.

PARK DEPARTMENT.

BOSTON, January 24, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

An inspection of trees under the care of this department, made last fall, shows that there were approximately 225 elms in various sections of the city found to be infested with Dutch Elm disease. In October of last year a contract was given for the removal of approximately 140 of these trees. This work has been practically completed and it is now imperative that we take immediate steps to remove the remaining 85 trees and about 21 more that have since then been found to be afflicted with the same disease, making a total of 106. They must be removed and burned at once, before the trees begin to bud. Otherwise, with the coming of spring, the Dutch Elm beetle will hatch from the old trees and afflict many healthy trees throughout the city.

We have had considerable experience in tree removal work with Superior Tree Service, Inc., and we find that they are very reliable tree contractors and that their rates are fair and just. Furthermore, they have all the proper equipment required and the trained personnel for the removal of large trees.

I therefore request your approval of the award of a contract, without publicly advertising for bids, to Superior Tree Service, Inc., 15 Littlejohn street, Arlington, Mass., for the removal of approximately 106 trees in the city where directed, all to the satisfaction of this department and on a basis of allowable rates per hour for tree men and \$1 per hour for a one-half-ton truck with driver, and other necessary equipment at the regular city rates. The cost of the work under this contract is not to exceed \$10,600, and is to be charged to B-42, in the Park Department budget.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

SUPPLY DEPARTMENT.

BOSTON, January 18, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the City Clerk's office

for 92 rolls Record Duplex Paper, Grade H. H., size 11½ inches x 300 feet.

It is requested that authority be granted me to award a contract, without public advertisement, to The Haloid Company, Rochester, New York. This company is the sole manufacturer of the paper requested, and therefore no advantage would be gained from a public advertisement for bids.

Total amount of contract is \$3,735.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 24, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract, without public advertisement, to New England Coke Company, 250 Stuart street, Boston, for furnishing 160 tons of stove size coke to the House of Correction, Deer Island, at a price of \$17.90 per net ton delivered with a 2 per cent cash discount for payment in fifteen days.

The price stipulated may be increased or decreased by any change in maximum price by reason of any regulations approved by Federal authority applying to this class of business; or the price may be increased by the amount of any increase in the cost of production of New England coke, in the cost of transportation of such coke and by the amount of any tax imposed upon the sale thereof.

The City of Boston is paying the same price for coke as that which was quoted by New England Coke Company in their letter to this office dated January 11, 1950. Therefore no advantage will be gained by publicly advertising for bids.

Total amount of contract is \$2,864, less discount as stated above.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 25, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract, without public advertisement, to the Worcester Pressed Steel Company for furnishing 300 cold rolled pressed steel hydrant hoods (high pressure) to the Water Division of the Public Works Department.

The Worcester Pressed Steel Company owns the dies and tools for forming these hoods and this office has been advised by the Water Division that it is the only concern that can furnish the hoods. Therefore no advantage would be gained from a public advertisement for bids.

Approximate total amount of contract is \$3,885.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

SUFFOLK COUNTY COURT HOUSE
COMMISSION.

BOSTON, January 23, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MAYOR HYNES:

The Court House Commission requests permission to issue service orders for February and March, without advertising, to the Otis Elevator Company for elevator

service in the sum of \$918 per month in accordance with their proposal dated December 1, 1949.

The commission intends to enter into a contract for this service after the regular appropriation becomes available.

Very truly yours,

THOMAS P. McDAVITT, *Chairman.*

MUNICIPAL COURT, CITY OF BOSTON.

BOSTON, January 18, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

MY DEAR MR. MAYOR:

I enclose letters from the civil and criminal clerks of this court, in which they request your Honor to dispense with the necessity of advertising for bids for the printing necessary to their respective offices. I approve their requests and hope they will be granted.

Very truly yours,

DAVIS B. KENISTON,
Chief Justice.

MUNICIPAL COURT (For Civil Business).

BOSTON, January 13, 1950.

HON. DAVIS B. KENISTON,

Chief Justice.

MY DEAR CHIEF JUSTICE:

With reference to section 1, chapter 156 of the Acts of 1939, requiring a written contract for purchases in excess of \$1,000, or approval by his Honor the Mayor to dispense with contract formality, I wish to advise that no one item to be purchased by this office will amount to \$1,000.

The different forms of writs, certificates, executions, summonses, etc., of which there are 140, are purchased from time to time as needed, as there is no manner in which an estimate could be made of the number of any one form to be needed during a given period.

The largest item needed annually is the docket, and the cost of having these printed and bound is in the vicinity of \$600.

I know of no way in which these various purchases could be combined to amount to \$1,000, and therefore feel that this office should be exempt from the requirement of a written contract.

Sincerely,

EDMOND J. HOY,
Clerk of the Court.

MUNICIPAL COURT (For Criminal Business).

BOSTON, January 12, 1950.

HON. DAVIS B. KENISTON,

Chief Justice.

MY DEAR MR. CHIEF JUSTICE:

I respectfully submit herein reasons for exemption of this office from chapter 156, Acts 1939. No one or several items purchased by this office will amount to \$1,000, with the exception of the purchases of various dockets and indexes. These various dockets, consisting of Domestic Relations, Drunk, General, Released Drunk, Inquests, and Traffic Violations differ in many respects and it would be impossible to class them in one contract. The dockets used in the Parking Violations are of a greater variance from the rest, so this would have to be treated as an individual item. It would take many orders over a period of months in the printing of our forms to total the amount of one thousand dollars (\$1,000). There is no possible way to estimate the number of the arrests or cases brought by summons that would appear before this court.

The statistics of this court will show that there is a variance each year, sometimes increasing and sometimes decreasing, the increase or decrease not being consistent enough to set a figure for a certain amount of forms that would be needed for the particular offences. Again I would call to your attention that the printing of these forms should be done by a printer with great experience.

Very truly yours,

DANIEL J. LYNCH,
Clerk of the Court.

MUNICIPAL COURT, WEST ROXBURY DISTRICT.

BOSTON, January 25, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

It is requested that advertising be dispensed with in the following items, for the reasons stated:

B-4, Transportation of Persons. Prisoners are now committed by the court officers, by order of the Justice. Probation officer's travel and expenses. (Three.)

D-1, Office Supplies. Covers all dockets, account books, stationery, printing, and postage.

Respectfully yours,

GEORGE B. STEBBINS,
Clerk of Court.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 23, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

APPOINTMENT OF JAMES J. MAHAR.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1950.
To the City Council.
Gentlemen:

Under the provisions of section 26L of the Housing Authority Law of the Commonwealth (as inserted in chapter 121 of the General Laws and as amended by section 1 of chapter 574 of the Acts of 1946), I hereby appoint James J. Mahar, 129 Gallivan Boulevard, Dorchester, to be a member of the Boston Housing Authority for the term expiring January 8, 1955, vice Cornelius P. Cronin, term expired.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That the appointment by his Honor the Mayor of James J. Mahar to be a member of the Boston Housing Authority for the term expiring January 8, 1955, he and hereby is, confirmed and approved.

Referred to Committee on Confirmations.

FLOODING OF MARCELLA STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of January 9, 1950, concerning the flooding of the Marcella street playground for ice skating.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, January 16, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memorandum from your office with attached City Council order requesting that the Park Commission flood the Marcella street playground for ice skating.

I have had an investigation made of this playground and its suitability for ice skating by the Chief Engineer and he reports to me that because of ledge conditions that the surfaced area of the John J. Connolly Playground, known as Marcella street, was originally designed to pitch all in one direction, toward Ritchie street and the Public Works service yard which is located adjacent to the playground.

Because of this condition, it is impracticable for skating purposes as the area will not hold the water, and because of this reason this department has never attempted to flood this area.

Very truly yours,
FRANK R. KELLEY, Chairman.

PERMITS FOR SIDEWALK OPENINGS AT 56 BEECH STREET AND 426 BELGRADE AVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 19, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Department relative to your order of January 3, 1950, concerning the refusal to grant any permits for sidewalk openings at 56 Beech street and 426 Belgrade avenue, Ward 20.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 18, 1950.

Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council on January 3: "Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to refuse to grant any permits for sidewalk openings at 56 Beech street and 426 Belgrade avenue, Ward 20."

Up to the present time, no permits have been requested for the above-referenced locations.

I have instructed the engineer in charge of the Permit Office, however, to refer any permittees to me, when and if applications are made for any permits for sidewalk openings at these locations. At such time, it is my intention to ask the Corporation Counsel if I have the authority to reject such applications.

If his opinion is in the affirmative, I assure you that I shall give consideration to complying with the provisions of the above-referenced order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

INCREASED WATTAGE FOR ELECTRIC STREET LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, January 19, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of January 9, 1950, concerning the increasing of the wattage on existing electric lights and also on electric lights to be installed in the future.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 18, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council on January 9: "Ordered, That his Honor the Mayor be requested to instruct the Commissioner of Public Works to increase the wattage on existing electric lights and also on electric lights to be installed in the future."

While many sections of the city are not lighted in accordance with accepted standards, we cannot undertake any general increase in the size or wattage of the existing electric lights, because of existing economic conditions.

The following tabulation shows the cost of electric street lighting and gas lighting for the years 1940, 1945, and 1949:

YEAR.	ELECTRIC.	GAS.	TOTAL.
1940	\$726,352 67	\$191,239 77	\$917,592 44
1945	\$747,201 50	\$208,875 07	\$956,076 57
1949	\$881,593 61	\$278,922 35	\$1,160,515 96

It is obvious that the cost of street lighting in this city has increased progressively and rather substantially in the past nine years, despite the fact that in this period the Boston Edison Company has not increased its rate, except for a fuel charge. In 1949 this fuel charge amounted to \$34,016.72 for electric street lighting and \$25,788.56 for gas lights.

At the present time, the Boston Edison Company is preparing a petition, to be filed with the Department of Public Utilities, requesting an increase in the schedule of rates charged to the various cities and towns in the metropolitan area for street lighting. This petition might be acted upon favorably by the Department of Public Utilities, and there is no way of telling at this time the extent or amount of such an increase. In view, therefore, of all circumstances, I do not feel that we would be justified in further increasing the cost of street lighting by adopting a program which will provide for an increase in the wattage of all existing lights located in our city.

I would appreciate being informed, however, of any particular sections in the city where the street lighting facilities are so obviously inadequate as to constitute a hazard to the residents. In such cases, and to the extent of the budgetary appropriations, I assure you that I shall do everything within reason to remedy the particular condition.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REPLACEMENT OF ALL GAS STREET-LIGHTING BY ELECTRICITY.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner, relative to your order of January 9, 1950, concerning the changing of the lighting contract for gas lamps by cancellation or otherwise, so that immediate replacement of all gas lamps throughout the city by adequate electric lights will take place.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 23, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council on January 9:

"Ordered, That the Corporation Counsel and the Public Works Commissioner be requested, through his Honor the Mayor, to take such steps as are necessary to change the lighting contract for gas lamps by cancellation or otherwise, so that immediate replacement of all gas lamps throughout the city by adequate electric lights will take place; and to advise the council of their action."

At the present time, there are approximately 7,050 gas lamps used in the city for street-lighting purposes. Recently, I discussed with officials of the Boston Edison Company the possibility of eliminating the major part or all of the existing gas lamps and replacing them with electric lights. I was informed that it would be impossible to discontinue approximately 4,500 gas lamps, because of the prohibitive costs involved in substituting electric street lights. The latter-referenced condition is caused by the fact that the Boston Edison Company has no facilities available in the streets in which these 4,500 gas lamps are located. The existing Edison facilities in these areas are located on rear lot lines, and it would be necessary, therefore, for them to provide, at the expense of the city, additional and costly facilities in the streets where the above-referenced 4,500 lamps are located.

We have made tentative arrangements, however, with the officials of the Edison Company to replace the 2,500 other gas lamps by instituting a program of approximately 1,000 replacements a year for the next two and one half years. We cannot provide for a more accelerated program in this connection because it costs the department approximately \$53 for the removal of every existing gas light. Under the circumstances, therefore, we shall have to provide approximately \$50,000 a year for the next two years to discontinue 1,000 street lamps each year, and approximately \$25,000 in the third year to remove the remaining 500.

In brief, it would be most impractical to consider discontinuing approximately 4,500 of the 7,050 gas lamps now located in the streets of Boston, due to the prohibitive cost. The remaining 2,500 lamps will be discontinued and electric lights substituted in the next two and one half years, the cost of the latter-referenced program to be approximately \$125,000.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON HOUSING AUTHORITY CONTRACTS.

The following was received:

City of Boston,
Office of the Mayor, January 19, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority, relative to your order of January 9, 1950, concerning the naming of the number of contracts awarded to firms of which Mr. Coleman is an officer or interested in.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority.
January 16, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In answer to the City Council order of January 9, 1950, in which they request, through you, that the Chairman of the Boston Housing Authority be requested to name the number of contracts awarded to firms of which Mr. Coleman is an officer or interested in, the following are the facts:

Mr. John Coleman is not an officer or stockholder in any company that the Boston Housing Authority has ever awarded a contract to. As to other interests, I am interested in all concerns that have done work for the Authority and believe it is only my duty as a member of the Authority and in the best interests of the citizens and the City of Boston.

Very truly yours,
JOHN J. COLEMAN, Chairman.

NAMING OF STREET IN HONOR OF ROBERT J. LOWNEY.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the Board of Street Commissioners, relative to your order concerning the naming of the service street now in process of

construction between Bunker Hill street and Adams street, Charlestown district, in honor of the late Robert J. Lowney, U.S.N.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
January 17, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your recent communication of January 12, enclosing copy of Council order of January 9, 1950, requesting that the name of the service street now in process of construction between Bunker Hill street and Adams street, Charlestown district, be named in honor of the late Robert J. Lowney, U.S.N., I beg to advise that as soon as said way is turned over to the City of Boston by the Mystic River Bridge Authority, the order shall receive the immediate attention and consideration of this Board.

Very truly yours,
L. W. COSTELLO, Secretary.

Metropolitan Transit Authority,
January 13, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

On January 5 we received a communication from you relative to construction of the Shawmut avenue subway extension, to which we replied as follows:

"In reply to your communication of January 5 asking for consideration of order relative to construction of the Shawmut avenue subway extension, may I say that the survey groups have been at work on this since the Metropolitan Transit Authority took over the Boston Transit Department, and the preparation of drawings will follow after this phase of the work is completed.

"This is a large undertaking and is proceeding in an orderly manner," which covers the January 12th communication we have just received with regard to the same matter.

Re: Council Order Dated January 9, 1950, Requesting that a Study Be Made as to the Advisability of Making Wellington Hill Street and Goodale Road One-Way Streets.

Dear Sir:

In further reply to the above Council order, and my reply of January 16, 1950, the following is a report from our engineer:

"Wellington Hill street is a long, circuitous street with parking prohibited in the northwest side from Goodale road to Deering road, 24 hours. Goodale road is 800 or 900 feet long. Persons living on either of these streets would have to travel long distances either coming to or going from their homes. The area is residential and I respectfully recommend no action until such time as a majority of the residents petition for one-way streets."

Upon receipt of petitions from the residents the matter will be placed before the full Board for further consideration.

TRIBUTE TO DEPUTY SUPERINTENDENT MICHAEL J. DOWNEY

The Superintendent read the following tribute to Deputy Superintendent Michael J. Downey from his associates on the Board of Superintendents:

The month of December, 1949, marks the completion of twenty-five years of service by Michael J. Downey as a member of the Board of Superintendents of the Boston Public Schools.

As an expression of tribute to Mr. Downey, his associates on the Board of Superintendents are happy to join in acclaiming the splendid quality of his many contributions to the welfare of the Boston public schools during the past quarter century. His broad experience, sound judgment, and whole-hearted professional spirit have been among the substantial assets of our school system, and have earned for Mr. Downey an admirable standing in the field of education.

To these felicitations his fellow members of the Board of Superintendents are pleased to add sincere good wishes that many added years of health and happiness may be enjoyed by Deputy Superintendent Michael J. Downey.

Chairman: I think it would be nice if the School Committee would supplement this very nice tribute by the Board of Superintendents with regard to Mr. Downey, and the Chair is willing to receive any suggestion that might come from this very honorable Board.

Mr. White: I would like to say for the record that the testimonial of the Superintendents expresses very definitely and clearly the same opinion I have of Mr. Downey's services.

Mr. Ward: For the record, I acquiesce, and I move that we pay all tribute to Mr. Downey.

Mr. McDevitt: Mr. Chairman, I concur in that sentiment.

On motion of Mr. Muchnick it was unanimously agreed that a

copy of this tribute be sent to Deputy Superintendent Downey.

TEACHER COACHES

The Superintendent submitted nominations of Teacher Coaches for the junior high and elementary schools.

Mr. Ward: I want to know how these teacher-coaches are appointed—from an examined list or what?

Superintendent: Mr. Gillis, would you answer that?

Mr. Gillis: Mr. Chairman, Mr. McKenney writes out to the school and asks the master to accept applications from the teachers in his school who are interested in the position and to submit their qualifications. The master sends to Mr. McKenney his recommendation based upon the qualifications as submitted, and Mr. McKenney has on file in his office the qualifications of these men.

Mr. White: Mr. Ward has brought this matter to the attention of the School Committee for which I am glad, because I think last fall I questioned the approval of a similar list but it was necessary at that time to approve the list because it was then the beginning of the athletic season.

Mr. Muchnick: It was the middle of the season.

Mr. White: I guess it was. It was after the season had started. We asked the question—whether this was the only list of candidates appointed without a list or without the direct nomination of the Superintendent, and he said these names had come to him.

They had not come to the School Committee in conference, and these names did not come to us in conference even today.

As a matter of fact, these appointments are made now in identically the way we said would never happen again. They are made in the same identical manner as the Guidance Counselors were appointed. Isn't that so?

Superintendent: These are temporary appointments.

Mr. White: We agree, but they turn out to be permanent, Mr. Superintendent. If you can tell me that a per diem man who has been on the job for twenty-eight years is not on a permanent job, I would like to know who is. Certainly they are per diem because they are paid by the number of days they work a year. Isn't that so?

Superintendent: That is true.

Mr. White: They all average identically the same amount of money at the end of the year. Isn't that so, Mr. Smith?

Business Manager: Yes.

Mr. White: I am not sure that I have ever been notified as a member of this Committee in a dozen years that there has been any difference in salary of even one single day for any of these men, so I assume that they are permanent.

Mr. Ward: In this particular manner in which the teacher coaches are appointed, they are actually appointed on the recommendation of the principal or the head master of the school. I probably am not as well versed in sports as many people in this room, but I cannot for the life of me understand why we can see men like Shanty Hogan, Lennie Morello, Al Spohrer, Joe Dugan, who know baseball, who can teach baseball, and who are walking the streets and would be available for service in this school system if we would bring that type of man in to teach our children baseball instead of taking a man who is a favored choice of a principal or a head master in a school; and he, with no qualifications, perhaps, in many instances, becomes the coach of that particular school and automatically gets that extra compensation. He coaches, and what have we got?

I can say, no doubt, that many men whom Mr. White could probably show you in football are walking the streets today in spite of the fact they have been stars at Notre Dame and Boston College and Harvard University, and they could come in and teach football to our boys; but here we take a teacher coach who has a certain time during the day that he has to be in the classroom, and after school for a half-hour or an hour he runs out with the boys and teaches them whatever his knowledge might be of baseball or football or basketball or hockey.

I cannot understand that when you have men available such as the men I have named—Shanty Hogan, who made a reputation as a catcher for the New York

Giants; Joe Dugan, a third baseman for the Yankees, and Lennie Morello right from East Boston who played with the Chicago Cubs only two years ago. I would rather see those men teaching baseball than see somebody else who is teaching because he is a favored friend of a head master or a principal.

Mr. White: I suggest that these nominations be held over for a subsequent meeting, Mr. Chairman.

Chairman: The nominations are held over.

Mr. Muchnick: I have no objection to these being held over. I am just wondering if any of the other appointments that have been read in public meeting have been—other than the list of temporary teachers that was approved—appointments that were not first read in today's conference or any previous conference.

Superintendent: Mr. Chairman, may I say this . . . ?

Mr. White: No others except those from rated lists.

Superintendent: The only names which I present to you in conference are those from a regular certificated list for an original permanent appointment or for promotion. It was not the policy of Mr. Gould to do otherwise. I cannot go back beyond Mr. Gould's policy. It has not been my policy to bring in at a conference, the appointments of such persons as toolkeepers, temporary teachers or laboratory assistants, who receive fifty cents an hour.

It has not been my policy, either, to bring in per diem coaches or assistant coaches. I will be very glad to bring in to you in conference and go over in detail every single appointment from the permanents that I now bring in down through to the special assistant or laboratory assistant. I will tell you who recommends them, who approves them, and how their names come up to me for nomination to you.

Chairman: Hereafter they should be brought in.

Mr. White: Mr. Chairman, it is also true that the Superintendent does not bring in the list of temporary teachers for approval in conference that are approved automatically in the meeting without being discussed in conference, and there is a purpose for that because they, too, although they are per diem, are taken as they stand on your examined lists.

Superintendent: That is true, Mr. White, but we have many temporaries who are not on any list at all.

Mr. White: That is true, but the reason for that is that after all those on our lists have been appointed and the lists have been exhausted, you bring in the best available.

We understand that, so we have always automatically approved those, but the great majority of them come from an examined list—a permanent list or a temporary list. Isn't that so?

Superintendent: That is true.

Mr. White: But this group of coaches comes from absolutely no rated list. Isn't that so?

Superintendent: No. In this particular case, there are only three of these who are temporary teachers. The others are submasters or permanent teachers.

Mr. White: Let me go a little further. It is not a question of their standing in school. The question is—Are these the best qualified men to teach the particular sport that they are assigned to?

Maybe they are. I am not casting any reflections on them whatsoever, but it happens to be, Mr. Superintendent, that this list is brought in for approval the same as that list that Mr. Muchnick referred to and I referred to previously which was brought in at the middle of an athletic season. They were not rated.

We do not know whether or not everybody who feels qualified to teach these subjects has had an equal opportunity to be nominated. We rely strictly on the head master.

One time before, as I said, we relied on the head masters to make some selections and we took it as a rated list because they were the recommendation of the best man available or the best woman available, and that was in connection with Guidance Counselors, and it caused us untold trouble—untold woe.

Superintendent: To me, these are quite different from the Guidance Counselors. These are per diem employees.

Mr. White: Mr. Superintendent, I know that they are per diem employees, but I know, too, now that you brought the subject up, that I mentioned that way back in the middle of the football season, and I said, "Is this a rated list?" and you said, "No," and I said, "I think all further nominations of this kind should be made in such a way that an opportunity would be available for every man who was interested to be rated for the job, and I think I was informed by either the Superintendent or somebody else that in the future they would consider that."

Superintendent: I will be glad to carry out your wishes.

Mr. White: I am saying, Mr. Superintendent, that an easy way to settle this is to lay it over. Let us inquire whether they are the best qualified or not.

Chairman: The matter is laid over for discussion at the next conference.

Superintendent: I would like guidance, Mr. Chairman. That is why I am asking questions.

Mr. White: I think it is the responsibility of the Board of Examiners, who qualifies every single instructor—and you say this is temporary?

Superintendent: That is right.

Mr. White: I would like to ask you this: Do you consider the coach at the High School of Commerce a temporary assignment?

Superintendent: It is an annual assignment—an annual appointment.

Mr. White: Do you consider the coach at Latin School a temporary assignment?

Superintendent: That is right.

Mr. White: You do?

Superintendent: That is right.

Mr. White: Well, how long has he been there?

Superintendent: Well, he is there year by year.

Mr. White: Twenty-eight consecutive years.

Superintendent: That may be right.

Mr. White: And somebody else has been coaching for twenty-five years.

Mr. Muchnick: He came in in 1923.

Superintendent: And if the head master of that school, Mr. Chairman—

Mr. White: If that does not look to me like permanency I don't know what does. Has ever one coach, has ever one instructor, once he was nominated by a head master, been removed for any cause whatsoever even though he had a better qualified man in the school?

Superintendent: I know of none, but that is the Head Master's right and also the right of the Director of Physical Education.

Mr. White: Whose right?

Superintendent: It is the Head Master's right to designate and recommend to Mr. McKenney a different coach at the Boston Latin School.

Now, the Head Master of the Boston Latin School constantly nominated the same coach. Please keep the names off the record.

Mr. White: Yes, keep these names off the record because personalities are not involved. It is the general policy.

Superintendent: And Mr. McKenney has approved him.

Chairman: This is a public meeting. I don't see how we can keep anything off the record.

Mr. White: The names should be kept off. Go ahead. I did not mention any names.

Superintendent: Let us change it and say the former head master of the Latin School nominated a certain teacher-coach over a period of years. It was acceptable to the Director of Physical Education. The new head master of the Latin School has nominated the same man, and he has been acceptable to the Director of Physical Education.

Now, do we want to change our policy of empowering the head master to pick the man that he thinks is best qualified, with the Director of Physical Education and the Assistant Superintendent in charge of Physical Education and the Assistant Superintendent in charge of High Schools as checkmates on all of that? Do we want to change our policy and have some other policy for the choice of teacher-coaches in the high schools, and then a different policy for the appointment of coaches in the junior high and elementary schools?

Mr. Ward: Let me determine how good the policy has been by asking this question. How many boys made the All-Scholastic Team this year?

Superintendent: I cannot answer that question, Mr. Ward.

Mr. White: One.

Mr. Ward: How did that record compare with the one which was made when Mr. Daley was a coach? How many boys made it in your school the year that you were coach or during a period of time when you were coaching, Mr. Daley?

Mr. Daley: I would not know. Mr. Ward.

Mr. Muchnick: I would like to know what would happen if, under the present system, the head master at Latin School or any other school decided for reasons best known to himself to replace the present head coach with one of the assistant coaches or with some other teacher who is not coaching and then sent in the name of X, who had never coached before, to be head coach and one of the present assistant coaches to be number one assistant coach and the present head coach to be number two assistant coach? Who would have final say in that—Mr. McKenney or the head master or you?

Superintendent: I will answer that. If those conditions existed and that name came up to me with the approval of Mr. Daley and with the approval of Dr. Gillis, I would accept it.

Mr. Muchnick: Suppose you had approvals at loggerheads?

Mr. White: He just answered your question.

Superintendent: These recommendations here before you for assistant coaches have the approval of the assistant superintendent in charge of the department.

Mr. Muchnick: Now suppose you had a situation where the head master approved and Mr. McKenney disapproved and then Mr. Daley approved or disapproved?

Superintendent: I would settle it. I would make my decision then.

Chairman: He is the nominating authority in that case.

Mr. White: However, Mr. Superintendent, you have established a policy as long back as I can remember for making all your appointments on a merit basis—even so far as your temporary teachers are concerned, your long-term assignments. They are on a regular examined permanent list, and then you have a regular examined temporary list.

Every policy you have established here for appointment of the best-qualified people has been what we have always termed a merit list, and we have been proud of that; but you admit now that there is only one list that is not a merit list, and that is this list of coaches and athletic instructors.

I have no argument at all with the individuals who are coaching now. Mr. Ward asked about how many men made the All-Scholastic Team. I am not interested in

how many make the All-Scholastic Team, although some times it is used as a barometer of how successful a coach is; but the question is, How many boys in the Boston Public Schools participate in athletics?

I know some of these schools that only a few years ago, in order to have greater participation and greater instruction and greater enjoyment of athletics by the boys in our schools, had assistant coaches assigned to them. I went ahead and voted to increase the appropriation for the Department of Physical Education so that they could have assistant coaches, and we find this year that there are less boys in uniform and less boys being coached than there were when there was a single coach on the job.

Now, what is the answer? The answer is just this, gentlemen, and the answer also proves that there is laxity in the way we are selecting coaches and the way they are supervised.

Mr. Muchnick asked you a question—If there was a difference of opinion between a master and the director of athletics; but there has been no difference of opinion between the master and the director of athletics and the superintendent of schools in the last twenty years.

Since that is the only department that I know of where they appoint people this way, I think that the appointments should be made by the Superintendent after due review of all their qualifications.

If there is a per diem situation, a temporary situation, Mr. Superintendent, isn't it strange that once a man is appointed, regardless of his success and regardless of whether he does a good job and regardless of whether the boys know anything about the athletic team they go out for, he still has the job after twenty years?

Now, you and I want to be honest with each other. We know there is a great difference—a great difference—in the type of coaching which one school might get as against another, and it is obvious if you saw the football games.

I have absolutely no grievance against any one of our coaches, but I think that our interests should transcend our personal opinion of any of the coaches and that we should get the quality of our athletics on a higher standard so that they can compete with the outside schools.

We are inbred, Mr. Superintendent. Whom do we play? Does Boston Latin School play four outside games and four inside games? No.

Mr. Muchnick: Three.

Mr. White: Who are the three they play?

Mr. Muchnick: They play St. Mark's and Groton—

Mr. White: No, they do not. The only outside game they play is St. Mark's.

Chairman: They play Groton in baseball.

Mr. White: There is only one. English High School plays Grotton. Do any of the other schools play any outside schools at all?

Mr. Muchnick: They all play Boston College High, which belongs to our League but is not one of our public schools.

Mr. White: They belong to our Public School League—isn't that so?

Business Manager: That is right.

Mr. White: This is something that has been suggested many times here but ignored, and I think it is for the benefit of the boys. Are our boys better off just playing themselves and having no standard of competition except among themselves? They would be better off if they played four games with their own schools and four games outside.

Wouldn't it be a nice thing for our boys to play in competition with Watertown and Belmont and Norwood and Dedham? Not every game, but at least four games in the year. It would broaden them out and give them a better association and a better acquaintance and a better spirit, and they would know how they can compete with each other; but now we have no barometer except our own schools and how our boys are being coached.

I am almost suspicious that the Athletic Department is afraid of that kind of competition.

Mr. Muchnick: In line with that I wonder whether or not we should not go outside for other reasons in addition to what Mr. White has said.

Mr. White: You agree with what I said?

Mr. Muchnick: Yes. I now have reasons in addition. We now have the Boston Latin School and the English High School playing such schools as Charlestown which does not have twenty-five per cent of the manpower of Boston Latin School and English High School and obviously they are not equipped from that point of view to compete with the Latin School. It seems to me that it is unfair to Charlestown.

Chairman: You wouldn't dare tell Charlestown that.

Mr. Muchnick: Yes, I would, and I have no objection to the Boston Post or Herald or any other newspapers using that in their Charlestown edition.

Chairman: Charlestown had a good team.

Mr. Muchnick: Well, Charlestown does not have the manpower that East Boston does.

Superintendent: No.

Mr. Muchnick: But East Boston plays Charlestown and Charlestown annually takes a terrific beating from East Boston, and I think the only reason for it is that they do not have the manpower with which to compete. East Boston has more boys, and it seems to me that we ought to ask the schools of the smaller class, smaller in numbers—

Superintendent: You mean outside of Boston?

Mr. Muchnick: No, in Boston.

Superintendent: There is no smaller school, except perhaps Brandeis.

Mr. Muchnick: Smaller in numbers?

Superintendent: Than Charlestown High.

Mr. Muchnick: Well, we ought to ask schools like Charlestown to play schools like Brandeis and smaller schools outside.

Superintendent: We do.

Mr. Muchnick: And schools outside only.

Superintendent: There are no schools in Boston smaller than Charlestown.

Mr. Muchnick: Then let's not throw them to the big schools so the big schools can use them for practically scrimmage purposes. They could play schools like Dedham and other schools. I am just using Dedham as a small school.

They have outside of Boston Class A, Class B, Class C, and Class D, and so forth, and our Class A schools by way of numbers or using other standards could play Class A schools outside, and our Class B schools could play the Class B's, and so forth down the line, instead of having our Class A's play our Class C's.

Mr. Ward: I would like to say something on this matter. We appropriate for the Department of Physical Education alone \$715,000. If it has been proven over a period of years that the system of choosing the coaches is wrong, we are inbred, as Mr. White said.

We are not only inbred within the system. We are inbred within a school. We find that you should be a teacher to be a coach. Why? Why can't we go out into the highways and the byways? Why can't we get our schools to play St. Bonaventure? Make it profitable enough for men to come in here and teach football.

If we are doing that and it is the wrong system and we are showing no results because of the way we choose our coaches, why not go out and get men whose business it is to coach and not to teach? That is the point we should get, and we should have done that years ago. I think I brought that up years ago, but I was roundly chastised for it.

Chairman: The matter is referred to the Board of Superintendents.

Mr. Muchnick: I have no objections.

DESIGNATION OF SUPERVISOR OF ATTENDANCE

A communication was received from the Superintendent, under date of Dec. 20, 1949, nominating under St. 1946—c. 388 as amended by St. 1949—c. 291, James P. McDevitt, male child guidance social worker in the Child Welfare Division of the Institutions Department of the City of Boston, to act as a supervisor of attendance in the City of Boston, and to act in matters pertaining to the schooling of wards of said city where-soever they be placed.

Placed on file.

Mr. Muchnick: Whether mandatory or not mandatory I am voting against acceptance without in any way reflecting on Mr. McDevitt's ability for the particular position. I resent very much having the Legislature make a job for a former member of the Legislature and thus having them say in effect "although you people are charged with the responsibility of education in Boston, we are going to tell you whom to hire and for what purpose to hire them." I do not think it is at all the proper thing to do and I for one will disapprove of the nomination. If this appointment is not rejected, then I shall move that the annual salary for this new position shall be at the rate of five hundred dollars (\$500) per year on a full-time basis and maybe in that way, we will be able to show the Legislature that we do not intend to take such dictation and direction without at least letting our feelings be known in the matter.

The Superintendent offered the following:

ORDERED, That in accordance with the provisions of Chapter 388 of the Acts of 1946, as amended by Chapter 291 of the Acts of 1949, James P. McDevitt, a male child guidance social worker in the Child Welfare Division of the Institutions Department of the City of Boston, is hereby designated, effective Jan. 1, 1950, to act as a supervisor of attendance in the City of Boston, and to act in matters pertaining to the schooling of wards of said city wheresoever they be placed.

On roll call the order passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Ward, and White—4

NAYS—Mr. Muchnick—1

Mr. Muchnick: I move that the salary for this position that has just been voted and for the supervisor who has just been nominated and designated be at the rate of five hundred dollars (\$500) per year for a full-time piece of work. That authority and discretion was left to us by the Legislature.

Chairman: That will have to be referred to the Salary Board, Mr. Muchnick.

APPOINTMENT OF SECRETARY, BOSTON LATIN SCHOOL

A communication was received from the Superintendent, under date of Dec. 20, 1949, recommending, subject to the approval of School Committee and with the approval of the Division of Civil Service, the appointment of Ruth M. Cox as secretary, sixth year, Boston Latin School, from the position of assistant in the offices of the Superintendent-Secretary, to take effect Jan. 1, 1950.

The communication was placed on file, and on roll call the appointment was approved by the following vote:

NAYS—Mr. Muchnick—1

APPOINTMENT OF ASSISTANT, OFFICES OF SUPERINTENDENT-SECRETARY

A communication was received from the Superintendent, under date of Dec. 20, 1949, recommending, subject to the approval of the School Committee and with the approval of the Division of Civil Service, the appointment of Margaret E. Donovan as assistant in the offices of the Superintendent-Secretary, from the position of secretary, Boston Latin School, to take effect Jan. 1, 1950.

The communication was placed on file and on roll call the appointment was approved by the following vote:

YEAS—Messrs. Foley, McDevitt, Ward, and White—4.

NAYS—Mr. Muchnick—1.

The Superintendent offered the following:

ORDERED, That the salary of Margaret E. Donovan, assistant, offices of the Superintendent-Secretary, is hereby established at the rate of fifty-nine dollars and sixty-five cents (\$59.65) a week, to take effect Jan. 1, 1950, and to continue until otherwise ordered.

LOUISE KANE,
Secretary.

Dec. 22, 1949.

At the call of the Chairman, a special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 10 o'clock A. M., to consider the request of the Superintendent of Construction, Department of School Buildings, for the transfer of \$20,000 from Item E—General Alterations and Repairs, to Item A—Administration Expenses, Salaries, all members (viz. Messrs. Foley, McDevitt, Muchnick, Ward, and White) having waived notice of the meeting.

Present: Messrs. Foley, McDevitt, Ward and White.

Mr. White: Mr. Muchnick called me around quarter past eight this morning and asked me to express for the record his disappointment at his inability to be present at this meeting, the reason for his absence being that he is on trial at the Superior Court at 9:30 o'clock and in conference with his clients at 8:45 o'clock. Mr. Muchnick also stated for the public record that he waives his rights to a notice of the meeting.

TRANSFER OF APPROPRIATION — ALTERATION AND REPAIRS

The following communication was received:
CITY OF BOSTON DEPARTMENT OF SCHOOL BUILDINGS

Dec. 22, 1949.

Miss Louise Kane,
Secretary,
Boston School Committee.

Dear Miss Kane:

The Commissioners of School Buildings are today in receipt of the following proposed transfer order:—

ORDERED, That of the amounts appropriated by the School Committee on April 28, 1949 (see p. 82), to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1949, the following sum is hereby transferred:—

FROM	
Item E—General Alterations and Repairs	\$20,000.00
TO	
Item A—Administration Expenses, Salaries	\$20,000.00

At a special meeting of the Board of Commissioners of School Buildings, it was voted to report favorably on the above proposed transfer order, all as provided in Chapter 351 of the Acts of 1929.

Very truly yours,
Board of Commissioners of School Buildings:—

By Robert A. MacLellan,
Chairman.

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS TO OUT-PATIENT BUILDING (DENTAL UNIT) AT THE BOSTON CITY HOSPITAL, BOSTON, MASS.

The Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for alterations to Out-Patient Building (Dental Unit) at the Boston City Hospital, Boston, Mass.

Proposals will be received until 12 o'clock noon, Eastern Standard Time, Thursday, February 9, 1950, at the office of the Superintendent of the Boston City Hospital, 818 Harrison Avenue, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High Street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Superintendent of the Boston City Hospital, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the Superintendent of the Boston City Hospital.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the architect, the John M. Gray Company, 175 High Street, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

Subbids will be taken on the following portions of the work:

- A. Heating, Ventilating, and Air Conditioning.
- B. Plumbing.
- C. Electrical.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 noon, Eastern Standard Time, Tuesday, February 7, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor. Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REDECKING THE DRAW SPAN OF THE DOVER STREET BRIDGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for redecking the draw span of the Dover Street Bridge. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Redecking the Draw Span of the Dover Street Bridge," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of TUESDAY, FEBRUARY 14, 1950, with a certified check for TWELVE HUNDRED (1,200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Feb. 4.) Commissioner of Public Works.

MAYOR HYNES HOLDS BUDGET ESTIMATES TO BUT \$2,120,551 OVER PRECEDING YEAR DESPITE FINANCIAL BURDENS TO WHICH CITY WAS COMMITTED BEFORE HE ASSUMED OFFICE, SUCH AS INCREASED SALARY EXPENSES, HIGHER PENSION DEMANDS, AND GREATER REQUIREMENTS FOR WELFARE AND SOLDIERS' RELIEF—BUT FOR OBLIGATIONS TO WHICH CITY WAS COMMITTED IT WOULD HAVE BEEN POSSIBLE TO REDUCE BUDGET HE TELLS COUNCIL IN PRESENTING ESTIMATES FOR THEIR CONSIDERATION.

WAY OF LIFE IN AMERICA EXTOLLED AND EXPLAINED BY MAYOR JOHN B. HYNES FOR BENEFIT OF VISITING MEMBERS OF JAPANESE DIET AT CHAMBER OF COMMERCE LUNCHEON—EXPRESSES HOPE COUNTRY WILL TURN FROM MILITARISM TO DEMOCRATIC WAY AND JOIN SIMILARLY GOVERNED NATIONS.

Following are the remarks of his Honor the Mayor, John B. Hynes, at the Chamber of Commerce luncheon to the delegation of the Japanese Diet at the Parker House on February 3:

A few days ago, it was my pleasure to comply with the request of General MacArthur to give an audience to a delegation from the Japanese Diet.

It was a pleasant visit. The delegation listened to me while I extolled the

MAYOR HYNES WELCOMES VICE PRESIDENT BARKLEY TO BOSTON AT JEFFERSON-JACKSON DAY DINNER WITH LEADING DEMOCRATS OF STATE GATHERED FOR ANNUAL ASSEMBLY.

At the Jefferson-Jackson Day dinner at the Copley-Plaza Hotel Mayor Hynes spoke as follows:

It is a real privilege to extend a hearty welcome from the people of Boston to Vice President Barkley and the Second Lady of the United States, and to join as Mayor in this dinner honoring the memory of two great Americans, Thomas Jefferson and Andrew Jackson.

I am sure that no Vice President in our time has won the same place in the

(Continued on page 116.)

On Monday, February 6, Mayor John B. Hynes presented his budget estimates to City Council, showing but small increase over 1949 despite demands to which Boston was committed before he assumed office.

The budget communication reads as follows:

To the City Council.

GENTLEMEN:

In compliance with section 3 of the City Charter, I submit herewith my budget recommendations for the fiscal year 1950, and recommend adoption of the accompanying appropriations and tax orders.

Despite heavy overhanging financial commitments inherited by this administration, the proposed over-all budget, covering City and County Maintenance and the self-supporting Income Departments, is only \$2,120,551 greater than in 1949.

This is in face of the fact that allowances for welfare and soldiers' relief are exactly \$2,000,000 greater than in 1949; that \$2,576,800 must be provided to meet the increased expenses of salary raises granted last July first and in effect for the full twelve months of this year; and that it is necessary to allow \$175,000 for higher pensions.

Those three items of expense alone necessitated increased appropriations of \$4,651,800.

Staggering Obligations.

Except for the staggering obligations to which the city was committed prior to the start of this administration, it would have been possible to reduce the city's 1950 budget below the appropriation figures for last year.

The grand total of the appropriations recommended for City Maintenance, County Maintenance, and Income Departments for this year is \$88,406,024.37, as compared to \$86,285,473 in 1949.

Of course, the appropriation for the self-supporting Income Departments is met from their revenue and not from the tax rate, and the amount which would have to be raised by taxes this year is \$84,468,744.50, as against a comparable figure of \$82,267,682.08 last year.

In my opinion, this is the minimum amount with which the departments, which comprise the city and county governments, can function properly and furnish the necessary and essential public services.

Substantial reductions were made in the appropriations recommended for the city departments. Close to \$9,000,000 has been slashed from the estimates submitted by department heads as to the amounts of money they would need to operate their branches of the city and county governments.

In view of the urgent need for eliminating all but the most essential expenses to prevent a big jump in our tax rate, I am asking for the cooperation of county, as well as city, department heads to achieve an economical and efficient conduct of the city's business.

MAYOR HYNES PRESENTS 1950 BUDGET ESTIMATES TO CITY COUNCIL FOR THEIR CONSIDERATION.

(Continued from page 113.)

Undertakings Postponed.

Some activities and undertakings which might well be desirable under ordinary circumstances will have to be postponed until the city is better able to afford them.

Adequate allowances have been made, in my judgment, to furnish the essential public services to the citizens of our city, to provide for the protection of their safety, their health, and their well-being, to care for our poor, and to operate properly our hospitals and institutions.

Because of the financial problems facing our city, however, it is unable to afford any unnecessary expenses which would impose an unfair burden upon the owners of homes and business property.

Even with the tremendous overhanging commitments which this administration was obliged to meet, the factors which can be considered to come within the control of the Mayor and the City Council will cause an increase of about \$1.50 on our tax rate.

It should be pointed out, however, that a sizable increase in the tax rate, not reflected in this budget, will be made unavoidable by factors over which the Mayor and City Council have no jurisdiction, such as the MTA deficit, the overlay deficit, debt requirements, and reduced assessed valuations of taxable property resulting from the abatements granted before I took office.

More detailed information concerning this budget is contained in a report from the Budget Commissioner which is submitted herewith.

Respectfully,

J. B. HYNES, Mayor.

FEBRUARY 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR: I submit herewith a detailed analysis of the 1950 budget recommendations for City Maintenance, County Maintenance, and Income Departments, which are to be forwarded by you to the City Council on Monday, February 6, 1950.

The classifications in the budget document for 1950 conform, as nearly as local conditions will permit, to the specifications as set forth by the Bureau of the Census for classifying statistics on government finances. This form of classification is also recommended by the Finance Commission Survey, and if adopted nationally will develop valuable statistical knowledge about American cities.

OTHER ELEMENTS.

This budget is not a complete financial plan for the City of Boston, since statutory restrictions make it impossible to include the other elements entering into the financial picture, such as School Budget, Debt Requirements, State Assessments, etc. However, it does contain the annual requirements for the city and county departments for the current fiscal year.

The budget is divided into three parts as follows:

PART ONE contains the Mayor's message and two summaries each for City Maintenance, County Maintenance, and Income Departments. The first set of summaries compares the 1949 appropriations with the 1950 allowances by function and department organization units. The second set of summaries compares the 1949 appropriations with the 1950 allowances by function, department organization units, and object.

PART TWO contains the segregated detail of the allowances for City Maintenance, County Maintenance, and Income Departments by function, organization units, and object, with tabulated columns showing the 1948 expenditures, the 1949 appropriations, the 1949 actual expenditures, and the 1950 allowances.

PART THREE contains the appropriation and tax orders for action by the City Council.

The following table indicates in comparative form the appropriations by divisions for this year and last.

	1949	1950
CITY MAINTENANCE	\$76,918,460 37	\$78,887,850 52
COUNTY MAINTENANCE	5,349,221 71	5,580,893 98
TOTAL	\$82,267,682 08	\$84,468,744 50
INCOME DEPARTMENTS	4,017,790 92	3,937,279 87
GRAND TOTAL	\$86,285,473 00	\$88,406,024 37

The grand total of the recommendations for the year 1950 is \$88,406,024.37. This represents an increase of \$2,120,551.37 over the total appropriations for the year 1949.

MAYOR HYNES' ADDRESS ON WAY OF LIFE IN AMERICA.

(Continued from page 113.)

beauties of Boston and the glories of the American way of life. The gentlemen of the delegation asked me many questions, some of which I could answer freely, and others not so easy to answer unless one is an accomplished historian. Everything was delightfully peaceful and calm. It was the calm before the storm.

What transpired after these gentlemen left my office has been given considerable publicity and—in the maze of that publicity—the fact that the Mayor of Boston officially greeted and welcomed this delegation has been rather lost sight of.

If I recall correctly it was just about 100 years ago that Admiral Perry broke through the barrier of medieval Japan and opened up that country to the commerce and civilization of the world.

In the century that has passed Japan has run a strange course. It became a powerful nation, but, unfortunately it became a military-minded nation. Today Japan is in the process of becoming a different kind of nation, provided, of course, its people can be shown the benefits that flow from a democratic type of government.

This delegation is here to bring back to the people of Japan the story of the United States—how our people live—and work—and think, under a government of free enterprise.

The message they will bring back to their people may have much to do with the shaping of a new progressive Japan. We cannot expect that they will return to their native land with a message that all is milk and honey—all is perfection here in America. It is not—and we know it is not. America is not synonymous with paradise.

But they can, and probably will bring back to Japan and their own people, the conviction that this is a great land of opportunity—that democracy is a workable type of government—and that our people are peaceful—and not unduly revengeful. We in America are hopeful that General MacArthur will be successful in what he is attempting to accomplish in Japan.

Here in America—and in any democracy—we make mistakes—many mistakes. There are bound to be differences of opinion and judgment in any government comprised of many men—men free to speak their minds and to follow as independent course of action. But we are convinced that our government, run by the people and for the people, is the best the world has yet produced.

We believe it is the kind of government the people of Japan would choose if they thoroughly understood it and were free to make a choice. It is our hope that Japan can be converted from a military nation to a democracy that can work and live in peace in the world's family of nations.

It is our hope that this delegation, through its visit to America, will spread in Japan the gospel of democracy, and that their visit here will prove a vital contribution in the growth and development of a new and better system of government in their native land.

Thank you.

VICE PRESIDENT BARKLEY WELCOMED TO BOSTON.

(Continued from page 113.)

hearts of the American people that Alben Barkley holds today.

Certainly, no man ever had any more moral support or any more people rooting for him that did Mr. Barkley in his romantic invasion and conquest in President Truman's home state of Missouri. How true it is that the world loves a lover.

And, having now met the charming Mrs. Barkley, I think it proper that we in Boston should redouble our congratulations to our Vice President.

It is particularly fitting that Vice President Barkley should be here tonight as the orator at this tribute to two Presidents whose contributions to our form of government and our democratic way of life are written in letters of gold—to shine and sparkle and glitter for all to see as long as our nation lives.

Jefferson and Jackson might well be termed the patron saints of our democratic system of self-government and of the great Democratic party. Were it not for their willingness to fight for a government of the people and by the people, our country might have known the unhappy experience of rule by the few, rather than rule by the many.

Our guest of honor tonight has been a worthy successor to those two inspiring leaders. He, too, has fought for the principles which Jackson and Jefferson enunciated. He has championed the causes they espoused. He has fought for the rights of the people. He has earned a high place in our affections. He has earned a high place in that long, glorious list of outstanding Americans.

Vice President Barkley, Boston welcomes you and salutes you as a truly great son of this great nation.

GYMNASIA INSTRUCTORS NAMED BY PARK COMMISSION.

Park Commission Chairman Frank R. Kelley has announced the names of seniors and postgraduates of physical education colleges in the Boston area who will serve as instructors to the girls' and women's classes Mondays and Thursdays in the 12 municipal gymnasiums.

The new instructors, who are meeting this afternoon at Curtis Hall, Jamaica Plain, for orientation, are:

MAYOR HYNES PRESENTS 1950 BUDGET ESTIMATES TO CITY COUNCIL FOR THEIR CONSIDERATION.

(Continued from page 115.)

The total of the estimates submitted by all departments was approximately \$11,000,000 in excess of the total appropriations for 1949. This excess has been reduced by slightly less than \$9,000,000.

CITY MAINTENANCE.

The amounts recommended for City Maintenance total \$78,887,850.52. This total represents a reduction of approximately \$7,700,000 in the estimates as originally submitted by department heads, and is \$1,969,390 greater than the total appropriations for 1949, as shown in the following tabulation:

Grand Total	\$76,918,460 37	\$78,887,850 52	\$1,969,390 15

* Denotes decrease.

This increase of \$1,969,390.15 over the total appropriations for 1949 for City Maintenance reflects, as can be seen by a study of the above table, drastic reductions in all budget items. It is expected, therefore, that each department head will cooperate to the fullest extent in operating his individual department as efficiently as possible, so that expenditures will not exceed the budget allowances, and do this without curtailing the necessary services to which the public is entitled.

If the following mandatory amounts did not have to be provided in this year's budget, there would be a substantial reduction over the 1949 appropriations for City Maintenance:

\$2,250,000	This amount is necessary to provide the other half-year for the general increase of \$300 granted to city employees effective in 1949 from July first.
175,000	This sum is necessary to provide a full year for the increase in pensions granted in 1949.
110,000	This sum is necessary to provide for the expense of an additional contract district established in 1949 for removal and disposal of waste.
55,000	Thirty thousand dollars of this sum is necessary to provide the Police Department with funds for typing and mailing parking violation notices, as a result of recent legislation, and \$25,000, to pay the overtime to policemen for the extra state election function and anticipated overtime due to the Boston Jubilee and parades.
30,000	This sum is necessary to provide for two election functions this year, as compared with one last year, necessitating increased costs for printing voting lists, renting polling places, etc.
25,000	This amount is necessary to provide for contemplated improvements in lighting the city streets.
\$2,645,000	

This year's budget contains an increased appropriation for the Budget Department, which will enable it to take the initial steps toward reorganization, in accordance with

the Mayor's plan as outlined in the inaugural message. It will also permit the Budget Department to undertake a revision of the classification of accounts, in existence since the establishment of the segregated budget system in 1916, and which has been recommended in the Finance Commission Survey of the financial administration of the city.

A new Automotive Division has been established by the Commissioner of Public Works, which will group under one division head all the expenses in connection with the motor vehicles of the Public Works Department, which were formerly scattered over the various divisions. There is no doubt that this arrangement will eventually amount to substantial savings to the city.

The case loads in both the Welfare Department and the Department of Veterans' Services are continually increasing. This budget provides for an increase of \$2,000,000 in excess of the amount provided in 1949 for these purposes. This is a substantial increase, but the city is obliged to take care of its poor, its needy, its underprivileged, and its veterans.

This budget also contains a so-called down payment of \$160,000 as a prerequisite for the borrowing for Construction of Public Ways. Good streets are absolutely essential for the proper movement of traffic.

COUNTY MAINTENANCE.

The amounts recommended for County Maintenance total \$5,580,893.98. This total represents a reduction of approximately \$300,000 in the estimates as originally submitted by county officials, and is \$231,672.27 greater than the total appropriations for 1949, as shown in the following tabulation:

*Denotes decrease.

The county budget has been reduced to the lowest possible minimum consistent with the services required, and, while the items which have been eliminated are important, it is felt that they can be postponed for another year at least.

Following is a list of the amounts and the reasons for the allowances which have been increased over the 1949 appropriations:

\$134,700	This amount is necessary to provide the other half-year for the general increase of \$300 granted to county employees effective in 1949 from July first.
100,000	This amount is necessary to provide for statutory increases to county officials and employees.
16,000	This amount is necessary to provide for step-rate increases.
27,000	This amount is necessary because of the increase in the pay for jurors from \$6 to \$8 per day.
18,000	This amount is necessary because of the increase in witness fees from \$1.50 to \$3 per day.
16,000	This amount is necessary to allow the Probate Court to print a consolidated index for sale to the public, the preliminary work for which was begun in 1949.
12,000	This amount is necessary for the rental of water furnished Deer Island by the town of Winthrop because of the lack of pressure in the regular city water mains.
26,000	This amount is necessary to provide sufficient funds for the completion of the reconstruction of the roof at the Suffolk County Jail.

\$349,700

While the above sum of \$349,700 is in excess of the net increase in County Maintenance, reductions have been made in other budget items which have offset it.

INCOME DEPARTMENTS.

The amounts recommended for the Income Departments, which are self-supporting and do not require appropriations on the tax levy, total \$3,937,279.87. This total represents a reduction of approximately \$400,000 in the estimates as originally sub-

BOSTON'S PER CAPITA DEATH RATE FROM AUTO ACCIDENTS FOR 1949 LOWEST IN UNITED STATES — TRAFFIC COMMISSIONER WM. ARTHUR REILLY MAKES FACTS PUBLIC.

Traffic Commissioner Wm. Arthur Reilly has made public the following summary of Boston's 1949 motor vehicle death record. In doing so the following facts are emphasized:

Boston's per capita motor vehicle death rate in 1949 was the lowest in the United States for cities with population of 500,000 or over.

Fifty-six persons killed in motor vehicle accidents in 1949 sets a new low, less than ever before since records of this type have been kept in the City of Boston. Reduction in the number of persons killed has been constant since 1934 when 143 persons were killed.

Sixty drivers were involved in motor vehicle accidents which resulted in death for one or more individuals. Seventeen of these drivers are listed in the sixteen to twenty-five years age group.

Forty-six pedestrians were killed during the past year in Boston. Eleven of these pedestrians were killed by drivers sixteen to twenty-five years of age.

Five operators of motor vehicles were killed. Two of these were sixteen to twenty-five years of age.

Four occupants of vehicles were killed. Three of the drivers involved in these collisions in which occupants were killed were sixteen to twenty-five years old.

One occupant of a baby carriage (under uniform definitions a pedestrian) was struck and killed by a truck driven by an operator sixteen to twenty-five years of age.

Sixteen pedestrians were killed during daylight hours and thirty were killed during hours of darkness.

* Denotes increase.

The increase of \$92,133.91 for Personal Service, as shown in the above table, is to provide for the amount necessary for the other half of the year for the general increase of \$300 granted to all employees effective in 1949 from July first. This increase, however, has been offset by reductions in all the other items in the Income Department budgets, and the Income Departments show a total reduction of \$80,511.05. The increase in the Unassigned item, as indicated in the above table, is due to the fact that the proportionate share of the new Automotive Division is reflected in this item.

Respectfully,

JOHN A. SULLIVAN, *Budget Commissioner.*

CIRCULAR LETTER NO. 1.

CITY OF BOSTON,
MAYOR'S OFFICE, January 31, 1950.
To All Department Heads.
GENTLEMEN:

During the month of February, a drive for funds will be made by the Heart Fund Campaign Committee. The committee has requested that city employees cooperate, within their means, in this drive.

This is a worthy cause, as are many causes, and one which we should try to aid as best we can.

Heart ailments now cause more deaths than any other disease. It will be extremely helpful if employees will contribute to this fund.

Department heads will make the collection and deposit such collection with Mr. William L. Dowling of the Treasury Department, who is the official collector for the City of Boston.

Sincerely,

J. B. HYNES, *Mayor.*

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

HEALTH DEPARTMENT.

Approval has been given for the extension of employment of the following public health nurses, effective February 1, and continuing for three months:

Daurice Farrell, 314 Cummins Highway, Mary G. Marino, 375 Frankfort street, Marie C. Donahue, 65 Beech Glen street, \$2,300 a year; Alice H. Davis,

28 Kendall street, Muriel M. May, 29 Anderson street, \$2,200 a year.

Approval has been given for the following recommendation concerning Francis X. Burns, 7 Wadsworth street, Brighton, a veteran, employed as a lay inspector of animals:

Mr. Burns was first provisionally employed on June 2, 1948, at a salary of \$2,000 a year. On June 30, 1948, in conformity with the \$300 "cost of living" increase granted to city employees, his salary was adjusted to \$2,300 a year. On June 30, 1949, his salary was increased to \$2,600 a year, because of the \$300 general increase to city employees.

Civil Service examination was held for permanent appointment to this position and on November 4, 1949, the Mayor of Boston approved Mr. Burns' permanent appointment at \$2,500 a year, which amount was recommended inadvertently.

Inasmuch as other permanent employees in the group were receiving \$2,600 a year, an adjustment in the salary of Francis X. Burns, from \$2,500 to \$2,600 a year, was approved by the Mayor of Boston on December 2, 1949.

Approval of a similar adjustment from \$2,500 to \$2,600 a year has been given, effective February 1, in accordance with chapter 332 of the Acts of 1939.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Approval has been given for the continued employment of the following persons, from February 1, to fill existing vacancies:

Pauline Liberman, 206 West Selden street, Dorchester, Jean Holland, 343 Gallivan Boulevard, Dorchester, registered graduate nurses, \$2,700 a year and meals.

Approval has been given for the following appointments, to fill existing vacancies:

Elizabeth Crudup, 24 Copley street, Cambridge, registered graduate nurse, \$2,700 a year and meals; William Gross, 249 River street, Mattapan, patient male nurse, \$31.35 a week; Harry E. Mason, Jr., 50 Cedar Lane Way, Boston, Jack Segal, 1463 Beacon street, Boston, assistant resident physicians, \$2,000 a year; Barbara Dobbey, 22 Linvale terrace, Mattapan, registered graduate nurse, part time, \$1.44 an hour; Francis Johnson, 46 Village street, Boston, patient male nurse, 79 cents an hour; Marjorie LaPointe, 20 Peverell street, Dorchester, registered graduate nurse, \$1.44 an hour; Florence Newcomb, 249 River street, Mattapan, registered graduate nurse, \$2,517.50 a year with full maintenance; Michael Roper, 14 Groveland street, Mattapan, temporary hospital medical worker, \$30.74 a week.

Approval has been given for the following resignations:

Walter Brazeau, Jeremiah Brogan, patient male nurses; Marguerite Burke, registered graduate nurse; Kermit Cottaus, patient male nurse; Barbara Dobbey, registered graduate nurse; William Gross, patient male nurse; Margaret Hopkins, assistant resident physician; Daniel Keaveney, patient male nurse; Verna Kebler, registered graduate nurse; John Masters, permanent hospital medical worker; John McGovern, patient male nurse; James McNulty, Jr., assistant resident physician; Marjorie Merrill, Mary O'Neil, registered graduate nurses; Anna Tyner, permanent hospital kitchen worker; Jacob Yules, assistant resident physician.

OVERSEERS OF PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of Mary Gillen, clerk and typist (provisional), at \$2,000 a year for a period of sixty days, from February 1.

PARK DEPARTMENT.

The transfers of the following employees have been continued on temporary employment from January 31 through February 28:

Paul J. Carrigan, Martin F. Walsh, \$3,700 a year, Henry J. Buhle, \$3,900 a year, from foremen to general foremen, and Bernard J. Conley, \$4,400 a year, from general foreman to acting deputy commissioner.

Approval has been given for the employment of the following 46 temporary laborers, for a period of six months, until June 1, at \$50.25 a week:

Ralph Belfiore, 16 West Seventh street, South Boston; Nick Bono, 20

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BUILDING DEPARTMENT.

BOSTON, January 23, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The atlases in use in this department are an essential adjunct to the work of the Zoning Division and to the general public because the zoning lines established by the provisions of chapter 488 of the Acts of 1924, as amended, are indicated thereon. This information is available nowhere else in such an accessible form.

The present atlases, however, are badly worn and it has become necessary to make replacements. This we have endeavored to do gradually because of the expense and the problems involved. It is necessary to draw on these new atlases the zoning and street lines and other related information. This can be done only by one who is thoroughly familiar with the operation of the Zoning Act. It cannot be done during business hours without serious inconvenience to the public and to this office.

On June 21, 1949, therefore, with the approval of the Budget Commissioner and of the then Mayor, I designated Mr. James P. Collins to do this work after business hours. As Chief of the Zoning Division, Mr. Collins is well qualified for the task. The project has proceeded satisfactorily and I am very anxious that it be continued and ultimately completed.

We shall then possess a set of atlases upon which all current information shall have been indicated and there will be available ample space for future changes in the Zoning Act. As a convenience to the public and as an essential part of the equipment of this department the value of this work cannot be overestimated. I am particularly anxious that the West Roxbury and Dorchester atlases be completed this year, since these are most in demand.

To this end, therefore, I request your Honor's approval for the continuation of Mr. Collins' employment, outside of office hours, in this capacity for the balance of this year. His compensation will be at the rate of \$2 per hour and he will in no case exceed fifteen hours overtime in any one week.

Very truly yours,

JOHN J. MAHONEY,
Building Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, January 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of December 27, 1949, the previous administration awarded a contract, without publicly advertising for bids, to the American Service Company, for lighting, extinguishing, servicing, and maintaining the gas lamps used for street lighting within the corporate limits of the city.

In the opinion of the Corporation Counsel, this contract, which is effective during the current year of 1950, is invalid. In order, therefore, to insure continuity of this vital service, and also to provide for the payment of the service rendered in January, I respectfully recommend that a contract, without publicly advertising for bids, be awarded to the American Service Company of 253 Adams street, Dorchester, for (a) lighting, extinguishing, servicing, and maintaining approximately 7,065 gas lamps in the city from January 1, 1950, to March 31, 1950, at a rate of \$13.88 per year, or at an estimated cost of \$24,515.55, and (b) for furnishing and installing metal domes, gas mantles, glass globes, plastic globes, ventilators, and metal globe rings, at an estimated cost of \$7,500, making the total estimated cost of \$32,015.55 for the three-month period.

Prior to the termination date of the above-referenced contract, it is my intention to either negotiate a new contract with the American Service Company or to publicly advertise for bids, if there are one or more other contractors in this area who have the facilities and organization to do the work provided under the contract specifications.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, February 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I have today successfully completed negotiations with three of the leading snow removal contractors in this city, whereby said contractors have agreed to remove snow from any of the public street areas of this city as designated by the Commissioner of Public Works, and in accordance with our standard specifications, at an agreed price of 90 cents per cubic yard. The contractors involved are the Martin J. Kelly Company, Inc., Baker & Co., Inc., and Walter Reed Corporation.

These contractors own a total of twelve snow loaders and they have all had a wide range of experience on snow removal work. They have all the facilities and the necessary organization to do snow removal work in an efficient, thorough, and workmanlike manner, and the price of 90 cents per cubic yard for which they have agreed to do this work is substantially lower than the prices submitted by these same contractors on January 11 of the current year, at which time bids were opened in this office for snow removal work, after publicly advertising therefor.

The average bid for the nine snow removal districts as submitted by the Kelly firm was in excess of 99 cents; the average bid submitted for the nine districts by Baker & Co. was in excess of \$1; as was the average bid submitted by the Walter Reed Corporation.

I respectfully recommend, therefore, that you grant permission to dispense with publicly advertising for bids, and that you approve the award of snow removal contracts to the above-referenced contractors, at a price of 90 cents per cubic yard, with the understanding that the snow removal work may be conducted in any of the public streets within the corporate limits of the city, as directed by the Commissioner of Public Works.

It is further understood that the work will be done in accordance with the standard specifications of the department, which are in effect at the present time in the nine designated districts that are located principally in the City Proper northeast of Massachusetts avenue, as far as Boston Harbor.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 19, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Bids on proposals for furnishing bread and pastry flour to the various city departments were publicly opened and read in this office on December 16, 1949. Attached is tabulation of bids received.

It is requested that authority be granted me to award a contract to Thurman Company, the lowest bidder, at the prices as indicated on the attached sheet.

Total amount of contract is \$11,197.80.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 26, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 21, 1949, the then Mayor James M. Curley approved a letter to award contracts and orders to the lowest bidders for furnishing soap to the various city departments from January 1, 1950, to April 30, 1950, on bids that were publicly opened and read in this office on December 16, 1949. No contracts on the awards over \$2,000 were executed.

It is therefore requested that authority be granted me to award contracts and orders respectively to the lowest bidders by item at the prices as indicated on the accompanying sheets.

Total amounts of awards are as follows:

Colgate Palmolive-Peat Company, \$6,647.62; Armour & Co., \$2,414.85; Swift & Co., \$1,311.75; Acme Soap Company, \$903.25.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 27, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 20, 1949, the then Mayor James M. Curley approved a letter to award a contract for furnishing bread and pastry flour to the various city departments to Thurman Company. No formal contract was executed.

It is requested therefore that I be granted authority to award a contract to Thurman Company for the above-mentioned flour as this company was the lowest bidder on publicly opened bids in this office on December 16, 1949.

Total amount of contract is \$11,197.80.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 27, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 21, 1949, the then Mayor James M. Curley approved a letter granting the superintendent authority to award a contract to Durkee Famous Foods, Division of the Glidden Company, Elmhurst, New York, for furnishing vegetable shortening to the various city departments. No formal contract was executed.

It is requested therefore that permission be granted me to award a contract to Durkee Famous Foods, Division of the Glidden Company, as this company submitted the lowest prices on bids that were publicly opened in this office on December 19, 1949.

Total amount of contract is \$2,221.70.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 27, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 30, 1949, the then Mayor James M. Curley approved a letter to award a contract to Bill's Animal Farm

and Kennel Supply Company, Danvers, Mass., for furnishing horse meat to the Park Department. No formal contract was executed.

Permission is therefore requested to award a contract to Bill's Animal Farm and Kennel Supply Company as this company submitted the lower price on bids that were publicly opened in this office on December 23, 1949.

Total amount of contract is \$3,630, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston Retirement Board for Postindex equipment.

It is requested that authority be granted me to issue an order, without public advertisement, to Postindex Company, 12 High street, Boston. This company is the manufacturer of the equipment requested and therefore no advantage could be gained from a public advertisement for bids.

Total amount of order is \$1,439.75.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In purchasing clothing for the Child Welfare Division of the Institutions Department, it has been found necessary to depart from the usual method of publicly advertising for bids in order that this department may take advantage of spot offerings of this class of merchandise which occur frequently and are productive of a great saving to the department.

It is therefore requested that authority be granted me to purchase, in the open market, clothing amounting to \$2,000 or more for the Child Welfare Division.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 9, 1949, the then Mayor James M. Curley approved a letter to award a contract to Delano, Potter & Co., Inc., for furnishing tea to the various city departments. No formal contract was executed.

It is therefore requested that authority be granted me to award a contract for tea to Delano, Potter & Co., Inc., as this company was the low bidder on proposals that were publicly opened in this office on November 22, 1949.

Total amount of contract is \$2,843.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

BOSTON, January 25, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals for the furnishing of supplies for the Suffolk Registry of Deeds, particularly with respect to Items B-1 and D-1 of the budget, for the following reasons:

Practically all of the Item B-1 is for the binding of indexes and record books. This work is being done by a competent concern who has agreed to do said work at a fair price.

The Item D-1 covers the furnishing of grantor and grantee indexes for the Recording Department and for the Registered Land Department which are furnished under the same conditions referred to in paragraph 1; and the item also covers standard record paper and sundry articles of stationery, which are furnished at standard prices.

Respectfully yours,

LEO SULLIVAN,
Register of Deeds.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

I return herewith order in City Council that the Commissioner of Public Works install a new electric light in Walsh place, City Proper, Ward 3.

Please be advised that Walsh place is located in rear of 19 Clark street, City Proper.

To reach it you go through a passageway in a building, and at the present there is an electric light attached to one of the houses. It really is a back yard and I do not think we should install a street lamp.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

JEFFERSON PARK SPECTATOR STANDS.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department, relative to your order of January 16, 1950, concerning the construction of spectator stands to seat approximately 2,000 people at Jefferson Playground in Ward 10.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, January 26, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached order from the City Council requesting the construction of spectator stands to seat approximately 2,000 people at Jefferson Playground.

I find, upon investigation, because of the peculiar shape of the boundary lines of this playground, it was necessary to squeeze the ball diamond into the best location possible, resulting in very short distances in all the outfield positions.

It was necessary to crowd the field house in the area, and because of these conditions there does not appear to be adequate space to build spectator stands, especially one of the size to accommodate 2,000 persons. A stand of this size would cost approximately \$35,000.

Due to the limitations of our budget we would not be able to construct this stand this year. However, we are keeping it in mind for future consideration, and we may be able at some later date to construct a smaller stand in some other section of the playground.

Very truly yours,
FRANK R. KELLEY, Chairman.

Placed on file.

NAMING OF SQUARE IN HONOR OF ERNEST RICHSTEIN.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the Board of Street Commissioners,

relative to naming the square at the corner of Crowell street and Norfolk street, Dorchester, in honor of Pfc. Ernest Richstein of Company B 775 Tank Battalion, who was killed at Luzon in the Philippine Islands, on April 3, 1945.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
January 26, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your communication of January 25, enclosing Council order introduced by Councilor Farin requesting that the corner of Crowell and Norfolk streets, Dorchester, be named in honor of the late Ernest Richstein. I beg to advise that this order will be given consideration at the next meeting of the Committee to Memorialize Veterans, which will be held on or about the latter part of March. In view of the fact that Crowell, Matthew, and Norfolk streets could be properly termed as a square, it is believed that favorable consideration will be given by the committee.

Very truly yours,
L. W. COSTELLO, Secretary.

TRANSFER OF LAND ON ATKINSON STREET TO PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1950.
To the Honorable City Council.
Gentlemen:

I transmit herewith an order placing in the care, custody and control of the Public Works Department approximately 49,621 square feet of land situated on the northwesterly side of Atkinson street, Roxbury.

The construction of the new fire headquarters on the land situated at Massachusetts avenue and Southampton street, formerly occupied by the Public Works Department, renders it necessary that there be made available to the department, space to compensate for its loss of the city yard. I, therefore, recommend adoption of the accompanying order by your Honorable Body.

Very truly yours,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Although the Public Works Department used and occupied for many years a piece of city-owned property on the northwesterly side of Atkinson street, Roxbury, there never was an official transfer of the premises to the jurisdiction of this department.

At the present time, however, through arrangements which have been in effect for some time, the Boston Traffic Commission is utilizing the premises, which it will vacate as soon as its newly-erected building, on adjacent land on Atkinson street at the corner of Southampton street, is ready for occupancy.

As this property can be used to advantage by this department because of its central location, and also because of its proximity to the present yards on Albany street, I feel that it should be transferred officially. So that this may be done, the Corporation Counsel, in accordance with my request, has prepared the attached order, which I submit to your Honor, with the recommendation that you forward it to the City Council for appropriate action in the matter of transfer of jurisdiction of the Public Works Department.

The dimensions and boundaries are shown on the accompanying blueprint from plan dated April 4, 1949, and signed by James W. Haley, Chief Engineer of the Street Laying-Out Department.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston is the owner in fee of approximately forty-nine thousand six hundred twenty-one (49,621) square feet of land situated on the northwesterly side of Atkinson street, Roxbury district; and

Whereas, Said parcel of land is presently required for the purposes of the Public Works Department of the City of Boston; now, therefore, it is hereby

Ordered, That the following-described parcel of land be, and the same hereby is, placed in the care, custody and control of the Public Works Department of the City of Boston; viz., a certain parcel of land situated on the northwesterly side of Atkinson street, Roxbury district, bounded and described as follows:

Southeasterly by Atkinson street, two hundred seventy-six and 87-100 (276.87) feet; southerly by other land of the City of Boston, two hundred thirty-one and 71-100 (231.71) feet; northwesterly by land of Downes Realty Corporation, eighty-three and 29-100 (83.29) feet; northerly

by land of Downes Realty Corporation, seventy (70) feet and one hundred fifty-five and 52-100 (155.52) feet; and northeasterly by land of the Commonwealth of Massachusetts, one hundred fifteen and 41-100 (115.41) feet, containing approximately 49,621 square feet.

The above-described parcel of land, together with the location and dimensions thereof, is shown on a plan marked "City of Boston, Atkinson Street, Southampton Street, Roxbury, April 4, 1949, James W. Haley, Chief Engineer, Street Laying-Out Department."

Referred to Committee on Public Lands.

LOAN FOR SEWAGE TREATMENT PLANT.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1950.
To the City Council.
Gentlemen:

By the terms of the Statute of 1949, chapter 598, the City of Boston is authorized to borrow up to \$12,000,000 for the construction of a sewage treatment plant at the Calf Pasture Pumping Station. By the terms of the Act, construction must be commenced not later than April 1, 1950.

The Commissioner of Public Works has submitted to me a request for a loan authorization in the sum of \$10,000,000, which he feels will probably be sufficient to accomplish the construction authorized by the statute.

Accordingly, I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

For the past several decades, concerted drives have been made by residents and Representatives of Quincy, Revere, Commission from the Legislature, the State Department of Health, and others, in an effort to eliminate the pollution of the tidal waters of Boston Harbor, which is caused by the discharging of approximately 275,000,000 gallons of raw sewage from the so-called North and South Metropolitan sewerage systems, and also from the Boston Main Drainage System.

The Metropolitan District Commission has now under construction a sewage treatment plant at Nut Island, Quincy, to correct the unsanitary conditions caused by the South Metropolitan system in Boston Harbor, and plans are being prepared to install a sewage treatment plant by the Metropolitan District Commission to correct the conditions caused by the North Metropolitan system.

Under the provisions of chapter 598 of the Acts of 1949, the City of Boston is required to start construction of a sewage treatment plant at the Calf Pasture Pumping Station not later than April 1, 1950, and complete it prior to July 1, 1955. The Act also authorizes the borrowing outside the statutory limit of indebtedness, of an amount not in excess of \$12,000,000, to meet the expenses involved in the construction of the sewage treatment plant and appurtenant works at the Calf Pasture Pumping Station, and also to reconstruct and alter the existing sewerage works at other locations within the Boston main drainage system.

It has been estimated that it will cost in the vicinity of \$8,000,000 or \$9,000,000 to construct a new sewage treatment plant and to provide for a new pumping station at Calf Pasture. While it is difficult to determine the cost of reconstructing and altering the existing sewerage works, it is reasonable to assume that the total cost involved might not exceed \$10,000,000. I feel that it would be advisable, at this time, to provide authorization only for the issuance of bonds in the amount of \$10,000,000, with the understanding that no money will be borrowed in excess of the amount needed to effect the improvements required under the provisions of said chapter.

I am enclosing, for transmittal to the City Council, for its approval, an order prepared by the Law Department, which provides for the borrowing of \$10,000,000, as provided by and in accordance with the provisions of chapter 598 of the Acts of 1949.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That under the provisions of chapter 598 of the Acts of 1949 the sum of ten million dollars (\$10,000,000) be, and the same hereby is, appropriated to be expended under the direction of the Commissioner of Public Works for the construction of a sewage treatment plant and appurtenant works at the Calf Pasture Pumping Station, so called, in the Dorchester district of said city in general accordance with plans approved by the State Department of Public Health, and to reconstruct and alter the existing sewerage works at said pumping station at Moon Island in Boston Harbor and at other locations within the Boston main drainage system, so called, and that to meet said appropriation, the City Treasurer be authorized to issue from time to time, on request of the Mayor, bonds or notes to said amount which

shall bear on their face the words: "City of Boston, Sewage Treatment Plant, Act of 1949" and which shall be payable in not more than 30 years from their date of issuance.

Referred to Committee on Finance.

SALE OF LAND AT COLUMBUS AVENUE AND RITCHIE STREET.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1950.
To the Honorable City Council.
Gentlemen:

I transmit herewith communication received from George G. Hyland, Commissioner of Public Works, relative to the proposed sale of approximately 22,271 square feet of land situated at Columbus avenue and Ritchie street, Roxbury, presently in the custody of the Public Works Department, to F. W. Webb Manufacturing Company and an abutting landowner for a purchase price of \$11,140.

In view of the fact that the Webb Company own adjoining land it is justifiable in my opinion to sell the property in question directly to the Webb Company. It is the intention of the Webb Company to erect a building on this lot of land, to cost approximately \$50,000.

I, therefore, concur with the opinion of the Public Works Commissioner that this land be sold to the Webb Company at the aforementioned price and I respectfully recommend the adoption of the accompanying order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the present time, the Public Works Department has under its jurisdiction a large parcel of land located at the corner of Columbus avenue and Ritchie street, Roxbury.

I have interviewed representatives of one of the abutters of this land, the F. W. Webb Manufacturing Company, of 1544 Columbus avenue, Roxbury, for the purpose of making arrangements to sell part of this land directly to said company, without conducting a public auction.

The F. W. Webb Company is anxious to acquire 22,271 square feet in the location shown on the attached plan. They feel that it is very necessary for them to acquire this land for the purpose of erecting a two-story building on it, in order to expand their present facilities. Currently, they own the main building that is used by them as a general office and showroom, and they lease two buildings in the rear of their property. The latter two buildings, however, have been sold to the Eliot Motor Company, and the new owner desires to use these buildings for his own use subsequent to the termination date, in August of this year, of the lease that the Webb Company has with the previous owner.

The officials of the latter-referenced company have informed me that they submitted an offer to this department some time ago of 50 cents per square foot for the land that they desire to acquire. I talked to said officials this morning and asked them if they would be willing to increase this offer, as I felt that the land was worth more than 50 cents a foot and might bring a substantially larger sum if a public auction were held. They stated, however, that their offer of 50 cents could not be increased, as they thought such a price was fair, and also in view of the large expenditure of approximately \$50,000 that they intend to make to construct a new building on the land.

In view of the fact that this is an old established company, and has been in its present location since 1933, and also taking into consideration that they plan to develop the land by erecting a building on it, I feel that it would be good business for the city to sell the land directly to this company for 50 cents a foot, rather than hold a public auction, at which a higher price probably would be obtained from other interests.

I, therefore, recommend that the enclosed order, providing for the sale of this land to the F. W. Webb Company, be transmitted to the City Council, for action by that Body.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston owns in fee certain lands situated on the easterly side of Columbus avenue and on the northerly side of Ritchie street in the Roxbury district of the City of Boston, and the title to said lands was acquired by a deed dated May 17, 1830, recorded with Norfolk Deeds, Book 92, page 51; and

Whereas, The Commissioner of Public Works of the City of Boston has declared that a certain parcel of said lands, hereinafter described is no longer needed for public purposes; now therefore it is hereby

Ordered, That his Honor the Mayor of the City of Boston, be, and he hereby is, authorized in the name and behalf of the City of Boston to sell to F. W. Webb Manufacturing Company all the right, title and interest of the City of Boston

in and to the parcel of land, hereinafter described, at private sale for the sum of eleven thousand one hundred forty dollars (\$11,140); and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston, be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver to F. W. Webb Manufacturing Company a written instrument satisfactory in form to the Law Department of the City of Boston conveying all the City of Boston's right, title and interest in and to said parcel of land bounded and described as follows:

Westerly by the easterly side line of Columbus avenue, one hundred sixty-eight and 92/100 (168.92) feet; northerly by land now or formerly of F. W. Webb Manufacturing Company, eighty (80) feet; westerly by other land now or formerly of F. W. Webb Manufacturing Company, twenty-three and 29/100 (23.29) feet, northerly by land now or formerly of U-Dryvit Auto Rental Company, Inc., twenty and 43/100 (20.43) feet; easterly by other land of the City of Boston, two hundred sixty-three and 25/100 (263.25) feet; southerly by the northerly line of Ritchie street, by two measurements, eighty-one and 59/100 (81.59) feet and thirty-two and 4/100 (32.04) feet; westerly by land now or formerly of Anna C. Reiss and M. Ludwig Boehner, twelve and 18/100 (12.18) feet; southwesterly by other land now or formerly of Anna C. Reiss and M. Ludwig Boehner, nine and 30/100 (9.30) feet, containing twenty-two thousand two hundred seventy-one (22,271) square feet of land, more or less.

Said parcel of land and all of said measurements are shown on a plan marked "City of Boston, Columbus Avenue, Ritchie Street, Roxbury, June 14, 1948, Thomas F. McGovern," Chief Engineer, Street Laying-Out Department. The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

ASSESSED VALUATIONS RISE.

The upward trend in assessed values of real estate is continuing, according to the National Association of Assessing Officials. The 1949 tentative assessed value of real estate in New York City is \$18,230,305,297, an increase of \$645,813,084 over the 1948 figure. However, it is still below the all-time high of \$19,616,915,000 recorded in 1932. Philadelphia reports a 1949 valuation of \$2,847,655,787, an increase of more than \$88,000,000 over the 1948 total. Jefferson County, Kentucky, which contains the city of Louisville, reported an increase of \$98,961,180 in its total assessed valuations for 1948 over the 1947 figure, reaching a total of \$1,082,767,925. The assessed valuation of Phoenix, Arizona, increased over 60 per cent last year, from \$101,000,000 to \$166,000,000. Last year the assessed valuation of the city of St. Louis was increased to \$1,379,814,846, which is \$49,000,000 over the 1947 level.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Rustlewood road, bounded:

Northeasterly by Corey street, thirty-five and 5-100 feet; southeasterly by the southeasterly line of said Rustlewood road, by two measurements, three hundred seventeen and 42-100 feet and seventy-three and 40-100 feet; southwesterly by the southwesterly line of said Rustlewood road, thirty-five and 8-100 feet, and northwesterly by the northwesterly line of said Rustlewood road, by two measurements, seventy-one and 50-100 feet and three hundred nineteen and 64-100 feet, containing thirteen thousand six hundred and eighty-four square feet, more or less.

The sewerage works to be constructed are as follows: 370 linear feet of 10-inch

pipe sanitary sewer and 370 linear feet of 10-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly lines of said street, excluding the lots at the corners of Corey street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on the aforesaid plan and on file in the office of said department.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING POULTRY FOR CITY DEPARTMENTS (APPROXIMATELY 100,000 POUNDS).

The Supply Department of the City of Boston invites proposals for furnishing poultry for city departments, as specified in forms to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Poultry." The bids will be publicly opened and read Monday, February 20, 1950, at 12 M., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN V. MORAN,
(Feb. 11.) Superintendent of Supplies.

ASSESSED VALUATIONS CONTINUE
TO RISE.

A survey of 43 assessing jurisdictions over 100,000 population, recently completed by the National Association of Assessing Officers, discloses that the latest totals of assessed valuations average 4.3 per cent higher than those for last year. Last year's survey of 46 jurisdictions showed an increase for the preceding period of 6.35 per cent. Duval County (Jacksonville), Florida, reported a 19.7 per cent increase, the highest of any jurisdiction. Other jurisdictions reporting high percentage increases in valuations were Dade County (Miami), Florida, 13.3 per cent; Providence, Rhode Island, 10.5 per cent; King County (Seattle), 10.4 per cent; Grand Rapids, Michigan, 9.3 per cent; Richmond, Virginia, 8.8 per cent; Los Angeles County, 8.5 per cent; Minneapolis and San Antonio, 6.9 per cent; and Erie, Pennsylvania, 6.7 per cent.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING OF NEW FEED WATER HEATER IN THE BOSTON TRADE SCHOOL, PARKER STREET, ROXBURY, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for furnishing and installing of new feed water heater in the Boston Trade School, Parker street, Roxbury, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, February 21, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids.

MAYOR HYNES IN FIRST PROCLAMATION ASKS CITIZENS OF BOSTON TO COOPERATE WITH CHAMBER OF COMMERCE IN JUBILEE PAINT-UP, CLEAN-UP, AND FIX-UP CAMPAIGN—WANTS CITY SPIC AND SPAN FOR EXPECTED THROG OF VISITORS DURING SCHEDULED FESTIVAL TIME.

Mayor John B. Hynes in his first proclamation since being elected called upon the people of Boston to cooperate with the Boston Chamber of Commerce in its Boston Jubilee Paint-Up, Clean-Up, and Fix-Up campaign and designated the period of April 19 to 29 as the official time of the Boston campaign. The purpose of the campaign is to beautify the city before the arrival of the thousands of visitors expected here from all sections of New England during the Boston Mid-Century Jubilee, scheduled for May 18 to 21.

"I would feel considerably encouraged at the beginning of my efforts to make Boston a better place in which to live and work," the Mayor stated in his proclamation, "if the people of the city would cooperate with the Boston Chamber of

FUNDS FOR 4,000 HOUSING UNITS IN 1950 AND 1951 ANNOUNCED BY MAYOR HYNES AS SECURED FROM STATE HOUSING AUTHORITY—TOTAL OF \$48,000,000, THUS AVAILABLE—FEDERAL ASSISTANCE FOR UNITS PLANNED HAS BEEN ASSURED.

Mayor Hynes on February 9 announced that he had conferred with Chairman Cornelius T. Kiley of the Boston Housing Authority on the general housing program. Mayor Hynes pointed out that Chairman Kiley had informed him that the State Housing Board allotment of \$48,000,000 to the Boston Housing Authority under chapter 200 had been oversubscribed by approximately \$6,000,000. Chairman Kiley informed the Mayor that he would request additional funds from the State Housing Board if they were available and unallocated to other cities.

The Chairman also informed the Mayor that \$17,000,000 of the \$20,000,000 authorized under chapter 372 had been expended.

The Boston Housing Authority has been assured Federal assistance for the

VETERANS' SERVICES EXPENDITURES AMOUNTED TO \$44,317.87 IN THE MONTH OF DECEMBER 1949, AN INCREASE OVER THE CORRESPONDING MONTH OF THE PRECEDING YEAR—667 NEEDY CASES WERE HANDLED AND CITY HOSPITAL BILLS TO THE AMOUNT OF \$5,007 WERE PAID FOR MEDICAL ATTENTION FIRST YEAR FOR INAUGURATION OF SUCH AID TO VETERANS AND DEPENDENTS—4,026 INDIVIDUALS RECEIVED BENEFITS.

Expenditures for veterans' benefits during the month of December showed an increase over those of the same month of the preceding year, according to the report submitted to Mayor John B. Hynes, by the Director of the Veterans' Services, David J. Brickley. The increase is explained by the fact that 667 more cases were recorded than in the previous time. The expenses for the month for such aid amounted to \$44,317.87. The full report reads as follows:

MAYOR JOHN B. HYNES DEDICATED BOSTON'S TRAVELING LIBRARY OR BOOKMOBILE AND STARTED IT ON MISSION OF SERVICE TO CITIZENS IN EVERY SECTION OF BOSTON—3,500 VOLUMES TO BE MADE HANDILY AVAILABLE AND EASY TO OBTAIN BY SUCH AS FIND IT INCONVENIENT TO VISIT BRANCH LIBRARIES READILY.

Mayor John B. Hynes officially dedicated the new Bookmobile, the traveling library for the City of Boston, on Monday, February 13, on the Boston Common, opposite West and Tremont streets.

From Monday, February 13, through Saturday, February 18, between the hours of 9 A.M. and 6 P.M., the Boston Public Library placed its first Bookmobile on display on the Boston Common.

On Monday, February 20, and continuing thereafter, the Library will offer service through its Bookmobile to residents of certain sections of Boston at a distance from library buildings. The Bookmobile will offer a service by which individuals may choose books for home reading from a library-on-wheels. The Bookmobile will carry a book collection of 3,500 volumes divided almost equally between titles for adults and for children. A Boston Public Library card will entitle the holder to take books for home reading and will also entitle him to all the privileges that a stationary library grants.

Traveling book service is not an entirely new venture in Boston. In 1925, for a short period, such a service by use of a pusheart was provided in the South End. During the summer of 1926 a similar service was conducted by the library in cooperation with Denison House, through the use of a small open truck. Now, in 1950, a modern mobile library unit has begun to give book service to the people of Boston.

The new library-on-wheels has an over-all length of 26 feet, a width of 8 feet, and is equipped for both inside and for outside book service depending upon weather conditions. It is serviced by members of the Boston Public Library staff. The weekly schedule, beginning on Monday, February 20, is as follows:

MAYOR HYNES URGES SPIC AND SPAN BOSTON TO CELEBRATE JUBILEE WEEK.

(Continued from page 137.)

Commerce in its plans to stimulate the residents to paint-up, clean-up, and fix-up their homes and business properties during the coming spring.

"Paint-Up, Clean-Up, and Fix-Up campaigns have proved themselves to be of genuine value to communities all over the nation. They not only contribute to the health of a community, but to its general welfare in that they assist its economic life through the creation of work for the unemployed and business for the manufacturers and retail stores.

"It is my hope that every property owner in the city between now and the termination of the campaign on April 29 will make it his business to see to it that all rubbish is removed from alleys and vacant lots, back and front yards, basements and attics, house gutters and porches. All pertinent city services will be ready to assist.

"It would also help the campaign materially if houses, stores, and factories, as well as barns and garages, were painted inside and out, rooms papered, and floors varnished. It would also be an excellent time to repair and modernize houses and buildings, porches and steps, roofs and screens, fences and water faucets, electrical wires and fixtures, and to dispose of any junk that may clutter up the attics and cellars, garages, and storehouses.

"It is my hope that residents will also cooperate with the Paint-Up, Clean-Up and Fix-Up campaign by starting early this year in the planting of their flower boxes and gardens, the sowing and seeding of their vegetable plots and lawns, the trimming of their shrubbery and trees, and the removing of dead trees and stumps.

"Persons seeking man power to do odd jobs such as painting, repairing, and gardening—jobs that are too small for the contractors—may obtain it by communicating with the Boston Municipal Employment Bureau at 15 Church street and the State Employment Office at 400 Stuart street. All of the necessary materials and tools for the Paint-Up, Clean-Up and Fix-Up work can be obtained at the Boston stores at prices that compare favorably with those charged at stores in neighboring cities and towns. Let's patronize our own stores first.

"It is most pleasing to learn that the Building and Construction Trades Council of the Boston Metropolitan district, with its 20,000 members covering 27 different crafts, has already endorsed the Paint-Up, Clean-Up and Fix-Up campaign, and I sincerely hope that all other trade, service, civic, and community organizations will join with the city government in swinging behind the Boston Chamber of Commerce in making the campaign the most successful in all its long history."

DEPARTMENT OF VETERANS' SERVICES IN MONTHLY REPORT TO MAYOR HYNES SHOWS HEAVY DRAIN ON APPROPRIATIONS.

(Continued from page 137.)

Expenditures for veterans' benefits for December, 1949, show an increase of \$44,317.87 in comparison with expenditures for the corresponding period of 1948. This increase is attributable to the fact that the department aided 667 more cases than in December, 1948, and paid a total of \$5,007.40 for services rendered needy veterans or their dependents at Boston City Hospital—an expenditure, the type of which was not in effect in December of 1948.

The 1,815 cases aided during the month of December, 1949, represent a total of 4,026 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 413 cases closed during the month of December, 1949, because of obtaining employment, having been awarded unemployment compensation, becoming ineligible to receive financial assistance, and miscellaneous other reasons.

BABY LION NOW BEING BOARDED OUT TO BE RETURNED TO ZOO FOR ENTERTAINMENT AND DELIGHT OF ALL CITY CHILDREN WISHING TO SEE IT.

Mayor Hynes on February 9 issued the following statement:

Arrangements are being made to move a baby lion, now being boarded at a Forest Hills home, back to a special cage at the Franklin Park Zoo.

So many children have expressed a desire to see the lion cub, which is being

kept at the home of Mr. and Mrs. Eugene E. von Drewitz of Forest Hills street, that provisions are being made to return the animal to Franklin Park.

Because of the birth of several baby lions recently at Franklin Park, officials in charge of the zoo allowed one of the animals to be boarded at the Forest Hills home.

However, I have requested Park Commissioner Frank R. Kelley to take immediate steps to provide a special cage at the zoo for the baby lion, so that all the children who have expressed a desire to see it may visit Franklin Park and do so.

FUNDS AVAILABLE FOR 4,000 HOUSING UNITS.

(Continued from page 137.)

building of 2,000 dwelling units in 1950 and 2,000 dwelling units in 1951 under the Housing Act of 1949. The Mayor and Chairman Kiley discussed sites generally for the earmarking of the first 2,000 units in 1950, and it is expected that specific announcement as to sites will come at a later date.

In addition, Mayor Hynes stated that he had requested the Housing Authority through its Chairman, Mr. Kiley, to take the first specific step to insure federal participation in clearance of substandard areas in Boston. This first step will consist of filing documents with the federal government asking for an allocation of \$3,000,000 for the years 1950 and 1951. This \$3,000,000 which would be supplemented with a contribution by the city would enable the clearance of substandard areas and the preparation of the site for use primarily by private industry.

A number of sites are under consideration but no specific one has been named at this time.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor and supplies. Communications from the heads of the various departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, February 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authority is respectfully requested to permit the Institutions Department to renew a contract with C. A. Foley, 47 Summer street, Hyde Park, Mass., for the furnishing of boat hire to the Long Island Hospital, in a sum not to exceed \$7,000, for the period January 1, 1950, through March 31, 1950, without the formality of public bidding.

The contract would be to provide boat service for:

1. Three (3) trips daily.
2. Extra trips when required, including emergency trips when regular boat is off for repairs.

Rates for the use of the "James J. Minot" and the "Mariner" owned by C. A. Foley, to be as follows:

One or two round trips on any one day, \$27 a trip.

Three or more round trips on any one day, \$27 for the first trip and \$18 for each additional trip.

Our estimate for the amount required for period beginning January 1, 1950, through March 31, 1950, is that it should not exceed \$7,000. This is 10 per cent less than the contract of last year.

Information received from sources available has assured us that C. A. Foley has the only satisfactory boats for these trips.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, February 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Board of Overseers of the Public Welfare respectfully requests your permission to award contracts for the year 1950, without advertising, to the following undertakers for the burial of poor persons who have no one to assume the cost of their burials.

William E. Pepi (known as William E. Pepi Funeral Home), 971 Saratoga street, East Boston, Mass.

John L. Doran (known as John L. Doran Funeral Home), 1632 Dorchester avenue, Dorchester, Mass.

John E. Shea (known as John E. Shea Funeral Home), 1943 Dorchester avenue, Dorchester, Mass.

The amount of each contract will apparently exceed \$1,000. The Board feels that due to the nature of the services to be performed it is not advisable to publicly advertise for bids.

Respectfully yours,

LOUIS P. LEONARD,
Chairman.

PARK DEPARTMENT.

BOSTON, January 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

An inspection of trees under the care of this department, made last fall, shows

that there were approximately 225 elms in various sections of the city found to be infested with Dutch Elm disease. In October of last year a contract was given for the removal of approximately 140 of these trees. This work has been practically completed and it is now imperative that we take immediate steps to remove the remaining 85 trees and about 21 more that have since then been found to be afflicted with the same disease, making a total of 106. They must be removed and burned at once, before the trees begin to bud. Otherwise, with the coming of spring, the Dutch Elm beetle will hatch from the old trees and afflict many healthy trees throughout the city.

We have had considerable experience in tree removal work with Superior Tree Service, Inc., and we find that they are very reliable tree contractors and that their rates are fair and just. Furthermore, they have all the proper equipment required and the trained personnel for the removal of large trees.

I therefore request your approval of the award of a contract, without publicly advertising for bids, to Superior Tree Service, Inc., 15 Littlejohn street, Arlington, Mass., for the removal of approximately 106 trees in the city where directed, all to the satisfaction of this department and on a basis of allowable rates per hour for tree men and \$1 per hour for a one and one-half-ton truck without driver, and other necessary equipment at the regular city rates. The cost of the work under this contract is not to exceed \$10,600, and is to be charged to B-42, in the Park Department budget.

Respectfully yours,

FRANK R. KELLEY, Chairman.

SUPPLY DEPARTMENT.

BOSTON, February 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department for mechanical sand-spreading equipment.

It is requested that authority be granted me to award a contract, without public advertisement, to Clyde Everett Equipment Company for one (1) Good Roads jet sander.

Permission is also requested to award an order, without public advertisement, to Sandberg Equipment Company, for one (1) Baughman Model K, 11-foot sand spreader.

Both companies can make immediate delivery of their sand spreaders to the Public Works Department, and this is a very important factor at this particular time because of the emergency snow work that must be performed.

No advantages could be gained from a public advertisement for bids as the above-mentioned companies are the distributors for the equipment requested.

Total amounts of awards are as follows: Clyde Everett Equipment Company, \$2,500; Sandberg Equipment Company, \$1,200.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel has approved the following claims:

St. Paul Fire and Marine Insurance Company, 3101 Wilshire Boulevard, Los Angeles, California, in the sum of \$172.06, as compensation for damage to automobile of William H. Reilly, their insured, caused when it was struck by a truck of the Water Division, Public Works Department, operated by Thomas J. Murphy, an employee of that Division, April 20, 1949.

John J. Dahill, 578 Hyde Park avenue, Roslindale, to be reimbursed in the sum of \$72, as a result of an accident which occurred on November 2, 1949, when motor vehicle belonging to the Paving Division, Public Works Department, which he was operating, collided with an automobile owned by Mrs. Rose Graham.

Frederick J. Brady, 219 Hamilton street, Dorchester, to be reimbursed in the sum of \$97.90, as a result of an accident which occurred on December 4, 1949, when motor apparatus belonging to the Fire Department, which he was operating, collided with an automobile owned by Miss Pauline A. Prendergast.

Lawrence F. Kehoe, 22 School street, Revere, in the sum of \$232, as compensation for personal injuries and damage to automobile caused when it struck an unguarded hole in the highway on Cambridge street, near Sullivan square, April 6, 1949.

Mary L. Stroud, 83 Worcester street, Boston, in the sum of \$310, as compensation for personal injuries caused by a hole in the sidewalk in front of 530 East Seventh street, South Boston, October 16, 1949.

Owen F. Sweeney, 62 Hyde Park avenue, Roslindale, in the sum of \$250, as compensation for personal injuries caused by a hole in the sidewalk in front of 531 Hyde Park avenue, October 21, 1949.

POLICE DEPARTMENT ORDERS.

General Order No. 1285.

Rules and Regulations of the Police Department are hereby amended as follows, effective Thursday, February 9, 1950, at 12:01 o'clock A.M.:

RULE 17. DIVISIONS AND BOUNDARIES.

STRIKE OUT entire section relating to boundaries of Division 3 as it now appears on pages 67 and 68 and INSERT in place thereof the following:

"Division 3. To begin at a point on the northeasterly side of the road on the Charles River Dam at the northeasterly curb line of Nashua street; thence by the northeasterly and northerly curb line of Nashua street to Causeway street; thence through the centers of Causeway, Portland and Sudbury streets to a point in the center of Scollay square opposite the center of Sudbury street; thence through the center of Scollay square, including all of subway, to a point in the center of Tremont street at the intersection of Scollay square; thence in a straight line to the westerly curb line of Tremont street and by the westerly curb line of Tremont street to the northerly curb line of Boylston street; thence by the curb line of the Common on Boylston and Charles

streets extended in a straight line to the center of Beacon street; thence through the center of Beacon street to a point in line with the curb marking the easterly side of Embankment road; thence northeasterly by line of property under the care and control of the Metropolitan District Commission to the point of beginning. (See Chapter 524, Section 2, Acts of 1909 and Chapter 690, Section 2, Acts of 1945.)"

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1286.

The following-named officer of this department attached to Division 8 (Harbor Police) is hereby appointed Assistant Harbor Master: Patrolman Thomas A. Gormley.

The appointment of the following-named as Assistant Harbor Master is hereby revoked: Lieut. Gilbert H. Noyes, Division 8.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1287.

Patrolmen Patrick J. Spillane and Edward L. Donahue of Division 18 are hereby commended and each is granted three days' additional vacation for meritorious duty performed on February 9, 1950.

In consequence of information given by the Dedham police that a young woman has been kidnapped a short distance from her home and dragged into an automobile, the Boston police were alerted to be on the watch for a car headed toward Hyde Park.

Patrolmen Spillane and Donahue, while cruising, observed three persons jump from an automobile and disappear in the rear of some houses. The officers gave chase and captured two of them who were promptly identified at the station by the victim. Further interrogation revealed the names of the others implicated.

As a result of these arrests two stolen cars were recovered, and another case of the same nature which occurred in Dedham was solved.

The Commissioner is pleased to recognize the prompt response to turret warning as well as the devotion to duty displayed by these officers, which led to the capture of this group of vicious young criminals.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 7.

I. ANNUAL BALL.

The seventy-first Annual Ball of the Boston Fire and Protective Departments will be held on Monday evening, February 13, 1950 at the Boston Garden.

The Fire Commissioner requests that all officers and members who are off duty on that evening attend the ball and participate in the grand march. As

all firemen, both officers and privates, benefit directly through the success of the Annual Ball, they should show a personal interest by being present at Boston Garden on next Monday evening, if they are off duty.

The following is a brief outline of the program:

8.00 P.M.

to 8.30 P.M. Concert.

8.30 P.M.

Entrance of Fire Commissioner, Chief of Department, Deputy Chiefs, District Chiefs and invited guests, escorted by Fire Department Band.

8.35 P.M.

Presentation of special awards:

(a) Walter Scott Medal.

(b) John E. Fitzgerald Medal.

8.50 P.M.

Exhibition Drill by Department drill team.

9.15 P.M.

Floor show.

10.00 P.M.

Grand march.

10.30 P.M.

General dancing.

The floor marshal is District Chief James F. McFadden of District 14. The Chief of Aides is District Chief John A. Morrissey of District 4. Members of the department detailed to the Ball will report to the Chief of Aides at Boston Garden at 7 P.M., Monday, February 13, 1950.

Trustees, aides, and others detailed to the Ball will be granted detailed leave from 4 P.M., February 13, to 8 A.M., February 14.

Members detailed will attend strictly to the duties assigned them.

Relief fund ticket sellers are detailed as aides at the Ball.

For officers, regulation uniform, sack coat, and white gloves shall be worn. For privates, regulation uniforms, blue shirt, black tie, and white gloves shall be worn on this occasion. This applies to all privates in uniform whether acting as aides or not.

Members in uniform are admitted to Boston Garden tax free. A limited number of seat tickets will be available to members at the box office.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN F. McDONOUGH,
Chief of Department.

General Order No. 8.

I. BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the Chief of Department and deputy chiefs, has considered all meritorious acts referred to it for the year 1949. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

Case of District Chief Joseph F. Kilduff of Districts 9 and 10.

At 3.50 P.M., March 11, 1949, the department responded to an alarm from Box 3135 for a fire in the dwelling house at 54 Langdon street, Roxbury. Upon arrival of the department, fire involved the entire kitchen of the second floor and was extending through windows to the rear wooden piazza and to the third floor.

District Chief Joseph F. Kilduff of Districts 9 and 10 was informed by the occupant of the second floor, who was in the street, that her infant child was in the second floor of the burning dwelling house. District Chief Kilduff attempted to gain entrance to the second floor by the front stairway but was unable to do so on account of the heat, heavy smoke, and gases. He immediately proceeded to the rear stairway and thence to the second floor under difficult conditions. After a search, he found the child on the floor in a bedroom. He carried the infant to the street where mother and child were placed in a police ambulance and removed to Boston City Hospital.

As District Chief Kilduff was the first member of the department to arrive at the scene of the fire, his prompt action and the risk to which he exposed himself during the rescue work undoubtedly saved the infant from serious injury or death.

He was highly commended by the Fire Commissioner in General Order No. 18, series of 1949.

The Board of Merit, consisting of the Chief of Department and the deputy chiefs, is pleased to recommend that District Chief Joseph F. Kilduff be awarded the John E. Fitzgerald Medal.

Case of Lieutenant Aide-to-Commissioner William H. Bell of Headquarters.

Box 2761 was sounded at 1.25 A.M., February 20, 1949, followed by second alarm at 1.37 A.M., and third alarm at 2.08 A.M., for a fire at 1 to 9 Corinth street and 22 to 26 Belgrade avenue, Roslindale. The former Fire Commissioner, Russell S. Codman, Jr., and the Chief of Department responded to this box.

During the course of operations, the building was ordered vacated because of the large amount of fire, severe smoke, and a gas condition. The danger of an explosion was present. It was rumored that Hoseman John A. Abbott of Engine Company 26 had failed to vacate the basement. The Commissioner and his aide entered the building in order to warn Hoseman Abbott to vacate. The Commissioner covered his aide with a line while he searched through the basement. (It was later found out that Hoseman Abbott had left the building.)

After several minutes of investigation, Aide-to-Commissioner Bell proceeded to leave the basement. On his way out he stumbled across the body of a person who proved to be the Fire Commissioner. He had been overcome from inhalation of smoke and gases due to a clogged gas mask. Aide Bell lifted and dragged Commissioner Codman to the outside where he collapsed. Both were taken to the Boston City Hospital and treated. Aide-to-Commissioner William H. Bell displayed great courage and was subjected to intense heat and smoke, involving personal risk, while effecting this rescue.

The Board of Merit is pleased to recommend the awarding of the Walter Scott Medal to Lieutenant Aide-to-Commissioner William H. Bell.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN F. McDONOUGH,
Chief of Department.

General Order No. 9.

I. PROMOTION.

The following promotion, which became effective at 8 A.M., January 25, 1950, is hereby announced:

Inside Wireman Joseph E. Donovan, Fire Alarm Division, to Foreman of Inside Wiremen.

II. ASSIGNMENT.

The following assignments of men on probation, which will become effective at 8 A.M., Wednesday, February 15, 1950, are hereby announced:

Hilbert L. Smith, to Engine Company 19.

William I. Coakley, to Engine Company 28.

George W. Sangster, Jr., to Ladder Company 32.

George F. Ware, to Engine Company 44.

Charles Nichols, to Ladder Company 29.

Edward C. Radzik, to Engine Company 40.

Daniel G. Sullivan, to Engine Company 36.

Frank E. Williams, Jr., to Engine Company 7.

Harold A. Carle, Jr., to Engine Company 37.

III. TRANSFERS.

The following transfers, which will become effective at 8 A.M., Wednesday, February 15, 1950, are hereby announced:

Lieut. Charles E. Maus, from Ladder 32 to Ladder 7.

Lieut. Paul P. Bangs, from Ladder 7 to Ladder 32.

Apparatus Operator Henry Ewing, from Engine 39 to Headquarters.

Hoseman Lawrence F. Ford, from Engine 37 to Engine 39.

Hoseman Frank S. Douglin, from Engine 44 to Engine 7.

Hoseman Prisco C. DeSisto, from Engine 7 to Engine 43.

Hoseman Henry J. McLaughlin, from Engine 40 to Engine 1.

Ladderman Thomas E. Donlan, from Ladder 29 to Engine 16.

Hoseman Francis X. O'Brien, from Engine 1 to Ladder 5.

IV. RETIREMENT.

The following retirement, which became effective at 8 A.M., Wednesday, February 8, 1950, is hereby announced:

Ladderman Guy H. Hendrickson, Ladder Company 7.

Ladderman Hendrickson was appointed to the department January 11, 1907, and he leaves the department with the best wishes of his associates.

V. RESIGNATION.

The following resignation, which became effective at 8 A.M., Friday, February 10, 1950, is hereby announced:

Clerk-Stenographer Mary A. Conti, Maintenance Division.

VI. HEART FUND CAMPAIGN.

The Fire Commissioner calls to the attention of all members of the department the Heart Fund campaign which will be conducted during the month of February. His Honor, Mayor John B. Hynes, asks that city employees cooperate within their means to aid in raising

funds for this worthy cause, as heart ailments now cause more deaths in this country than any other disease.

Company commanders will accept any donation made by members of their respective commands and forward them to Headquarters, with name and amount of contribution of each member, on or before February 25, 1950.

Donations will be received at Headquarters by Miss Eleanor J. Cuniff on any week day, excepting Saturday, between the hours of 9 A.M. and 11 A.M.

VII. HIGH COMMENDATION.

At 9.34 A.M., January 17, 1950, the department responded to an alarm from Box 3143 for a fire in a three-family frame dwelling at 28 Batchelder street, Roxbury. On arrival of the apparatus, fire totally involved two rooms on the first floor, and there was a heavy concentration of heat, smoke, and gases throughout the building.

Upon being informed there was a child in a rear bedroom, Lieut. John M. Burke of Rescue Company 2 entered the first floor apartment through a door leading into the kitchen which was afire. Under extremely trying conditions and at great personal risk, Lieutenant Burke passed through the kitchen to a bedroom leading off the kitchen in the rear, in spite of the presence of a heavy concentration of smoke and heat in the bedroom. He made a search and found a child on the floor beside the bed. Lieutenant Burke then carried the child out through the rear entrance where first aid was given and the child taken to a hospital.

Because of the prompt action of Lieutenant Burke and the great personal risk to which he exposed himself, the child was undoubtedly saved from serious injury or death.

The Fire Commissioner is pleased to highly commend Lieutenant Burke and his case is referred to the Board of Merit for further consideration.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN F. McDONOUGH,
Chief of Department.

TRAFFIC SAFETY AWARDS WON BY CITIES.

Cities winning awards for excellence in traffic safety have recently been announced in three national contests. A total of 578 cities with populations over 10,000 participated in the traffic safety contest conducted by the National Safety Council, and cities winning first place in their population groups were Washington, D. C.; Syracuse, New York; Berkeley, California; Jackson, Michigan; and Belmont, Massachusetts. Peru, Indiana, and Stillwater, Oklahoma, tied. The national grand award for cities was won by Washington, D. C. Cities winning second and third places were Buffalo, New York; Milwaukee, Wisconsin; Oklahoma City, Oklahoma; Kansas City, Missouri; Arlington, Virginia; Wichita and Topeka, Kansas; Oak Park, Illinois; Burlington, Iowa; Plainfield, New Jersey; Klamath Falls, Oregon; and Albert Lea, Minnesota. Other awards included a special honor roll of 92 cities of more than 10,000 population which completed 1948 without a traffic death.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 6, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Coffey. The meeting was opened with the salute to the Flag.

RESIGNATION OF CONSTABLE.

The following was received:

City of Boston,
Office of the Mayor, January 31, 1950.
To the City Council.
Gentlemen:

I have accepted the resignation of John Anthony McStowe, Jr., 622 Dorchester avenue, South Boston, as a Constable authorized to serve civil process, as of January 31, 1950.

Respectfully,
J. B. HYNES, Mayor.

Placed on file.

NAMING OF SQUARE IN HONOR OF FRANCIS CATENACCI.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Acting Chairman of the Committee to Memorialize Veterans relative to your order of January 16, 1950, concerning the naming the square at the corner of Beethoven street and Washington street, Roxbury, in honor of T/Sergt. Francis Catenacci.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
January 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

As Acting Chairman of the Committee to Memorialize Veterans, I acknowledge receipt of your communications of January 18, enclosing Council orders introduced by Councilor Tracy to name the junction of Ophir and Washington streets, Jamaica Plain, in honor of the late Sergt. John D. Sumpter, and to name the junction of Beethoven and Washington streets, Roxbury, in honor of the late T/Sergt. Francis Catenacci.

In connection with the above orders, I beg to advise that it was the practice of the previous committee to approve the naming of a so-called square when only one or two corners of a specific junction were taken into consideration. This procedure in the past has resulted in an accumulation of a great number of so-called squares which, in reality, are not squares but corner designations where one way enters into another. This causes not only confusion in many cases but does not do justice to the veteran whose memory is being perpetuated.

As both orders forwarded to this committee concern the naming of corners rather than actual squares which will be recognized by this committee in the future as having four corners, we are returning said orders, without action until such time as orders are submitted for square designations rather than corner designations.

It is suggested that in the future Mr. William Conway, assistant chief engineer in this department, be contacted before orders for the naming of squares are submitted, in order to ascertain, in the first instance, if locations selected are actually squares.

Sincerely yours,
GERALD F. SCALLY, Acting Chairman,
Committee to Memorialize Veterans.

NAMING OF SQUARE IN HONOR OF HENRY J. GORDON, JR.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the secretary of the Board of Street Commissioners relative to your order of January 30, 1950, concerning the naming the square at the corner of Wollaston terrace and Woodrow avenue, Dorchester, in honor of S/Sergt. Henry J. Gordon, Jr.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
February 2, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your communication of February 1, enclosing copy of Council order introduced by Councilor Ansel, requesting that the corner of Wollaston terrace and Woodrow avenue, Dorchester, be named in honor of S/Sergt. Henry J. Gordon, Jr., I beg to advise that the Committee to Memorialize Veterans does not consider this particular area a square and is not desirous of considering the naming of corner designations as squares either now or in the future.

If Councilor Ansel introduces another order for another location consisting of four corners which can actually be termed a square, I am quite certain the committee will act favorably on the same at its next meeting.

Very truly yours,
L. W. COSTELLO, Secretary.

Placed on file.

NAMING OF SQUARE IN HONOR OF JOSEPH HOLMES, JR.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the secretary of the Board of Street Commissioners relative to your order of January 30, 1950, concerning the naming of the square in the Arborway, near the traffic circle, in honor of Sergt. Joseph Holmes, Jr.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
February 2, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your communication of February 1, enclosing copy of Council order introduced by Councilor McCormack, recommending the naming of the square at the Arborway, near the traffic circle, in honor of Sergt. Joseph Holmes, Jr., I beg to advise that the Arborway comes under the jurisdiction of the Park Department, and said order should be forwarded to the Park Commission for its attention.

Very truly yours,
L. W. COSTELLO, Secretary.

STAMP COMMEMORATIVE OF BATTLE OF BUNKER HILL.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transfer herewith communication from the Postmaster General relative to your order of January 9, 1950, concerning a stamp commemorative of the 175th anniversary of the Battle of Bunker Hill.

Respectfully,
J. B. HYNES, Mayor.

Office of the Postmaster General,
Washington, D. C.,
February 1, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

This will acknowledge your letter of January 24 with which you enclose a resolution of the Boston City Council, requesting the provision of a commemorative stamp to mark the 175th anniversary of the Battle of Bunker Hill.

There are numerous applications on file for stamps of various subject matter, some of which have been on the agenda for several years and should receive prior consideration when planning the stamp program for 1950.

It is customary for us to issue commemorative stamps to recognize anniversaries of 50 years or multiples thereof; however, the resolution will be held in abeyance to receive every possible consideration.

Sincerely yours,
J. M. DONALDSON, Postmaster General.

CONSTRUCTION OF ONE- AND TWO-FAMILY HOMES ON WOOD ESTATE.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of January 16, 1950, concerning the construction of one- and two-family homes on the Wood estate in Ward 17 and on a portion of the Wood estate in Ward 18.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
January 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The Boston Housing Authority, at its meeting of January 25, took under consideration the order of the Boston City Council requesting the construction of one- and two-family homes on the Wood estate, and instructed me to send you the following reply:

The Wood estate is probably the last large vacant tract of land left in Boston. Sites of this type are not easy to come by. We must make the best use of the land. The only way the land could be acquired is by an eminent domain-taking. It could not be purchased.

Singles and two-family houses do not lend themselves to a low-income development. Chapter 200 specifically spells out that the housing must be low cost and low income.

The intentions of the Authority are, then, that we develop a project similar to the John Hancock — multiple units of garden apartments. This is the most practical, both from a development and a management standpoint. The Housing Authority is to rent these houses for 40 years. It seems hardly practical that we should be lessors of single homes for this period.

If we use the land on Morton street, we will put single houses on the perimeter, so that they will blend with the single homes of individual property owners in the area.

Very truly yours,
CORNELIUS T. KILEY, Chairman.

RENOVATION OF TEMPORARY HOUSING UNITS, WARD 14.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of January 16, 1950, concerning the making of such renovations as are necessary in relation to the temporary units in Ward 14, so that sickness and other distressing conditions may be averted.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
January 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The Boston Housing Authority, at its meeting of January 25, took under consideration the order of the Boston City Council requesting that we make such renovations immediately as are necessary in relation to the temporary units in Ward 14, so that sickness and other distressing conditions may be avoided, and have empowered me to reply that this is the continuing policy of the Boston Housing Authority with regard to all developments, not only the temporary units in Ward 14.

If the Council means that distressing conditions are the fact that these people must live in temporary structures, please be advised that we expect to go to bid within the immediate future on approximately 850 units of veterans' housing and have in the planning stage 1,500 more units of veterans' housing.

Our goal is to ultimately get rid of these temporaries and I guess we are all agreed that they are temporaries.

Very truly yours,
CORNELIUS T. KILEY, Chairman.

INSTALLATION OF BLEACHERS AT MARY DRAPER PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of January 23, 1950, concerning the installation of concrete bleachers on the Mary Draper Playground in Ward 20.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, January 30, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached City Council order, requesting the Park Commission to install concrete bleachers on the Mary Draper Playground.

I received a report from the Chief Engineer that this playground is ideally situated and is one of the fine playgrounds of the city. It is located in a natural setting with a pleasant gentle slope on the hills which allow plenty of space for those people that might want to watch athletic events.

To put bleachers in this area, even for 2,000 people, would cost a minimum of \$35,000. We have not anticipated any such expenditure in this year's budget and, accordingly, I do not believe that we can erect the bleachers, but we will have this in mind for future consideration.

Very truly yours,
FRANK R. KELLEY, Chairman.

FLOODING OF CEYLON PLAYGROUND FOR SKATING.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of January 23, 1950, concerning the advisability of flooding the Ceylon Playground for skating for young children.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, January 30, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of your memo with attached order from the City Council requesting that consideration be given to the flooding of the Ceylon Playground for skating for young children.

This playground has never been flooded for skating purposes. The ground grade pitches all in one direction toward Ceylon street, and if the playground were flooded, it would flow out onto the sidewalk and street.

We have endeavored in the past, on this playground, as well as others, to construct high earth dykes to contain the water, but without any success.

We have several skating areas in Dorchester, and of course it is not possible to flood every playground.

Very truly yours,
FRANK R. KELLEY, Chairman.

BUDGET FOR 1950.

The following was received:

To the City Council.
Gentlemen:

In compliance with section 3 of the City Charter, I submit herewith my budget recommendations for the fiscal year 1950, and recommend adoption of the accompanying appropriations and tax orders.

Despite heavy overhanging financial commitments inherited by this administration, the proposed over-all budget, covering City and County Maintenance and the self-supporting Income Departments, is only \$2,120,551 greater than in 1949.

This is in face of the fact that allowances for welfare and soldiers' relief are exactly \$2,000,000 greater than in 1949; that \$2,576,800 must be provided to meet the increased expenses of salary raises granted last July first and in effect for the full twelve months of this year; and that it is necessary to allow \$175,000 for higher pensions.

Those three items of expense alone necessitated increased appropriations of \$4,651,800.

Except for the staggering obligations to which the city was committed prior to the start of this administration, it would have been possible to reduce the city's 1950 budget below the appropriation figures for last year.

The grand total of the appropriations recommended for City Maintenance, County Maintenance, and Income Departments for this year is \$88,406,024.37, as compared to \$86,285,473 in 1949.

Of course, the appropriation for the self-supporting Income Departments is met from their revenue and not from the tax rate, and the amount which would have to be raised by taxes this year is \$84,468,744.50, as against a comparable figure of \$82,267,682.08 last year.

In my opinion, this is the minimum amount with which the departments, which comprise the city and county governments, can function properly and furnish the necessary and essential public services.

Substantial reductions were made in the appropriations recommended for the city departments. Close to \$9,000,000 has been slashed from the estimates submitted by department heads as to the amounts of money they would need to operate their branches of the city and county governments.

In view of the urgent need for eliminating all but the most essential expenses to prevent a big jump in our tax rate, I am asking for the cooperation of county, as well as city, department heads to achieve an economical and efficient conduct of the city's business.

Some activities and undertakings which might well be desirable under ordinary circumstances will have to be postponed until the city is better able to afford them.

Adequate allowances have been made, in my judgment, to furnish the essential public services to the citizens of our city, to provide for the protection of their safety, their health, and their well-being, to care for our poor, and to operate properly our hospitals and institutions.

Because of the financial problems facing our city, however, it is unable to afford any unnecessary expenses which would impose an unfair burden upon the owners of homes and business property.

Even with the tremendous overhanging commitments which this administration was obliged to meet, the factors which can be considered to come within the control of the Mayor and the City Council will cause an increase of about \$1.50 on our tax rate.

It should be pointed out, however, that a sizable increase in the tax rate, not reflected in this budget, will be made unavoidable by factors over which the Mayor and City Council have no jurisdiction, such as the MTA deficit, the overlay deficit, debt requirements, and reduced assessed valuations of taxable property resulting from the abatements granted before I took office.

More detailed information concerning this budget is contained in a report from the Budget Commissioner which is submitted herewith.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Budget Department, February 3, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Sir:

I submit herewith a detailed analysis of the 1950 budget recommendations for City Maintenance, County Maintenance, and Income Departments, which are to be forwarded by you to the City Council on Monday, February 6, 1950.

The classifications in the budget document for 1950 conform, as nearly as local conditions will permit, to the specifications as set forth by the Bureau of the Census for classifying statistics on government finances. This form of classification is also recommended by the Finance Commission Survey, and if adopted nationally will develop valuable statistical knowledge about American cities.

This budget is not a complete financial plan for the City of Boston, since statutory restrictions make it impossible to include the other elements entering into the financial picture, such as School Budget, Debt Requirements, State Assessments, etc. However, it does contain the annual requirements for the city and county departments for the current fiscal year.

The budget is divided into three parts as follows:

PART ONE contains the Mayor's message and two summaries each for City Maintenance, County Maintenance, and Income Departments. The first set of summaries compares the 1949 appropriations with the 1950 allowances by function and department organization units. The second set of summaries compares the 1949 appropriations with the 1950 allowances by function, department organization units, and object.

PART TWO contains the segregated detail of the allowances for City Maintenance, County Maintenance, and Income Departments by function, organization units, and object, with tabulated columns showing the 1948 expenditures, the 1949 appropriations, the 1949 actual expenditures, and the 1950 allowances.

PART THREE contains the appropriation and tax orders for action by the City Council.

The following table indicates in comparative form the appropriations by divisions for this year and last:

	1949	1950
CITY MAINTENANCE	\$76,918,460 37	\$78,887,850 52
COUNTY MAINTENANCE	5,349,221 71	5,580,893 98
TOTAL	\$82,267,682 08	\$84,468,744 50
INCOME DEPARTMENTS	4,017,790 92	3,937,279 87
GRAND TOTAL	\$86,285,473 00	\$88,406,024 37

The grand total of the recommendations for the year 1950 is \$88,406,024.37. This represents an increase of \$2,120,551.37 over the total appropriations for the year 1949. The total of the estimates submitted by all departments was approximately \$11,000,000 in excess of the total appropriations for 1949. This excess has been reduced by slightly less than \$9,000,000.

CITY MAINTENANCE.

The amounts recommended for City Maintenance total \$78,887,850.52. This total represents a reduction of approximately \$7,700,000 in the estimates as originally submitted by department heads, and is \$1,969,390.15 greater than the total appropriations for 1949, as shown in the following tabulation:

Grand Total	\$76,918,460 37	\$78,887,850 52	\$1,969,390 15

* Denotes decrease

This increase of \$1,969,390.15 over the total appropriations for 1949 for City Maintenance reflects, as can be seen by a study of the above table, drastic reductions in all budget items. It is expected, therefore, that each department head will cooperate to the fullest extent in operating his individual department as efficiently as possible, so that expenditures will not exceed the budget allowances, and to do this without curtailing the necessary services to which the public is entitled.

If the following inandatory amounts did not have to be provided in this year's budget, there would be a substantial reduction over the 1949 appropriations for City Maintenance.

\$2,250,000	This amount is necessary to provide the other half-year for the general increase of \$300 granted to city employees effective in 1949 from July first.
175,000	This sum is necessary to provide a full year for the increase in pensions granted in 1949.
110,000	This sum is necessary to provide for the expense of an additional contract district established in 1949 for removal and disposal of waste.
55,000	Thirty thousand dollars of this sum is necessary to provide the Police Department with funds for typing and mailing parking violation notices, as a result of recent legislation, and twenty-five thousand dollars to pay the overtime to policemen for the extra state election function and anticipated overtime due to the Boston Jubilee and parades.
30,000	This sum is necessary to provide for two election functions this year, as compared with one last year, necessitating increased costs for printing voting lists, renting polling places, etc.
25,000	This amount is necessary to provide for contemplated improvements in lighting the city streets.
\$2,645,000	

This year's budget contains an increased appropriation for the Budget Department, which will enable it to take the initial steps toward reorganization, in accordance with the Mayor's plan as outlined in the inaugural message. It will also permit the Budget Department to undertake a revision of the classification of accounts, in existence since the establishment of the segregated budget system in 1916, and which has been recommended in the Finance Commission Survey of the financial administration of the city.

A new Automotive Division has been established by the Commissioner of Public Works, which will group under one division head all the expenses in connection with the motor vehicles of the Public Works Department, which were formerly scattered over the various divisions. There is no doubt that this arrangement will eventually amount to substantial savings to the city.

The case loads in both the Welfare Department and the Department of Veterans' Services are continually increasing. This budget provides for an increase of \$2,000,000 in excess of the amount provided in 1949 for these purposes. This is a substantial increase, but the city is obliged to take care of its poor, its needy, its underprivileged, and its veterans.

This budget also contains a so-called down payment of \$160,500 as a prerequisite for the borrowing for Construction of Public Ways. Good streets are absolutely essential for the proper movement of traffic.

COUNTY MAINTENANCE.

The amounts recommended for County Maintenance total \$5,580,893.98. This total represents a reduction of approximately \$300,000 in the estimates as originally submitted by county officials, and is \$231,672.27 greater than the total appropriations for 1949, as shown in the following tabulation:

PROTECTION OF PROPERTY OF
SKATERS ON PUBLIC PLAYGROUNDS.

The following were received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of January 23, 1950, concerning the protection for the property of skaters on public playgrounds against theft of their belongings.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, January 30, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached order from the City Council, requesting that provision be made for more protection for the property of skaters on public playgrounds against theft of their belongings.

With regard to protection for the skaters on public playgrounds of their property we have in attendance either a custodian or a matron who, if the children so request, will check their shoes and stockings. There are times when children arrive at the playground during a lunch hour when the custodian might be off, particularly during a Sunday, and they put their shoes and stockings under a bench. They should arrange to put them in the building upon the return of the custodian.

Again several children never use the locker building to check their shoes and their stockings, and in that case we cannot be held responsible.

We try to assist in every way and we want the children to take advantage of the work we do.

Very truly yours,
FRANK R. KELLEY, Chairman.

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Police Commissioner, relative to your order of January 23, 1950, concerning the full protection for the property of skaters using public playgrounds for skating for the purpose of precluding the theft of personal property.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Police Department, January 31, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Herewith returned is order of City Council dated January 23, 1950, as follows:

Ordered, That his Honor the Mayor be requested to ask the Police Commissioner for full protection for the property of skaters using public playgrounds for skating for the purpose of precluding the theft of personal property such as occurred Sunday, January 22, at the Ryan Field in Sullivan square, Charlestown.

Attached is copy of report from Captain Murphy, Commanding Division 15, with reference thereto.

Very truly yours,
THOMAS F. SULLIVAN, Commissioner.

City of Boston,
Police Department, January 30, 1950.
Mr. Edward W. Fallon, Superintendent, Police Department.
Subject: City Council Order Relative to Ryan Playground.

Dear Sir:

In reference to order of the City Council requesting more protection for the property of skaters in the Sullivan Square Playground, I respectfully report as follows:

On Sunday, January 22, 1950, there was skating at the Ryan Playground. The locker house was open with an attendant present but there was no checking of personal property. Patrolman Becherer, the day route officer, visited the playground several times during the day. Patrolman T. Sullivan, whose route is across the street from the playground, on Main street, also passed by a number of times. The cruising car also covered the neighborhood. No report of a larceny at the playground was made to these officers, or to the police station, or to the attendant on duty at the locker room. There is no need of a police officer on duty for safety reasons as the water is not more than a foot in depth.

Many of the children who use this playground come from Somerville and Everett as well as Charlestown. If the City of Boston is expected to safeguard the property of these skaters, it seems to me that arrangements should be made for checking in the locker room with a sufficient number of attendants on duty.

Respectfully submitted,
MAURICE F. MURPHY,
Captain, Division 15.

BICYCLE LANE, FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of January 30, 1950, concerning the making of an immediate survey of Franklin Park for a bicycle lane where children of Boston can go without being a dangerous hazard in other areas.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, February 2, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure from the City Council requesting that the Park Commissioner make an immediate survey of Franklin Park for a bicycle lane where children of Boston can go without being a dangerous hazard in other areas.

An investigation will be made of this request, and consideration will be given to the erection of such a lane.

Very truly yours,

PEDESTRIAN SIGNAL IN FRONT OF ST. THERESA'S CHURCH.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 23, 1950, concerning the installation of a push-button traffic signal in front of St. Theresa's Church on Centre street, Ward 20.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
January 30, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated January 23, 1950,
Requesting the Installation of a Push-
Button Traffic Signal in Front of St. Theresa's
Church on Centre Street, Ward 20.

Dear Sir:
This is in reply to the above Council order, and to advise that at the present time there is no money provided for the installation of traffic signals. However, when funds are available, consideration will be given to this location.

Respectfully submitted,

WM. ARTHUR REILLY, Commissioner.

DELIVERY OF JUNIOR AERIAL FOR ENGINE 51, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner relative to your order of January 9, 1950, concerning the delivery of the junior aerial to Engine 51 in Brighton because of the great necessity of this piece of apparatus for the safety of all the people in that district.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, February 2, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Your Honor:
With reference to the City Council order of January 9, 1950, requesting that the junior aerial be delivered to Engine 51 in Brighton, we wish to advise you as follows:

The only junior aerial on order has been earmarked for Ladder 6 by the Chief of the Department.

However, the Chief of the Department is forming a ladder company to be installed in Engine 51, and a good ladder truck will be consigned to said company in the very near future.

We are certain that this will be satisfactory for the safety of the public of the district.

Respectfully yours,

MICHAEL T. KELLEHER, Commissioner.

BUDGET FOR 1950.

(Continued from page 151.)

The county budget has been reduced to the lowest possible minimum consistent with the services required, and, while the items which have been eliminated are important, it is felt that they can be postponed for another year at least.

Following is a list of the amounts and the reasons for the allowances which have been increased over the 1949 appropriations:

\$134,700	This amount is necessary to provide the other half year for the general increase of \$300 granted to county employees effective in 1949 from July first.
100,000	This amount is necessary to provide for statutory increases to county officials and employees.
16,000	This amount is necessary to provide for step-rate increases.
27,000	This amount is necessary because of the increase in the pay for jurors from \$6 to \$8 per day.
18,000	This amount is necessary because of the increase in witness fees from \$1.50 to \$3 per day.
16,000	This amount is necessary to allow the Probate Court to print a consolidated index for sale to the public, the preliminary work for which was begun in 1949.
12,000	This amount is necessary for the rental of water furnished Deer Island by the town of Winthrop, because of the lack of pressure in the regular city water mains.
26,000	This amount is necessary to provide sufficient funds for the completion of the reconstruction of the roof at the Suffolk County Jail.
\$349,700	

While the above sum of \$349,700 is in excess of the net increase in County Maintenance, reductions have been made in other budget items which have offset it.

INCOME DEPARTMENTS.

The amounts recommended for the Income Departments, which are self-supporting and do not require appropriations on the tax levy, total \$3,937,279.87. This total represents a reduction of approximately \$400,000 in the estimates as originally submitted by department heads, and is \$80,511.05 less than the total appropriations for 1949, as shown in the following tabulation:

* Denotes Increase

The increase of \$92,133.91 for Personal Service, as shown in the above table, is to provide for the amount necessary for the other half of the year for the general increase of \$300 granted to all employees effective in 1949 from July first. This increase, however, has been offset by reductions in all the other items in the Income Department budgets, and the Income Departments show a total reduction of \$80,511.05. The increase in the Unassigned item, as indicated in the above table, is due to the fact that the proportionate share of the new Automotive Division is reflected in this item.

Respectfully,
JOHN A. SULLIVAN, Budget Commissioner.

USE OF LAVATORIES IN PUBLIC RESTAURANTS.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of December 19, 1949, concerning the making of a survey of public restaurants not permitting men's and women's lavatories to be used by the patrons and general public.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Health Department, February 2, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Under date of December 19, 1949, the City Council passed the following order:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to make a survey of public restaurants not permitting men's and women's lavatories to be used by patrons and general public.

In due time the matter was referred to the Health Department for action.

Enclosed is a report, in triplicate, of a survey of public eating and drinking establishments providing hand-washing and toilet facilities for patrons and employees.

I trust this information is satisfactory.

Respectfully yours,
JOHN H. CAULEY, M.D., Commissioner.

Total Number of Establishments Visited, 2,043.
Number of establishments with hand-washing facilities for patrons, 1,225; number of establishments without hand-washing facilities for patrons, 818—total, 2,043.

Number of establishments with toilet facilities for patrons, 1,172; number of establishments without toilet facilities for patrons, 871—total, 2,043.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1950.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1950, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes herein-after stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the City Record be met by the income of said publication and any excess over income from taxes; that the appropriation for the Summer Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1949, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust, or special appropriation; by the income of the financial year beginning January 1, 1950; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1950, or for any other taxes or assessments payable to the Commonwealth, shall be due and payable on July first of each year. Interest shall be charged at the rate of 4 per cent per annum and computed from October first, 1950, on all real estate and personal property taxes remaining unpaid after November first, 1950, and assessed and payable in the year 1950 before said November first, 1950, until such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Referred to the Committee on Appropriations.

EXTENSION OF CONTRACTS, APPROVAL OF SUMMARIZED REQUISITIONS ON CITY AUDITOR, AND OTHER ITEMS

A communication was received from the Business Manager, under date of Jan. 3, 1950, recommending the passage of the accompanying ten orders, as follows:

ORDERED, That during the fiscal year 1950 any member of the School Committee is hereby authorized to approve summarized requisitions and special drafts on the City Auditor prepared by the Business Manager and which cover all pay rolls, vouchers and other documents calling for the expenditure of money, each of which has been previously approved in writing by the Business Manager as required under the provisions of Chapter 231 of the Acts of 1932.

Mr. Muchnick: Mr. Chairman, I wonder if that particular responsibility should not be vested in either one person or two per-

sons—the Treasurer, if it is to be one, or the Chairman and Treasurer, if it is to be two?

Chairman: That is a regular, customary procedure to have any member sign.

Mr. Muchnick: It seems to me that having elected a Chairman and a Treasurer, those titles carry certain functions as in any corporate organization, and this is no different than any other corporate set-up. No single member of a board of directors in other companies has the right to do it.

Mr. Ward: This is simply for approval of payrolls going to Civil Service, is it not?

Mr. White: Mr. Muchnick, they have it if the body grants them that power, and that is what we are doing.

Mr. Muchnick: And it is unusual to grant the powers to any persons other than the president and treasurer of a corporation in most cases, and I should think we ought to follow along a normal corporate procedure.

Mr. Ward: Mr. Chairman, from my own personal observation over a period of eight years on this, it is more or less of a headache to have to sign ten or twenty or thirty or forty of these things that come down from the Business Manager's office to any individual member.

I know that in your office at the State House you sign these orders when a girl goes up there if no other member is available here so that people might get paid. That is all it is.

I certainly do not want to sign them. I do not want to sign them because it is trouble. However, since the duty is incumbent upon me, I do it, and perhaps I sign more than any other member.

Those things must be signed to get the payroll through. I would certainly be pleased to delegate all the power to Mr. Muchnick to sign all of them. As a Committee member, I would designate him to sign them and have every one that comes in brought to his office.

Chairman: That is the reason this is done.

Mr. Ward. The one available is the one who signs.

Mr. Muchnick: I am not looking for additional penmanship practice, Mr. Ward, and I think that that is a function that normally goes with being a president or a treasurer; and I think we ought to centralize responsibility.

Chairman: The Chair recognizes the Business Manager.

The Business Manager read Chapter 231 of the Acts of 1932.

Chairman: Under this order, the Committee is authorizing each and every member.

Business Manager: That is right.

Mr. White: For convenience in a public body like this, where we are not available at all times, I think it is the only efficient way we can do it because if I am not available, it ties up the whole audit.

Mr. Ward: Either that, or delegate it to somebody not on the Committee. Is that possible?

Chairman: You cannot do that.

Business Manager: These requisitions have to be signed every day and sometimes many times during the day, and sometimes it is even a job to find one of the five members to have them signed.

Mr. McDevitt: And isn't it a question, too, Mr. Smith, of an hour or so that you have to get them down to City Hall?

Business Manager: Yes. For instance, on payrolls—particularly the weekly rolls—we are always under pressure of time because they have to be approved by Civil Service and by the City Auditor before they are paid by the Treasurer, and we are running against time every day.

Mr. Muchnick: Couldn't efficient, orderly procedure eliminate the pressure of time, whether it be here or at the City Auditor's office or Civil Service or wherever the bottleneck may be?

Business Manager: Some question may come up to hold those rolls in Civil Service for several hours on one name, perhaps. Either they have misplaced their approval or something else has come up, Mr. Muchnick. I am telling you we are running against time always on payrolls, particularly the weekly rolls.

Chairman: The Secretary will call the roll. The question is on whether the order is accepted.

On roll call the order passed by the following vote:

YEAS — Mrs. Dacey, Messrs. McDevitt, Ward, and White—4.

NAYS—Mr. Muchnick—1.

ORDERED, That during the fiscal year 1950 the Chairman of the School Committee is hereby authorized to accept, enter into and execute on behalf of the School Committee, contracts for equipment, supplies and other items, each contract having been prepared by the Business Manager and previously approved by him in writing as required under the provisions of Chapter 231 of the Acts of 1932.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

ORDERED, That during the current financial year the Business Manager is hereby authorized to employ such temporary assistance as may be required in his office and at the Supply Room, and at such compensation as the Superintendent and Business Manager may deem advisable.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

ORDERED, That the School Committee acknowledges the

valuable assistance rendered by the Sealer of Weights and Measures in checking the weights of coal delivered by contractors in the several school buildings during the past year and hereby requests the Sealer of Weights and Measures to check the weights of coal to be delivered to the several school buildings during the current year.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

ORDERED, That the contract for anthracite coal between the School Committee and the Snider Fuel Corporation, under date of July 5, 1949, and providing for the delivery of anthracite coal from June 16, 1949 to Dec. 31, 1949, is hereby continued to June 15, 1950, as provided for in Section 1 of the contract.

Mr. Muchnick: Mr. Chairman, wouldn't it be just as proper to continue that for one or two months until such time as we get new bids out and just have it run on a monthly basis until the budget is accepted?

Business Manager: Mr. Chairman, I had a letter last week from the Snider Fuel Company wanting an increase of fifty cents per ton because of the three-day week that Mr. Lewis has put the miners on plus the fact that they had just negotiated another contract with their A. F. L. union.

I could not find anything in the contract that would justify such an increase. I went to the City Law Department, and the City Law Department advised me that the Snider Fuel Company was not entitled to an increase of fifty cents per ton on anthracite coal, and so I wrote them on Friday last.

If this thing goes to bid again between now and next June, you will pay a higher price for your anthracite coal.

Mr. Muchnick: Does the present contract give us the right to renew at the old price?

Business Manager: The present contract is written for one year from June 15, 1949 to June 15, 1950. You mean for renewal after that?

Mr. Muchnick: No. Is this present renewal as of the present time?

Business Manager: This is just an extension of this contract because we are in another fiscal year. The School Committee has to approve the extension of this contract beyond Jan. 1, 1950, to make it legal.

Mr. Muchnick: Then for the time being I withdraw the objection, Mr. Chairman.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

ORDERED, That the contracts for semi-bituminous coal between the School Committee and the White Fuel Corporation and the Staples Coal Company, d/b/a City Fuel Company, under dates of July 5 and July 12, 1949, respectively, and providing for the delivery of semi-bituminous coal from June 16, 1949 to Dec. 31, 1949, are hereby continued to June 15, 1950, as provided for in Section 1 of the contracts.

Mr. Muchnick: That is the same situation, is it not, Mr. Smith?

Mr. Smith: Yes.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

ORDERED, That the contract for semi-bituminous coal (run-of-mine and nut and slack) between the School Committee and the Snider Fuel Corporation, under date of July 5, 1949, and providing for the delivery of semi-bituminous coal (run-of-mine and nut and slack) from June 16, 1949 to Dec. 31, 1949, is hereby continued to June 15, 1950, as provided for in Section 1 of the contract.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5.

NAYS—0.

ORDERED, That the contract for heavy and medium fuel oil between the School Committee and the Union Oil Company of Boston, under date of July 12, 1949, and providing for the delivery of oil from June 16, 1949 to Dec. 31, 1949, is hereby continued to June 15, 1950, as provided for in Section 1 of the contract.

Mr. Ward: Mr. Chairman, what is the story on that? John L. Lewis is not involved in that, is he?

Chairman: That is the regular contract.

Business Manager: That is the extension of the regular contract, Mr. Ward.

Mr. Ward: Why don't you bid on that? I mean there is an excuse on your coal.

Business Manager: It is my opinion that on any of these contracts if you terminate them now and ask for a bid, you will pay a higher price not only for coal but also oil. That is my opinion.

Mr. Ward: Is it true that you will pay a higher price? I mean I can see coal but I cannot see oil.

Business Manager: You can't ask for another bid, Mr. Ward, unless you advertise. As I say, it is my opinion that you will pay a higher price.

Mr. Ward: Does anybody else have an opinion? I mean is there any other opinion?

Chairman: The only opinion I have, Mr. Ward, is that the contract is for a full year, and you renew it with the new Committee.

Mr. Ward: I am inclined to think you would have a different situation on oil than on coal.

Mr. Muchnick: Mr. Chairman, I do not quite understand the first part of what was read. I understood that on July 15th or some time thereabouts the contract was written as of a month earlier—as of June 15th. What is the point to that?

Chairman: Let me read the order again. I assume that means that he has a yearly contract.

Business Manager: There are four signatures on these contracts: The dealer, the Business Manager, the Corporation Counsel as to form, and the Chairman of the School Committee.

These things take time. People are away for the summer, and if a contract was finally signed and approved on July 12th, that was the date, to take effect as of June 16th. Of course, there is no fuel delivery in that period, so technically we were without a contract with anybody during those few weeks.

We usually advertise for oil and coal around the 30th of May—just before the 30th of May—and we advertise before that. Bids are usually opened just before the 30th of May, and then there are a few days spent analyzing the bids and having contracts prepared and sent along for four different signatures. The company has a week to get bonds and everything else, and time runs along.

Mr. Muchnick: Why don't we do it a month earlier, then?

Business Manager: Well, the longer you can wait, I think, the better chance there usually is for a price. At that time of the year it will run into May and you will find that the City and the State and the School Department all ask for bids approximately at the same time—the latter part of May.

Now, why it was first established at that time of the year, I cannot say; but I think it is a good time of the year to ask.

Chairman: Any further questions? The Secretary will call the roll.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—Mr. Ward—1.

ORDERED, That the contract for light fuel oil between the School Committee and the Petroleum Heat and Power Company, under date of July 14, 1949, and providing for the delivery of oil from June 16, 1949 to Dec. 31, 1949, is hereby continued to June 15, 1950, as provided for in Section 1 of the contract.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—Mr. Ward—1.

ORDERED, That under the provisions of Chapter 231 of the Acts

of 1932, the Assistant Business Manager, or in his absence, William J. Gorman, Chief Clerk, shall act as Business Manager during the current fiscal year, only during the time that the Business Manager is absent or otherwise unable to act, and shall, during such time, exercise all the powers and perform all the duties of said Business Manager.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5

APPOINTMENT OF CUSTODIAN

A communication was received from the Superintendent, under date of Jan. 10, 1950, recommending that, subject to the approval of the School Committee and in accordance with the authorization of the Director of Civil Service, John J. Callahan, who has passed the required examination, be appointed as a junior building custodian, to take effect Sept. 1, 1943.

The communication was placed on file, and on roll call the appointment was approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick and White—4.

NAYS—0.

ABSENT—Mr. Ward—1.

REINSTATEMENT OF RETIRED SENIOR BUILDING CUSTODIAN

The Superintendent offered the following:

ORDERED, That whereas a vacancy exists in the School Department for a senior building custodian, the Committee does hereby approve, effective Jan. 15, 1950, the order of the then Mayor of the City of Boston, whereby subject to the provisions of General Laws, chapter 32, section 8, as amended, Frederick J. Donlan, is ordered to return and be restored to active service in the same employment in which said Frederick J. Donlan was employed at the time of his retirement or in similar employment in the same governmental unit.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—0.

ABSENT—Mr. Ward—1.

A communication was received from the Superintendent, under date of Jan. 10, 1950, reporting that in accordance with the foregoing order, and with the approval of the Division of Civil Service,

he has reinstated Frederick J. Donlan to the position of senior building custodian, to take effect Jan. 15, 1950.

Mr. Muchnick: Where will Mr. Donlan go?

Mr. Reardon: He has the opportunity to bid on any school that is advertised.

Mr. Muchnick: Will he be preferred over any of the other custodians in this bidding or will he go to the bottom of the list?

Mr. Reardon: He will have his seniority.

Mr. Muchnick: That is not fair to the other custodians.

Mr. Reardon: He won't be turned back to where he was when he first came into the service. He will just have his seniority from the time he returns now into the Department.

Mr. Muchnick: If he has elected to retire, why shouldn't he now, on coming back in, go to the bottom of the list?

Mr. Reardon: He will.

Mr. Muchnick: To the bottom of the list?

Mr. Reardon: He will. He will go right to the bottom of the list.

Mr. Muchnick: On the question of bidding, why doesn't he go to the bottom of the list on seniority?

Mr. Reardon: He goes to a minimum, but he will have the opportunity to bid if nobody else above him bids on a school.

Mr. Muchnick: Will there be anybody below him as of now for bidding purposes?

Mr. Reardon: No.

Mr. Muchnick: He will have no seniority rights at all, as though he were a newly-appointed custodian?

Mr. Reardon: As of the date he returns.

Mr. Muchnick: Without including seniority rights?

Mr. Reardon: The custodians had that ruling passed so that if a man returns like that, he does not get his past seniority. He starts at the bottom of the list.

Mr. Muchnick: Before you said this, you said that on bidding he does have seniority rights.

Mr. Reardon: I meant from the time that he returns—that is, his seniority will start as of the date he returns.

Mr. Muchnick: As though he had never been a custodian with us before?

Mr. Reardon: That is right.

On roll call the reinstatement was approved by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—0.

ABSENT—Mr. Ward—1.

DEDUCTION FROM CONTRACT.**DEPARTMENT OF SCHOOL BUILDINGS.**

The Berger Manufacturing Company of Massachusetts has been ordered to make the following deduction in their contract for various schools:

Omit the Sargent-Greenleaf C-728 locks as called for in the specifications and install in their place Yale R-481- $\frac{1}{2}$ grooved key locks. Deduction at 50 cents per lock; total deduction, \$149.50, and the amount of \$149.50 will be deducted therefrom, making the account as follows:

Contract price, \$3,537; total deduction, \$149.50; amount of contract, \$3,387.50.

EXTRA WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

Andrew P. Keegan has been directed to perform the following extra work under the contract dated September 19, 1949, for sewerage works in New Haven street, Salman street, Vogel street, River-view street, Stimson street, and outlet in private land and in Belle avenue, West Roxbury:

Items ordered: Remove and relay in new location about 235 linear feet of 2-inch water pipe in Stimson street, between New Haven street and Salman street, making connections and all incidental work, at an agreed price of \$2.10 per linear foot.

Estimated cost of extra work, \$493.50.

EXTENSION OF CONTRACT.**PENAL INSTITUTIONS DEPARTMENT.**

Approval has been given for the extension of the time of completion of the contract made with J. A. Singarella Company from January 15, 1950, to March 1, 1950.

This extension was requested for the reason that the order for tin-covered doors—placed in October, 1949—has not as yet been delivered. Same are expected within the next few days. It will take a period of two weeks to put them in place and a period of a week or more to paint them. This will complete the contract.

CONSTRUCTION WORK.**PUBLIC WORKS DEPARTMENT.**

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer in Jamaica way court, between Jamaica way and Lakeville place, in the West Roxbury district, at an estimated cost of \$2,000.

A 10-inch pipe sanitary sewer, and a 10-inch pipe surface drain in Shrewsbury road, between Veterans of Foreign Wars Parkway and Centre street, in the West Roxbury district, at an estimated cost of \$3,400.

A 10-inch pipe sanitary sewer, and a 10-inch pipe surface drain in Rustlewood road, between Corey street and end of street, in the West Roxbury district, at an estimated cost of \$4,300.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of May 31, 1949, determining that no person sustains damages by the making of the public improvement consisting of the extension of Glenwood avenue, Hyde Park, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Giuseppe Balestra, \$221.11; that the amount \$221.11 be, and the same hereby is, awarded to Giuseppe Balestra for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of November 12, 1947, as amended, determining damages caused by the making of the public improvement consisting of the widening, relocation, and extension of Weld street, be, and the same hereby is, amended, by adding to said order the amount \$100, as an award to Katherine H. Welch; that the amount \$100, be, and the same hereby is, awarded to Katherine H. Welch for the damages so sustained.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Potomac street extension, bounded:

Southwesterly by the southwesterly line of said extension, eighty-five feet; northerly by the northerly line of said extension, by two measurements, thirty-seven and 9-100 feet on a curve of forty feet radius and fifty-five and 64-100 feet on a curve of sixty feet radius; northeasterly by the northeasterly line of said extension, two hundred five feet; southeasterly by the southeasterly line of said extension, thirty-five feet; southwest-erly by the southwesterly line of said extension, one hundred ninety-five feet; and southerly by the southerly line of said extension, seven and 75-100 feet on a curve of five feet radius; containing 8,933 square feet, more or less.

The sewerage works to be constructed are as follows: 215 linear feet of 10-inch pipe sanitary sewer and 215 linear feet of 10-inch pipe surface drain in the above described premises.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this board estimates that the abutting lots of land situated on both sides of Potomac street extension, excluding lots 1 and 2, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

ASSESSED VALUATIONS RISE.

The upward trend in assessed values of real estate is continuing, according to the National Association of Assessing Officials. The 1949 tentative assessed value of real estate in New York City is \$18,230,305,297, an increase of \$645,813,084 over the 1948 figure. However, it is still below the all-time high of \$19,616,915,000 recorded in 1932. Philadelphia reports a 1949 valuation of \$2,847,655,787, an increase of more than \$88,000,000 over the 1948 total. Jefferson County, Kentucky, which contains the city of Louisville, reported an increase of \$95,961,180 in its total assessed valuations for 1948 over the 1947 figure, reaching a total of \$1,032,767,925. The assessed valuation of Phoenix, Arizona, increased over 60 per cent last year, from \$101,000,000 to \$166,000,000. Last year the assessed valuation of the city of St. Louis was increased to \$1,379,814,846, which is \$49,000,000 over the 1947 level.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING TWO (2) 5,000-GALLON GASOLINE TANKS, RELOCATING TWO (2) PUMPS, ETC., AT THE ALBANY STREET GARAGE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing two (2) 5,000-gallon gasoline tanks, relocating two (2) pumps, etc., at the Albany street garage. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing Two (2) 5,000-Gallon Tanks, Relocating Two (2) Pumps, etc., at the Albany Street Garage," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of TUESDAY, FEBRUARY 28, 1950, with a certified check for TWO HUNDRED FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Feb. 18.) Commissioner of Public Works.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR ERECTION AND COMPLETION OF A BRANCH LIBRARY ON ADAMS STREET, DORCHESTER.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the erection and completion of a branch library building on the lot bounded by Adams street, Delmont street, and Oakton Avenue, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Thursday, March 2, 1950, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of four thousand dollars (\$4,000), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after 12 o'clock noon, Monday, February 13, 1950, at the Business Office of the Boston Public Library. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of thirty-five dollars (\$35) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, February 28, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by such subbidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

"O Boston, fair City, enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, supply houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

SUPPLY DEPARTMENT.

Boston, January 16, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is requested to award a contract, without public advertisement, to Hersey Manufacturing Company for furnishing water meters to the Water Division of the Public Works Department during the year 1950.

The Hersey Manufacturing Company is the manufacturer of the Hersey water meter, which is the type the City of Boston has standardized on since 1935.

Total amount of contract is \$15,980.45.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, February 6, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On November 9, 1949, the then Mayor James M. Curley approved a letter to award contracts and orders, respectively, for furnishing groceries and canned goods to the various city departments, to the bidders at the prices indicated on the tabulation submitted at that time. No formal contracts for awards over \$2,000 were executed for the period from January 1, 1950, to April 30, 1950.

It is, therefore, requested that authority be granted me to award contracts

and orders to the same companies. Approximate amounts of awards are as follows:

M. Stoll & Co., \$10,329.50; George D. Emerson Company, \$9,747.96; Italian Products, \$6,081.85; Armour & Co., \$3,696.32; Natural Products Company, \$3,107.50; Reid, Murdoch Company, \$3,072; G. Giovino Company, \$2,978.11; Suffolk Grocery Company, \$2,001; Golden Wonder Foods, \$1,874.23; H. A. Johnson Company, \$1,535.50; C. Pappas & Co., \$1,505.83; H. J. Heinz Company, \$1,201.67; American Flour Company, \$780.73; Webster-Thomas Company, \$727.17; Standard Brands, Inc., \$384; Independent Cash & Carry, \$266.60—total, \$49,289.97.

Permission is also requested to continue purchasing Items No. 5, No. 24a, and No. 46 of the grocery bid in the open market. These items amount to approximately \$3,000.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, February 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 30, 1949, the then Mayor James M. Curley approved the letter to award contracts and orders for furnishing and delivering surgical dressings to the various city departments from January 1 to March 31, 1950, inclusive. Bids were publicly opened and read on December 27, 1949. No formal contracts on awards over \$2,000 were executed.

Permission is, therefore, requested to award contracts and orders respectively to the following companies at the amounts as indicated below:

T. J. Noonan Company, \$40,444.63; Gilman Brothers, Inc., \$8,190.95; E. F. Mahady Company, \$412.50.

As a result of emergency deliveries on Items No. 5, No. 17, No. 18, and No. 25, it is requested that authority be granted me to issue confirming orders to Chester A. Baker Laboratories. Total amount of order is approximately \$1,857.36.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

DISTRICT COURT OF CHELSEA.

Boston, February 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with chapter 156 of the Acts of 1939, which requires contracts in excess of one thousand dollars (\$1,000) to be entered into only after they have been submitted to bids, there is one item in our budget which comes within the scope of the above chapter, to wit, Item D-1.

Item D-1 covers all our printing, docket books, and other office supplies. We spend about three thousand dollars (\$3,000) in this item through the City of Boston Printing Department.

May we ask that you give us authority to dispense with advertising for bids in this item for the above reason.

Respectfully yours,

EDWARD F. CANAVAN, Clerk.

REGISTRY OF PROBATE.

Boston, February 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

As you are aware it is necessary for me to purchase supplies for the Probate Court and the Registry of Probate under Item D-1 in the budget. The principal expenditures from this item are for the purchase of blank forms of which we have approximately three hundred types. With such a variety it is very difficult, if not impossible, to anticipate the needs of the Bar, the public, and the office in that connection, and very often we find it necessary to order some items for quick delivery, so that we cannot wait until our needs would amount to \$1,000.

We do not usually expend as much as \$1,000 at any one time for the purchase of such blank forms and other supplies. I believe that if we were required to build up our orders to \$1,000 and advertise for bids such action would be likely to result (no matter how unintentionally) in overpurchasing.

It is also necessary for me to purchase chemicals (Item D-13) and photostat photographic paper (Item D-16) for the photostat machine in use in this department, and the Photostat Corporation is the only company from which said paper and chemicals can be procured.

In the light of the foregoing, I respectfully request authority to dispense with advertising for bids for the purchase of supplies, chemicals, and photostat photographic paper under budget items D-1, D-13, and D-16. This request is made under the provisions of chapter 156 of the Acts of 1939.

Respectfully yours,

ARTHUR W. SULLIVAN, Register.

CONDITIONS ON ACCIDENT FLOOR, CITY HOSPITAL.

The following was received:

City of Boston,

Office of the Mayor, February 13, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of January 16, 1950, concerning the conditions which prevail on the accident floor where it is alleged that patients are forced to wait for unreasonable lengths of time before they are given proper medical care and treatment.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Hospital Department, February 7, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Board of Trustees held on February 3, the following order of the City Council was presented:

Ordered, That his Honor the Mayor be requested to direct the Superintendent of the City Hospital to investigate the conditions which prevail on the accident floor where it is alleged that patients are forced to wait for unreasonable lengths of time before they are given proper medical care and treatment, and that immediate steps be taken to correct this condition.

The Trustees have instructed the Superintendent to make every attempt to have patients remain as short a time as possible on the accident floor.

Sincerely yours,
JAMES W. MANARY, M.D.,
Superintendent.

Placed on file.

REPAIRING OF HANDBALL COURT FLOOR, SOUTH BOSTON GYMNASIUM.

The following was received:

City of Boston,

Office of the Mayor, February 13, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Superintendent of Public Buildings relative to your order of February 6, 1950, concerning the repairing of the floor in the handball court at the municipal gymnasium in South Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Buildings Department,
February 10, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In reply to communication with reference to City Council order of February 6, 1950, requesting that repairs be made to the floor of the handball court at the municipal gym-

nasium, South Boston, would advise that we are planning on making necessary repairs to this floor at the earliest possible date, and have an item in our budget for this purpose.

There is a condition there which is very much out of the ordinary, in that there are springs under this building, and a good-sized waterproofing job will have to be done before it is possible to repair this floor. If we were to repair the floor, without doing the waterproofing first, it would only be a matter of a very short time, when the floor would be in as bad condition as it is at present.

With reference to furnishing punching bags and other proper gymnasium facilities, these matters should be referred to the Park Department, as they come under that department's jurisdiction.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

Placed on file.

To the City Council.

Gentlemen:

I transmit herewith communication from the Secretary of the Board of Street Commissioners relative to your order of February 6, 1950, concerning the naming of the intersection at Charlotte street and Blue Hill avenue, Ward 14, in memory of the late Maurice J. Gottlieb, senior vice-commander of the Herbert J. Wolfe Post, Veterans of Foreign Wars.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Board of Street Commissioners,
February 8, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your communication of February 8, enclosing copy of Council order introduced by Councilor Ansel requesting that the intersection at Charlotte street and Blue Hill avenue, Dorchester, be named in memory of the late Maurice J. Gottlieb, I beg to advise that the Committee to Memorialize Veterans does not consider this particular area a square and is not desirous of considering the naming of corner designations as squares either now or in the future.

If Councilor Ansel introduces another order for another location consisting of four corners which can be properly termed a square, the committee will give the request every consideration at its next meeting.

Very truly yours,

L. W. COSTELLO, Secretary.

NAMING OF PROPOSED PARK IN HONOR OF WILLIAM G. WALSH.

The following was received:

City of Boston,

Office of the Mayor, February 13, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Park Commissioners relative to your order of January 30, 1950, concerning the naming of the park which is to be built on Washington street between Gallivan Boulevard and St. Gregory street, Dorchester, in honor of Gunnery Sergt. William Gary Walsh, 5th Marine Corps, 27th Regiment.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, February 3, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

We are in receipt of a memo from your office with attached enclosure City Council order requesting naming the park which is to be built on Washington street between Gallivan Boulevard and St. Gregory street, Dorchester, in honor of Gunnery Sergt. William Gary Walsh, 5th Marine Corps, 27th Regiment, who is the only Congressional Medal of Honor recipient born in Boston. He was born in Dorchester, and the medal was bestowed posthumously. The Mayor has appropriated \$50,000 for the building of this park as requested.

This area has been recently taken by the Park Department, and it is our plan to do some work on this area this spring, but the playground will not be entirely completed until sometime in 1951.

The matter of naming this area must be discussed by the Board of Park Commissioners, and it would seem advisable to wait until the area has been completed.

Your request will be kept on file and will be given every consideration when the naming of the area is to be considered.

Very truly yours,

FRANK R. KELLEY, Chairman.

CONSTRUCTION OF MOTHERS' REST.

The following was received:

City of Boston,

Office of the Mayor, February 13, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Public Works Department relative to your order of January 30, 1950, concerning the construction of a "mothers' rest" in the abandoned streetcar reservation on Columbia road, between Hancock street and Bird street, Dorchester.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 7, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of January 30:

Ordered, That his Honor the Mayor direct the Public Works Commissioner to construct a "mothers' rest" in the abandoned streetcar reservation on Columbia road, between Hancock street and Bird street, Dorchester.

While I am in entire sympathy with the purpose of the order, I think that it would be most inadvisable to construct a "mothers' rest" in the present reservation which is located in the middle of a heavily-traveled, double-barreled highway. The mothers and children in crossing from the sidewalk to the proposed "mothers' rest" would be subjected to hazardous walking conditions, with the result that serious accidents might happen to them. I feel, therefore, as stated, that it would be most inadvisable to construct a "mothers' rest" in this location.

The department plans provide for the elimination of the existing streetcar reservation on Columbia road and the substitution thereof of a six-foot-wide safety island, which will act as a haven for pedestrians who have occasion to cross Columbia road, and it will also act as a divider to separate the vehicular traffic that is proceeding in opposite directions on this highway.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

ACCEPTANCE OF ENDICOTT TERRACE.

The following was received:

City of Boston,

Office of the Mayor, February 13, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of January 30, 1950, concerning the making of Endicott terrace in Dorchester a public highway.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 6, 1950.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

I return herewith order of the City Council that the Public Works Department be requested, through his Honor the Mayor, to make Endicott terrace in Dorchester a public highway.

At the present time, Endicott terrace, which leads off 1653 Dorchester avenue, is a private way, and the matter of its acceptance should

be referred to the Board of Street Commissioners, which has sole authority in accepting and ordering the construction of streets.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

CHILDREN'S DENTAL CLINIC, JAMAICA PLAIN.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of January 23, 1950, concerning the establishing of a children's dental clinic in the Jamaica Plain district of Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Health Department, February 3, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

This will acknowledge receipt of a City Council order pertaining to the establishment of a dental clinic in the Jamaica Plain area, which was enclosed in your communication of January 25, 1950.

At the present time, the Boston Health Department furnishes dental services to the children of the Jamaica Plain area at the Whittier Street Health Unit where adequate dental services are available. It is necessary that these children travel a distance of approximately two to three miles in order to attend the dental clinic. If a location for the establishment of a dental clinic in Jamaica Plain could be obtained, the Health Department will do all possible to supply the services.

Representatives of the Health Department have visited the Jamaica Plain area and a location for a dental clinic at Curtis Hall, if space were available, would be desirable from a Health Department point of view. This would require rearrangement of plumbing facilities, waiting-room facilities, lighting fixtures, and new dental equipment with a total over-all expenditure of approximately \$3,000. In addition, it would be necessary to employ additional personnel in the Dental Division of the Health Department.

Respectfully yours,

JOHN H. CAULEY, M.D., M.P.H.,
Health Commissioner.

To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 9, 1950, concerning the making of a survey of the junction of Minot and Carruth streets, with a view to erecting "Stop Before Entering" signs at this intersection.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

February 3, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated January 9, 1950, Requesting That a Survey Be Made of the Junction of Minot and Carruth Streets, With a View to Erecting "Stop Before Entering" Signs at This Intersection.

Dear Sir:

In further reply to the subject Council order please be advised that after a survey was made at this location the matter was taken up at a meeting held on February 2, 1950, and it was unanimously voted to reject the request.

Our engineers found that there was insufficient traffic at this location to warrant obtaining the approval of the State Public Works Department who has jurisdiction over

the erection of "Stop" signs and would, no doubt, be reluctant to approve of such an installation.

RUTHERFORD AVENUE IMPROVE- MENTS.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1950.
To the Honorable City Council.
Gentlemen:

Enclosed herewith is a self-explanatory
communication received this day from the
State Commissioner of Public Works concern-
ing the construction of a depressed highway
and an overhead viaduct at the junction of
the Boston and Maine Railroad's branch line
to the Mystic Docks and Rutherford avenue,
Charlestown.

As the proposed construction is a vital link
in the highway project now under way at
Sullivan square, I recommend to your Hon-
orable Body the immediate adoption of the
order transmitted herewith.

Respectfully,
J. B. HYNES, Mayor.

The Commonwealth of Massachusetts,
Department of Public Works,
February 6, 1950.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mayor Hynes:
In connection with the proposed improve-
ment of Sullivan square, in the Charlestown
section of Boston, Rutherford avenue, the

main traffic artery between City square and
Sullivan square, will be widened to permit the
construction of a depressed highway, an ele-
vated highway, and two service roads, the
latter at present street level.

Accordingly, the existing railroad-highway
grade crossing, where the Boston and Maine
Railroad's branch line to the Mystic Docks
crosses Rutherford avenue, will have to be
altered. Across the proposed service roads
the railroad will remain at grade, suitably
protected, but, in between, the depressed high-
way will underpass the railroad and the viad-
uct will overpass the railroad.

This alteration of the existing crossing will
be accomplished by proceeding under the pro-
visions of chapter 159, section 59 of the Gen-
eral Laws. Accordingly, it will be necessary
for the Boston City Council to petition the
Department of Public Utilities to alter said
crossing and to issue an order therefor.

The work involved will be a part of the
general project for the Sullivan square im-
provement, and the expense involved will like-
wise be borne by the Commonwealth.

Under date of November 28, 1949, this same
information was forwarded to the Mayor of
Boston. In order that no delays will be en-
countered, it will be greatly appreciated if
this petition to the Department of Public
Utilities is submitted immediately by the
proper city authorities.

Very truly yours,
WILLIAM F. CALLAHAN, Commissioner.

Ordered, That it be, and hereby is, deemed
and determined to be necessary for the se-
curity and convenience of the public that an
alteration substantially as shown on the set
of plans entitled "Plan and Profile showing
proposed alteration of railroad crossing in
the City of Boston—Suffolk County—on
Rutherford Ave.—Sta. 70 & 88—at the Bos-
ton and Maine Railroad (Mystic Branch)—
scales as noted—November, 1949—Department
of Public Works, 100 Nashua St., Boston,
Mass.—P. H. Kitfield, Chief Engineer" be
made where Rutherford avenue in the Charles-
town district of Boston and the Boston and
Maine Railroad's branch line to the Mystic
Docks now cross each other; and

That the Corporation Counsel of the City
of Boston be, and he hereby is, authorized
and directed to make in the name and on
behalf of the City Council of the City of
Boston appropriate application to the State
Department of Public Utilities under General
Laws (Ter. Ed.), c. 159, s. 59, as amended,
in connection with such alteration.

Physical fitness to be determined by physical examination and qualifying strength test. To become eligible, applicants must obtain at least 70 per cent in the strength test, but the mark will not be included in the general average mark.

The practical questions will be based largely upon information contained in the July, 1946, or later editions of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

Section 12 of chapter 291, Acts of 1906, as amended by chapter 153, Acts of 1935, provides as follows: "No person shall be appointed as an officer or member of the Boston police force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment."

TRAFFIC SAFETY AWARDS WON BY CITIES.

Cities winning awards for excellence in traffic safety have recently been announced in three national contests. A total of 578 cities with populations over 10,000 participated in the traffic safety contest conducted by the National Safety Council, and cities winning first place in their population groups were Washington, D. C.; Syracuse, New York; Berkeley, California; Jackson, Michigan; and Belmont, Massachusetts. Peru, Indiana, and Stillwater, Oklahoma, tied. The national grand award for cities was won by Washington, D. C. Cities winning second and third places were Buffalo, New York; Milwaukee, Wisconsin; Oklahoma City, Oklahoma; Kansas City, Missouri; Arlington, Virginia; Wichita and Topeka, Kansas; Oak Park, Illinois; Burlington, Iowa; Plainfield, New Jersey; Klamath Falls, Oregon; and Albert Lea, Minnesota. Other awards included a special honor roll of 92 cities of more than 10,000 population which completed 1948 without a traffic death.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interests in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Jamaica-way court, bounded: Northwesternly by Jamaica-way, thirty-five feet; northeast-ly by the northeasterly line of said court, by two measurements, fifty-three and 30-100 feet and one hundred sixty-eight and 3-100 feet; southerly by the southerly line of said court, one hundred seven and 52-100 feet on a curve of twenty-five feet radius; and southwest-ly by the southwesterly line of said court, by two measurements, one hundred thirty-seven and 23-100 feet and forty-five and 48-100 feet, containing eighty-seven hundred square feet, more or less.

The sewerage works to be constructed are as follows: 225 linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of said Jamaica-way court will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

PROPOSALS FOR SERVICING ALL ELEVATORS, BOSTON CITY HOSPITAL, INCLUDING EAST BOSTON RELIEF STATION.

The Trustees of the Boston City Hospital invite sealed proposals for servicing all elevators at Boston City Hospital and East Boston Relief Station in accordance with the specifications, giving a bond of a surety company therefor, in the sum of the full amount of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 2 o'clock P.M. on Wednesday, March 8, 1950, at the office of the Superintendent, with a certified check for \$600, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before the time for opening bids. In their proposals bidders must quote price per month. The rate per hour to be paid to those who are to be employed under this contract must not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Servicing Elevators, Boston City Hospital."

PROPOSALS FOR CLEANING STONE CULVERT IN COMMONWEALTH AVENUE AND PRIVATE LAND, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning stone culvert in Commonwealth avenue and private land, from south side of Commonwealth avenue to Boston & Albany Railroad, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Cleaning Stone Culvert in Commonwealth Avenue and Private Land, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of TUESDAY, MARCH 7, 1950, with a certified check for ONE HUNDRED FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR FURNISHING LUMBER FOR PUBLIC WORKS DEPARTMENT, BRIDGE SERVICE.

The Supply Department of the City of Boston invites proposals for furnishing lumber for Public Works Department, Bridge Service, as specified in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, March 7, 1950, at 12 M., at Room 1001, City Hall Annex. *Envelopes containing bids to be sealed and plainly marked "Proposal for Lumber."* The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN V. MORAN,

(Feb. 25.) Superintendent of Supplies.

RED CROSS CAMPAIGN IN CITY MUST NOT FAIL, MAYOR HYNES TELLS "KICKOFF" AUDIENCE AT SYMPHONY HALL RALLY — CALLS ORGANIZATION OUR GREATEST BULWARK AGAINST DISASTER.

At the Red Cross "kickoff" rally at Symphony Hall on Wednesday, March 1, Mayor John B. Hynes spoke in part as follows:

The goal that has been set for the Greater Boston Red Cross Drive is an extremely modest one in view of the great works of mercy performed by this efficient organization.

To the workers gathered here tonight, to the people of Boston, and to the radio listeners, may I say that we cannot afford to have this campaign fail. It must go over the top, and it will go over the top.

Not one of us can tell when we might need a helping hand from the Red Cross in an hour of trouble or distress. It is one of our defenses against the impact of disaster; whether it be flood, fire, an explosion, or an epidemic. All of us know of the remarkable service provided by the Red Cross during the recent war. Yet, in many respects its peacetime program is almost equally important.

MAYOR EXTENDS GOOD WISHES OF CITIZENS TO BOSTON UNIVERSITY'S NEWLY INAUGURATED RADIO STATION—AN ADDITION TO CULTURAL ACHIEVEMENTS OF A GREAT EDUCATIONAL INSTITUTION.

Following are the remarks of his Honor the Mayor at the dedication of the radio station of Boston University, WBUR, on Wednesday afternoon, March 1:

The opening of this university radio station today is another milestone in the road of progress of this great educational institution.

For over 80 years this great university has held a dominant place in the life of our community. Today, the number of students which attend its undergraduate and graduate schools is the largest by far of any university in New England. It holds out to the members of both sexes, and to the members of all races, an opportunity for a fuller life which comes from education.

It is fitting that this radio station be operated from this university where

MAYOR JOHN B. HYNES FIXES TAX RATE OF 1950 AT \$63, AN INCREASE OF \$6.20 OVER 1949, PROVIDING OVERLAY DEFICIT OF \$11,= 330,000 CAN BE REFUNDED OVER A PERIOD OF YEARS—CONDITION TAXPAYERS FACE DUE TO TAX ABATEMENTS GRANTED LAST YEAR—NEW EXPENSES PLACED ON CITY BY LEGISLATIVE ACTION AND OTHER BURDENS PREVENT HOLDING LEVY TO LOWER RATE—ALSO, WITHOUT AID SOUGHT, RATE MIGHT BE FORCED MUCH HIGHER—EXPRESSES OPTIMISM IN ADDRESS BEFORE ADVERTISING CLUB AT LUNCHEON.

The following are the remarks of his Honor the Mayor, John B. Hynes, at the Advertising Club luncheon, Hotel Statler, on February 28:

On more than one occasion during the brief period I have been Mayor of Boston it has occurred to me that we do not puff our wares enough—that we fail to take full advantage of our good points and our undeniable assets. For that reason, among others, I welcome this opportunity to talk to the members of your organization.

You ladies and gentlemen know far better than I what good salesman-

ship and good advertising can do, whether you are trying to sell a bar of soap, an automobile, or a big city.

Much of the advertising Boston has received during the past few years has been poor. It has been of a derogatory and detrimental nature.

Part of it has been due to circumstances beyond the control of the people of our city, but some of it has stemmed directly from the people themselves.

When visitors come here from Miami, from Los Angeles, from Dallas, Kansas City, Cleveland, and many other places I could name, they boast about their cities. Usually they don't have too much to talk about. Certainly, they don't have as much to talk about as we do, for Boston was making history when those cities were prairies or undeveloped tracts of wilderness.

Wants City Boasters.

I would like to get our people to do the same amount of boasting, to talk up our city, to tell about the famous attractions and the historic shrines we have.

MAYOR TO RENEW RELEASE OF OLD STATE HOUSE TO BOSTONIAN SOCIETY FOR ANOTHER 20 YEARS.

Mayor Hynes has sent the following communication to the City Council for action:

February 24, 1950.

To the Honorable City Council.

GENTLEMEN:

I transmit herewith a communication from the Corporation Counsel and an order authorizing the leasing of the Old State House to the Bostonian Society for a period of 20 years.

The society now occupies the Old State House under a 20-year lease which expires on May 17, 1950. The building has been cared for and preserved by this society for a long period of time, thereby rendering an outstanding service to the people of Boston at a great saving to the city.

The society is now desirous of renewing this lease for an additional period of 20 years. The public interest in maintaining and preserving this historical shrine can in no way be better served than by permitting the Bostonian Society to continue the present arrangement, and I therefore recommend the adoption of the accompanying order.

Respectfully,

J. B. HYNES, Mayor.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

NATHAN HASKELL DOLE.

MAYOR HYNES FELICITATES BOSTON UNIVERSITY AT DEDICATION OF NEW RADIO STATION.

(Continued from page 185.)

once the inventor of the telephone, Alexander Graham Bell, served as a professor. America has come a long way since man's voice traveled over wires, and this university has grown with America and has kept pace with changing times and changing demands. I feel a particular interest in this new feature of your university because my oldest son happens to be a functionary, if you will, at the campus radio station at the University of Notre Dame in Indiana.

My congratulations are offered to Dr. Daniel L. Marsh, whose energy and foresight are always so evident, and to the university itself for recognizing the importance of this new outlet of so many uses and so much value.

As Mayor of Boston may I extend the good wishes of our citizens and the hope that this new radio station will prove, as I know it will, a worthy addition to the cultural achievements of Boston University.

MAYOR HYNES PRAISES WORK OF RED CROSS IN TIMES OF DISASTER AND CITES RE- SPONSES MADE IN CALAMI- TIES AND TIMES OF NEED.

On Friday, March 3, Mayor John B. Hynes issued the following statement:

Boston, perhaps more than most other major American cities, knows the work of the American Red Cross.

Red Cross disaster relief committees are ready at any hour of day or night to spring into action should catastrophe strike. In the last fiscal year the American Red Cross aided nearly 300,000 persons, at an expense of \$6,574,741, in the wake of disastrous floods, fires, explosions, and epidemics. Many instances of Red Cross disaster aid have occurred in Greater Boston. In each case the Red Cross has responded with promptness, efficiency, generosity, and the will for unselfish service which always has characterized its workers.

The Red Cross blood program was a source of great national pride during the war years, when the congressionally-chartered organization collected and sent to fighting fronts 13,500,000 pints. Today, although its blood program is somewhat less dramatic, it is no less effective, because the needs are greater now than ever before.

Its blood collection program, with headquarters at its new regional blood center in Boston, is protection for our people—a bulwark against the hand of fate descending on a city depleted of blood stocks. It represents comfort and peace of mind to the mothers of RH babies, to accident victims, and to many, many others.

Equally necessary to safe and healthful living is the work performed by the Red Cross. Last year nearly 10,000 persons were taught to swim by Red Cross trained instructors in Greater Boston. More than 5,000 were certified in first aid. Many nurse's aides were trained.

It is safe to say that few homes in our area have not benefited, directly or in-

directly, from the work of the Red Cross in this metropolitan area. It serves 365 days a year.

In 1950 the Greater Boston Red Cross fund campaign will have a goal of \$1,244,746. This figure is a modest one, in view of the inclusive nature of its work of mercy, and it is my earnest hope that the people of Boston will give the Red Cross the financial support it so well deserves and must have—if its effectiveness, upon which we all count so heavily, is to be unimpaired.

MAYOR HYNES SPEAKS AT RED CROSS RALLY.

(Continued from page 185.)

If this campaign were not successful, and the Red Cross were forced to curtail its activities because of inadequate funds, it would mean the weakening of one of our necessary safeguards against trouble in almost any form.

There is little need for me to tell you about the Red Cross functions. We know from experience that the organization is on the spot wherever disaster strikes, providing shelter for the homeless, food for the hungry, and furnishing whatever comfort is possible under the circumstances.

The regional blood bank it maintains in Boston is a protection for every one of us. The blood it provides may mean the difference between life and death for an accident victim, a new mother, or a person lying critically ill—one of yours or one of mine.

This Red Cross fund campaign is and should be our drive. Its goal will be reached and exceeded if each one of us will give something—if each will make a little sacrifice, in this the season of sacrifice.

We need the Red Cross. We need its protection. We need its vast, capable, ever-ready, trained organization. We can take for granted its broad potentialities only if we—you and I—are willing to give and give generously.

MAYOR HYNES FIXES 1950 TAX RATE AT \$63.

(Continued from page 185.)

And I invite the people who reside outside of Boston in neighboring cities and towns to join in our Build Boston Campaign.

When a resident of Belmont or Arlington or Newton or Cambridge is visiting in Florida or California and is asked where he is from, he invariably answers Boston. For that reason alone, the fate of the city is of concern to the whole community.

One of the things I promised to do in the campaign last fall was to make the name of Boston respected throughout the country. I'm trying to do that, but I want to do more than that; I want to advertise our city across the United States, so that we can attract tourists and visitors here to help business and contribute to the general prosperity of the city.

Boston is not in a position to afford any costly advertising campaign. We must depend largely on word-of-mouth advertising by our own citizens.

Now, I think your club could do much for Boston, and I invite your help and cooperation. You ladies and gentlemen are skilled specialists in the advertising

field. I have never yet read an advertisement that mentioned the liabilities or weaknesses of the product being advertised for sale. Undue modesty has never been one of the characteristics or trademarks of your profession.

I don't say that in any derogatory sense. Indeed, I want the people of Boston to stop being overmodest about their city. I want them to boast a little and to brag a little. We're making a real effort to bring added conventions here. We're working on conventions not only for this year but for 1951. You have a stake in the success of our efforts, because the people who come here to attend conventions, or to visit Boston on their vacations, may buy some of the products you advertise.

They represent a potential market for your advertisers. The greater we can make that market, the better it will be for our city, for the people in it, for you and for the clients you represent. Some of you may have ideas as to things we might do to increase that market. If you have, send them along to us. Don't offer us any program that involves the expenditure of a great deal of money, because we don't have it to spend. We're on a rigorous program at City Hall, and for the present, at least, we have to figure out ways to avoid spending money rather than new means of spending it.

PROMOTING BOSTON.

But that doesn't mean we can't utilize any new idea for promoting Boston, and a high-powered organization such as this certainly should be able to contribute some. There are many ways in which a club such as yours can help to promote Boston. Those of you who handle national advertising might well have opportunities and advantages. We need every bit of good advertising we can get, and we want every tourist and visitor we can draw. I ask that you keep that in mind whenever you have an opportunity to boost our city.

At the present time we are conducting an energetic program to attract new business and industries. If you learn of any company which might be induced to come here, I wish you either would contact me directly or communicate with Paul Hines in the Labor and Industry Office at Room 37, City Hall. You may be sure we will follow up any leads you provide.

As you undoubtedly have read in the newspapers, the Chamber of Commerce is to sponsor a Mid-Century Boston Jubilee in May. In connection with it, we will conduct a campaign to clean up, paint up, and fix up the city. We would like to give Boston a real face lifting. We want to obtain the help and cooperation of all citizens to give Boston a tidier, neater, and more presentable appearance. You can help us to do it by mentioning the campaign and the jubilee in some of your advertisements.

I personally will be grateful for anything you can do. I believe it will pay dividends in improved business. I'm not going to try to tell you experts how to ballyhoo anything. But I do tell you that Boston needs to be ballyhooed.

It is my purpose to work as closely as possible with the Chamber of Commerce and with such organizations as the Advertising Club, for in the final analysis we are working toward the same objective—more business, more prosperity for Boston.

I recognize full well that Boston can only be as prosperous as its business and

industry and that the efforts of the city administration should be harnessed with those of groups such as yours.

ACHIEVEMENTS TO DATE.

When I was invited to speak here, it was suggested that, among other things, I might talk about what had been accomplished during my first two months as Mayor. Our achievements so far have been rather uncolorful in nature. For the past two months I have been concentrating a major part of my efforts and energy to the task of preventing an increase in the tax rate that would be so great as to be a staggering blow to business and industry.

I suppose that a great many people by now may be tired of hearing me talk about the tax rate. But I find that there is still a good deal of confusion as to just why Boston is confronted with the possibility of a substantial boost in its rate. Only yesterday a woman neighbor of mine stopped me and questioned me about the tax rate. She had read in the newspapers that the city and county budget would cause an increase of about \$1.50 in this year's tax rate, and that the school budget would add about another \$1.

She wanted to know just what I was planning to do that would cause an increase of more than \$2.50 in the tax rate, and she intimated that whatever it is she wished I wouldn't do it.

I can understand her confusion. In her mind the tax rate depends on how much money is spent for city, county, and school purposes. Unfortunately, it isn't quite as simple as that. I'm in somewhat the same position as a fireman called to put out a conflagration. He didn't start it, and all he can do is try to check it and save as much as possible.

BURDEN OF EXPENSES.

When I delivered my inaugural address on January 2, I tried to give the people of Boston a frank and honest account of the obligations I was being called upon to meet. As it turned out, it wasn't a complete account because during my first few weeks in office I made almost daily discovery of some new expense to be met this year. For example:

The city and county budgets this year are about \$2,250,000 greater than last year. But salary increases granted last July 1 represent an additional expense of \$2,485,000 this year, when they must be paid for a full 12 months.

Step-rate increases for city and county workers will cost \$216,000 this year. Higher pensions granted last year by the State Legislature will cost \$175,000.

The new parking law is costing us an extra \$55,000 for mailing charges and police overtime.

Our welfare expenses are up \$2,000,000 over 1949.

The fact that we have an additional election this year—the State Primary—where last year we had only one—means a \$50,000 item in our budget.

Higher pay for jurors, allowed by state law, will cost \$45,000. Those items total about \$5,000,000. We are meeting them in the budget. Other items within my control were slashed about two and three-quarter million dollars in order to hold down expenses.

That was what I meant earlier when I said our accomplishments have been of a colorless or negative nature.

From a tax rate standpoint the boost in the city and county budgets is not our only worry or concern. There are other

factors, obligatory on the city to meet, which also have a distinct bearing on the tax rate. To cite a few of them:

Our debt service charges—the amount we must pay off on past borrowing—will be about \$1,400,000 more than last year.

The MTA deficit the city must pay this year will be approximately a million dollars more than last year.

The overlay deficit which we are confronted with for tax abatements granted last year is \$11,333,000. That one item in itself would represent \$8 if included in our tax rate.

There are other factors which I could list, including the fact that a terrific slash has been made, through abatements, in the valuation of taxable property, which represents our tax base. But I think I have listed enough to convince you that I am not exaggerating when I say that my administration has fallen heir to obligations and commitments which must be met if we are to continue as a solvent municipality.

What every businessman wants to know is how much our tax rate is going up this year. Last year it was \$56.80. A jump to \$70 would be a serious blow to them. In some cases it might be a crippling blow.

Neither I nor anyone else can tell you today exactly what our 1950 tax rate will be. There are factors yet to be established which will figure in the rate.

HIGHER TAX RATE.

I know it will be higher than last year's. There is no way of avoiding an increase.

We have instituted many economies at City Hall. In two months we have dropped a great many surplus, temporary employees. We have made reductions in the cost of some of the contractual services performed for the city, including the removal of snow and the collection of rubbish and waste. We are getting lower prices for many items the city purchases.

By next year the steps we have taken, and are planning, should show real results. We are on the uphill course to putting the city's house in order. The job isn't any easy one. It won't be accomplished quickly. We must first remove the carbon and grind the valves. We will have to say "No" a great many times to a great many people. We have made the start, and we are headed, I believe, in the right direction.

To prevent a staggering jump in this year's tax rate, I have a bill now pending before the Legislature which would allow me to refinance the \$11,333,000 overlay deficit I must meet. As I explained earlier, that represents money which must be paid this year for abatements granted last year.

Ordinarily, I would not be in favor of putting off any of our financial obligations. I would prefer to meet them head on and be through with them. But I recognize that such a program might well impose a burden on some of our business and industries that will be more than they could stand.

Because we are making headway, and because I am confident that the results of our efforts will be apparent in another year, I believe the wisest course is to fund that overlay deficit and spread it over a period of years.

I am hopeful that if we obtain that authorization we will be able to prevent our tax rate from going over \$63. And I believe that a year from now we will be able to reverse the upward trend of the tax rate. If we can do that, it will be a worth-while accomplishment for the city.

But it will mean that we will have to hold closely to our program of getting along without a great many municipal luxuries and providing only the essential public services for our citizens.

Many undoubtedly realize that some improvements can be made in the city's administrative practices and procedures; that many things can be done more economically and efficiently. The machinery has been started in motion to make those changes; to eliminate waste and duplication of effort; and to adopt some of the recommendations set forth in the Finance Commission survey reports.

It should be remembered, however, that some of the steps proposed by the Finance Commission can be taken only with the approval of the City Council, and that many of the recommendations advanced can be adopted only with the authorization of the State Legislature.

Before I close may I comment upon a matter which has recently been the subject of some discussion. A bill is pending before the Legislature which would allow the city to borrow \$1,000,000 for the purchase of voting machines. The question has been asked—and properly so—as to how the city can afford such an expenditure in its present financial condition.

The answer is a simple one. Voting machines have been installed in about a third of the city's polling places. It seems poor practice to have paper ballots in some sections and voting machines in others. Since a program has been started for the mechanizing of voting in Boston, it is common sense that it should be completed.

FOR MORE VOTING MACHINES.

It is my intention to float a loan for the purchase of the voting machines and to consolidate and reduce the number of polling places. The savings that would be realized should be great enough to cover both the interest and principal payments on the bond issue. I do not believe that the move would involve any additional expense for the taxpayers.

One of the questions some of your club members have asked me is when we expect to get started on the proposed underground garage beneath Boston Common.

Under an agreement made by the last administration a corporation in Boston has until July 1 to show that it can obtain the financial backing to undertake the project.

Representatives of that corporation recently told me that they expect to complete arrangements within the near future for getting the necessary funds.

If they have not done so by July 1, we shall immediately look around for some other group which might be interested in the proposition and which could secure the money needed to underwrite the construction of the garage.

For the present there is nothing we can do but mark time. But I believe a garage under the Common would go a long way toward relieving our parking problem. And I intend to push the plans for that project just as soon as I am in a position to do so.

I have been in the office of Mayor just two months. In that time we have tried to make a diagnosis of what is wrong with Boston and what should be done to correct her ills.

BOSTON NO LONGER YOUNG.

Our diagnosis shows that Dame Boston is no longer young—that she has many of the frailties and disabilities common to her age group.

Some of her ailments are real, some are superficial. We believe all of them can be remedied with the proper treatment.

For two years she has been living beyond her means, going steadily more deeply into debt.

Her expenses have gone up, and her sources of income have narrowed.

Her personal appearance at times has been neglected.

Some of the business and industries on which she depended have moved away.

In view of that diagnosis, we have prescribed the following remedies:

She needs a face lifting to improve her appearance.

She must adopt more thrifty ways.

She should go on a debt-free diet.

She should spend more time outdoors improving her highways.

She needs injections of new business and industry.

But her health is sound. The glow of optimism for the future is in her eyes.

With the proper treatment and direction, and with your help, her best years are still before her.

CIRCULAR LETTER NO. 3.

CITY OF BOSTON,
MAYOR'S OFFICE, February 24, 1950.

To All Department Heads.

GENTLEMEN:

In my inaugural address, I expressed the conviction that the recommendations contained in the survey reports of the Boston Finance Commission should be reviewed and analyzed to determine which of them could be adopted with practical advantage to the city.

I have appointed Charles J. Fox, City Auditor, John A. Sullivan, Budget Commissioner, and John DeMeulenaer, Engineer in Charge of the Bridge and Ferry Division of the Public Works Department, as a committee to conduct this review and to report to me the improvements that could and should be made in administrative practices and procedures of the city.

This committee is now at work, and in the next few months will consult with the heads of departments embraced in the survey reports. I suggest that department heads start to prepare for these conferences. It will be of assistance to the committee to have the recommendations contained in the individual reports classified on the following basis:

1. Those already adopted.
2. Those which appear feasible of adoption.
3. Those which require changes in ordinances before they may be considered for adoption.
4. Those which conflict with existing statutory provisions.
5. Those which are impractical or inexpedient.

Department heads are directed to prepare four copies of such a classification of the recommendations relating to their departmental activities and forward the same as soon as possible to the City Auditor. In preparing this classification it will not be necessary to submit arguments or comments. Merely list each recommendation under one of the five classes indicated above. If the recommendations are numbered in the survey report, the numbers may be used rather than listing the entire written recommendation.

Your cooperation in this respect will be appreciated.

Respectfully,

J. B. HYNES, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to appoint Frederick T. Desmond, 24 Dighton street, Brighton, as a permanent first assistant assessor at \$3,000 a year.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon February 24 the Mayor approved a contract with J. W. Praught Company for furnishing and installing new feed water heater in the Boston Trade High School. Bids, opened February 21, were as follows:

J. W. Praught Company, \$4,143; Eugene Ricciardelli, \$4,790; Central Engineering Company, \$4,844; W. A.

Shephard Company, \$4,940; James P. Sullivan Company, \$5,218; Joseph F. Dwyer, \$5,364; Puritan Plumbing and Heating Company, \$9,950.

SUPPLY DEPARTMENT.

Upon February 17 the Mayor approved a contract as outlined in the following letter:

Boston, February 16, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On February 10, 1950, bids on proposals for furnishing cast-iron water pipe to the Water Division of the Public Works Department were publicly opened and read in this office. Attached is tabulation of bids received.

The Water Division of the Public Works Department maintains an inspector at the vendor's plant for the duration of the contract. Although the Florence Pipe Foundry & Machine Company of Philadelphia, Pennsylvania, is the lowest bidder, the cost of maintaining an inspector at their plant in Pennsylvania will increase the total amount of the contract, making it more than that of the second lowest bidder, Warren Pipe Company of Massachusetts, Inc., which company is located in Boston.

It is therefore requested that authority be granted me to award a contract to Warren Pipe Company of Massachusetts, Inc., at the prices as indicated on the accompanying sheet.

Total amount of contract is \$72,400.

Respectfully yours,

JOHN V. MORAN,

Superintendent of Supplies.

5,000 Feet Four-Inch Pipe, Per Foot.—Florence Pipe Foundry & Machine Company, \$1.05; U. S. Pipe & Foundry Company, \$1.07; Warren Pipe Company of Massachusetts, Inc., \$1.02.

3,000 Feet Six-Inch Pipe, Per Foot.—Florence Pipe Foundry & Machine Company, \$1.53; U. S. Pipe & Foundry Company, \$1.56; Warren Pipe Company of Massachusetts, Inc., \$1.50.

10,000 Feet Eight-Inch Pipe, Per Foot.—Florence Pipe Foundry & Machine Company, \$2.28; U. S. Pipe & Foundry Company, \$2.33; Warren Pipe Company of Massachusetts, Inc., \$2.25.

10,000 Feet 12-Inch Pipe, Per Foot.—Florence Pipe Foundry & Machine Company, \$3.95; U. S. Pipe & Foundry Company, \$4.03; Warren Pipe Company of Massachusetts, Inc., \$4.03.

Cash Discount, 10 Days.—Florence Pipe Foundry & Machine Company, one half of 1 per cent; U. S. Pipe & Foundry Company, net; Warren Pipe Company of Massachusetts, Inc., net.

Upon February 17 the Mayor approved contracts with lowest bidders as indicated in the following letter:

Boston, February 16, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Bids on proposals for furnishing hay, grain, and straw to the various city departments were publicly opened and read in this office on February 9, 1950.

It is requested that authority be granted me to award orders to the lowest bidders by item, as indicated on the accompanying tabulation.

Total amounts of awards are as follows: Thomas F. Culkeen, \$1,433.40; John J. White Company, \$789.05.

Both companies are offering a 1 per cent cash discount for payment of bills within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Upon varying dates as indicated the Mayor approved contracts with firms, supply houses, and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, February 16, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Emergency measures to avoid closing down the Lucy Stone School were required in connection with the heating boiler when it was discovered that there were cracked sections in the mid-section of the boiler which leaked so badly that continuing the use of the boilers would not be warranted. For this reason, Fred Williams, Inc., 47 Ellery street, South Boston, was employed to replace the cracked boiler sections.

Work has been completed under the direction of an inspector of this department who certifies to the amount of material and labor performed, actually totaling \$1,242.36.

I respectfully request your approval of my action in authorizing this work to be performed in the emergency, and your approval for the payment of this bill in the amount of \$1,242.36.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.

Boston, January 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department has two contracts with John T. Bradley, painting contractor, approved by the Mayor of Boston on September 29, 1948, for Division No. 1 in the amount of \$45,192, and for the Out-Patient Department building in the amount of \$15,623.

The contractor filed the claim on October 26, 1949, for compensation for extra work done on the above-mentioned buildings—the total amount of the claim is \$19,039.70.

After several conferences with a representative of the Law Department, Mr. Bradley's attorney, and the architect, the sum of \$9,643.50 was agreed upon as a proper charge against the City of Boston for the extra work involved.

The details relating to the extra work involved appear in the letters of John M. Gray Company, architect, dated January 13, 1950, which accompany this communication and are made a part thereof.

In view of the foregoing, this Board respectfully requests your Honor's permission to amend:

1. The contract of John T. Bradley for work on the Out-Patient Department building, by adding the sum of

\$2,650, making the new sum of the contract \$18,223.

2. The contract of John T. Bradley for work under Division No. 1, by adding the sum of \$6,993.50, making the new total of the contract \$56,602.20 (this contract having previously been amended by the addition of the sum of \$4,416.70).

Very truly yours,

MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

INSTITUTIONS DEPARTMENT.

Boston, February 9, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to award a contract, not to exceed \$2,500, to the Bethlehem Steel Company, 256 Marginal street, East Boston, for the repair of the M.V. "James M. Curley" without the formality of public bidding.

On February 4, 1950, the M.V. "James M. Curley," while on the return trip from Long Island at 1 o'clock P.M., developed trouble with the rudder and had to be towed to the Eastern Avenue Wharf by the tug "Juno." It was later found that the rudder had been bent and broken, and the direct cause is still undetermined. The S.S. "Mariner," owned by C. A. Foley, is now transporting the passengers and freight to and from Long Island.

The Bethlehem Steel Company was the only available company with dry dock, men, and equipment to do this work immediately. I deemed it an emergency and gave permission to this company to complete the work.

It is customary in April of each year to put the boat in dry dock for scaling and painting the hull and structure of the boat. This work will be done and is included in the above price. This will at least be some saving, in that we will not have to put the boat up again this year.

The Bethlehem Steel Company has performed work on the vessel in the past, and its prices and work have always been found satisfactory. The estimate and prices for this work have been carefully checked by Captain Clark, Captain O'Keefe, Chief Engineer Steel, and Plant Superintendent Plunkett, all of this department. They all feel that the price is fair for the amount of work to be done.

Attached is copy of the letter which the Bethlehem Steel Company sent to us, stating the work they will perform for the City of Boston.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

Bethlehem Steel Company,
Shipbuilding Division,
256 Marginal Street,
East Boston, February 6, 1950.

COMMISSIONER JOHN R. MCGILLIVRAY,
City of Boston Institutions Department.

DEAR SIR:

Under present conditions and subject to the clauses printed hereon and included herein, which apply to every order for work, whether written or

verbal, we are pleased to quote the sum of two thousand three hundred and forty dollars (\$2,340) to carry out the following repairs to the S.S. "James M. Curley":

Dry-dock vessel for underwater repairs.

Wash down, clean, and paint bottom from keel to water line with two (2) coats of Baltimore copper paint and two (2) coats of black from the water line to guard. Paint in draft marks.

Open up sea valves, grind in, renew packing, rejoin bonnet and close up in good order; total of two (2). Blow out crossover line.

Remove sea strainers, clean same, clean out sea chests, renew zincs and missing or wasted studs, and close up in good order.

Renew missing or wasted zincs and renew any missing or wasted studs around stern frame and rudder.

Repack stern gland.

Renew broken studs in stern gland; total of two (2).

Renew rope guard.

Fair tips of propeller blades.

Connect up shore line and supply electricity.

Remove rudder and upper rudder stock to the shop. Machine a new upper stock, using existing palm and welding new stock to same as directed. Furnish and install all new coupling bolts in palm. Connect in place on ship and prove in good order.

As per your instructions, we are proceeding with the above work.

Very truly yours,

E. R. SWAN, Manager.

PRINTING DEPARTMENT.

Boston, February 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract without advertising to Remington Rand, Inc., 857 Commonwealth avenue, Boston, Mass.

This request is being made in order that we may furnish the Auditing Department with payroll cards in the sum of \$2,011, as follows:

1,500,000 payroll cards, Form No. P-14299, left-hand corner cut, Manila, to be delivered 200,000 per month, starting February, 1950, \$1.15 per 1,000, \$1,725; charge of \$5 make-ready on each delivery, f.o.b. factory, \$40.

150,000 payroll cards, Form No. P-14299, left-hand corner cut, red stripe, to be delivered in February, 1950, \$1.20 per 1,000, \$180; charge of \$1 make-ready, f.o.b. factory, \$1.

50,000 draft summary cards, No. P-14110, left-hand corner cut, blue stripe, to be delivered in February, 1950, \$1.20 per 1,000, \$60; charge of \$5 make-ready, f.o.b. factory, \$5—total, \$2,011.

The above materials are for use on payroll machines manufactured by Remington Rand, Inc., and it would therefore seem that the best service could be rendered by purchasing these cards from the same company, and in my opinion, no advantage could be gained by publicly advertising for bids.

Respectfully,

JOHN J. TWOMEY,
Superintendent.

Boston, February 23, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to International Business Machines Corporation, 573 Boylston street, Boston, Mass.

This request is being made in order that we may furnish the Welfare Department with tabulating cards for use on tabulating machines in the sum of \$1,859, as follows:

50M Manila cards, No. 766761, lower right corner cut, \$1.15 per M; total, \$57.50.

50M C-salmon cards, No. 766761, lower right corner cut, \$1.20 per M; total, \$60.

50M B-red cards, No. 766761, lower right corner cut, \$1.20 per M; total, \$60.

50M Manila cards, No. 766761, M-blue stripe across top lower right corner cut, \$1.16 per M; total, \$58.

50M Manila cards, No. 766761, X-gray stripe across top lower right corner cut, \$1.16 per M; total, \$58.

50M Manila cards, No. 766761, P-green stripe across top lower right corner cut, \$1.16 per M; total, \$58.

50M Manila cards, No. 766761, W-rose stripe across top lower right corner cut, \$1.16 per M; total, \$58.

50M Manila cards, No. 766762, L-salmon stripe across top lower right corner cut, \$1.16 per M; total, \$58.

50M Manila cards, No. 766762, S-brown stripe across top lower right corner cut, \$1.16 per M; total, \$58.

50M account 1 checks, form 544185 front and 130775 back, prepunched and prenumbered serially in columns 71 to 76, from 900,001 to 950,000, series B, gang-punched 1 in column 77, upper right corner cut, background A, tint, green, \$3.17 per M; total, \$158.50.

50M account 2 checks, form 544323 front and 130775 back, prepunched and prenumbered serially in columns 71 to 76, from 400,001 to 450,000, series C, gang-punched 2 in column 77, upper right corner cut, background A, tint, violet, \$3.17 per M; total, \$158.50.

50M account 3 checks, form 544324 front and 130775 back, prepunched and prenumbered serially in columns 71 to 76, from 400,001 to 450,000, Series C, gang-punched 3 in column 77, upper right corner cut, background A, tint, gray, \$3.17 per M; total \$158.50.

100M account 5 checks, form 139728 front and 130775 back, prepunched and prenumbered serially in columns 71 to 76, from 400,001 to 500,000, Series D, gang-punched 5 in column 77, upper right corner cut, background L, tint, blue, \$3.17 per M; total \$317.

100M account 6 checks, form 139727 front and 130775 back, prepunched and prenumbered serially in columns 71 to 75, from 300,001 to 400,000, Series D, gang-punched 6 in column 77, upper right corner cut, background L, tint, red, \$3.17 per M; total \$317.

100M Manila cards, No. 542563, no corner cut, \$1.12 per M; total, \$112.

100M Manila cards, No. 5081, lower right corner cut, \$1.12 per M; total, \$112.

Grand total, \$1,859.

The above materials are to be used on International Business Machines at the Welfare Department, and as this company makes cards especially designed

for use on these machines, in my opinion, no advantage could be gained by advertising for bids.

Respectfully submitted,

JOHN J. TWOMEY,
Superintendent.

PUBLIC WORKS DEPARTMENT.

Boston, February 14, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of this department has approximately 3,500 five-eighths-inch Hersey meters that have been taken out of service and which are in need of repairs.

For the past three years, contracts have been awarded to the Hersey Manufacturing Company of 381 E street, South Boston, without publicly advertising for bids, to repair our meters by removing the interiors and inserting completely new parts, so that when the meters are returned to the Water Division they are, to all intents and purposes, new meters. Unquestionably, this work can be done more economically by the Hersey Company than by our own forces and, as a matter of fact, we have not sufficient personnel to handle the repair of meters that are out of service at the present time.

Last year contracts were awarded to the Hersey Company for repairing 4,500 five-eighths-inch meters, at a price of \$8.10 each, which is about one half the cost of new meters. Unquestionably, it is beneficial to the department to have the old meters remodeled, because it not only provides for a saving of the difference in cost between the remodeling work and the cost of a new meter, but it is also most beneficial for the department to undertake this work, in order to make certain that the meters that are in service are in proper operating condition and that they accurately measure all of the water consumed.

The replacing of water meters is in line with the recommendation made by Griffenhagen and Associates to the Finance Commission when they reported: "Failure to place the emphasis that is warranted on water meter-testing is probably costing the city as much as \$500,000 a year in reduced revenues. Scarcity of parts and meters during the war has contributed to this situation."

As the meters involved are Hersey meters there would be no advantage in publicly advertising for bids, because no other company could furnish the parts unless they were obtained from the Hersey Company.

I respectfully request, therefore, your permission to dispense with publicly advertising for bids, and to award a contract to the Hersey Manufacturing Company of 381 E street, South Boston, for the repair of 6,000 five-eighths-inch Hersey meters, at a unit cost of \$8.10 each, a total cost of \$48,600. The above unit price is the same price that was charged by the Hersey Company last year for doing this work and, in our opinion, it is a fair and reasonable price that was determined as a result of negotiations that Division Engineer Daniel M. Sullivan conducted with representatives of the Hersey Company.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, December 20, 1949.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing vegetable shortening to the various city departments. Bids were publicly opened and read on December 19, 1949.

It is requested that authority be granted me to award a contract to Durkee Famous Foods, Division of the Glidden Company, Elmhurst, New York, the lowest bidder, as indicated on the attached sheet.

Total amount of contract is \$2,221.70.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Boston, February 17, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 26, 1950, your Honor approved a letter to award a contract in the amount of \$2,864 to New England Coke Company for furnishing and delivering coke to the House of Correction, Deer Island.

In order to fully comply with the requirements for awards, without advertising, as set forth in chapter 486, section 30, General Laws, Acts of 1909, it is requested that the original letter of award be amended to include the following information:

The New England Coke Company is the only local producer of the type of coke required by the City of Boston and, therefore, no advantage will be gained by publicly advertising.

The price of coke is \$17.90 per net ton.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 20, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Senior Member WENZLER in the chair. Absent, Councilors Coffey, Hurley, and McCormack.

The meeting was opened with the salute to the Flag.

RESUMPTION OF WORK ON FANEUIL STREET HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, February 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the State Housing Board relative to your order of February 6, 1950, concerning settling the dispute between the John Bowen Construction Company and the Boston Housing Authority and resuming work on the Faneuil Street Housing Project in Ward 22.

Respectfully,
J. B. HYNES, Mayor.

The Commonwealth of Massachusetts,
State Housing Board, February 13, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

On the date of February 8, 1950, your office forwarded to us a copy of an order of the City Council, dated February 6. This order requested in substance that the current dispute between the John Bowen Company and the Boston Housing Authority, with reference to Boston project 200-4, be settled promptly.

On Friday, February 10, both parties to this dispute entered into an agreement to arbitrate the differences. The agreement provided that work commence upon its signing and proceed expeditiously.

I am happy to report to you and the City Council that this problem appears to be solved.

Respectfully yours,
FREDERICK W. ROCHE, Chairman.

Placed on file.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I respectfully request that your Honor obtain permission from the City Council to dispose of, as junk, through private sale, the following old and obsolete apparatus which is now the property of the Fire Department:

One 1941 American LaFrance 100-foot aerial ladder truck, to be sold to the Boston Junk Company, 101 Tyler street, Boston, for the sum of \$221.50.

The following pieces of old apparatus, to be sold to the Heggie Corporation, 194 Freeport street, Dorchester, for the sum of \$737:

Make.	Year.	Serial No.
American LaFrance Company city service truck	1920	223T
American LaFrance Company city service truck	1923	235T
American LaFrance Company city service truck	1926	245T
American LaFrance Company city service truck	1924	239T
American LaFrance Company city service truck	1923	234T

Samuel Gordon & Sons, Inc.	90 00	375 00

The foregoing trucks are no longer fit for service in the Fire Department. After all parts which might be of any use to the department have been stripped from the old apparatus, the trucks will be cut up by the junk dealers to whom they are sold, under the supervision of officials of the Fire Department.

The 100-foot aerial ladder truck was practically demolished in an accident in December of 1947, and the American LaFrance Company, manufacturer of the truck, stated the cost of repairing the ladder truck would be nearly as great as the price of a new ladder truck.

Respectfully yours,

M. T. KELLEHER, Fire Commissioner.

RESERVATION OF CAPITAL GRANT MONIES.

The following was received:

City of Boston,
Office of the Mayor, February 20, 1950.
To the City Council.
Gentlemen:

Transmitted herewith is self-explanatory letter sent me under date of February 13, 1950, by Mr. Cornelius T. Kiley, Chairman of the Boston Housing Authority. Also enclosed is a resolution which I recommend that your Honorable Body adopt, so that Boston may get its due share of the capital grants authorized by Title 1 of the Federal Housing Act of 1949.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
February 13, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Title I of the Housing Act of 1949 authorizes the Administrator of the Housing and Home Finance Agency to make loans and grants to assist cities, such as Boston, in acquiring slum and blighted areas and making the land available for development and redevelopment.

The Administrator is taking applications for capital grants only at this time. Applications for loans will be accepted at a later date. From the initial \$200,000,000 available under the Act, the City of Boston is entitled to a maximum capital grant of \$2,982,770. It is conceivable that this amount may be increased if the total now available is not completely earmarked elsewhere.

To obtain the funds it is necessary that your Honor and the City Council approve a resolution, in form satisfactory to the Administrator of the Housing and Home Finance Agency, for reservation of grant monies. Such resolution is enclosed. If it meets with your approval, will you submit it to the City Council at an early date?

Very truly yours,
CORNELIUS T. KILEY, Administrator.

RESOLUTION FOR RESERVATION OF GRANT MONIES.

Whereas, Under Title I of the Housing Act of 1949 the Housing and Home Finance Administrator is authorized to assist local communities in eliminating their slums and blighted areas and in providing maximum opportunity, consistent with the sound needs of the locality as a whole, for the redevelopment of such areas by private enterprise, and to that end is authorized to make local public agencies advances for surveys and plans in preparation of projects, capital grants, and temporary and definitive loans; and

Whereas, The Housing and Home Finance Administrator will consider requests for the reservation or earmarking of the first \$200,000,000 that will be made available under Title I for capital grants; now, therefore, he it

Resolved, By the Mayor and City Council of the City of Boston (herein designated for this purpose the "Community"):

1. That upon the basis of preliminary studies it is considered to be in the public interest and it is the desire and purpose of the Community that there be undertaken and carried out, with the aid of capital grants out of said \$200,000,000, certain slum clearance and redevelopment work in the Community, and that such work, or at least the surveying or planning in connection therewith, can be started prior to July 1, 1951.

2. That the Administrator be, and he is hereby, requested to reserve or earmark for such work out of said \$200,000,000 an amount not exceeding \$2,982,770.

3. That it is hereby recognized that under Title I of the Housing Act of 1949 certain requirements are imposed in order to obtain federal aid thereunder for slum clearance and redevelopment projects, including requirements for the provision of local grants-in-aid, the approval of redevelopment plans by the governing body of the locality, the making of certain findings by such governing body, and other requirements, and it is further recognized that the cooperation of the Community is necessary to carry out the slum clearance and redevelopment program which is proposed to be undertaken and for which the reservation of funds is hereby requested.

4. That Cornelius T. Kiley, the duly authorized Chairman of the Boston Housing Authority, be, and he is hereby, directed to forward to said Administrator three certified copies of this resolution and such other supporting data and information as may be required, and that this resolution shall constitute the Community's formal request to the Administrator for the reservation of capital grant monies.

Referred to the Executive Committee.

COOPERATION AGREEMENT WITH BOSTON HOUSING AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, February 20, 1950.
To the City Council.
Gentlemen:

Transmitted herewith is self-explanatory letter which Mr. Cornelius T. Kiley, Chairman of the Boston Housing Authority, sent me under date of February 10, 1950. Also enclosed is an order which I recommend that your Honorable Body adopt forthwith, in order

that the housing program outlined in Mr. Kiley's letter may proceed without delay.

Respectfully,

J. B. HYNES, Mayor.

Boston Housing Authority,
February 10, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

This Authority, pursuant to the provisions of the Housing Act of 1949, has applied to the Public Housing Administration for program reservation for construction of additional federally-aided low-rent housing in Boston. The Public Housing Administration has approved 4,000 units for Boston for the forthcoming two years. No reservation beyond two years will be accepted by Public Housing Administration at this time.

To enable the Authority to start the program, Public Housing Administration has approved a preliminary loan of \$550,000 and will make an initial advance thereon within the next few days. The application for the preliminary loan was approved by the City Council and Mayor on November 28, 1949.

The Housing Act of 1949 requires, as did the United States Housing Act of 1937, that the Authority enter into a so-called "Cooperation Agreement" with the City of Boston covering projects to be built under its provisions. Such a contract has been in effect since 1938, covering all federally-aided projects now in operation in the City of Boston. A similar contract must now be entered into for contemplated projects under the new law.

There is transmitted herewith a proposed form of Cooperation Agreement, the form and content of which have been agreed upon by counsel for this Authority and Public Housing Administration and the Corporation Counsel of the City of Boston.

It covers the salient provisions of the law relative to payments in lieu of taxes and equivalent elimination of substandard dwellings. There are various other provisions relative to the usual cooperation of the various departments and boards of the city during the development and management stages of the projects.

Payments in lieu of taxes under this agreement are fixed at ten (10) per cent of shelter rents. Under the previous agreement the payment was 4½ per cent, although during the war period a larger payment was made because of the temporary diversion of the projects from their true low-rent purpose. This permanent increase to ten (10) per cent represents the culmination of a long struggle on the part of the Authority to increase these payments to the city.

The city agrees to cooperate with the Authority in the elimination of substandard dwellings to the extent provided in the Act. The Act, in this respect, has been liberalized, by reason of the housing shortage, to provide that the equivalent elimination feature of the Act shall not be applicable to projects built on the site of a slum cleared after July 15, 1949.

If the proposed contract meets with your approval, will you submit it to the City Council for action thereupon at an early meeting? The Authority knows that you are very anxious to assist in providing additional homes in Boston. Please be assured that the Authority is proceeding with the program with as much speed as possible. This Cooperation Agreement is the most immediate step in our progress, and we know that we can be assured of your assistance.

Very truly yours,

CORNELIUS T. KILEY, Chairman.

Ordered, That the City of Boston enter into a cooperation agreement with the Boston Housing Authority in the following form, and that the Mayor of the City of Boston be, and hereby is, authorized and empowered to execute and deliver such agreement in the name and behalf of the City of Boston.

COOPERATION AGREEMENT.

This Agreement, entered into this..... day of....., 19....., by and between the Boston Housing Authority (herein called the "Authority") and the City of Boston (herein called the "City"), witnesseth:

Whereas, The Authority has received from the Public Housing Administration (herein called the "PHA") a Program Reservation for 4,000 units of low-rent housing to be developed and located within the corporate limits of the City and may hereafter apply for additional Program Reservations; and

Whereas, The Authority proposes to enter into one or more contracts with the PHA for loans and annual contributions in connection with the development and administration of such low-rent housing, all pursuant to the

United States Housing Act of 1937, as amended (herein called the "ACT"); and

Whereas, The City is desirous of assisting and cooperating with the Authority in such undertakings and of complying with the provisions of Sections 10(a), 10(h), and 15(7)(h) of the Act, as well as all other applicable provisions thereof;

Now, therefore, in consideration of the mutual covenants hereinafter set forth, the Authority and the City do agree:

1. Whenever used in this Agreement:

(a) The term "Project" shall mean any low-rent housing hereafter developed as one operation by the Authority with financial assistance of the PHA and included within any Program Reservations issued to the Authority by the PHA which in the aggregate may not exceed 8,000 units of low-rent housing. A Project will generally be located on a single site but may be on scattered sites.

(b) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof (including the City) in which a Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a taxing body or public officer to be levied for its use and benefit with respect to a Project if it were not exempt from taxation.

(c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a Project for dwelling rents and non-dwelling rents (excluding all other income of such Project), less the cost to the Authority of all dwelling and non-dwelling utilities.

(d) The term "Slum" means any area where dwellings predominate which, by reason of dilapidation, overcrowding, faulty arrangement or design, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

2. The Authority shall endeavor to secure a contract or contracts with the PHA for loans and annual contributions, and undertake to develop and administer one or more Projects.

3. Under the constitution and statutes of the Commonwealth of Massachusetts, all Projects are exempt from all real and personal property taxes and special assessments levied or imposed by any Taxing Body; and, with respect to any Project, so long as either (a) such Project is used for low-rent housing purposes, or (b) any contract between the Authority and the PHA for loans or annual contributions, or both, in connection with such Project shall remain in force and effect, or (c) any bonds issued in connection with such Project shall remain outstanding, whichever period is the longest, the City agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Authority with respect thereto. During such period, the Authority shall make annual payments (herein called "Payments in Lieu of Taxes") in lieu of such taxes and special assessments and in payment for public services and facilities furnished for or with respect to such Project other than water, supplied to or provided for such Project. Each such annual Payment in Lieu of Taxes shall be made after the end of the fiscal year established for such Project, and shall be in an amount equal to either (a) ten per cent (10%) of the aggregate Shelter Rent charged by the Authority in respect to such Project during such Fiscal year or (b) the amount permitted to be paid by applicable state law in effect on the date of this Cooperation Agreement, whichever amount is the lower; provided, however, that upon failure of the Authority to make any such Payment in Lieu of Taxes, no lien against any Project or assets of the Authority shall attach; provided, further, that no payment for any year shall be made to the City in excess of the amount of the real property taxes which would have been paid to the City for such year if the Project were not exempt from taxation.

4. The City agrees that, subsequent to the date of initiation (as defined in the Act) of each Project and within five years after the completion thereof, or such further period as may be approved by the PHA, and in addition to the number of unsafe or insanitary dwelling units which the City is obligated to eliminate as a part of the low-rent housing project(s) heretofore undertaken by the Authority and identified as Project No(s). Mass. 2-1, 2-3 and 2-4, Mass. 2-6 and Mass. 2-5, 2-7 and 2-8, there has been or will be elimination (as approved by the PHA) by demolition, condemnation, effective closing, or compulsory repair or improvement, of unsafe or insanitary dwelling units situated in the locality or metropolitan area of the City substantially

equal in number to the number of newly constructed dwelling units provided by such Project; provided, that, where more than one family is living in an unsafe or insanitary dwelling unit, the elimination of such unit shall count as the elimination of units equal to the number of families accommodated therein; and provided, further, that this paragraph 4 shall not apply in the case of (a) any Project developed on the site of a Slum cleared subsequent to July 15, 1949, and that the dwelling units eliminated by the clearance of the site of such Project shall not be counted as elimination for any other Project or any other low-rent housing project, or (b) any Project located in a rural non-farm area.

5. During the period commencing with the date of the acquisition of any part of the site or sites, of any Project and continuing so long as either (a) such Project is used for low-rent housing purposes, or (b) any contract between the Authority and the PHA for loans or annual contributions, or both, with respect to such Project shall remain in force and effect, or (c) any bonds issued in connection with such Project shall remain outstanding, whichever period is the longest, the City without cost or charge to the Authority or the tenants of such Project (other than the Payments in Lieu of Taxes) shall:

(a.) Furnish or cause to be furnished to the Authority and the tenants of such Project (i) the public services and facilities which are at the date hereof being furnished without cost or charge to other dwellings and inhabitants in the City including but not limited to: educational, fire, police and health protection and services; maintenance and repair of public streets, roads and sidewalks, and of sewer systems; snow removal; garbage, trash and ash collection and disposal; street lighting on public streets and roads within such Project and on the boundaries thereof; and adequate sewer services for such Project; and (ii) also such additional public services and facilities as may from time to time hereafter be furnished without cost or charge to other dwellings and inhabitants in the City;

(b) Recommend to the proper board or officer the vacating of such streets, roads, and alleys within the area of such Project as may be necessary in the development thereof, and convey without charge to the Authority such interest as the City may have in such vacated areas, and, insofar as it is lawfully able to do so without cost or expense to the Authority or to the City, cause to be removed from such vacated areas, insofar as it may be necessary, all utility lines and equipment;

(c) Recommend to the proper boards or officers such waivers of the building code of the City as are reasonable and necessary to promote economy and efficiency in the development and administration of such Project, and such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the development and protection thereof;

(d) accept grants of easements necessary for the development of such Project; and

(e) cooperate with the Authority by such other lawful actions or ways as the City and the Authority may find necessary in connection with the development and administration of such Project.

6. In respect to any Project the City further agrees that within a reasonable time after receipt of a written request therefor from the Authority:

(a) The City will recommend to the proper board or officer the laying out as public streets of all streets and roads, with their adjacent sidewalks, within the area of such project after the Authority, at its own expense, has completed the grading, improvement, and paving thereof in accordance with specifications acceptable to the City; and

(b) The City will recommend to the proper board or officer the laying out as public streets of all streets bounding such Project or necessary to provide adequate access thereto and will grade, improve, pave and provide sidewalks therefor; in consideration whereof the Authority shall pay to the City such amount as would be assessed against the Project site for such work if it were privately owned; and

(c) The City will provide, or cause to be provided, water mains, and storm and sanitary sewer mains, leading to such Project and serving the bounding streets thereof, in consideration whereof the Authority shall pay to the City such amount as would be assessed against the Project site if it were privately owned.

7. If the City shall, within a reasonable time after written notice from the Authority, fail or refuse to furnish or cause to be furnished any of the services or facilities which it is obligated hereunder to furnish or cause to be furnished to the Authority or to any Project, then the Authority may proceed to obtain such services or facilities elsewhere, and deduct the cost therefor from any Payments in Lieu of Taxes due or to become due to the City in respect to any Project or any other low-rent housing projects assisted or owned by the PHA.

8. No Cooperation Agreement heretofore entered into between the City and the Authority shall be construed to apply to any Project covered by this Agreement.

9. So long as any contract between the Authority and the PHA for loans (including preliminary loans) or annual contributions, or both, with respect to any Project shall remain in force and effect, or so long as any bonds issued in connection with such Project shall remain outstanding, this agreement shall not be abrogated, changed or modified without the consent of the PHA. The privileges and obligations of the City hereunder shall remain in full force and effect with respect to each Project so long as the beneficial title to such Project is held by the Authority or some other public body or governmental agency, including the PHA, authorized by law to engage in the development or administration of low-rent housing projects. If at any time the beneficial title to, or possession of, any Project is held by such other public body or governmental agency, including the PHA, the provisions hereof shall inure to the benefit of, and may be enforced by, such other public body or governmental agency, including the PHA.

In witness whereof the City and the Authority have respectively caused this Agreement to be duly executed as of the day and year first above written.

APPROPRIATION FOR CITY PLANNING BOARD.

The following was received:

City of Boston,
Office of the Mayor, February 20, 1950.
To the City Council.
Gentlemen:

There is forwarded herewith an order appropriating the sum of \$15,000 to the City Planning Board to enable that Board to develop a master plan and capital improvement program. This plan and program should indicate all local objectives as to appropriate land uses and improved traffic, public transportation, public utilities, recreational and other community facilities. These programs are vitally important so that the planning of the city will be objective and not haphazard.

It is absolutely essential, in order that the city may be in a position to take advantage of the 1949 Federal Housing Act for the redevelopment of certain substandard areas in the city, to file a so-called master plan of the entire city with the federal authorities. It is understood that there will be approximately \$7,500,000 capital grants available to the city, but the city cannot receive any grants whatsoever until and unless this is done.

In order that the Planning Board may proceed without delay, your immediate consideration and adoption of the accompanying order appropriating the sum of \$15,000 is respectfully recommended.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the sum of fifteen thousand dollars (\$15,000) be, and hereby is, appropriated, to be expended as hereinafter specified, said sum to be raised by taxes on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon apply to the appropriations and taxes herein provided for.

COMMON CARRIERS BY WATER.

Coun. LANIGAN offered the following:

Resolved, That the Boston City Council strongly opposes the passage of Senate Bill No. 467, entitled "An Act Providing that the Department of Public Utilities Issue Certificates of Public Convenience and Necessity to Common Carriers by Water Within the Commonwealth."

The resolution was adopted under suspension of the rule.

SUBSCRIPTION TO "COUNTERATTACK".

Coun. SULLIVAN offered the following:

Ordered, That the City Messenger be requested to subscribe to the magazine entitled "Counterattack" for one year, in order that the Council may be informed of the Communist activities in this country.

Passed under suspension of the rule.

BROMLEY PARK IMPROVEMENTS.

Coun. F. P. TRACEY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to restore Bromley park, in Ward 10, to its former usefulness and beautify it by plowing up the entire area, planting new lawn-grass seed and roll, trimming all trees of decayed branches, putting up a new heavy iron fence and removing the present bent and broken iron fence, which has outlived its usefulness and is now a hideous monstrosity, installing several concrete settees for the convenience of the citizens in the neighborhood, replacing the iron gates and constructing a concrete walk in the center of the entire park. It is further requested that these improvements be made as soon as possible.

Passed under suspension of the rule.

GENERAL WILLIAM HEATH SQUARE IMPROVEMENTS.

Coun. F. P. TRACEY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to restore General William Heath Square to its former usefulness and beauty by plowing up the entire area, putting in new grass, installing an iron fence similar to the iron fence around the statue of General Warren on Warren street, erecting a large boulder of Barre

granite with bronze tablet recording the birth and military achievement of General William Heath, erecting concrete benches, and constructing a new concrete sidewalk. It is further requested that these improvements be made as soon as possible in order to have them dedicated with appropriate ceremonies in connection with the 175th anniversary of the Battle of Lexington.

Passed under suspension of the rule.

REQUEST FOR LOAN ORDER FOR RE- PLACEMENT OF GAS LIGHTS.

Coun. COOK offered the following:

Resolved, That his Honor the Mayor submit a loan order in the sum of \$1,000,000 for the purpose of immediate replacement and improvement of all gas lights in the City of Boston.

The resolution was adopted under suspension of the rule.

REPORT OF COMMITTEE ON CON- FIRMATIONS.

Coun. ANSEL, for the Committee on Confirmations, submitted the following:

Report on appointments by the Mayor (referred February 13) of Russell Peter Saia, Thomas C. Quinn, and Harold Blander, as Constables with authority to serve civil process upon filing of bond for term ending April 30, 1950—recommending that appointments be confirmed.

Report on appointment by the Mayor (referred February 13) of Edmund C. Ladd, as Weigher of Coal for term ending April 30, 1950—recommending that appointment be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Ansel and Hannon. Whole number of ballots 15, yeas 15, and the appointments were confirmed.

ENDORSEMENT OF FAIR EMPLOYMENT PRACTICE ACT.

Coun. ANSEL offered the following:

Resolved, That the members of the Boston City Council, in meeting assembled Monday, February 20, 1950, record themselves in favor of federal legislation for the enactment of the Fair Employment Practice Act, insuring the citizens of this republic equality of opportunity in their common pursuits and eliminating discrimination and segregation in industry in our nation; said Fair Employment Practice Act has passed and has been enacted by our Legislature and has proved most worthy. It is the hope of members of the Boston City Council that the Senators and Congressmen of Massachusetts record themselves in favor of federal legislation to this end; and it is further

Ordered, That a copy of this resolution be sent to the United States Senators and members of Congress from Massachusetts.

On motion of Councilor Kinsella the resolution was amended by striking out the last sentence of the first paragraph and inserting in place thereof the following sentence:

"It is the hope of members of the Boston City Council that the Senators and Congressmen from Massachusetts give deep and earnest consideration before voting on federal legislation to this end; and it is further . . ."

On motion of Councilor Ansel, the rules were suspended and the resolution as amended was adopted.

On motion of Councilor Kinsella, the foregoing vote was reconsidered. On motion of Councilor Hannon, the resolution was referred to the Committee on Rules. Councilor Ansel moved reconsideration of the vote referring the resolution to the Committee on Rules.

The motion to reconsider was lost.

SELECTION OF QUEEN FOR GOLDEN JUBILEE.

Coun. ANSEL offered the following:

Ordered, That the Committee on Organization for the Golden Jubilee be requested, through his Honor the Mayor, to immediately study the advisability of the selection of a Queen during the conduct of the colorful pageant which is to be held in conjunction with the Golden Jubilee in our city in May. The naming of a Queen will bring much added interest and color, as well as wholesome public relations, in conjunction with this spec-

tacular event that will do much to sell Boston's potentials to visitors who will come to our city.

Passed under suspension of the rule.

COMPENSATION OF CERTAIN WELFARE RECIPIENTS FOR CARFARE.

The following letter received by the Fire Commissioner is hereby published for the information of the department:

My dear Commissioner:

I write to express the appreciation of this department for the fine cooperation received from the Boston Fire Department at the fire on Dudley street, Brookline, on Wednesday, February 15. Your Engine Company 28 and Ladder Company 10 responded to our call for help. They laid a 1,200-foot line through heavy snow and raised ladders to the building and were very cooperative in extinguishing the fire. For such cooperation we are very grateful and, as you know, stand ready to aid your department whenever the emergency arises.

Sincerely yours,

CHARLES F. ROWLEY,
Commissioner.

VI. COMMENDATION.

Hoseman Robert P. Foley of Engine Company 43 is hereby commended for responding to and working at fire, Box 7216, two alarms, on February 6, 1950, while off duty.

III. APPRECIATION.

The Fire Commissioner is pleased to acknowledge the following letter received from Monsignor F. A. Burke, Pastor of the Blessed Sacrament Church, Jamaica Plain, Mass.

"February 21, 1950.

MR. MICHAEL T. KELLEHER, Fire Commissioner, 60 Bristol Street, Boston, Mass.

DEAR COMMISSIONER:

This morning a fire broke out in this thickly congested section of Jamaica Plain. Even before the apparatus arrived the conflagration had taken on most threatening proportions. The ex-

treme cold and wind only added to the threat to life and property. Were it not for the courage, expeditiousness, and dogged determination of the men who fought this fire this area might well have been reduced to a shambles. I feel that the members of the department did such a capital job under most trying circumstances that you should know of it.

We of this district are most grateful that the threat was confined to one piece of property through the heroism of our fire fighters.

Very sincerely yours,
F. A. BURKE."

IV. COMMENDATION.

Lieut. Thomas J. Donovan of Engine Company 28 is hereby commended for responding to and working at Box 244 on February 19, 1950, while off duty.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN F. McDONOUGH,
Chief of Department.

MAYOR HYNES PAYS GLOWING TRIBUTE TO BISHOP JOHN J. WRIGHT, NEWLY NAMED FIRST ORDINARY OF THE SEE OF WORCESTER—PRAISES PRIESTLY ZEAL AND HOPES FOR GREATER HONORS IN NEW FIELD OF APOSTOLIC LABORS.

At the assembly on Sunday, March 5, in tribute to Bishop John J. Wright, Mayor John B. Hynes spoke as follows:

Hon. Toastmaster, Governor Dever, Secretary of Labor Tobin, Most Reverend Monsignor, Reverend Clergy, Guest of Honor, Ladies and Gentlemen:

As Mayor of Bishop Wright's home city, I am happy to join in this tribute to our illustrious fellow townsman, who will shortly become the first Ordinary of the See of Worcester.

It is, therefore, with deep regret and understandable hesitancy that I inject a note of cautious restraint on this most festive occasion.

When the news of his selection by Pope Pius XII reached our ears, there was

MAYOR JOHN B. HYNES HOLDS OUT HOPE FOR DROP OF FROM \$1 TO \$2 IN TAX RATE FOR 1951—MAKES PREDICTION DURING ADDRESS BEFORE CONGREGATION OF TREMONT TEMPLE BAPTIST CHURCH ON SUNDAY NIGHT—PREDICATES ESTIMATE ON HELP IN GETTING FUNDS TO COVER HUGE TAX ABATEMENTS GIVEN LAST YEAR—EXPRESSES OPTIMISM FOR FUTURE OF CITY AND ASKS AID OF ALL CITIZENS IN HIS EFFORTS TO RESTORE GOOD NAME BOSTON ONCE ENJOYED, WITH GOVERNMENT TO STIR THE PRIDE OF ALL.

The following is Mayor Hynes' Tremont Temple speech on Sunday, March 5:

Thank you, Dr. Powell.

I am very grateful for the invitation to speak to the members of this congregation, and I am extremely sorry that my schedule is so heavy tonight that I cannot remain with you throughout your services.

When I was asked to come here, it was requested that I talk to you about my hopes for the future of Boston—my plans for things to come—and to give you something of a report of what has been done thus far in my administration.

I wish I could stand here tonight and tell you of great public improvements that will be undertaken during my two years in office; instead, I must report to you that all but the most pressing and necessary improvements must be delayed until the city is better able to afford them.

My most important job, as I saw it when I assumed office and as I still see it today, is to strengthen Boston's financial condition—to place it on a more solid footing.

My most difficult job for the past two months has been to say "no" and to keep saying "no" many times to requests that in a sense are logical and reasonable but which involve the expenditure of money which the city cannot afford to spend.

I suspect that it is not the most popular political path for me to follow, but I am certain that it is the only sound course for our city, and I believe I would not be living up to the trust placed in me if I did other than what I have been doing, irrespective of its effect upon my political future.

City Not Bankrupt.

Now I don't mean to convey any impression to you that our city is on the brink of bankruptcy. It is not. It is in sound financial condition. But there have been danger signals which we cannot and should not disregard. Our tax rate last year was \$56.80. When I assumed office and took stock of the financial obligations and commitments confronting me, I found that the tax rate might jump as much as \$17 unless I did something about the situation and did it in a hurry.

Now I have discussed the tax rate so much in the past two months that I suppose many people have grown tired of hearing me talk about it. But it is a necessary part of any explanation of why we have done the things we have and why we have not done other things. When I took over the direction of the municipal government on January 2, I found that our city had been living well beyond its means for the previous two years. We had been spending much more money than we had been taking in, and we were going steadily deeper into debt. In the previous two years the city's debt had been increased \$22,000,000. Bills had been put off, to be paid sometime in the future, and the day of financial reckoning thus postponed.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

YOUTH OF TODAY MUST LEARN NOT TO LEAN TOO HEAVILY ON THE GOVERNMENT IF DEMOCRATIC WAY IS TO SURVIVE, MAYOR HYNES TELLS ALUMNI AND STUDENTS OF SUFFOLK UNIVERSITY LAW SCHOOL DURING RECEPTION—FINDS AMERICA WAVERING BETWEEN SOCIALISM AND DOCTRINE OF FREE ENTERPRISE.

During a reception tendered him by the alumni of Suffolk University Law School, on Wednesday, March 8, Mayor John B. Hynes warned his audience of youthful students not to learn to lean too heavily on the government for support. He declared that America appears to be teetering between some form of socialism and the old principle of private enterprise.

He was greeted as the first alumnus of Suffolk University to become Mayor of Boston.

A graduate of Suffolk Evening Law School in 1927, Mayor Hynes said:

"I do not know what is happening to our government, but we are teetering between some sort of socialism and the old form of private enterprise. It has been my experience in public life that most things the government can do, private enterprise can do a little better. "Department heads appointed today are not in there for the sleighride while the administration is in power. They are expected to be keen-minded and to know the basic laws and regulations of their departments."

He expressed his disappointment in the changing attitude of the American people during the past 15 years. "People used to feel that they had to work hard in and out of school to get anywhere. It is unfortunate that this spirit does not prevail as strongly today.

"I make a prophecy that at least a dozen of the students here today can be Mayor of Boston if they work hard to prepare themselves.

"You don't have to be a 'pol.' You don't have to have color. You don't have to be an orator. I proved that last fall," he said to a rise of applause.

He was introduced by Walter M. Burse, president of the university.

Professor Arthur W. Hanson, vice president of the university and classmate of Mayor Hynes, presented a pair of suitcases to the mayor as a token of esteem from the university.

An engraved scroll also was presented to the mayor by Professor Hiram A. Archer.

CIRCULAR LETTER NO. 4.

CITY OF BOSTON,
MAYOR'S OFFICE, February 28, 1950.
To All Department Heads.
GENTLEMEN:

Beginning March 1, 1950, and continuing during the month of March, the "1950 Red Cross Fund for Greater Boston" will conduct its drive for funds.

This is a most worthy cause, and I trust that all employees will contribute as their means permit.

I have designated John V. Moran, Superintendent of Supplies, as collector for city employees, and contributions should be forwarded to him.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR HYNES PAYS TRIBUTE TO BISHOP WRIGHT.

(Continued from page 205.)

great rejoicing in Boston, and we were exceedingly happy. We were not greatly surprised, for we have long expected that Holy Mother Church would make wider use of the acknowledged talents of Bishop John J. Wright.

When, however, the first wave of rejoicing had passed—when the first shock of his imminent departure from our midst had receded—the first disturbing note crept into our consciousness, and it was then we first realized that our native son was going to a city—a city wherein there is a certain college which, in his frequent moments of levity, Bishop Wright has referred to in somewhat less than endearing terms.

Words spoken in a moment of jest are not always taken in that spirit, and it is not uncommon that the tender hearts of loyal sons of higher schools of learning are bruised beyond repair at the ready quip and witty sally directed at their alma mater.

And so, Bishop Wright, your fellow Bostonians tremble just a bit for you, as you look forward to life in the heart of the Commonwealth, for we are reminded of that little verse which goes like this:

"The moving fingers writes, and, having writ,
Moves on; nor all your piety nor wit
Shall lure it back to cancel half a line,
Nor all your tears wash out a word of it."

However that may be, after sober reflection, we here in Boston have discarded the proposal of organizing an honor guard to escort our illustrious Bishop to his new home. In fact, we know that all of Worcester and all of Holy Cross will accept, honor, and acclaim you, Bishop Wright, in befitting fashion, and will continue to do so, if you will remember to exercise extreme discretion when you wear that beautiful maroon jacket, emblazoned with the golden insignia of Boston College, given you at the recent Boston College varsity dinner. If you ever wear that in Worcester, I would suggest that you surround yourself with a large detail of the Papal Guard.

All of Boston will miss Bishop Wright. We have known him as the good right arm of our beloved Archbishop. We have known him for his brilliant works—for his extraordinary talents. We

have known him for his priestly zeal—for his inspiration to the workers in the vineyard.

As the Chief Shepherd of the Diocese of Worcester, we will still abide with him and fortify him with our prayers that his apostolic labors will be crowned with success—that his new diocese will prosper for the greater honor and glory of God.

In the name of the people of Boston, may I bid you, Bishop Wright, God-speed, true contentment and true happiness, continued mental and physical vigor, unrelenting and uncompromising allegiance to the faith of our fathers, so that, when this world's work is ended, you may hear—as we all hope to hear—the blessed words, "Well done, thou good and faithful servant."

NEW MEMBERS OF BOARD OF OVERSEERS OF PUBLIC WELFARE.

(Continued from page 205.)

Simmons College School of Social Work, for the term ending April 30, 1950, vice William V. Ward, resigned.

Frank A. East, 108 Tyndale street, Roslindale, well-known druggist and civic leader, for the term ending April 30, 1950, vice P. Edward Murray, resigned. Mr. East is a former president of the West Roxbury Citizens' Association and the Roslindale-West Roxbury Kiwanis Club and is a Republican.

Mrs. Beulah S. Hester, 38 Howland street, Roxbury, for the term ending April 30, 1952, vice J. Joseph Callahan, resigned. Mrs. Hester is a graduate of the Simmons College School of Social Work, attended Boston University, and is active at the Robert Gould Shaw House. Mrs. Hester is colored and is the wife of the pastor of the Baptist Church on Shawmut avenue.

Spencer B. Montgomery, 35 Beacon street, Beacon Hill, member of the board of directors of the United Community Service and the Family Society of Boston, vice Malcolm L. Weymouth, resigned, for the term ending April 30, 1951.

Joseph Stefani, 35 North Munroe terrace, Dorchester, president of the Cooks and Pastry Workers' Union, for the term ending April 30, 1951, vice Mark F. Russo, resigned.

Nicholas Scaramella, 273 Hanover street, North End, for the term ending April 30, 1951, vice John J. Kearney, resigned. Mr. Scaramella is an insurance man and a former commander of the North End Post of the American Legion.

Mayor Hynes has reappointed Irving Green, a Dorchester restaurant owner.

CHANGES IN CONTRACT.

BOSTON TRAFFIC COMMISSION.

M. S. Kelliher Company has been ordered to make the following changes in the contract dated March 22, 1949, on the Traffic Commission building at 112 Southampton street, Boston:

MAYOR HYNES HOPES FOR REDUCTION IN TAX RATE FOR YEAR 1951.

(Continued from page 205.)

Binding Financial Obligations.

The legacy of financial commitments I inherited was staggering, and they were obligations I could do nothing about except pay them. Occasionally I am asked what I mean when I refer to financial obligations beyond my control. I would like to explain to you just what I mean. The administration in authority at City Hall last year granted tax abatements to the tune of \$11,333,000, for which I have to provide the money. The abatements were allowed, the refunds paid back, before I took office. But I have to provide the \$11,333,000 somehow, and I have no alternative or choice in the matter.

Other obligations of a similar nature include the payments we must make on Boston's share of the MTA deficit and on old borrowings which fall due this year.

There are other examples, but that is what I mean when I say I inherited binding financial obligations to which the city had been committed previous to my administration. When the city and county department heads submitted their estimates of the amounts that would be needed to run the various branches of the municipal government for this year, I found that the expenses totaled about \$9,000,000 more than in 1950. Now that is an expenditure that is within the control of the Mayor — up to a certain extent at least. Any mayor, whoever he may be, has an obligation to provide adequately for the poor and the sick, to provide whatever money is needed to run our public institutions, to meet welfare costs, and to furnish the essential services for our citizens.

There were a number of factors that made a jump in the budget inevitable. Salary increases granted last July 1 involved an additional expense of \$2,485,000 this year, when they must be paid for a full 12-month period.

Welfare expenses were up \$2,000,000 over last year. Step-rate increases for city and county workers cost \$216,000. Higher pensions granted last year by the State Legislature will cost \$175,000. The new parking law imposes an additional expense of \$55,000. There were other similar items, and when I totaled them all they exceeded \$5,000,000. When I had finished pruning the budget, the increase over last year amounted to approximately \$2,225,000.

Now I don't suppose any taxpayer is going to consider it a very spectacular achievement to prevent the city and county budget from jumping more than two and a quarter million dollars, but let me tell you that it took a good deal of slashing, cutting, and saving to do it. If the only increase in our tax rate were to be caused by the jump in city and county expenditures, the rate would be just \$1.50 greater than last year, and school costs would add another \$1, for a total boost of \$2.50. Unfortunately, as I explained earlier, we are being hit very hard by financial obligations which have nothing to do with our expenses for running the city this year.

ROLE LIKE FIREMAN'S.

As I pointed out earlier this week, my role at City Hall is similar to that of a fireman called to put out a conflagration. I didn't start the fire. I'm doing my best to put it out and save as much as I can.

For the first two months of my administration there have been no sensational or colorful achievements for me to report to you tonight. But we have made a real start toward meeting the basic problems confronting the city. Economies have been instituted. Unnecessary temporary employees have been dropped from the city payroll. We have been able to cut the prices being paid many of the contractors for the major serv-

ices they perform for the city. The machinery has been started in motion to make some of the changes recommended in the Finance Commission survey report.

We are trying to see that we get a dollar of value for each dollar of the people's money that we spend, and I can say to you in all sincerity and honesty that so far we have been doing that. I can further tell you that we are heading in the right direction and that we are doing what we promised in the campaign last fall that we would do.

Our contracts are being awarded strictly on a basis of competitive bidding to the companies ready to give the city the greatest return for its money. Some of the things we have done won't produce impressive results this year, but our efforts should pay real dividends next year.

Let me stress that it is not my intention in this talk to criticize the previous administration at City Hall. I am merely endeavoring to present a factual report to you of the conditions we found and what we have done to correct them.

Now I was specifically requested to tell you some of my hopes for the future of Boston. For a mayor who has been in office just two months and two days it may be a little premature to start talking about our hopes for the future. But even a mayor can have hopes. My first hope is that next year we will be able to reverse the upward trend of the tax rate and start it downward.

If we can obtain permission from the Legislature to float a loan to fund the overlay deficit resulting from tax abatements granted last year, I am hopeful that we can prevent this year's tax rate from going much over \$63.

Next year we should have realized enough economies and savings to cut the rate below that figure. It should mean much to the future of our city if we can

achieve that objective. We have been and are doing everything within our power to attract new businesses and industries to Boston.

When a company is thinking of locating here, one of the first things it wants to know is the size of our tax rate. Frankly, our tax rate is an obstacle and handicap to our efforts to bring new business here. We will have a strong argument if we can show that we have stemmed the rising tide of our tax rate and reversed it. But hard-headed businessmen, looking for a site to open a store or a factory, want something more than hopes or wishful thinking. They want to be shown. And in another year I believe we will be able to show them.

BOSTON'S TRAFFIC PROBLEM.

My second hope is that by the end of my term we will have made some progress toward easing the traffic problem in downtown Boston. Boston, of course, always will have a traffic problem, as will every other large and thriving city in the country. We will have cause for real concern when we do not have a heavy flow of travel through our downtown district. We are, however, pressing our plans for the erection of municipal garages to provide needed off-street parking facilities and take some of the automobiles off our heavily traveled streets.

HOUSING STILL A PROBLEM.

My third hope is that we will have a real dent in our housing problem. If you were to sit at my desk for a week, read the letters that come to me, and hear the appeals of people desperately in need of homes, you would quickly get a new view of our housing problem. Families are still living apart because they can't obtain adequate quarters under one roof.

They are residing in basements and in attics. They are living with in-laws. They are living under conditions which make normal family life almost impossible. And I believe you will agree with me when I say that one of the things we must do in this country is to preserve and protect family life.

We are pushing the construction of housing projects as speedily as is physically possible. We are mapping plans for the erection of additional developments with federal funds. We are doing everything within our power to break the back of the housing shortage.

I wish that private capital would and could furnish the homes that are needed. There is still a tremendous demand for homes that can be leased or purchased by persons in moderate circumstances. But private capital has not met the need, and we have little alternative but to try to meet the housing emergency that still exists four and a half years after the war.

Now perhaps I have spent too much time telling you about Boston's problems and her troubles.

Boston, I believe, has a future that will be as bright as her past. We do have problems, but we know what they are, and we know what to do about them. Our city is fundamentally strong and healthy. It is strong because of men and women like you. Boston, I believe, is gaining new respect throughout the country. We are working to make arrangements for conventions that will come here both this year and in 1951, and the visitors and tourists we will attract will spend millions of dollars here and help to provide employment and contribute to our prosperity.

A DIFFICULT YEAR.

This is a difficult year. This is a year in which we must swallow as much of our bitter medicine as we can stand. This is the year in which we must place our house in order and make a number of overdue changes and improvements.

Then, I believe, we will be able to look forward to better things, and, with the understanding and the backing of people like you, will be able to realize better things for our city and its citizens.

MAYOR HYNES RECEIVES GREETINGS FROM NEW ZEALAND FAMILY INTERESTED IN HIS SUCCESS.

On March 8 Mayor Hynes received the following letter of good wishes from New Zealand:

"Grafton," Cambridge, New Zealand,
February 28, 1950.

DEAR MR. HYNES:

Greetings and best wishes for a successful term of office as Mayor of Boston from the furthest outpost of the British Empire. I was a Loughrea Hynes. My ancestors lived there for generations, and we are still in our stronghold.

Needless to say you know the name is a very ancient one, and I understand can be traced back to King Brian Born. They were a great fighting tribe in the west centuries ago. An Irish scholar told me so recently when I visited my home town via the States.

I have a married daughter, Mrs. Lloyd T. Kraft, New Ulm, Minnesota. I found the people of America charming and I enjoyed my visit very much. With God's help I hope to return one day.

My husband operates a dairy farm—80 cows are milked by electric machines. We employ a married couple to do the work. Perhaps when the children graduate you will send them down here to see the beauties of New Zealand. I shall be pleased to receive them as my guests.

My husband and family join with me in sending a big cheerio to you, your wife, and family, and renewed greetings from way down yonder.

Very cordially yours,

MRS. C. H. WHITE (*nee* HYNES).
P.S. I know Uncle Tom—Loughrea—since I was a child.

ADVISORY GROUP TO WORK WITH INSTITUTIONS COMMISSIONER ON MATTERS OF CHILD WELFARE.

Mayor John B. Hynes has approved the following committee from the children's section of the United Community Services who will act in an advisory capacity to Institutions Commissioner John R. McGillivray and Deputy Commissioner Veronica C. Nagle regarding the Child Welfare Division:

Robert Mulford of the Society for the Prevention of Cruelty to Children; Robert Ott of the State Division of Child Guardianship; Dr. Eveleen Rexford of the staff of the Judge Baker Guidance Center; Alfred F. Whitman, executive secretary of the Children's Aid Association, Inc.; Miss Dorothy Howerston of the United Community Services of Metropolitan Boston.

This committee is meeting with the commissioner and taking up the recent survey made of the department. Many suggestions are expected to come from these meetings that, when put into effect, will give the Child Welfare Division an equal rating with similar divisions of its kind.

The Mayor is very interested in this particular work as he feels the future of the nation depends on the training, respect, and love that people receive during their childhood.

JOHN R. MCGILLIVRAY,
Commissioner.

MAYOR APPROVES MEDICAL BOARD SELECTION OF LONG ISLAND HOSPITAL STAFF.

Mayor John B. Hynes has approved the recommendation of the Executive Medical Board of the Long Island Hospital regarding the appointment of a Consulting and Visiting Staff at the Hospital. Commissioner John R. McGillivray, therefore, has appointed the following physicians to those staffs:

Visiting Physicians.—Dr. John P. Rattigan, Dr. Jack Cohen, Dr. Robert E. Brownlee, Dr. James L. Tullis, Dr. Victor G. Balboni, Dr. Alfred E. Kranes.

Consulting Staff.—Dr. James H. Currens, Dr. L. Tillman McDaniel, Dr. Allen L. Davis, Dr. Charles H. Bradford, Dr. S. Richard Muellner, Dr. William C. Moloney.

This is one of the many plans that will be put into effect to make Long Island Hospital the leading hospital of its type in the country.

Several alterations of present buildings will be made immediately in order to house more people and to make them more comfortable. A long-range building program is in view, and will be put into effect at the completion of the Long Island viaduct. This work will be delayed until then in order to save 30 per cent in production costs that will be caused by the building of the viaduct.

The names of the doctors who are giving of their time to assist Mayor Hynes as members of the Executive Medical Board of the Long Island Hospital in this program are the following:

Dr. Halsey B. Loder, Dr. Otto J. Hermann, Dr. John W. Cass, Jr., Dr. Herbert H. Howard, Dr. Donald Munro.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon March 1 the Mayor approved a contract as indicated in the following letter:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The following list of bids was received in response to an advertisement inserted in the *City Record*, issue of January 14, 1950, for furnishing trucking service for year 1950, and were publicly opened and read aloud on January 23, 1950:

Unit Price Per Hour on Moving Vans.

Two and One Half-Ton Moving Van with Driver, Per Hour.—C. S. Walsh Transportation Company, \$2; Rafferty Brothers, \$2.20; P. A. Milan, Inc., \$3.25; Martin J. Kelly Company, Inc., \$3.75.

Three-Ton Moving Van with Driver, Per Hour.—C. S. Walsh Transportation Company, \$2; Rafferty Brothers, \$2.20; P. A. Milan, Inc., \$3.25; Martin J. Kelly Company, Inc., \$3.75.

Five-Ton Moving Van with Driver, Per Hour.—C. S. Walsh Transportation Company, \$2; Rafferty Brothers, \$2.20; P. A. Milan, Inc., \$3.25; Martin J. Kelly Company, Inc., \$4.50.

Extra Man, Per Hour.—C. S. Walsh Transportation Company, \$1.35; Rafferty Brothers, \$1.50; P. A. Milan, Inc., \$1.50; Martin J. Kelly Company, Inc., \$2.20.

Under date of January 25, 1950, I submitted to you a letter, reading identically as above, with a request that you approve the awarding of a contract to C. S. Walsh Transportation Company, 736 Dudley street, Dorchester, Mass., the lowest responsible bidder. This letter you signed under date of January 30, 1950.

Subsequently Mr. C. S. Walsh of the C. S. Walsh Transportation Company stated that he was unable to acquire the Massachusetts Department of Public Utilities' certification of the rates contained in his proposal, and he confirmed this statement in writing (verbatim copy of Mr. Walsh's letter herein incorporated).

After receipt of Mr. Walsh's letter I requested Rafferty Brothers, the second lowest responsible bidder, to obtain a certification of his rates from the Department of Public Utilities, and same was received over the signature of Paul M. Fitzsimmons, rate engineer (copy of rates and Mr. Fitzsimmons' letter attached).

Based on the proposal submitted and the approval of the Department of Public Utilities, I respectfully request your Honor's approval to the awarding of a contract to Rafferty Brothers, 77A Linden street, Allston, Mass., the lowest responsible eligible bidder.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

C. S. Walsh Transportation Company,
736 Dudley Street,
DORCHESTER, February 16, 1950.
MR. MOONEY, Superintendent of Construction, Department of School Buildings,
26 Norman Street, Boston, Mass.

DEAR SIR:

For reasons beyond my control and understanding, I am forced to withdraw my bid for trucking of schoolhouse work for the City of Boston.

I bid on this work with the best of intentions to give you and the department good trucking service but have been refused that opportunity by the Massachusetts Department of Public Utilities.

I would like, however, to bid on this contract again should the opportunity arise.

Very truly yours,

C. S. WALSH TRANSPORTATION COMPANY,
by C. S. WALSH.

The Commonwealth of Massachusetts,
Department of Public Utilities,
BOSTON, February 24, 1950.

MR. JAMES H. MOONEY, Commissioner of School Buildings, 26 Norman Street,
Boston, Mass.

DEAR SIR:

We have been requested to notify you that the attached is a true copy of Supplement No. 2 to M. D. P. U. No. 4 of Rafferty Brothers, properly filed with this department on April 24, 1946, and that this supplement is still in effect.

Very truly yours,

PAUL M. FITZSIMMONS,
Rate Engineer.

Rafferty Brothers,
181 Harvard Avenue,
Allston, Mass.

Amend tariff and add the following exception:

Furniture for the City of Boston destined for use in municipal buildings: vehicle and driver, \$2.20 per hour; extra men, \$1.50 per man per hour.

Time is computed from time vehicle reports on job until completion of job.

LIBRARY DEPARTMENT.

Upon February 27 the Mayor approved a contract with the Careful Cleaning Company, for the cleaning of certain windows during the year 1950 in the Central Library building and at 28 other buildings. Bids, opened February 9, were as follows:

Bay State Cleaning Company, Group I, \$3,488.25; Group II, \$1,422; Careful Cleaning Company, Group I, \$3,915; Group II, \$835.

Upon February 27 the Mayor approved a contract with the Bay State Cleaning Company, for the cleaning of certain windows during the year 1950 in the Central Library building and at 28 other buildings. Bids, opened February 9, were as follows:

Bay State Cleaning Company, Group I, \$3,488.25; Group II, \$1,422; Careful Cleaning Company, Group I, \$3,915; Group II, \$835.

PUBLIC WORKS DEPARTMENT.

Upon February 20 the Mayor approved a contract as requested in the following letter:

Boston, February 17, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.
DEAR MR. MAYOR:

As a result of publicly advertising for bids, proposals were opened in this office on Tuesday, February 14, at 12 noon, for redecking the drawspan of the Dover Street Bridge.

Attached you will find a schedule containing the names of the bidders and the total of the bid from each bidder. The contract provides for itemized bids, and the total bid, therefore, reflects the totals of the various bids submitted on the nine items in the contract document.

The low bid, submitted by Massachusetts Builders, Inc., is, as you may see, much lower than the bid of the second low bidder, and, in our opinion, lower than the actual cost of doing the work. Therefore, the contractor could not do the work without suffering a rather substantial financial loss. Incidentally, our engineer's estimate for this work, as you may see, was \$25,000.

In view of the circumstances, therefore, I held a conference with representatives of Massachusetts Builders, Inc., the low bidder, in order to review the entire matter and to make certain that they were satisfied with the bid as submitted. As it developed, however, the representatives of the low bidder admitted that they had inadvertently made a mistake in their bid, and they could not possibly do the work, except at a loss.

Under the circumstances, therefore, I do not feel that we should accept such a bid, and I recommend that the contract be awarded to the second low bidder, Martin J. Kelly Company, Inc., at the total bid price of \$22,125.

The bidders and the total bid prices as submitted, are as follows:

Massachusetts Builders, Inc., \$11,494.29; Martin J. Kelly Company, Inc., \$22,125; A. Orlando, Inc., \$22,795; M. & R. Construction Company, \$23,940; B. Bastianelli & Son, \$24,300; Rev-Lyn Contracting Company, \$24,390; Angelo Grande, \$24,650; Charles Callahan Company, \$24,947; James B. Rendle Company, \$26,000; John J. Shea Company, Inc., \$26,410; J. A. Singarella Company, \$26,430; A. Singarella & Son, \$30,525; Marinucci Brothers & Company, \$30,702; W. H. Ellis & Son Company, \$31,237; Joseph Botti & Son, \$32,170; R. A. Buccella & Son, Inc., \$35,715.

Engineer's estimate, \$25,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from January 31 to April 1 on contract of M. Solimando for repairs and renovations to ventilating duct work and repairs to metal pans in kitchen, Boston City Hospital. This extension was requested because change order No. 1 added work to the contract and special equipment which could not be obtained immediately.

Sanatorium Division.

It is agreed that the words "December 31, 1949," appearing in the contract between the City of Boston and the Bay View Window Cleaning Company, dated November 9, 1949, be stricken out and the words "February 15, 1950" be substituted in their place.

PENAL INSTITUTIONS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract made with Edwin C. Lewis, Inc., 176 Federal street, from February 10 to February 24. This extension was requested for the reason that, due to conditions and type of work it is impossible to put too many men to work at one time. It is necessary also to wait for painters to finish work before installing fixtures. All other provisions of the aforesaid contract not inconsistent herewith shall remain in full force and effect.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Bagarella Construction Company, Inc., has been directed to perform the following extra work under the contract dated September 2, 1949, for sewerage works in Decatur street, between Harrison avenue and Washington street, City Proper.

Items ordered: Furnish all labor and materials to remove 8,000 feet of old lumber at agreed price of \$25 per 1,000 feet.

Estimated cost of extra work, \$200.

ADDITIONS TO CONTRACT.

LIBRARY DEPARTMENT.

C. C. Temple has been directed to do the following work in connection with the contract dated September 29, 1949, for alterations to the former Cataloging and Classification Department in the Central Library building.

The work to be done consists of the following items:

1. Install new branch circuit wiring in conduits for the new ceiling fixtures; these conduits to run from the distribution panel up the wall under the balcony and up each wall pier to the ceiling junction boxes. All conduits are to be concealed behind plaster.

2. Furnish and install one International Business Machines Type No. 45 special skeleton clock, 24 inches in diameter, and one International Business Machines Type No. 612-1 electronic relay, both to be located as directed.

Contract price, \$41,304; total additions, extra order No. 1, \$190; extra order No. 2, \$919—\$1,109; amount of contract, \$42,413.

It is hereby agreed by and between the City of Boston, acting by the Trustees of the Public Library of the City of Boston and C. C. Temple, 729 Boylston street, Boston, that the contract entered into between said parties to furnish all labor and materials required for alterations to the former Cataloging and Classification Department, Central Library building, Copley square, which contract was dated September 29, 1949, and approved by his Honor the Mayor on October 6, 1949, be and the same hereby is, amended by striking out the words "4 months" as they appear in Article II on page 10 of said contract and substituting therefor the words "on or before March 15, 1950."

This agreement is made subject to the provisions of the contract hereinbefore referred to.

Dated this 30th day of January, 1950.

C. C. Temple,
729 Boylston Street,
Boston, January 11, 1950.

Attention: Mr. Ames, Ames, Child & Graves, 50 Beacon Street, Boston, Mass.

Re: Boston Public Library Catalog Room.

Gentlemen:

Due to delays in material shipments beyond our control, we find it impossible to complete the above project by February 1, 1950, as called for in the contract.

We, therefore, respectfully request an extension of the completion date to March 15, 1950.

Yours very truly,

C. C. TEMPLE,
by JOHN S. TEMPLE.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1,917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the forms of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 17, 1947, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Woodley avenue, formerly Washington Heights avenue, be, and the same hereby is, amended, by adding to said order the amount \$153, as an award to Ernest F. Donaruma and Natalie M. Donaruma, husband and wife, as tenants by the entirety; that the amount \$153 be, and the same hereby is, awarded to Ernest F. Donaruma and Natalie M. Donaruma, husband and wife, as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 20, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Colchester street, be, and the same hereby is, amended, by adding

to said order the amount \$295.71 as an award to Margaret E. McGee and Mary A. McGee, as joint tenants; that the amount \$295.71 be, and the same hereby is, awarded to Margaret E. McGee and Mary A. McGee, as joint tenants, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 12, 1947, determining damages caused by the making of the public improvement consisting of the widening, relocation, and extension of Weld street, be, and the same hereby is, amended, by striking from said order the amount \$1, awarded to Michael C. Redmond in said order, and inserting in place thereof the amount \$796.60; that the amount \$796.60 be, and the same hereby is, awarded to Michael C. Redmond for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 12, 1947, determining damages caused by the making of the public improvement consisting of the widening, relocation, and extension of Weld street, be, and the same hereby is, amended, by striking from said order the amounts \$1 and \$1, awarded to Chester I. Redmond in said order, and inserting in place thereof the amount of \$835; that the amount \$835 be, and the same hereby is, awarded to Chester I. Redmond for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of May 11, 1948, as amended, determining damages caused by the making of the public improvement consisting of the extension of Brayton road, be, and the same hereby is, amended, by adding to said order the amount \$149.74 as an award to Wilson H. Blanchard and Seretha E. Blanchard, husband and wife, as tenants by the entirety; that the amount \$149.74 be, and the same hereby is, awarded to Wilson H. Blanchard and Seretha E. Blanchard, husband and wife, as tenants by the entirety, for the damages so sustained.

POLICE DEPARTMENT ORDERS.

General Order No. 1292.

Patrolman John P. Yetman and Robert G. Hudson of Division 11 are commended and each is granted one week's additional vacation for meritorious police work performed on February 24, 1950.

While these officers were patrolling in the vicinity of Codman square in a radio car, their suspicions were aroused by the conduct of four young men in an automobile. They followed the car until they reached a point where they were able to force it to the side of the road to question the occupants. A fully-loaded revolver and a dirk knife were taken from two of the men and another fully-loaded pistol was found on the floor of the automobile.

After questioning and further investigation, enough evidence was obtained to implicate these men in a series of armed robberies and assaults throughout the city.

The Commissioner is pleased to recognize the fine police work performed by these officers as their alertness in appre-

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1293.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, effective Monday, March 6, 1950, at 7.45 o'clock A.M.:

Patrolman Michael J. Griffin, Division 15. 29 years of service.

Patrolman Solomon A. Nesbitt, Traffic Division, 30 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 13.

I. RETIREMENTS.

The following retirements, which will become effective at 8 A.M., Wednesday, March 8, 1950, are hereby announced:

District Chief John L. Glynn, District 7.

Aide-to-Chief of Department John W. McDonald, Headquarters.

District Chief Glynn was appointed to the department December 8, 1905, and was promoted to the grade of lieutenant February 1, 1924, to captain December 18, 1933, and to district chief January 5, 1949. Aide-to-Chief McDonald was appointed to the department January 18, 1918. Both of these men leave the department with the best wishes of their associates.

II. ECONOMY PROGRAM.

Important.

It is very important that every officer and employee in the Fire Department know that our 1950 budget estimates have been reduced in the amount of \$234,000, after careful survey and consideration by his Honor Mayor Hynes, the Budget Commissioner, and the City Council.

This means we must "tighten our belts" in the matter of requisitioning for supplies, materials, and services, no matter how small or inexpensive the supplies or services may appear.

Greater care must be exercised by all officials and employees in the use and maintenance of all department equipment and motor vehicles.

This year, more than ever, we must live within our means while performing our customary excellent service for the protection of the lives and property of the people of Boston.

III. PHANTOM BOXES FOR MYSTIC RIVER BRIDGE.

In order to provide for proper response to alarms of fire on the Mystic River Bridge, the following phantom boxes are hereby established:

419, Mystic River Bridge, lower level. 12-419, Mystic River Bridge, upper level.

Assignment of apparatus to Boxes 419 and 12-419 will be the same as for Box 4191, except that Rescue 3 will respond on the first alarm.

On receipt of alarms of fire for the Mystic River Bridge from whatever source, the Fire Alarm Office, after dispatching the still alarm apparatus, will immediately transmit one of the phantom boxes.

Upon receipt of one of the Chelsea fire alarm boxes for the Mystic River Bridge, the Fire Alarm Office will transmit one of these phantom boxes.

IV. ADDITIONAL DESIGNATION, BOSTON AUTOMATIC SIGNALS.

Notice has been received from the Boston Automatic Fire Alarm Company of the following additions to designations of signals given below:

Signal 471, add "floor 7 denotes hallways, only."

Signal 472, add "floor 7 denotes hallways, only."

Signal 473, add "floor 7 denotes hallways, only."

V. CANCELLATION OF G. A. C. SIGNALS.

Notice has been received from the General Alarm Corporation of cancellation of the following G. A. C. signals:

Signal 37, Batchelder & Snyder Company.

Signal 119, Batchelder & Snyder Company.

The above cancellations leave only one assignment number for Batchelder & Snyder Company (signal No. 38), located at 81 Blackstone street.

VI. CHANGE IN DESIGNATION OF ASSIGNMENT CARDS.

The designation on assignment cards for the following fire alarm boxes shall be changed as shown below:

Box 2317, Commonwealth avenue and Ashby street—changed to read Commonwealth avenue, opposite St. Mary's street.

Box 1545, Dartmouth and Appleton streets, auxiliary, Rice School—changed

CHANGING NAME OF THOMAS PARK, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, February 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the Board of Street Com-

missioners relative to your order of February 20, 1950, concerning the changing of the name of Thomas park, South Boston, to Paul J. Saunders Park, in honor of a staff sergeant of the United States Army.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
February 24, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your communication of February 23, enclosing copy of Council order introduced by Councilor Wenzler, recommending the changing of the name of Thomas Park, South Boston, to the late S/Sgt. Paul J. Saunders Park, I beg to advise that in assuming that this order has reference to the park itself and not to the public way surrounding the same, it should be referred to the Park Commission for its attention.

Thomas Park, sometimes referred to as Telegraph Hill, is under the sole jurisdiction of the Park Commission and the naming or renaming of the same is a function of this commission.

Very truly yours,
L. W. COSTELLO, Secretary.

SALE OF STEAM PUMP AT CALF PASTURE.

The following was received:

City of Boston,
Office of the Mayor, February 27, 1950.
To the City Council.
Gentlemen:

The Public Works Department is in possession of a steam pump which is no longer of any use to that department.

According to the attached communication of the Public Works Commissioner this pump was installed in 1902 and after many repairs the use of the pump was abandoned in 1942, as further repairs would make its operation dangerous.

The Public Works Commissioner states that he publicly advertised for bids for the demolition and removal of this pump and the Shaughnessy & Ahern Company was the highest bidder and agreed to demolish the pump and pay the city \$5,225.

In view of the fact that this pump is of no use to the city, I recommend the passage by your Honorable Body of the accompanying order for the sale of this pump to the above-named concern.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

I respectfully request that you submit to the City Council the attached order for the sale of the Leavitt steam pump at the Calf Pasture Pumping Station.

This pump was installed in 1902. It has not been used since 1942, because of a broken rocker beam pin weighing approximately 2,000 pounds; said pin having been replaced in 1939. About 1918, the rocker beams proper cracked and were repaired by welding; subsequent repairs being necessary between that date and 1942 when the use of the pump was abandoned on the recommendation of the Chief Steam Engineer that the pump could not be successfully repaired, and that if it were repaired, it would be dangerous to operate.

The pump weighs about 700 tons; it is about 48 feet long, 44 feet wide, 70 feet high, and has a flywheel 36 feet in diameter. Because of the difficulty and expense of demolishing it, it is impossible to set a fair upset sale price for the pump on a ton basis of junk value.

To overcome this difficulty, I publicly advertised for bids to demolish and remove the pump, which required the bidder to furnish a certified check in the amount that he would pay the city in exchange for the pump, said check to become the property of the city upon execution of the contract. The following bids were received on Tuesday, February 21:

Shaughnessy & Ahern Company—to demolish pump and pay city \$5,225.

Harcen Corporation—to demolish pump and pay city \$4,167.

J. Sax & M. W. Lach—to demolish pump and pay city \$1,111.11.

American Building Wrecking Company—to demolish pump and charge city \$14,885.

Angelo Grande—to demolish pump and charge city \$15,000.

The high bidder, Shaughnessy & Ahern Company, is thoroughly equipped and experienced for handling work of this type, which requires the services of expert riggers. I recommend, therefore, that your Honor ask the City Council to approve this sale.

The purpose of demolishing the pump is to dispose of obsolete equipment.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell to Shaughnessy & Ahern for the sum of \$5,225, an old and abandoned Leavitt steam pump at the Calf Pasture Pumping Station in Dorchester, in accordance with the proposals received by the Public Works Department on February 21, 1950.

Referred to the Executive Committee.

LEASE OF OLD STATE HOUSE TO BOSTONIAN SOCIETY.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1950.
To the Honorable City Council,
Gentlemen:

I transmit herewith a communication from the Corporation Counsel and an order authorizing the leasing of the Old State House to the Bostonian Society for a period of twenty years.

The society now occupies the Old State House under a twenty-year lease which expires on May 17, 1950. The building has been cared for and preserved by this society for a long period of time, thereby rendering an outstanding service to the people of Boston at great saving to the city.

The society is now desirous of renewing this lease for an additional period of twenty years. The public interest in maintaining and preserving this historical shrine can in no way be better served than by permitting the Bostonian Society to continue the present arrangement, and I, therefore, recommend the adoption of the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Law Department, February 24, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At your request, I have had prepared the attached order for presentation to the City Council, authorizing the Mayor of Boston to execute a lease of the Old State House at the corner of Washington street and State street to the Bostonian Society for a term of twenty (20) years. The present lease to the society expires on the 17th day of May, 1950.

Very truly yours,
WILLIAM L. BAXTER,
Corporation Counsel.

Whereas, By chapter 385 of the Acts of the Commonwealth of Massachusetts for the year 1907, the Legislature of the said Commonwealth ordered that the Old State House at the corner of Washington street and State street in said Boston should be preserved as a historical memorial, and that no part thereof should be used for commercial or business purposes; and

Whereas, By an instrument in writing dated May 17, 1930, the said premises were leased to the Bostonian Society, a corporation organized under the laws of the Commonwealth of Massachusetts, for the purposes set forth in the charter of said Bostonian Society for a period of twenty years, and at an annual rental of one hundred (100) dollars, under the terms and conditions set forth in said lease; and

Whereas, The said Bostonian Society is desirous of leasing the said premises for a further period of twenty years at the same rental; now therefore it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to execute and deliver to the Bostonian Society, in the name and behalf of the City of Boston and in form satisfactory to the Law Department of the said City of Boston, a lease wherein the said City of Boston leases to the said Bostonian Society the Old State House situated at the corner of said Washington street and said State street, for a term of twenty years at an annual

rental of one hundred (100) dollars, the said lease to be upon such terms and conditions and with such reservations as his Honor the Mayor may deem expedient.

Referred to the Executive Committee.

TRANSFER OF SPECTACLE ISLAND LAND TO PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, February 27, 1950.
To the City Council,
Gentlemen:

I transmit herewith attached communications from the Public Works Commissioner and the Board of Real Estate Commissioners relative to two parcels of foreclosed land at Spectacle Island, East Boston.

I respectfully recommend the passage by your Honorable Body of the accompanying orders transferring this land from the Board of Real Estate Commissioners to the Public Works Department.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
February 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

My dear Mr. Mayor:

There are at the present time two parcels of foreclosed land located at Spectacle Island, East Boston, containing 2,272,823 square feet and 559,796 square feet, respectively, under the care, custody, control, and management of the Board of Real Estate Commissioners.

Inasmuch as this Board has no immediate use for the above-mentioned land and as it has no resale value at the present time, except as a site for a refuse dump, it would be more advantageous for the city to retain ownership. By a vote, dated January 13, 1950, the Board of Real Estate Commissioners recommended that by order of the City Council, with the approval of the Mayor, said care, custody, management, and control of said land be transferred from the Board of Real Estate Commissioners to the care, custody, control, and management of the Public Works Department.

Very truly yours,
HERMAN CARP, Chairman.

City of Boston,
Public Works Department,
February 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

For the past thirty-eight years, this department and contractors working under the direction of the department have been using Spectacle Island in Boston Harbor as a site for the disposal of refuse materials.

It is an ideal location for a refuse dump, because it is far removed from any residential or industrial properties, and it contains large areas of solid fill and flats that can be filled advantageously.

The Board of Real Estate Commissioners has acquired by foreclosure, due to nonpayment of taxes, two large parcels of land located on the island. The only other large parcel of land on the island that can be utilized to good advantage for the dumping of refuse is owned by the Coleman Disposal Company, the contractor who has a contract with the department at the present time for the disposal of refuse collected in various sections of the city.

As the Board of Real Estate Commissioners has no use for this land, and as it has no resale value at the present time, except as a site for a refuse dump it would be to the advantage of the city to retain ownership of the property, because it will permit the Public Works Department to control a major item in the disposal contract, with the result that we may be able to acquire the additional items that are needed to provide for competitive bidding in connection with the disposal contract.

I respectfully recommend, therefore, that you forward to the City Council, for approval of that Body, the attached order, which provides for the transfer of about 2,832,619 square feet of land on Spectacle Island from the jurisdiction of the Board of Real Estate Commissioners to the jurisdiction of this department.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, By a decree of the Land Court, Suffolk Registry District, dated June 22, 1945, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5779, page 179, on land, with the buildings thereon, on Spectacle Island, between an estate now or formerly of the United States of America and an estate now or formerly of City of Boston, and supposed to contain about two million two hundred seventy-two thousand eight hundred twenty-three (2,272,823) square feet; and

Whereas, The City of Boston, by a decree of the Land Court dated July 1, 1949, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 6160, page 294, on about five hundred fifty-nine thousand seven hundred ninety-six (559,796) square feet of land, with the buildings thereon, on the south end of Spectacle Island in Boston Harbor, bounded and described as follows:

Northeasterly by an estate now or formerly of Coleman Disposal Company; southeasterly by said estate now or formerly of Coleman Disposal Company; southwesterly, westerly, and northwesterly by mean low water mark, being a parcel of land appearing on Chas. H. Derby plan, recorded with Suffolk Deeds, Book 4411, page 344, said land is situated in Block Spectacle Island, in the East Boston district, shown on the Boston assessors' plans of said city, filed in the office of the Board of Assessors; and

Whereas, The Public Works Department has requested that the aforesaid parcels of foreclosed tax title properties be transferred to that department; now therefore it is hereby

Ordered, That the aforesaid parcels of foreclosed tax title property be, and the same hereby are, transferred from the care, custody, control, and management of the Chairman, Board of Real Estate Commissioners, to the care, custody, control and management of the Public Works Department, for Public Works Department purposes.

Referred to the Executive Committee.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR ERECTION AND COMPLETION OF A BRANCH LIBRARY ON ADAMS STREET, DORCHESTER.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the erection and completion of a branch library building on the lot bounded by Adams street, Delmont street, and Oakton avenue, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Thursday, March 23, 1950, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of four thousand dollars (\$4,000), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after 12 o'clock noon, Monday, March 13, 1950, at the Business Office of the Boston Public Library. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of thirty-five dollars (\$35) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, March 21, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by such subbidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any

and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR CONSTRUCTION OF LONG ISLAND VIADUCT OVER BOSTON HARBOR.

The Commissioner of Institutions of the City of Boston, hereinafter designated as Commissioner, Room 1109, City Hall Annex, invites sealed proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for building substructure and approaches for Long Island Viaduct over Boston Harbor, building superstructure for Long Island Viaduct over Boston Harbor, and building Long Island Viaduct over Boston Harbor.

Proposals will be received until 12 o'clock noon, Tuesday, April 11, 1950, at the office of the Commissioner of Institutions, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Commissioner. Each copy of the proposal shall be properly filled out and signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Commissioner, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

The information for bidders, form of proposal, form of contract, form of performance bond, plans and specifications may be obtained at the office of the Commissioner upon payment of \$50 for the first set and \$25 for each additional set. Any bidder upon the return of such set or sets, promptly and in good condition, will be refunded his entire payment.

Bidders will not be required to bid upon all of the proposals, but may submit bids on any or all of them.

A bid deposit in the form of a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the following sums, shall be submitted with the proposal to the Commissioner of Institutions:

Building substructure and approaches for Long Island Viaduct over Boston Harbor, \$50,000.

Building superstructure for Long Island Viaduct over Boston Harbor, \$50,000.

Building Long Island Viaduct over Boston Harbor, \$100,000.

Bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

PROPOSALS FOR SEWERAGE WORKS IN CATHEDRAL HOUSING PROJECT (FORMERLY EAST DEDHAM STREET), BETWEEN HARRISON AVENUE AND A POINT 380 FEET NORTHERLY, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Cathedral Housing Project (formerly East Dedham street), between Harrison avenue and a point 380 feet northerly, City Proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Cathedral Housing Project (Formerly East Dedham Street), Between Harrison Avenue and a Point 380 Feet Northerly, City Proper," and left at Room 508, fifth floor, City Hall Annex, before 12 M. OF WEDNESDAY, MARCH 22, 1950, with a certified check for TWO THOUSAND (2,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will be publicly opened and read in Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

WE MUST NEVER LET OURSELVES BE PERSUADED TO WILLINGLY GIVE UP ONE OF THE MANY LIBERTIES WE HAVE FOUGHT TO PRESERVE, ADMIRAL DENFELD TELLS EVACUATION DAY AUDIENCE AT SOUTH BOSTON HIGH SCHOOL OPENING EXERCISES IN WEEK OF PATRIOTIC COMMEMORATION OF DRIVING OF BRITISH FROM BOSTON—HITS OUT AT SUBVERSIVE INFLUENCES.

In his address at the opening of the Evacuation Day celebration at the South Boston High School, Admiral Louis E. Denfeld, U.S.N. (Ret.), spoke as follows on "The Price of Freedom":

My Friends and Fellow Countrymen:

It is a great honor for me to meet here with you to celebrate an event of especial significance in the history of our nation. Your presence, your great love of country moves me deeply, for so long as our citizens pay tribute to the past they will guarantee the future. In this

MAYOR JOHN B. HYNES EXTENDS GREETINGS OF CITY TO HON. THOMAS F. MURPHY OF NEW YORK, ASSISTANT UNITED STATES ATTORNEY, GUEST OF BOSTON'S CLOVER CLUB AT ANNUAL ST. PATRICK'S DAY DINNER—PRAISED FOR WORK DONE IN BRINGING TO JUSTICE THOSE COMMUNISTIC ENEMIES SEEKING TO DESTROY OUR WAY OF LIFE.

At the annual dinner on March 11 at the Statler Hotel of the Clover Club of Boston, Mayor Hynes paid high tribute to Hon. Thomas F. Murphy of New York in the following words::

As Mayor of Boston, I seize upon this opportunity to extend to our guest of honor, Mr. Thomas Murphy, the greetings of the citizens of Boston and, most particularly, greetings from that numer-

MAYOR JOHN B. HYNES WARNS THAT DUTY OF CITIZENS OF TODAY IS TO PRESERVE HERITAGE BEQUEATHED US BY THOSE WHO MADE EVACUATION DAY A FACT, AND THAT IS, "TO SPEAK AND ACT THE TRUTH WITHOUT FEAR"—IT WAS THIS, HE TELLS SOUTH BOSTON CITIZENS' ASSOCIATION AUDIENCE, THAT PROMPTED MEN OF THOSE EARLY DAYS TO FIGHT AND DIE SO THAT THIS GREAT COUNTRY MIGHT GROW AND ENDURE.

At the exercises of the South Boston Citizens' Association Mayor John B. Hynes spoke as follows:

At the outset of my remarks may I pay public tribute to the South Boston Citizens' Association, not only for the role it annually plays in the Evacuation Day celebration, but for the manner in which it has promoted community spirit and better citizenship.

I am told that the Association, founded back in 1880, is the oldest active civic organization in the United States today. That certainly bespeaks much for the enthusiasm and the public spirit of its members, not only now but down through the sweep of the years.

James A. Garfield was President of the United States when the South Boston Citizens' Association was started back in 1880. Our country was recovering from the losses it had suffered in the Civil War. John Davis Long was Governor of Massachusetts. Frederick O. Prince was Mayor of Boston.

To give you just an idea of the changes that have occurred during the existence of this organization, I might tell you that the year it was founded electric lights were tried for the first time on Broadway in New York.

Just two years earlier, the first telephone exchange in the United States was opened in Hartford. Two years later, the United States bought the Panama Canal from France. America's first gas buggy, as it was called at the time, was not operated until 13 years after the South Boston Citizens' Association came into being.

MAYOR HYNES OPENS 79TH ANNUAL FLOWER SHOW AND PAYS TRIBUTE TO MEMBERS OF MASSACHUSETTS HORTICULTURAL SOCIETY FOR KEEPING IN FOREFRONT OF ORGANIZATION THE NAME OF CITY OF BOSTON—CALLS DISPLAY A "TOUCH OF HEAVEN NOT TO BE MISSED" BY ALL LOVERS OF BEAUTY.

At the opening of the Flower Show on Sunday, March 12, at Mechanics Building, Mayor John B. Hynes spoke as follows:

Ladies and Gentlemen:

It is a great pleasure to open this, the 79th annual Spring Flower Show of the Massachusetts Horticultural Society, here at Mechanics Building.

(Continued on page 231.)

Vital Part in Boston Growth.

To the officers of the organization I say in all sincerity that it has played a vital part in the growth of Boston, and that its members, past and present, have helped to make our city a better community, and in so doing they have made an important contribution to the welfare and well-being of the nation itself.

I know of no section of Boston or New England which has any stronger civic pride, or which is any more jealous of its good name, than is South Boston. I believe the South Boston Citizens' Association in a large measure is responsible for fostering that local pride.

One of the most worth-while endeavors of the association, it always has seemed to me, has been the annual essay contest open to

MAYOR JOHN B. HYNES ADDRESSES SOUTH BOS- TON CITIZENS' ASSOCIA- TION—RECALLS RICH HERITAGE OF PATRIOTISM BEQUEATHED BY CITIZENS OF EARLY DAYS.

(Continued from page 229.)

the students of the public and parochial schools of South Boston, and I know of no more inspiring activity than to have 600 boys and girls participate in an essay contest such as the one for which prizes were awarded tonight. The boys and girls who have received prizes for the essays they wrote have a right to be very proud, and I know their mothers and fathers must be even more proud and happy.

But I want also to extend my congratulations to all the boys and girls who entered in this essay contest. We all can't win essay prizes, because usually there just aren't enough prizes to go around. But we all can try to be good Americans. And contests such as this help to make patriotic Americans. One group of pupils wrote on what freedom means, and a second group gave their reasons why Dorchester Heights should be a national shrine.

Most of us probably would give the same answer to the latter question but some of us might have many different thoughts as to what freedom means to us. In my capacity as Mayor, I meet and talk with men and women who fled their native countries because they were denied the precious privileges of freedom, which we take so much for granted.

HOW FREEDOM IS LOST.

You boys and girls undoubtedly have learned from your school lessons something of what it means to live in a country where freedom does not exist, where a person is not free to worship God in the way he chooses or to say what he really thinks.

The one thought, therefore, I would like to leave tonight is this—millions of people have lost their freedom in the past because they did not protect and safeguard it when they had it. In a very few years you boys and girls are going to assume your responsibilities as citizens. I hope you will always remember that there is real truth to the words that "the price of liberty is eternal vigilance." I am certain that Admiral Denfeld, who is to deliver the main oration, could tell you more dramatically than I what has happened to countries where people have forgotten to be vigilant.

It disturbs me greatly when we hold elections in our city and our state and only half of the people turn out to participate in them. It always has seemed strange to me that a turnout of three-fourths of the eligible voters should be considered a high percentage for the election of a mayor or a governor. Whether it be in our city, our state, or our nation, we will get the kind of government we expect and demand. If we display any indifference toward the election of public officials, we must expect to pay the consequences.

TAKE INTEREST IN GOVERNMENT.

I hope that you boys and girls, who a comparatively few years from now will be eligible to vote, will take a real interest in how your government is run and that you will remember that it will be only as good as you make it. Remember, too, that you can, if you are careless, lose the freedom which the men of Dorchester Heights were fighting for 174 years ago.

Now I know that all of you are anxious to hear from your main speaker of the evening. Before I close, however, I want to say a few words about Admiral Denfeld. His naval record is an excellent one. During the war years he had great responsibilities in the direction of naval personnel. Last year he was a central figure in a controversy over a question arising from the unification of the armed services. As a civilian, I do not consider myself qualified to pass judgment on the issue that was involved. But I do say that, in real American fashion, Admiral Denfeld spoke out for what he thought was right. He did not alter his convictions to conform with the opinions of others. He stood by his guns, and he said what he believed to be the truth. That is the navy way, and that is the American way.

To speak the truth, without fear, was one of the principles for which men fought and died to build this great country.

It is our heritage—and our duty—to preserve those principles.

ASSISTANT UNITED STATES ATTORNEY THOMAS F. MURPHY GREETED BY MAYOR.

(Continued from page 229.)

ous clan within our gates who bear the heroic, fighting, Irish name of Murphy.

It would be pleasant for me if I could tell our honored guest that here, in the Dublin of the United States—in the citadel of the North American Gael—one or more Murphys have been the chief magistrates of our city. But, and what a shameful commentary it is, not once in the century and a quarter we have been a city has there been attached to the title of Mayor the bold and challenging name of Murphy.

Other sons of Irish kings have reigned at City Hall—and occasionally with kingly majesty—but never once has a Murphy, inconceivable as it may be, sat in the Mayor's chair, to be harassed by his friends, and pilloried by his enemies.

Irishmen we have had in that well-cushioned, but uneasy, chair. We have had a Hugh O'Brien and a Patrick A. Collins, both of them born on the green little isle; we have had a John F. Fitzgerald, 86 years of age and still with us; we have had a James M. Curley, again, again, and again—and perhaps again; we have had a Fred Mansfield; a Maurice Tobin, later Governor and now Secretary of Labor; a John E. Kerrigan; and now a descendant of that fearless Galway tribe of Hynes—but never a Murphy.

Once, in the not so long ago, a Murphy came within striking distance of municipal fame, but, unfortunately for him, a rumor of mysterious origin was monstrously bruited about that he had left

the church. Before he could catch up with the baseless canard, the contest was over and, like the tearful, expectant bride, he was left at the church. One thing was proven in that fight—a Murphy, like Caesar's wife, should always be above suspicion and beyond reproach.

And so, to our guest of honor, who might be looking for new fields to conquer, I offer the suggestion that he come to Boston to restore, if he will, the prestige of the ancient name he bears.

What a challenge this must be to his fighting instincts. What an opportunity to add new lustre and new laurels to that name which just recently brought such black dismay to treasonable and traitorous hearts. What a glorious chance to launch, this very night, a campaign which will bring happiness to all those Murphys who have gone before, and who, even now, are gathered in great anticipation at the feet of St. Patrick.

Boston awaits you, Thomas F. Murphy. Your only concern is this—do you have the rare faculty of persuading more than three Irishmen, at one time, to agree on anything? If you have that uncanny power, Boston is yours, and the name of Murphy will lead all the rest. If you do not have that unusual capacity—it might be better that you continue to exterminate the commies, while we in Boston continue to enjoy the old Irish pastime of swinging shillelaghs at each other.

Official Boston is happy to greet and to welcome the Clover's guest of honor, Thomas F. Murphy.

EVACUATION DAY AUDI- ENCE ADDRESSED BY ADMIRAL LOUIS E. DENFELD.

(Continued from page 229.)

era of world unrest, at this moment when all men of honorable intentions yearn for peace and yet have just cause to view tomorrow with apprehension, it is fitting that we look back to the days when we were struggling to become a nation. Even a glimpse of that period lifts our spirits, renews our confidence, and sheds light to guide our way ahead.

But as dark as our course in world affairs sometimes now seems, as futile as our national efforts for peace often appear, I still feel that the clouds hanging over us are not nearly as dismal as those endured by our forefathers.

This event that we mark each year—Evacuation Day—was not the end of the war for the embattled colonists. On the contrary, they still faced five years of bitter strife. But that victory in 1776 was of enormous portent. Out of it flowed increased determination, proof that our military leaders were competent, and assurance that our sacrifices would lead to final and complete victory.

Such an event is worthy of closer examination; let us, therefore, review briefly the circumstances which led up to and brought about "Evacuation Day," March 17, 1776.

As a result of the Boston Tea Party, the British Crown denied the Massachusetts colony the right of self-government. And as if this were not punishment enough, 8,000 troops under General

Howe held the City of Boston in bondage. A fleet of British ships manned by 2,000 men filled the harbor, thus closing the port. Our people were cut off from the outside world, and in this beleaguered state the colony was slowly strangling.

From the summer of 1775 until January of 1776 the economic choking of Boston and the surrounding area continued. It seemed to be only a matter of time until the colonists would be forced to surrender. This was the condition when General Washington took command in Cambridge on July 3, 1775. Because of lack of artillery, Washington could do little to relieve the situation until Colonel Knox arrived on January 18, 1776, with 55 pieces of artillery seized by Ethan Allen the previous May at Fort Ticonderoga.

The placing of the guns on Cobble Hill, Lechmere's Point, and Lamb's Dam, and the subsequent seizure and fortification of these heights by General Thomas and his 2,000 troops brought about General Howe's decision to evacuate Boston. I have omitted many of the details, heroic deeds which contributed much to the freeing of our beloved city and state, but I have done so purposely.

The one detail that I do wish to impress upon you is the strong and steady courage displayed by our forefathers during those terrible months of siege. Had they lacked that courage they would never have forced the invader to leave. Without that valor of heart and soul they could not have struggled on to survive Valley Forge. Courage of purpose sustained those patriots from Boston to Yorktown—and after the last battle was fought, courage emerged as the basic ingredient holding us together as an infant nation.

Since that memorable day of March 17, 1776, we have faced many enemies and fought many wars. The events bringing about those conflicts have been varied but, fundamentally, the evil common to all has been tyranny.

Now we hear the rumble of trouble once again, but this time the specter of war rides two horses—tyranny and godlessness. This latter evil is at work in our land, being spread by individuals who would have us believe that our way of life has outlived its usefulness. They attack every institution that has helped to make America strong and a decent place in which to live. They deny every high motive written into our Constitution and Bill of Rights. They impugn our right to be a nation, because under our system a man has religious as well as political freedom, neither of which are tolerated in the slightest degree by the ideology they teach.

We need have no physical fear of such people. The only real harm that can come to us will be of our own doing. We must never permit ourselves to be persuaded, under one guise or another, to willingly give up even one of the many liberties we have fought to preserve.

And when we leave here today, let us go forward with renewed faith and confidence. Let us also prove that the calm courage of our forefathers has not been diluted by the passing of years—rather let us show all mankind that we are the worthy heirs of our freedom, ready and capable of extending it for the generations to come.

MAYOR HYNES IN TRIBUTE TO MASSACHUSETTS HORTICULTURAL SOCIETY AT OPENING OF 79TH ANNUAL FLOWER SHOW.

(Continued from page 229.)

This flower show is not only one of the largest of its kind in the world, but it is the oldest flower show, just as the society which conducts it is the oldest and largest in America.

Each day, from ten in the morning until ten at night, until next Saturday night, this show will remain open to delight and please the lovers of beauty—the lovers of the exquisite handiwork of Mother Nature.

Before coming to this microphone, I had the opportunity to observe the displays which have made this old hall a veritable garden of Eden, and though it is not yet mid-March, one cannot help but think of the poetic lines—"What is so rare as a day in June?" For here, at this very moment, are thousands upon thousands of flowers of every hue, trees, shrubs, and plants, all in full bloom as though June were really here.

It seems as though the natural laws have been suspended—that a little bit of Paradise, at this bleak season of the year, has been opened to our gaze.

What amazes me, and what has excited my imagination, is the manner in which all this great variety of flowers has been placed on exhibition. They are not just massed together. They are arranged into charming gardens—gardens which show the skill of many highly trained and widely experienced men and women. I urge everyone who can to come and see these gardens. You will be delighted and impressed beyond words.

To see these six halls, overflowing with blooms of every color and description, is a sight which should not be missed by anyone who has the love of beauty in his or her soul.

In one hall is re-created a New England village of a century ago. From a wild woodland, a stream pours out to spin the wheel of an old grist mill. Close by is the village blacksmith shop, of song and story, ready to shoe the farm horses. The old-time village apothecary's shop is here, too, just as it was before it developed into the modern drugstore which sells everything under the sun. And all around are the typical New England houses of the era, neat and livable houses, snug under flowering trees, all with their green lawns and their old-fashioned gardens. Its simple, graceful, calm loveliness will make you wish you lived in such a village, if the clock were turned back a hundred years.

This wonderful show is under the auspices of the Massachusetts Horticultural Society, organized in 1829 by 12 men. Today, the Society has 13,000 members. No words are sufficient to commend this Society for what it has done, and what it is doing.

I hope everyone in Boston, and all of New England, will make a special effort to see this current flower show. It is a magnificent, glorious, eye-consuming spectacle. It is a festival of beauty which defies the imagination. It is incomparable in its loveliness.

It is a vision which will remain with you for many days to come.

Beauty, charm, fragrance, magnificence—it is all here at Mechanics Building in Boston. A touch of heaven you must not miss.

LIBRARY DEPARTMENT.

Boston, February 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award, without public advertising, a contract for the transportation of books and other materials between the Central Library and the branch libraries during the calendar year 1950, to the H. B. Church Truck Service Company, 26 Reading street, Roxbury, Mass. This is the same contractor who is doing the work at present, and the price for 1950 will be the same as for 1949.

This permission is requested for the following reasons:
